II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized as follows.

1. *The title of the information collection:* Public Records and NRC Forms 507 and 509.
2. *OMB approval number:* 3150-0043.
3. *Type of submission:* Extension.
4. *The form number, if applicable:* NRC Forms 507 and 509.
5. *How often the collection is required or requested:* On occasion.
6. *Who will be required or asked to respond:* Freedom of Information Act (FOIA) requesters, outside vendors, and licensees who submit an objection to disclosure.
7. *The estimated number of annual responses:* 628.
8. *The estimated number of annual respondents:* 273.
9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 180.5.

10. *Abstract:* The FOIA, 5 U.S.C. 552, and the implementing regulations, part 9 of title 10 of the *Code of Federal Regulations* (10 CFR), "Public Records," require individuals seeking access to records under the FOIA and Privacy Act of 1974, as amended, 5 U.S.C. 552a, to submit a request in writing and to describe the records sought sufficiently for the NRC to conduct a reasonable search. The Privacy Act of 1974, as amended, 5 U.S.C. 552a, establishes a code of fair information practices that governs the collection, maintenance, use, and dissemination of information about individuals that is maintained in systems of records by Federal agencies. Specifically, Subpart B (Privacy Act

regulations) implements the provisions of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), with respect to the procedures by which individuals may determine the existence of, seek access to, and request correction of NRC records concerning themselves. Requesters can currently submit FOIA and/or Privacy Act requests in writing, fax, email, <https://www.foia.gov> or by using the Public Access Link (<https://foia.nrc-gateway.gov/app/Home.aspx>). NRC Form 509, "Statement of Estimated Fees for Freedom of Information Act (FOIA) Request" is used by: (1) the NRC to notify requesters that fees will be assessed for processing their FOIA requests, (2) the requester to notify NRC in writing of their agreement to pay fees, (3) the NRC to notify the requester to submit a written request for a waiver pursuant to 10 CFR 9.41 within 10 working days from the receipt of the notice, and (4) the NRC to notify the requester to provide advanced payment of estimated fees. NRC Form 507, "Identity Verification and/or Third-Party Authorization for Freedom of Information Act/Privacy Act Requests," is used by requesters to provide the identity verification or third-party authorization that is needed by the NRC in order to process their requests. The NRC uses the information provided by requesters to process requests from the public. In addition, outside vendors and licensees can submit an objection to disclosure. The NRC needs this information to properly process FOIA requests that involve confidential information or trade secrets.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility? Please explain your answer.
2. Is the estimate of the burden of the information collection accurate? Please explain your answer.
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act (PRA) (44 U.S.C. chapter 35), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. This notice complies with that requirement, and OPM is soliciting comments for the ICR described below.

The Federal Employees Health Benefits (FEHB) Program, as governed by 5 U.S.C. chapter 89, provides health insurance to employees and annuitants of the Federal Government. Standard Form 2809 Health Benefits Election Form, OMB Control No. 3206-0160, has long been used by OPM and other

Federal agencies to collect the information needed for employees to enroll in and to update enrollment information for the FEHB. OPM is proposing that the SF-2809 be categorized as a “common form.”

The form OPM-2809 Health Benefits Election Form, OMB Control No 3206-0141, is in many respects similar to the SF-2809. The OPM-2809 provides OPM with the information needed for annuitants, survivor annuitants, and former spouses of annuitants in the Civil Service Retirement System (CSRS) and the Federal Employees Retirement System (FERS) to enroll in and to update enrollment information for the FEHB.

The SF-2809 and the OPM-2809 forms are generally very similar in terms of the information collected, with only a few different data points to reflect differences between an employee and an annuitant. Nonetheless, the forms were historically managed under two different information collections. OPM is not currently planning to consolidate the forms into a single form because the instructions for annuitants are different than the instructions for an employee. OPM expects that retaining separate forms helps annuitants better understand what information is required.

OPM anticipates that both forms will generally require revisions at the same time and that comments relevant to one form will generally apply equally to the other form. Therefore, because the forms serve the same purpose (for two different populations) and collect virtually identical information, OPM is proposing to combine the two information collections and to manage the two forms under a single information collection, OMB Control No. 3206-0160, going forward.

The Postal Service Reform Act of 2022 (PSRA; Pub. L. 117-108) created a new Postal Service Health Benefits (PSHB) Program within the Federal Employees Health Benefits (FEHB) Program. As part of the regulatory implementation of the PSHB, OPM requested comment on whether OPM should introduce a separate enrollment form for PSHB. One commenter recommended that OPM update the existing 2809 form rather than introducing a new form for PSHB. OPM is publishing a final rule to implement the PSHB Program elsewhere in this issue of the **Federal Register**. OPM agrees with the commenter in that rulemaking and is proposing to add one data element to the existing SF-2809 and OPM-2809 forms. Specifically, the forms will request, only for PSHB retirees and family members, information on eligibility for health
