If a visa is required to travel on a particular mission, applying for and obtaining such a visa will be the responsibility of the mission participant. Government fees and processing expenses to obtain such a visa are not included in the participation fee. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain business visas.

Trade Mission members participate in trade missions and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The USG does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues USG international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/passports/en/alertswarnings.html>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice. Participants are responsible for determining any travel requirements or restrictions that are in place due to COVID-19.

Travel and in-person activities are contingent upon the safety and health conditions in the United States and the mission countries. Should safety or health conditions not be appropriate for travel and/or in-person activities, the Department will consider postponing the event or offering a virtual program in lieu of an in-person agenda. In the event of a postponement, the Department will notify the public and applicants previously selected to participate in this mission will need to confirm their availability but need not reapply. Should the decision be made to organize a virtual program, the Department will adjust fees accordingly, prepare an agenda for virtual activities, and notify the previously selected applicants with the option to opt-in to the new virtual program.

Timeframe for Recruitment and Participation

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission

SUPPLEMENTARY INFORMATION:

Background

On November 6, 2023, Commerce published the *Preliminary Results* of this administrative review in the **Federal Register** and invited interested parties to comment.¹ On February 22, 2024, Commerce extended the deadline for issuing the final results until May 3, 2024.² For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.³

Scope of the Order⁴

The merchandise covered by this Order is hot-rolled steel. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.

Analysis of Comments Received

We addressed all issues raised in interested parties' case briefs in the Issues and Decision Memorandum. A list of the issues raised by parties, to which Commerce responded in the Issues and Decision Memorandum, is provided as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on comments received from interested parties, we made certain changes to Hyundai Steel's and POSCO's countervailable subsidy rate calculations from the *Preliminary Results*. For a discussion of these comments, see the Issues and Decision Memorandum.

¹ See *Certain Hot-Rolled Steel Flat Products from the Republic of Korea: Preliminary Results and Partial Rescission of Countervailing Duty Administrative Review, 2021*, 88 FR 76178 (November 6, 2023) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

² See Memorandum, "Extension of Deadline for Final Results of Countervailing Duty Administrative Review," dated February 22, 2024.

³ See Memorandum, "Decision Memorandum for the Final Results of the Countervailing Duty Administrative Review; 2021," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

⁴ See *Certain Hot-Rolled Steel Flat Products from Brazil and the Republic of Korea: Amended Final Affirmative Countervailing Duty Determinations and Countervailing Duty Orders*, 81 FR 67960 (October 3, 2016) (*Order*).

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁵ For a full description of the methodologies underlying all of Commerce's conclusions, *see* the Issues and Decision Memorandum.

Final Results of Administrative Review

We determine that, for the period January 1, 2021, through December 31, 2021, the following total net countervailable subsidy rates exist:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Hyundai Steel Company ⁶	0.76
POSCO ⁷	0.86

Disclosure

Commerce intends to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to 19 CFR 351.212(b)(2), Commerce has determined, and CBP shall assess, countervailing duties on all

⁵ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁶ As discussed in the *Preliminary Results* PDM, Commerce has found the following companies to be cross-owned with Hyundai Steel Company: Hyundai ITC and Hyundai Green Power. Additionally, we note that Hyundai Steel Company is also known as Hyundai Steel Co., Ltd.

⁷ As discussed in the *Preliminary Results* PDM, Commerce has found the following companies to be cross-owned with POSCO: Pohang Scrap Recycling Distribution Center Co. Ltd.; POSCO Chemical; POSCO M-Tech; POSCO Nippon Steel RHF Joint Venture Co., Ltd.; POSCO Terminal, and POSCO Steel Processing and Service. Also as discussed in the *Preliminary Results* we note that POSCO has an affiliated trading company through which it exported certain subject merchandise, *i.e.*, POSCO International Corporation (POSCO International). POSCO International was not selected as a mandatory respondent, but was examined in the context of POSCO. Therefore, there is not an individually-established rate for POSCO International; POSCO International's subsidies are accounted for in terms of POSCO's total subsidy rate. Entries of subject merchandise exported by POSCO International will receive the rate of the producer listed on the entry form with U.S. Customs and Border Protection (CBP). Thus, the subsidy rate applied to POSCO (and POSCO's cross-owned affiliates) is also applied to POSCO International for entries of subject merchandise produced by POSCO.

appropriate entries of subject merchandise in accordance with the final results of this review, for the above-listed companies at the applicable *ad valorem* assessment rates listed. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Rates

Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for the companies listed above on shipments of the subject merchandise entered, or withdrawn from warehouse for consumption, on or after the date of publication of the final results of this administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the all-others rate or most recent company-specific rate applicable to the company, as appropriate. These cash deposits, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: May 3, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
