

personal jurisdiction over the Respondent COSCO Shipping Lines Co., Ltd. as a common carrier, as defined in 46 U.S.C. 40102(7).

Complainant is a corporation organized and existing under the laws of the State of Kansas with a principal place of business in Kansas City, Kansas and a motor carrier registered with the Federal Motor Carrier Safety Administration.

Complainant identifies Respondent COSCO Shipping Lines Co., Ltd. as a corporation organized under the laws of China with a corporate headquarters in Shanghai, China and as an ocean common carrier that conducts business in the United States through Respondent COSCO Shipping (North America) Inc. with its principal place of business located in Secaucus, New Jersey.

Complainant alleges that Respondents violated 46 U.S.C. 41102(c) and 46 CFR 545.4 and 545.5. Complainant alleges these violations arose from the assessment of per diem charges due to circumstances outside of the control of Complainant, the assessment of detention charges that did not serve an incentivizing principle, and other acts or omissions of Respondents related to these charges.

An answer to the complaint must be filed with the Commission within 25 days after the date of service.

The full text of the complaint can be found in the Commission's electronic Reading Room at <https://www2.fmc.gov/readingroom/proceeding/24-20/>. This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding judge shall be issued by May 12, 2025, and the final decision of the Commission shall be issued by November 26, 2025.

David Eng,

Secretary.

BILLING CODE 6820–61–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Administration for Children and Families****Submission for Office of Management and Budget Review; Head Start REACH: Strengthening Outreach, Recruitment, and Engagement Approaches With Families—Mixed Methods Study (New Collection)**

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services (HHS) is proposing to collect data on different approaches that Head Start programs use to recruit, select, and enroll families, and the ways in which such practices reflect programs' community contexts. We are not attempting to recruit a nationally representative sample. Instead, the study will aim to obtain a variety of eligibility, recruitment, selection, enrollment, and attendance (ERSEA) practices and experiences to explore how these practices and experiences intersect with different adversities, demographic characteristics, and community contexts.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. You can also obtain copies of the proposed collection of information by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Building on information collected previously through case studies (OMB #0970–0580), the Head Start REACH: Strengthening Outreach, Recruitment, and Engagement Approaches with Families Project is proposing to conduct a mixed-methods study to expand understanding of (1) how Head Start programs implement recruitment, selection, and enrollment practices; and (2) the ways in which practices reflect programs' community contexts. The mixed-methods study would achieve several goals including (1) providing in-depth contextual information about recruitment, selection, and enrollment practices and experiences; (2) identifying promising recruitment, selection, and enrollment practices and experiences; and (3) informing training and technical assistance regarding recruitment, selection, and enrollment challenges and needs. We will aim to collect information from 60 Head Start and Early Head Start programs in 15 geographic areas in states, from Head Start regions I–X, located in census tracts where the rate of deep poverty is high.

We will collect information about the characteristics of families in Head Start programs and their communities; programs' enrollment numbers and goals; programs' use and perceived effectiveness of and challenges with recruitment, selection, and enrollment practices; promising recruitment, selection, and enrollment practices for potential future replication; families' reasons for choosing Head Start and experiences with and perceptions of recruitment, selection, and enrollment practices; and how community partner staff support recruitment, selection, and enrollment of families into Head Start. The findings are intended to help Head Start programs understand how to support the needs of families facing adversities. We will disseminate findings in a report, research brief, and presentations or briefings.

Respondents: Head Start program directors (one per program), ERSEA lead staff (one per program), Head Start parents/caregivers (up to 10 per program), and staff from community organizations with which Head Start programs partner for ERSEA activities (up to 3 per program).
