*General Description of Collection:* Part 382 of the FDIC regulations (part 382) is necessary to give effect to such cross-default restrictions in the International Swaps and Derivatives Association, Inc. (ISDA) 2015 Universal Resolution Stay Protocol (ISDA Protocol). Part 382 requires that FDIC-supervised institutions that are subsidiaries of global systemically important banks (GSIBs) and their counterparties either adhere to the ISDA Protocol or take the prescribed steps to amend the contractual provisions of their Qualified Financial Contracts (QFCs), consistent with the requirements in the rule, within a specified period of time. If such institutions elect to amend their QFCs in lieu of adhering to the ISDA Protocol, they must seek the FDIC's approval of the proposed amendments, giving rise to this information collection. The information collection is necessary to ensure QFCs are amended in compliance with part 382. The rule applies to FDIC-supervised institutions that are subsidiaries of GSIBs and sets forth requirements parallel to those contained in similar rules recently published by the Federal Reserve Board and the Office of the Comptroller of the Currency with regard to entities they supervise to ensure consistent regulatory treatment of QFCs among the various entities within a GSIB group.

There is no change in the methodology or substance of this information collection. The total estimated annual burden for this information collection is 10 hours, which is a decrease of 10 hours from the 2021 information collection submission (20 hours). This decrease is a result of a reduction in the estimated annual number of respondents because of the

automation and standardization of business processes.

**Request for Comment**

*Comments are invited on:* (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Centers for Disease Control and Prevention**

**Notice of Award of a Single Source Cooperative Agreement To Fund Universidad del Valle de Guatemala**

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS), announces the award of approximately \$5,000,000 with an expected total funding of approximately \$25,000,000 over a 5-year period, to the Universidad del Valle de

Guatemala. This award will build upon previously funded Global Health Security projects, and specifically surveillance activities by CDC to collaboratively work with host countries to create sustainable systems that can inform local public health policy.

**DATES:** The period for this award will be September 30, 2024, through September 29, 2029.

**FOR FURTHER INFORMATION CONTACT:** Shana Eatman, Centers for Disease Control and Prevention, 1600 Clifton Rd., Atlanta, GA, Telephone: 770-488-3933, Email: [DGHPNOFOs@cdc.gov](mailto:DGHPNOFOs@cdc.gov).

**SUPPLEMENTARY INFORMATION:** The single source award will build on existing public health infrastructure and CDC-supported surveillance and workforce development platform in the region. This award will enable CDC to work collaboratively with recipients to sustain its Global Health Security Agenda (GHSa) efforts to strengthen health protection, detection, and response capacity in Guatemala/Central America. Universidad del Valle de Guatemala is in a unique position to conduct this work, as it will focus on multi-pathogen key public health impact disease surveillance of respiratory pathogen surveillance, support for entomological activities and public health workforce development.

#### Summary of the Award

*Recipient:* Universidad del Valle de Guatemala.

*Purpose of the Award:* The purpose of this award is to enhance global health security in Guatemala/CA through epidemiologic, clinical, and laboratory-based surveillance. This award should contribute to strengthening national notifiable disease surveillance and translating data into public health action.

*Amount of Award:* \$5,000,000 in Federal Fiscal Year (FFY) 2024 funds, with a total estimated \$25,000,000 for the 5-year period of performance, subject to availability of funds. Please note, Year 1 funding is as follows: \$5,000,000 for Core Component 1, \$10,000,000 for Approved but Unfunded (ABU) Component 2, \$15,000,000 Component 3 (ABU), and \$15,000,000 for (ABU) Component 4.

*Period of Performance:* September 30, 2024, through September 29, 2029.

*Authority:* This program is authorized under section 307 of the Public Health Service Act [42 U.S.C. 242J] and section 317(k)(2) of the Public Health Service Act [42 U.S.C. 247(b)(k2)].

Dated: May 21, 2024.

### Centers for Medicare & Medicaid Services

[Document Identifiers: CMS-2540-24]

#### Agency Information Collection Activities: Submission for OMB Review; Comment Request

**AGENCY:** Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

**DATES:** Comments on the collection(s) of information must be received by the OMB desk officer by June 28, 2024.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in

this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Reinstatement with change of a previously approved collection; *Title of Information Collection:* Skilled Nursing Facility and Skilled Nursing Facility Complex Cost Report; *Use:* The primary function of the cost report is to implement the principles of cost reimbursement that require that SNFs maintain sufficient financial records and statistical data for proper determination of costs payable under the program. Specifically, CMS-2540-24 collects discrete data, previously reported in summary form, used in determining the cost weights for the SNF market basket and for payment adequacy analyses. SNFs and SNF health care complexes participating in the Medicare program submit these cost reports annually to report cost and statistical data used by CMS to determine reasonable costs. Essentially the methods of determining costs payable under Medicare involve making use of data available from the provider's accounting records, as usually maintained, to arrive at equitable and proper payment for services to beneficiaries.
