Ensuring all rural residents have equitable access to RD programs and benefits from RD funded projects.

- **Creating More and Better Market Opportunities:** Assisting rural communities recover economically through more and better market opportunities and through improved infrastructure.

**A. Program Description**

1. **Purpose of the Program.** The program is designed to assist qualified private organizations, nonprofit organizations, and public (including Tribal) intermediary organizations, proposing to carry out financial and technical assistance programs to improve housing, community facilities, and community and economic development projects in rural areas. The RCDI program requires the intermediary (Grantee) to provide a program of financial and technical assistance to recipients. The recipients will, in turn, provide programs to their communities (beneficiaries).

2. **Statutory and Regulatory Authority.** Congress created the RCDI program in 1999 (Pub. L. 106–78), and funding continued under the enactment of the Consolidated Appropriations Act, 2024 (Pub. L. 118–42), and the Further Consolidated Appropriations Act, 2024 (Pub. L. 118–47). This program is implemented under the guidelines announced in this Notice and 2 CFR part 200.

3. **Definitions.**

- **Agency:** The Rural Housing Service or its successor.
- **Beneficiary:** Entities or individuals that receive benefits from assistance provided by the recipient.
- **Capacity:** The ability of a recipient to implement housing, community facilities, or community and economic development projects.
- **Conflict of interest:** A situation in which a person or entity has competing personal, professional, or financial interests that make it difficult for the person or business to act impartially. Regarding use of both grant and matching funds, Federal procurement standards prohibit transactions that involve a real or apparent conflict of interest for owners, employees, officers, agents, or their immediate family members having a financial or other interest in the outcome of the project; or that restrict open and free competition for unrestricted trade. Specifically, project funds may not be used for services or goods going to, or coming from, a person or entity with a real or apparent conflict of interest, including, but not limited to, owner(s) and their immediate family members. An example of a conflict of interest occurs when an employee of the grantee, a member of the grantee’s board of directors, or the immediate family of either, has the appearance of a professional or personal financial interest in a recipient receiving the benefits or services of the grant.
- **Federally recognized Tribes:** Tribal entities recognized and eligible for funding and services from the Bureau of Indian Affairs, based on the most recent notice in the Federal Register published by the Bureau of Indian Affairs (pursuant to Pub. L. 103–434) and Tribes that received Federal recognition after the most recent publication. Tribally designated housing entities (TDHE) are eligible RCDI recipients.
- **Financial assistance:** For the purpose of this Notice, financial assistance is grant funds used by the Intermediary to benefit the recipient. The grant funds, not to exceed $10,000 per award, may be used by the intermediary to purchase supplies and equipment to build the recipient’s capacity. Grant funds are not directly available to the recipient.
- **Funds:** The RCDI grant and matching funds that have been provided by the Grantee.
- **Intermediary:** A qualified private organization, nonprofit organization (including faith-based and community organizations and philanthropic organizations), or public (including Tribal) organization that provides financial and technical assistance to multiple recipients.
- **Low-income rural community:** An authority, district, economic development organization, regional council, federally recognized Tribe, or unit of government representing an incorporated city, town, village, county, township, parish, Indian reservation or borough whose income is at or below 80 percent of either the State or national Median Household Income as measured by the 2020 Census.
- **Matching funds:** Cash or confirmed funding commitments. Matching funds must be at least equal to the grant amount and committed for a period of not less than the grant performance period.
- **Recipient:** The entity that receives the financial and technical assistance from the intermediary. The recipient must be a nonprofit community-based housing and development organization, a low-income rural community or a federally recognized Tribe.
- **Rural and rural area:** Any area other than (i) a city or town that has a population of greater than 50,000 inhabitants and (ii) an urbanized area (note that the Agency has determined that the reference to “urban area” should be read as a reference to “urban
area” because the Census Bureau no longer identifies urbanized areas individually and instead refers to qualifying areas as “urban areas”) that is contiguous and adjacent to such city or town.

Technical assistance. Skilled help in improving the recipient’s abilities in the areas of housing, community facilities, or community and economic development.

4. Application of Awards. Awards under the RCDI Program are limited and are awarded through a competitive process. No reimbursement will be made for any funds expended prior to execution of the RCDI Grant Agreement unless the intermediary is a nonprofit or educational entity and has requested and received written Agency approval of the costs prior to the actual expenditure.

This exception is applicable for up to 90 days prior to grant closing and only applies to grantees that have received written approval but have not executed the RCDI Grant Agreement.

The Agency cannot retroactively approve reimbursement for expenditures prior to execution of the RCDI Grant Agreement.

B. Federal Award Information

Type of Award: Grant.
Fiscal Year Funds: FY 2024.
Available Funds: Up to $5 million.
RHS may at its discretion, increase the total level of funding available in this funding round (or in any category in this funding round) from any available source provided the awards meet the requirements of the statute which made the funding available to the Agency.
Award Amounts: Grant funds are limited and are awarded through a competitive process.

Minimum/Maximum Award Amount: The minimum grant award per intermediary is $50,000 and the maximum award amount is $500,000. The intermediary must provide a program of financial and technical assistance to recipients to develop their capacity and ability to undertake projects related to housing, community facilities, or community and economic development that will support the community.

Anticipated Award Date: September 15, 2024.
Performance Period: Grant funds must be utilized within three years from date of the award. A grantee that has an outstanding RCDI grant over three years old, as of the application due date in this Notice, is not eligible to apply for this round of funding.

The intermediary must provide a program of financial and technical assistance to one or more of the following: a private, nonprofit community-based housing and development organization, a low-income rural community or a federally recognized Tribe. A non-Tribal intermediary proposing to serve one or more federally recognized Tribe(s) must include a resolution of support with its application from the respective Tribe(s) it proposes to serve. If the resolution of support is not submitted for each respective Tribe, the Tribe will be considered ineligible as a recipient. This requirement is being added to ensure collaboration during the application process between intermediaries and all Tribes that they propose to serve.

Renewal or Supplemental Awards: Applicants must re-apply for an additional grant.

Type of Assistance Instrument: Grant agreement.

C. Eligibility Information

1. Eligible Applicants. Applicants must meet all the following eligibility requirements by the application deadline. Applications that fail to meet any of these requirements by the application deadline will be deemed ineligible, will not be evaluated further, and will not receive a Federal award under this funding opportunity:

(a) Qualified private organizations, nonprofit organizations (including faith-based organizations in accordance with 7 CFR part 16, community organizations and philanthropic foundations), and public (including Tribal) intermediary organizations are eligible applicants.

Definitions that describe eligible organizations and other key terms are listed above.

(b) The recipient must be a nonprofit community-based housing and development organization, low-income rural community, or federally recognized Tribe based on the RCDI definitions of these groups.

(c) Private nonprofit, faith, or community-based organizations must provide a certificate of incorporation and a certificate of good standing from the Secretary of State of the State of incorporation, or other similar and valid documentation of current nonprofit status. For low-income rural community recipients, the Agency requires evidence that the entity is a public body and census data verifying that the median household income of the community where the office receiving the financial and technical assistance is located is at, or below, 80 percent of the State or national median household income, whichever is higher. For federally recognized Tribes the Agency needs the page listing their name from the current Federal Register list of Tribal entities recognized and eligible for funding services (see the definition of federally recognized Tribes in this Notice for details on this list).

(d) Any corporation that has been convicted of a felony criminal violation under any Federal law within the past 24 months; or has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless the agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government, is not eligible for financial assistance in accordance with restrictions in Sections 744 and 745 outlined in Division B, Title VII, “General Provisions—Government-Wide” of the Further Consolidated Appropriations Act, 2024 (Pub. L. 118–47).

2. Cost Sharing or Matching. Matching funds are required to be provided in an amount that, at a minimum, is equal to the amount of the grant. If this matching fund requirement is not met, the application will be deemed ineligible (see, the “Application and Submission Information” section for the required pre-award and post award matching funds documentation submission).

Partnerships with other Federal, State, local, private, and nonprofit entities are encouraged.

(a) Matching funds must be in the form of cash or confirmed funding commitments that, at a minimum, are equal to the grant amount. Matching funds must also be committed for a period of not less than the grant performance period. These funds can only be used for eligible RCDI activities and must be used to support the overall purpose of the RCDI program.

(b) In-kind contributions such as salaries, donated time and effort, real and nonexpendable personal property, and goods and services cannot be used as matching funds.

(c) Grant funds and matching funds must be used in equal proportions. This does not mean funds have to be used equally by line item.

(d) Grant funds will be disbursed pursuant to relevant provisions of 2 CFR parts 200 and 400 (see, the “Application and Submission Information” section) for matching funds documentation and pre-award requirements.
The intermediary is responsible for demonstrating that matching funds are available and committed for a period of not less than the grant performance period to the RCDI proposal. Matching funds may be provided by the intermediary or a third party. Other Federal funds may be used as matching funds if authorized by statute and the purpose of the funds is an eligible RCDI purpose.

RCDI funds will be disbursed on an advance or reimbursement basis. Matching funds cannot be expended prior to execution of the RCDI Grant Agreement. The request for advance or reimbursement and supporting documentation must show that RCDI fund usage does not exceed the cumulative amount of matching funds used.

Applicants must provide matching funds in an amount at least equal to the amount of the Federal grant. Successful applications will be selected by the Agency for funding and will be awarded from funds appropriated for the RCDI program.

Other Eligibility Requirements. The recipient and beneficiary, but not the intermediary, must be in an eligible rural area. The physical location of the recipient’s office that will be receiving the financial and technical assistance must be in an eligible rural area. If the recipient is a low-income community, the median household income of the area where the office is located must be at or below 80 percent of the State or national median household income, whichever is higher. The applicable Rural Development State Office can assist in determining the eligibility of an area. A listing of Rural Development State Office contacts can be found at the following link: rd.usda.gov/files/CF-State_Office_Contacts.pdf. A map showing eligible rural areas can be found at the following link: eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do?page=Action=RBSmenu.

(a) RCDI grantees that have an outstanding grant over 3 years old, as of the application due date in this Notice, will not be eligible to apply for this round of funding. Grant and matching funds must be utilized in a timely manner to ensure that the goals and objectives of the program are met.

(b) Individuals cannot be recipients. The intermediary must provide a program of financial and technical assistance to the recipient.

The intermediary organization must have been legally organized for a minimum of three years and have at least three years prior experience working with private nonprofit community-based housing and development organizations, low-income rural communities, or Tribal organizations in the areas of housing, community facilities, or community and economic development. The intermediary organization may contract with a nonaffiliated organization for not more than 49 percent of the awarded grant to provide the proposed technical assistance.

Proposals must be structured to utilize the grant funds within 3 years from the date of the award.

Each applicant, whether individually or jointly, may only submit one application for RCDI funds under this Notice. This restriction does not preclude the applicant from providing matching funds for other applications.

Recipients can benefit from more than one RCDI application; however, after grant selections are made, the recipient can only benefit from multiple RCDI grants if the type of financial and technical assistance the recipient will receive is not duplicative. The services described in multiple RCDI grant applications must have separate and identifiable accounts for compliance purposes.

The intermediary and the recipient cannot be the same entity. The recipient can be a related entity to the intermediary, if it meets the definition of a related entity, provided the relationship does not create a Conflict of Interest that cannot be resolved to Rural Development’s satisfaction.

If the recipient is a low-income rural community, provide the unit of government to which the financial and technical assistance will be provided (e.g., town council or village board). The financial and technical assistance must be provided to the organized unit of government representing that community, not the community at large.

A non-Tribal intermediary proposing to serve one or more federally recognized Tribes must include a resolution of support with its application from the Tribes it proposes to serve. If the resolution of support is not submitted for each Tribe, the Tribe will be considered ineligible as a recipient. This requirement is being added to ensure collaboration during the application process between intermediaries and all Tribes that they propose to serve.

funds are in cash or a copy of the confirmed funding commitment from the funding source.

The applicant will be contacted by the Agency prior to grant award to verify that the matching funds provided with the application continue to be available. The applicant will have 15 days from the date contacted to submit verification that matching funds continue to be available.

Activities that meet the objectives of the RCDI program and meet the criteria outlined in this Notice will be considered eligible. These examples are illustrative and are not meant to limit the activities proposed in the application:

   (a) The intermediary provides training to the recipient on how to conduct homeownership education classes. The recipient then provides ongoing homeownership education to the residents of the community—the ultimate beneficiaries. This “train the trainer” concept fully meets the intent of this initiative. The intermediary is providing technical assistance that will build the recipient’s capacity by enabling it to conduct homeownership education classes for the public.

   This is an eligible purpose. However, if the intermediary directly provided homeownership education classes to individuals in the recipient’s service area, this would not be an eligible purpose because the recipient would be bypassed.

   (b) If the intermediary is working with a low-income community as the recipient, the intermediary must provide the technical assistance to the entity that represents the low-income community and is identified in the application. Examples of entities representing a low-income community are a village board or a town council.

   If the intermediary provides technical assistance to the Board of the low-income community on how to establish a cooperative, this would be an eligible purpose. However, if the intermediary works directly with individuals from the community to establish the cooperative, this is not an eligible purpose.

   The recipient’s capacity is built by learning skills that will enable it to support sustainable economic development in its community on an ongoing basis.

   (c) The intermediary may provide technical assistance to the recipient on how to create and operate a revolving loan fund. The intermediary may not monitor or operate the revolving loan fund. RCDI funds, including matching funds, cannot be used to fund revolving loan funds.

   (d) The intermediary may work with recipients to build their capacity to provide planning and leadership development training. The recipients of this training would be expected to assume leadership roles in the development and execution of regional strategic plans. The intermediary would work with multiple recipients in helping communities recognize their connections to the greater regional and national economies.

   (e) The intermediary could provide training and technical assistance to the recipients on developing emergency shelter and feeding, short-term housing, search and rescue, and environmental accident, prevention, and cleanup
program plans. For longer term disaster and economic crisis responses, the intermediary could work with the recipients to develop job placement and training programs and develop coordinated transit systems for displaced workers.

7. Other Submission Requirements. Fund uses must be consistent with the RCDI purpose.

(a) Eligible purposes of grant funds include, but are not limited to, the following:

(1) Provide technical assistance to develop recipients’ capacity and ability to undertake projects related to housing, community facilities, or community and economic development, (e.g., the intermediary hires a staff person to provide technical assistance to the recipient or the recipient hires a staff person, under the supervision of the intermediary, to carry out the technical assistance provided by the intermediary). Hiring must support the intermediary’s training purpose. Additional staff can be hired as a secondary purpose needed to carry out technical assistance/training to the recipient and must support the intermediary’s training purpose.

(2) Develop the capacity of recipients to conduct community development programs, (e.g., homeownership education or training for business entrepreneurs).

(3) Develop the capacity of recipients to conduct developmental initiatives (e.g., programs that support microenterprise and sustainable development).

(4) Develop the capacity of recipients to increase their leveraging ability and access to alternative funding sources by providing training and staffing.

(5) Develop the capacity of recipients to provide the technical assistance component for essential community facilities projects.

(6) Assist recipients in completing pre-development requirements for housing, community facilities, or community and economic development projects by providing resources for professional services, e.g., architectural, engineering, or legal. While this is an eligible purpose, applicant needs to ensure the capacity of the recipient is being expanded with appropriate training during the process.

(7) Improve recipient’s organizational capacity by providing training and resource material on developing strategic plans, board operations, management, financial systems, and information technology.

(8) Purchase of computers, software, and printers is limited to $10,000 per award at the recipient level when directly related to the technical assistance program being undertaken by the intermediary.

(9) Provide funds to recipients for training-related travel costs and training expenses related to RCDI.

(10) RCDI funds may be used to pay for a speaker as part of a program, equipment to facilitate the program, and the actual room that will house the meeting.

(b) The following is a list of ineligible uses of grant funds:

1. Pass-through grants, and any funds provided to the recipient in a lump sum that are not reimbursements.

2. Funding a revolving loan fund (RLF).

4. Salaries for positions involved in construction, renovations, rehabilitation, and any oversight of these types of activities.

5. Intermediary preparation of strategic plans for recipients.

6. Funding for prostitution, gambling, or any illegal activities.

7. Grants to individuals.

8. Funding a grant where there may be a conflict of interest, or an appearance of a conflict of interest, involving any action by the Agency.

9. Paying obligations incurred before the beginning date without prior Agency approval or after the ending date of the grant agreement.

11. Improvement or renovation of the grantee or recipient’s office space or for the repair or maintenance of privately-owned vehicles.

12. Any purpose prohibited in 2 CFR part 200 or 400.

13. Using grant or matching funds for Individual Development Accounts.

14. In accordance with 31 U.S.C. 1345, “Expenses of Meetings,” appropriations may not be used for travel, transportation, and subsistence expenses for a meeting. RCDI grant funds cannot be used for these meeting-related expenses. Matching funds may, however, be used to pay for these expenses.

15. RCDI funds cannot be used for meetings; they can, however, be used for travel, transportation, or subsistence expenses for program-related training and technical assistance purposes. Any training not delineated in the application must be approved by the Agency to verify compliance with 31 U.S.C. 1345. Travel and per diem expenses (including meals and incidental expenses) will be allowed in accordance with 2 CFR parts 200 and 400.

E. Application Review Information

1. Criteria. All eligible and complete applications will be evaluated and scored based on the selection criteria and weights contained in this notice. Awards are subject to USDA grant regulations at 2 CFR part 400, which incorporated the Office of Management and Budget (OMB) regulations at 2 CFR part 200. Failure to address any of the application criteria by the application deadline will result in the application being determined ineligible, and the application will not be considered for funding.

All applications that are complete and eligible will be scored and ranked competitively. The categories for scoring criteria used are the following:

(a) Building Capacity and Expertise—Maximum 40 Points

The applicant must demonstrate how it will improve the recipients’ capacity, through a program of financial and technical assistance, as it relates to the RCDI purposes.

Capacity. Building financial and technical assistance should provide new functions to the recipients or expand existing functions that will enable the recipients to undertake projects in the areas of housing, community facilities, or community and economic development that will benefit the community. Capacity-building financial and technical assistance may include, but is not limited to: training to conduct community development programs (e.g., homeownership education, or the establishment of minority business entrepreneurs, cooperatives, or micro-enterprises); organizational development (e.g., assistance to develop or improve board operations, management, and financial systems); instruction on how to develop and implement a strategic plan; instruction on how to access alternative funding sources to increase leveraging opportunities; and staffing (e.g., hiring a person at intermediary or recipient level to provide technical assistance to recipients).

The program of financial and technical assistance that is to be provided, its delivery, and the measurability of the program’s effectiveness will determine the merit of the application.

All applications will be competitively ranked and the applications providing the most improvement in capacity development and measurable activities being ranked the highest.

The narrative response must contain the following items. This list also contains the points for each item.

1. Describe the nature of financial and technical assistance to be provided
to the recipients and the activities that will be conducted to deliver the
technical assistance (10 Points).
(2) Explain how financial and
technical assistance will develop or
increase the recipient’s capacity.
Indicate whether a new function is
being developed or if existing functions
are being expanded or performed more
effectively (7 Points).
(3) Identify which RCDI purpose areas
will be addressed with this assistance:
Housing, community facilities, or
community and economic development
(3 Points).
(4) Describe how the results of the
technical assistance will be measured
and describe the benchmarks to be used
to measure effectiveness. Benchmarks
should be specific and quantifiable (5
Points).
(5) Demonstrate that the applicant/
intermediary has conducted programs of
financial and technical assistance and
achieved measurable results in the areas
of housing, community facilities, or
community and economic development
in rural areas (10 Points).
(6) Provide in a chart or excel spreadsheet, the organization name,
point of contact, address, phone number, email address, and the type
and amount of the financial and
technical assistance the applicant
organization has provided to the
following for the last 3 years (5 Points).
• Nonprofit organizations in rural
areas.
• Low-income communities in rural
areas (also identify the type of entity,
e.g., city government, town council, or
village board).
• Federally recognized Tribes or any
other culturally diverse organizations.
(b) Soundness of Approach—
Maximum 15 Points
The applicant can receive up to 15
points for soundness of approach. The
overall proposal will be considered
under this criterion.
The maximum of 15 points for this
criterion will be based on the following:
(1) The proposal fits the objectives for
which applications were invited, is
clearly stated, and the applicant has
defined how this proposal will be
implemented (7 Points).
(2) The ability to provide the
proposed financial and technical
assistance based on prior
accomplishments (6 Points).
(3) Cost effectiveness will be
evaluated based on the budget in the
application. The proposed grant amount
and matching funds should be utilized
to maximize capacity building at the
recipient level (2 Points).
(c) Population and Income—
Maximum 15 Points
Population is based on the average
population from the 2020 census data
for the communities in which the
applicants are located. The physical
address or mailing address, for each
recipient must be used for this criterion.
Community is defined for scoring
purposes as a city, town, village, county,
parish, borough, Indian reservation or
census-designated place where the
recipient’s office is physically located.
The applicant must submit the census
data from the following website in the
form of a printout to verify the
population figures used for each
recipient. The data can be accessed on:
the Internet at data.census.gov/cedsci.
Enter location, P1 (i.e., Parma, Idaho,
P1) and click “search”; the name and
data population data for each recipient
location must be listed in this section.
The average population of the
locations required will be used and will
be scored as follows in the table illustrated below:

<table>
<thead>
<tr>
<th>Population</th>
<th>Scoring (points)</th>
</tr>
</thead>
<tbody>
<tr>
<td>10,000 or less</td>
<td>5</td>

The average of the median household
income for the communities for which the
recipients are physically located will
determine the points awarded. The
physical address or mailing address, for each recipient must be used for this
criterion. Applicants may compare the
average recipient median household
income to the national median
household income, whichever yields the
most points. The national median
household income to be used is $69,021.
The applicant must submit the
income data in the form of a printout of
the applicable information from the
following website to verify the income
for each recipient. The data being used
is from the 2021 American Community
Survey (ACS) 5-year estimates (2017–
2021 data set). The data can be accessed
on the Internet at data.census.gov/cedsci;
enter location, S1903 (i.e., Parma,
Idaho, S1903), click “search,” click the “+” symbol to
expand the table, and select the 2021
ACS–5-year estimates table. Use the
Household and Median Income column.
The name and income data for each
recipient location must be listed in this
section. Points will be awarded as
follows in the table illustrated below:

<table>

(d) State Director’s Points Based on
Project Merit—Maximum 10 Points
(1) This criterion will be addressed by
the Agency, not the applicant.
(2) The State Director may award up
to 10 discretionary points for the highest
priority project in each State, up to 7
points for the second highest priority
project in each State and up to 5 points
for the third highest priority project.
Information on whether your project
qualifies for priority points can be found
at the following website: rd.usda.gov/
priority-points. Provided that all other
requirements set forth in the notice are
otherwise met, the discretionary points
may be awarded to applicants proposing
to advance any of the following three
key priorities:
(a) Addressing Climate Change and
Environmental Justice: Reducing climate
pollution and increasing resilience to
the impacts of climate change through
economic support to rural communities.
Priority Points: Applicants may
receive priority points (up to 3 points)
addressing climate change in three
ways:
Option 1: Applicants will receive
points if the project is located in or
serves a Disadvantaged Community as
defined by the Climate and Economic
Justice Screening Tool (CEJST), from the
White House Council on Environmental
Quality (CEQ). CEJST is a tool to help
Federal agencies identify disadvantaged
communities that will benefit from
programs included in the Justice40
initiative. Census tracts are considered
disadvantaged if they meet the
thresholds for at least one of the
CEJST’s eight (8) categories of burden:
Climate, Energy, Health, Housing, Legacy
Pollution, Transportation, Water and
Wastewater, or Workforce Development.
Option 2: Applicants will receive
points if the project is located in or
serves an Energy Community as defined
by the Inflation Reduction Act of 2022
(Pub. L. 117–169) (IRA). The IRA
defines energy communities as:
• A “brownfield site” (as defined in
certain subparagraphs of the
Comprehensive Environmental
Response, Compensation, and Liability
Act of 1980 (CERCLA))
• A “metropolitan statistical area” or “non-metropolitan statistical area” that has (or had at any time after 2009):
  • 0.17 percent or greater direct employment or 25% or greater local tax revenues related to the extraction, processing, transport, or storage of coal, oil, or natural gas; and has an unemployment rate at or above the national average unemployment rate for the previous year
  • A census tract (or directly adjoining census tract) in which a coal mine has closed after 1999; or in which a coal-fired electric generating unit has been retired after 2009.

Option 3: Applicants will receive priority points by demonstrating through written narrative how proposed climate-inject projects improve the livelihoods of community residents and meet pollution mitigation or clean energy goals.

To determine if your project qualifies for priority points under Option 1 or Option 2, please use the Disadvantaged Community & Energy Community Look-Up Map.

Information on whether your project qualifies for priority points can be found at the following website: rd.usda.gov/priority-points.

(b) Advancing Racial Justice, Place-Based Equity, and Opportunity: Ensuring all rural residents have equitable access to RD programs and benefits from RD funded projects. This priority aligns with the Executive Order on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government. The Applicant receives priority points (up to 3 points) if the project is located in or serving a community with score 0.75 or above on the CDC Social Vulnerability Index. Please use Community Look-Up Map to look up map or list to determine if your project qualifies for priority points.

Applications from federally recognized Tribes, including Tribal instrumentalities and entities that are wholly owned by Tribes will receive priority points. Federally recognized Tribes are classified as any Indian or Alaska Native Tribe, band, nation, pueblo, village or community as defined by the Federally Recognized Indian Tribe List Act (List Act) of 1994 (Pub. L. 103–454). Please refer to the Bureau of Indian Affairs for a listing of federally recognized Tribes.

Additionally, projects where at least 50 percent of the project beneficiaries are members of federally recognized Tribes, will receive priority points. If applications from non-Tribal applicants include a Tribal Resolution of Consent from the Tribe or Tribes that the applicant is proposing to serve.

U.S. Territories are considered socially vulnerable and qualify for priority points.

Applications from or benefiting a Rural Partner’s Network’s (RPN) community network will receive priority points (rural.gov) in applicable funding notices. Currently RPN Networks exist in Alaska, Arizona, Georgia, Kentucky, Mississippi, Nevada, New Mexico, North Carolina, Puerto Rico, West Virginia and Wisconsin. Please use the Community Look-Up map to determine if your project qualifies for priority points.

Information on whether your project qualifies for priority points can be found at the following website: rd.usda.gov/priority-points.

(c) Creating More and Better Markets: Assisting rural communities to recover economically through more and better market opportunities through improved infrastructure. Applicants receive priority points (up to 4 points) if the project is located in or serving a rural community whose economic well-being ranks in the most distressed tier of the Distressed Communities Index. The Distressed Communities Index provides a score between 1 and 100 for every community at the zip code level. The most distressed tier of the index are those communities with a score over 80. Please use the Distressed Communities Index Look-Up Map to determine if your project qualifies for priority points by using the following link: rd.usda.gov/priority-points/rural-development-priorities-fy-2024. For additional information on data sources used for this priority determination, please download the Data Sources for Rural Development Priorities document. Note: U.S. Territories are considered distressed and qualify for priority points.

Applicants may receive priority points addressing climate change in three ways:

Option 1: Applicants will receive points if the project is located in or serves a Coalition of Communities and Rural Designated Areas (CCRA) that is defined by the Climate and Economic Justice Screening Tool (CEJST), from the White House Council on Environmental Quality (CEQ). CEJST is a tool to help Federal agencies identify disadvantaged communities that will benefit from programs included in the Justice40 initiative. Census tracts are considered disadvantaged if they meet the thresholds for at least one of the CEJST’s eight (8) categories of burden: Climate, Energy, Health, Housing, Legacy Pollution, Transportation, Water and Wastewater, or Workforce Development.

Applicants will receive points if the project is located in or serves an Energy Community as defined by the Inflation Reduction Act (IRA).

The IRA defines energy communities as:
  • A “brownfield site” (as defined in certain subparagraphs of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA))
  • A “metropolitan statistical area” or “non-metropolitan statistical area” that has (or had at any time after 2009)
    • 0.17% or greater direct employment or 25% or greater local tax revenues related to the extraction, processing, transport, or storage of coal, oil, or...
natural gas; and has an unemployment rate at or above the national average unemployment rate for the previous year.

A census tract (or directly adjoining census tract) in which a coal mine has closed after 1999; or in which a coal-fired electric generating unit has been retired after 2009.

Option 3: Applicants will receive points by demonstrating through written narrative how proposed climate-impact projects improve the livelihoods of community residents and meet pollution mitigation or clean energy goals.

(2) Advancing Racial Justice, Place-Based Equity, and Opportunity: Ensuring all rural residents have equitable access to RD programs and benefits from RD funded projects.

This priority aligns with the Executive Order on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government. Applicant receives priority points if the project is located in or serving a community with score of 0.75 or above on the CDC Social Vulnerability Index. Please use the Community Look-Up Map to review the map or list to determine if your project qualifies for priority points.

L. 103–454). Please refer to the Bureau of Indian Affairs for a listing of federally recognized Tribes.

Additionally, projects where at least 50 percent of the project beneficiaries are members of federally recognized Tribes, will receive priority points if applications from non-Tribal applicants include a Tribal Resolution of Consent from the Tribe or Tribes that the applicant is proposing to serve.

(3) Creating More and Better Markets: Assisting rural communities to recover economically through more and better market opportunities through improved infrastructure.

Applicants receive priority points if the project is located in or serving a rural community whose economic wellbeing ranks in the most distressed tier of the Distressed Communities Index. The Distressed Communities Index provides a score between 1–100 for every community at the zip code level. The most distressed tier of the index are those communities with a score over 80.
