BILLING CODE 4312–52–P

DEPARTMENT OF THE INTERIOR

National Park Service

**[NPS–WASO–NAGPRA–NPS0038094;
PPWOCRADN0–PCU00RP14.R50000]**

Notice of Intended Repatriation: Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Peabody Museum of Archaeology and Ethnology (PMAE) intends to repatriate a certain cultural item that meets the definition of an unassociated funerary objects and that has a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural item in this notice may occur on or after July 17, 2024.

ADDRESSES: Patricia Capone, Peabody Museum of Archaeology and Ethnology, Harvard University, 11 Divinity Avenue, Cambridge, MA 02138, telephone (617) 496–3702, email pcapone@fas.harvard.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the PMAE, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of one cultural item has been requested for repatriation. The one unassociated funerary object is one ceramic vessel. This item was collected by Mr. Frederick S. Bacon at an unknown date, probably near Memphis, Shelby County, TN, and donated to the PMAE in 1955. PMAE documentation indicates that this vessel was “[p]robably made by the ancestors of present day Chickasaw Indians.”

Determinations

The PMAE has determined that:

- The one unassociated funerary object described in this notice is reasonably believed to have been placed intentionally with or near human remains, and is connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary object has been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a reasonable connection between the cultural item described in this notice and The Chickasaw Nation.

Requests for Repatriation

Additional, written requests for repatriation of the cultural item in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural item in this notice to a requestor may occur on or after July 17, 2024. If competing requests for repatriation are received, the PMAE must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural item are considered a single request and not competing requests. The PMAE is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: June 7, 2024.

Notice of Inventory Completion: California Department of Transportation, Sacramento, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the California Department of Transportation (Caltrans), has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice. The human remains and associated funerary objects were removed from Lake County, CA.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after July 17, 2024.

ADDRESSES: Marisol Espino, California Department of Transportation, 703 B Street, Marysville, CA 95901, telephone (530) 812–4546, email Marisol.Espino@dot.ca.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of Caltrans, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the information available, human remains representing at least one individual have been reasonably identified. The 528 catalog entries of associated funerary objects (221 from Acc. 75–12 and 307 from Acc. 362) are modified stone, unmodified stone, debitage, unmodified faunal elements, modified faunal elements, historic material, modified shell, organics, and charcoal samples. Eighteen objects represented by 12 catalog entries are missing from the collections, and Caltrans and CSU Chico continue to look for them. These objects were not identified during the catalog verification process.

The individual and associated funerary objects are from archaeological

site CA-LAK-435, which is located in Lake County, California. They were recovered as a part of excavations undertaken by Caltrans in 1975 for widening of State Route 20 and again in 2004 for roadway rehabilitation activities. These human remains and associated funerary objects are controlled by Caltrans and in the possession of California State University, Chico (CSUC).

A Notice of Inventory Completion (66 FR 54283) published in the **Federal Register** on October 26, 2001, for Native American human remains and associated funerary objects related to the 1975 excavation, which were previously in the possession of Sonoma State University (SSU). The one individual and 217 catalog entries of associated funerary objects described in that notice were not repatriated at the time as no request for repatriation was received. At the request of the consulting culturally affiliated Indian Tribe, the entirety of the collection at SSU (Acc. 75-12) has been transferred into the possession of CSUC to reunite the individual and associated funerary objects with the cultural items recovered during the 2004 excavation (Acc. 362). The one individual and 528 catalog entries of associated funerary objects represent the entirety of both collections (Acc. 75-12 and Acc. 362). There is no known history of treatment of the collection with any hazardous substances at any of the repositories at this time.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

The California Department of Transportation has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- The 528 catalog entries described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a reasonable connection between the human remains and associated funerary objects described in this notice and the Habematolel Pomo of Upper Lake, California.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after July 17, 2024. If competing requests for repatriation are received, the California Department of Transportation must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The California Department of Transportation is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: June 7, 2024.

Abstract of Information Available

Based on the information available, human remains representing, at least, one individual have been reasonably identified. The one lot of associated funerary objects is one lot of faunal remains. In 1906, Mark Raymond Harrington and Irwin Hayden removed these human remains and associated funerary objects from the St. Lawrence site in Jefferson County, NY, as part of a Peabody Museum Expedition.

Based on the information available, one lot of associated funerary objects has been identified. The one lot of associated funerary objects is one lot of faunal remains. These associated funerary objects were removed from the Perch River Bay site in Jefferson County, NY, by Mark Raymond Harrington and Irwin Hayden in 1906 as part of a Peabody Museum Expedition. The human remains associated with these associated funerary objects were listed in a Notice of Inventory Completion published in the **Federal Register** on October 5, 2001 (66 FR 51062-51064) and a correction Notice of Inventory Completion published in the **Federal Register** on March 14, 2003 (68 FR 12376-12377).

Based on the information available, one lot of associated funerary objects has been identified. The one lot of associated funerary objects is one lot of ceramic vessels and sherds, ceramic pipe fragments, ceramic effigy pipe fragments, ceramic discs, bone tools, faunal remains, botanical remains, shell beads, stone beads, lithics, flakes, charcoal, charred wood, ground stone tools, net sinkers, worked stones, unworked stones, shell, worked faunal
