

The current license also requires Oswego Hydro to: (1) release a year-round minimum flow of 300 cfs or inflow, whichever is less, to the Oswego River downstream of the project; and (2) when inflow is less than 1,900 cfs from June 1 through October 31, implement water quality monitoring and, if average tailwater dissolved oxygen drops below 5 milligrams per liter, provide mitigative flow releases for the protection of downstream water quality. Oswego Hydro provides upstream eel passage from June through October, using the trap and transport facility, and provides downstream fish passage year-round using the downstream fishway.

Oswego Hydro proposes to continue operating the project in a run-of-river mode and maintaining the surface elevation of the impoundment at 361.92 to 362.42 feet NAVD 88. Oswego Hydro proposes to continue releasing a year-round minimum flow of 300 cfs or inflow, whichever is less, to the Oswego River downstream of the project, but does not propose to continue water quality monitoring and mitigative flow releases when inflow is less than 1,900 cfs from June 1 through October 31. n. *Scoping Process:* Pursuant to the National Environmental Policy Act (NEPA), Commission staff will prepare either an environmental assessment (EA) or an environmental impact statement (EIS) (collectively referred to as the "NEPA document") that describes and evaluates the probable effects, including an assessment of the site-specific and cumulative effects, if any, of the proposed action and alternatives. The Commission's scoping process will help determine the required level of analysis and satisfy the NEPA scoping requirements, irrespective of whether the Commission issues an EA or an EIS.

### Scoping Meetings

Commission staff will hold two public scoping meetings to receive input on the scope of the environmental issues that should be analyzed in the NEPA document. The daytime meeting will focus on the concerns of resource agencies, non-governmental organizations (NGOs), and Indian Tribes. The evening meeting will focus on receiving input from the public. All interested individuals, resource agencies, Indian Tribes, and NGOs are invited to attend one or both of the meetings. The times and locations of these meetings are as follows:

#### Daytime Scoping Meeting

*Date:* Thursday, August 8, 2024.

*Time:* 1:00 p.m. (EDT).

*Place:* Schroepfel Town Hall.

*Address:* 69 County Route 57A, Phoenix, NY 13135.

#### Evening Scoping Meeting

*Time:* 6:00 p.m. (EDT).

*Place:* Schroepfel Town Hall.

*Address:* 69 County Route 57A, Phoenix, NY 13135.

Copies of the Scoping Document (SD1) outlining the subject areas to be addressed in the NEPA document were distributed to the parties on the Commission's mailing list. Copies of the SD1 will be available at the scoping meeting or may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link (see item m above).

### Site Visit

The applicant and Commission staff will hold a site visit at the project beginning at 9:00 a.m. on August 8, 2024. All interested individuals, agencies, Tribes, and NGOs are invited to attend. ### Objectives

At the scoping meetings, Commission staff will: (1) summarize the environmental issues tentatively identified for analysis in the NEPA document; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the NEPA document, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the NEPA document; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

### Procedures

The meetings are recorded by a stenographer and become part of the formal record of the Commission proceeding on the project. Individuals, NGOs, Indian Tribes, and agencies with environmental expertise and concerns are encouraged to attend the meeting and to assist the staff in defining and clarifying the issues to be addressed in the NEPA document.
