

impending ADH to the individual suspected of committing an IPV. The notification contains an explanation of the charge against the individual, the potential penalties, and a listing of the rights and options afforded to the individual. A similar notification is sent to individuals who are being prosecuted through the court.

In some State agencies, one of the options available to the individual under 7 CFR 273.16(f)(2) is the ability for the individual to waive the right to an ADH and accept the disqualification penalty. The disqualification waiver may be included in the advance notification or provided as a separate attachment for the individual to sign and submit to avoid having the ADH. Similarly, under 7 CFR 273.16(h)(2), State agencies may establish procedures to provide the accused individual with the option to consent to a Program disqualification to avoid criminal prosecution.

Once a determination is made regarding an IPV, the State agency must send notification to the affected individual of the action taken on the ADH or court decision, as required at 7 CFR 273.16(e)(9). This includes notifying the person that he/she will be disqualified and when the disqualification will become effective. One of the factors used by a State agency to determine the appropriate disqualification penalty to assign to an individual is whether or not the individual was found to have committed any prior IPV's. The way that State agencies determine this is by accessing and checking eDRS. eDRS is an automated system developed by FNS that contains records of disqualifications in every State. Per 7 CFR 273.16(i)(4) State agencies are responsible for checking eDRS to determine the appropriate length of each disqualification.

7 CFR 273.16(i)(2)(i) requires State agencies to update the eDRS system, which includes reporting disqualifications as they occur and removing records which are no longer accurate, relevant, or complete. States have a choice between using a batch process for correcting and resubmitting data or submitting data directly through the eDRS website. Data entry errors are identified at the point of entry and corrections can be made immediately.

D. Application and Submission Information

1. Address To Request Application Package

The requirements for submitting an application can be found at 7 CFR 3570.65. Applications will be processed by a USDA RD State Office. The applicable RD State Office can assist applicants in understanding complete application requirements based on the scope of the proposed project.

Preapplications and complete applications must address the criteria presented in E. Application Review Information of this Notice, such as population of the project location, median household income of the population served, whether the project addresses a public healthcare emergency or public safety response at the local, state, national and/or Tribal level, and whether the project is in an area impacted by a disaster that has necessitated a coordinated inter-agency strategic response.

4. Submission Dates and Times

Applications will be accepted on a continual basis, beginning on the publication date of this Notice, until all funds are obligated. The applicable USDA Rural Development State Office will conduct an initial review and rating of complete applications and preapplications received by 4:00 p.m. local time on September 12, 2024. Subsequent application reviews, rankings, and selections may occur in additional rounds if funds remain.

5. Intergovernmental Review

Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," applies to this program. This E.O. requires that Federal agencies provide opportunities for consultation on proposed assistance with State and local governments. Many states have established a Single Point of Contact (SPOC) to facilitate this consultation. For a list of States that maintain a SPOC, please see the White House website: <https://www.whitehouse.gov/omb/management/office-federal-financial-management/>. If your State has a SPOC, you may submit a copy of the application directly for review. E. Application Review Information

1. Criteria

Application Review Information—Applications and preapplications will be reviewed in accordance with 7 CFR 3570.70 and scored by RD State Offices on a priority basis in accordance with the criteria below. If at any time the demand for grant funds is greater than the amount of grant funds available, the RD National Office will utilize a priority ranking scoring system to determine which projects may proceed with a complete application for funding. Points will be distributed as follows:

- (a) *Population priorities.* The proposed project is located in a rural community having a population of:
- (1) 5,000 or less—30 points;
 - (2) Between 5,001 and 12,000, inclusive—20 points; or
 - (3) Between 12,001 and 20,000, inclusive—10 points.
- (b) *Income priorities.* The median household income of the population to be served by the proposed project is below the higher of the poverty line or:
- (1) 60 percent of the SNMHI—30 points;
 - (2) 70 percent of the SNMHI—20 points;
 - (3) 80 percent of the SNMHI—10 points; or
 - (4) 90 percent of the SNMHI—5 points.

(c) *Other priorities.* Points will be assigned for one or more of the following:

- (1) Project is aligned with a state strategic plan or priorities—10 points;
- (2) Project addresses a declared public health emergency by a local, state, or Tribal government in accordance with applicable law—10 points; and/or
- (3) Project addresses public safety—10 points.

(d) *Discretionary.*

The State Director may assign up to 15 points to a project in addition to those that may be scored under paragraphs (a) through (c) of this section, in accordance with 7 CFR 3570.67(d)(1). These points are to address unforeseen exigencies or emergencies, such as the loss of a community facility due to an accident or natural disaster or the loss of joint financing if Agency funds are not committed in a timely fashion. In addition, the points will be awarded to projects benefiting from the leveraging of funds in order to improve compatibility and coordination between the Agency and other agencies' selection systems and for those projects that are the most cost effective.

In selecting projects for funding at the National Office level, additional points will be awarded based on the priority assigned to the project by the State Office. Only the three highest priority projects for a State will be awarded points, with the top ranked project receiving 5 points, the next one receiving 3 points, and the third ranked project receiving 1 point.

The Administrator may also assign up to 30 additional points to account for geographic distribution of funds, emergency conditions caused by economic problems, and other initiatives identified by the Secretary.

Due to the competitive nature of this program, complete applications and Preapplications receiving the same score will be competed/ranked based on the Income priority score, and then if necessary, the Population priority score.

2. Review and Selection Process

The Agency reserves the right to offer the applicant less than the grant funding requested.

Applications will be reviewed by RD State Offices in accordance with 7 CFR 3570.70 (a)–(d) and scored on a priority basis in accordance with the criteria outlined in this Notice. If at any time the demand for grant funds is greater than the amount of grant funds available, the RD National Office will use a priority ranking scoring system to determine which projects are invited to submit a complete application. Each

request for grant assistance will be carefully scored and prioritized to determine which projects should be selected for further development and funding.

The RD National Office will inform State Office approval officials of the eligible applications with the highest priority score that may proceed with a complete application for funding. When selecting projects, the following circumstances must be considered:

- (1) Scoring of project and scores of other applications on hand;
- (2) Funds available in the National Office reserve; and

(3) If other Community Facilities financial assistance is needed for the project, the availability of other funding sources.

3. Anticipated Announcement and Federal Award Dates

The applicable USDA Rural Development State Office will conduct an initial review and rating of preapplications and complete applications received by 4:00 p.m. local time on September 12, 2024. Subsequent application reviews, rankings, and selections will occur in additional rounds if funds remain.

(e) Equal Opportunity for Religious Organizations.

(1) Faith-based organizations may apply for this award on the same basis

as any other organization, as set forth at, and subject to the protections and requirements of, this part and any applicable constitutional and statutory requirements, including 42 U.S.C. 2000bb et seq. USDA will not, in the selection of recipients, discriminate for or against an organization on the basis of the organization's religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to favor or disfavor a similarly situated secular organization.

(2) A faith-based organization that participates in this program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law. Religious accommodations may also be sought under many of these religious freedom and conscience protection laws.

(3) A faith-based organization may not use direct Federal financial assistance from USDA to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by USDA, or in their outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

(f) Non-Discrimination Statement.

In accordance with Federal civil rights laws and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Mission Areas, agencies, staff offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print,

audiotape, American Sign Language) should contact the responsible Mission Area, agency, staff office; or the 711 Federal Relay Service.

To file a program discrimination complaint, a complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form, which can be obtained online at <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

(1) *Mail*: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410; or
