Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:**

Travis Battiest, Section Chief for Tools, SOPs, and Implementation, Hazard Mitigation Assistance Division, Mitigation Directorate, FEMA, at (202) 714–8052 or [travis.battiest@fema.dhs.gov](mailto:travis.battiest@fema.dhs.gov). You may contact the Information Management Division for copies of the proposed collection of information at email address: [FEMA-Information-Collections-Management@fema.dhs.gov](mailto:FEMA-Information-Collections-Management@fema.dhs.gov).

**SUPPLEMENTARY INFORMATION:** FEMA regulations in 44 CFR 206.437 require development and updates to the Administrative Plan by Applicants or Recipients as a condition of receiving Hazard Mitigation Grant Program (HMGP) funding under section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1988 (Pub. L. 93–288, as amended) (42 U.S.C. 5170c). Applicants or Recipients can be any State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, or the government of a Federally-recognized Tribe that chooses to act as an Applicant or Recipient.

The regulation at 44 CFR 206.437 requires a State to have a FEMA-approved Administrative Plan to receive HMGP funding. At its minimum, the Administrative Plan will include the designated State agency or Indian Tribal government that will act as the Recipient, identify the State Hazard Mitigation Officer or Tribal Hazard Mitigation Officer, identify staffing requirements, and establish a guide for implementation activities and procedures to account for non-Federal cost sharing. Additional information requirements are guided by the type of mitigation activities being pursued.

The State, territorial, or Tribal government must establish procedures to guide the administration of the HMGP in the Administrative Plan, as outlined in the listed activities below. FEMA will review the information provided to ensure proper documentation of each activity.

The Department of Homeland Security (DHS) adopted in its entirety the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR part 200) on December 26, 2014. This rule eliminates overlapping and duplicative requirements for stakeholders, including States, territories and Indian Tribal governments, by using general terms such as “recipient” or “pass-through entity.” FEMA is also avoiding unnecessary duplication, overlap and

the demand for maintenance of requirements under HMGP in two documents, the State Administrative Plan, and the Tribal Administrative Plan. FEMA instead is offering and referring to one common set of requirements in an “Administrative Plan.” The term “State Administrative Plan” is now referred to “Administrative Plan for the Hazard Mitigation Grant Program”.
