Bureau of Industry and Security

Order Renewing Temporary Denial of Export Privileges; UTair Aviation JSC, Khanty-Mansiysk Airport Tyumen Region, Russia 628012

Pursuant to section 766.24 of the Export Administration Regulations, 15 CFR parts 730–774 (“EAR” or “the Regulations”),¹ I hereby grant the request of the Office of Export Enforcement (“OEE”) to renew the temporary denial order (“TDO”) issued in this matter on September 23, 2023. I find that renewal of this order is necessary in the public interest to prevent an imminent violation of the Regulations and that renewal for an extended period is appropriate because UTair Aviation JSC (“UTair”) has engaged in a pattern of repeated, ongoing and/or continuous apparent violations of the EAR.

I. Procedural History

On April 7, 2022, I signed an order denying UTair's export privileges for a period of 180 days on the ground that issuance of the order was necessary in the public interest to prevent an imminent violation of the Regulations. The order was issued *ex parte* pursuant to Section 766.24(a) of the Regulations

and was effective upon issuance.² The temporary denial order was subsequently renewed on October 3, 2022,³ March 29, 2023,⁴ and September 23, 2023⁵ in accordance with section 766.24(d) of the Regulations.⁶

On August 27, 2024, BIS, through OEE, submitted a written request for renewal of the TDO that issued on September 23, 2023. The written request was made more than 20 days before the TDO's scheduled expiration and, given the temporary suspension of international mail service to Russia, OEE has attempted to deliver a copy of the renewal request to UTair by alternative means in accordance with sections 766.5 and 766.24(d) of the Regulations. No opposition to the renewal of the TDO has been received.

II. Renewal of the TDO

A. Legal Standard

Pursuant to section 766.24, BIS may issue an order temporarily denying a respondent's export privileges upon a showing that the order is necessary in the public interest to prevent an “imminent violation” of the Regulations, or any order, license or authorization issued thereunder. 15 CFR 766.24(b)(1) and 766.24(d). “A violation may be ‘imminent’ either in time or degree of likelihood.” 15 CFR 766.24(b)(3). BIS may show “either that a violation is about to occur, or that the general circumstances of the matter under investigation or case under criminal or administrative charges demonstrate a likelihood of future violations.” *Id.* As to the likelihood of future violations, BIS may show that the violation under investigation or charge “is significant, deliberate, covert and/or likely to occur again, rather than technical or negligent[.]” *Id.* A “lack of information establishing the precise time a violation may occur does not preclude a finding that a violation is imminent, so long as there is sufficient

reason to believe the likelihood of a violation.” *Id.*

If BIS believes that renewal of a denial order is necessary in the public interest to prevent an imminent violation, it may file a written request for renewal, with any modifications if appropriate. 15 CFR 766.24(d)(1). The written request, which must be filed no later than 20 days prior to the TDO's expiration, should set forth the basis for BIS's belief that renewal is necessary, including any additional or changed circumstances. *Id.* “In cases demonstrating a pattern of repeated, ongoing and/or continuous apparent violations, BIS may request the renewal of a temporary denial order for an additional period not exceeding one year.”⁷ *Id.*

B. The TDO and BIS's Request for Renewal

The U.S. Commerce Department, through BIS, responded to the Russian Federation's (“Russia's”) further invasion of Ukraine by implementing a sweeping series of stringent export controls that severely restrict Russia's access to technologies and other items that it needs to sustain its aggressive military capabilities. These controls primarily target Russia's defense, aerospace, and maritime sectors and are intended to cut off Russia's access to vital technological inputs, atrophy key sectors of its industrial base, and undercut Russia's strategic ambitions to exert influence on the world stage. Effective February 24, 2022, BIS imposed expansive controls on aviation-related (e.g., Commerce Control List Categories 7 and 9) items to Russia, including a license requirement for the export, reexport or transfer (in-country) to Russia of any aircraft or aircraft parts specified in Export Control Classification Number (“ECCN”) 9A991 (Section 746.8(a)(1) of the EAR).⁸ BIS will review any export or reexport license applications for such items under a policy of denial. *See* section 746.8(b). Effective March 2, 2022, BIS excluded any aircraft registered in, owned, or controlled by, or under charter or lease by Russia or a national of Russia from being eligible for license exception Aircraft, Vessels, and Spacecraft (“AVS”) (Section 740.15 of the EAR).⁹ Accordingly, any U.S.-origin

⁷ 88 FR 59791 (Aug. 30, 2023).

⁸ 87 FR 12226 (Mar. 3, 2022). Additionally, BIS published a final rule effective April 8, 2022 which imposed licensing requirements on items controlled on the Commerce Control List (“CCL”) under Categories 0–2 that are destined for Russia or Belarus. Accordingly, now all CCL items require export, reexport, and transfer (in-country) licenses if destined for or within Russia or Belarus. 87 FR 22130 (Apr. 14, 2022).

⁹ 87 FR 13048 (Mar. 8, 2022).

¹ On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which includes the Export Control Reform Act of 2018, 50 U.S.C. 4801–4852 (“ECRA”). While section 1766 of ECRA repeals the provisions of the Export Administration Act, 50 U.S.C. App. 2401 *et seq.* (“EAA”), (except for three sections which are inapplicable here), section 1768 of ECRA provides, in pertinent part, that all orders, rules, regulations, and other forms of administrative action that were made or issued under the EAA, including as continued in effect pursuant to the International Emergency Economic Powers Act, 50 U.S.C. 1701 *et seq.* (“IEEPA”), and were in effect as of ECRA's date of enactment (August 13, 2018), shall continue in effect according to their terms until modified, superseded, set aside, or revoked through action undertaken pursuant to the authority provided under ECRA. Moreover, section 1761(a)(5) of ECRA authorizes the issuance of temporary denial orders. 50 U.S.C. 4820(a)(5).

² The TDO was published in the **Federal Register** on April 12, 2022 (87 FR 21616).

³ The October 3, 2022 renewal order, which was effective upon issuance, was published in the **Federal Register** on October 7, 2022 (87 FR 60987).

⁴ The March 29, 2023 renewal order, which was effective upon issuance, was published in the **Federal Register** on April 4, 2023 (88 FR 19911).

⁵ The September 23, 2023 renewal order, which was effective upon issuance, was published in the **Federal Register** on September 28, 2023 (88 FR 66802).

⁶ Section 766.24(d) provides that BIS may seek renewal of a temporary denial order for additional 180-day renewal periods, if it believes that renewal is necessary in the public interest to prevent an imminent violation. In cases demonstrating a pattern of repeated, ongoing and/or continuous apparent violations, BIS may request the renewal of a temporary denial order for an additional period not exceeding one year.
