Stainless Steel Plate in Coils From Belgium: Final Results of Antidumping Duty Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Aperam Stainless Belgium N.V. (ASB) made sales of stainless steel plate in coils from Belgium at less than normal value during the period of review (POR) May 1, 2022, through April 30, 2023.

DATES: Applicable October 31, 2024.

FOR FURTHER INFORMATION CONTACT: Samuel Brummitt, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-7851.

SUPPLEMENTARY INFORMATION:

Background

On May 21, 1999, Commerce published the antidumping duty order on stainless steel plate in coils from Belgium.¹ Commerce initiated this administrative review with respect to four companies: ASB, ArcelorMittal Genk, Helaxa BVBA, and Industeel Belgium.² However, Commerce rescinded this review for three companies that did not have reviewable entries of subject merchandise during the POR.³ As such, ASB is the only company subject to this administrative review. On June 6, 2024, Commerce published the preliminary results of this review in the **Federal Register** and

invited interested parties to comment.⁴ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁵ On October 9, 2024, Commerce extended the deadline for these final results to October 25, 2024.⁶

For a complete summary of the events that have occurred since the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, see the Issues and Decision Memorandum.⁷ Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by this Order is stainless steel plate in coils from Belgium. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.⁸

Analysis of the Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum, and are identified in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties, we made certain adjustments to the margin calculations for these final results, as detailed in the Issues and Decision Memorandum.

Final Results of the Review

Commerce determines that the following weighted-average dumping margin exists for the period May 1, 2022, through April 30, 2023:

Exporter/producer	Weighted-average dumping margin (percent)
Aperam Stainless Belgium N.V	0.78

Disclosure

Commerce intends to disclose the calculations performed to interested parties for these final results within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these final results of review. Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "reseller policy" will apply to entries of subject merchandise during the POR produced by ASB for which the reviewed company did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e.,

⁹ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

within 90 days of publication). The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future cash deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for ASB will be equal to the weighted-average dumping margin established in the final results of this administrative review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or in the less-than-fair-value investigation (LTFV) but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 9.86 percent, the rate established in the LTFV investigation of this proceeding.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or

Verification

Commerce conducted verification of Sudarshan's questionnaire responses between August 27 and 30, 2024.¹⁰ We used standard verification procedures, including an examination of relevant accounting records and original source documents provided by Sudarshan.

Analysis of Comments Received

All issues raised in Sudarshan's Case Brief are addressed in the Issues and Decision Memorandum.¹¹ A list of the issues addressed is attached in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. Changes Since the Preliminary Results

Based on record information, the results of Sudarshan's verification, and comments received from Sudarshan, we made certain changes to the *Preliminary Results* regarding Sudarshan's subsidy calculation. These changes are explained in the Issues and Decision Memorandum.

Methodology

Commerce conducted this NSR in accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214. For each subsidy program found to be countervailable, Commerce finds there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.¹² For a full description of the methodology underlying Commerce's conclusions,

⁹ See *Notice of Countervailing Duty Order: Carbazole Violet Pigment 23 from India*, 69 FR 77995 (December 29, 2004) (*Order*).

¹⁰ See Sudarshan's Verification Report.

¹¹ As referenced above, Sudarshan was the only interested party that submitted a case or rebuttal brief.

¹² See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.
