

determined to find that the conditions set forth in section 337(g)(1)(A)–(E) (19 U.S.C. 1337(g)(1)(A)–(E)) have been satisfied, and section 337(g)(1) directs the Commission, upon request, to issue a CDO against a respondent found in default, based on the allegations regarding a violation of the GEO in the complaint, which are presumed to be true, unless after consideration of the public interest factors in section 337(g)(1), it finds that such relief should not issue. The Commission has further determined that the appropriate remedy in this investigation is to issue a CDO against each Enforcement Respondent. The Commission has also determined that the public interest factors enumerated in subsection 337(g)(1) do not preclude the issuance of the CDOs. The Commission has further determined that the bond during the period of Presidential review pursuant to section 337(j) (19 U.S.C. 1337(j)) shall be in the amount of one hundred percent (100%) of the entered value of the infringing articles. The investigation is terminated.

The Commission's vote on this determination took place on November 18, 2024.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: November 18, 2024.

**Lisa Barton,**

*Secretary to the Commission.*

## OFFICE OF MANAGEMENT AND BUDGET

### Request for Feedback on Draft Materials for Broadening Public Participation and Community Engagement With the Federal Government

**AGENCY:** Office of Management and Budget, Executive Office of the President.

**ACTION:** Notice of public feedback period.

**SUMMARY:** The Office of Management and Budget (OMB) is seeking public feedback on a draft memorandum titled *Broadening Public Participation and Community Engagement with the Federal Government*. As drafted, the memorandum would provide Federal agencies with common definitions and

guiding principles for public participation and community engagement, a sample framework to help decide when and how to involve the public in decision-making processes, and steps to help advance effective and meaningful public engagement.

Additionally, OMB is preparing the first iteration of a U.S. Federal Public Participation and Community Engagement Toolkit to help Federal agencies better plan, implement, and assess the impact of participation and engagement. OMB also requests feedback on the draft outline of this toolkit.

The full text of the draft memorandum and the full draft outline of the toolkit are available for review at [www.performance.gov/participation](http://www.performance.gov/participation).

**DATES:** Feedback must be provided on or before November 29, 2024.

**ADDRESSES:** In an effort to improve accessibility, OMB is offering multiple options to provide feedback.

**Written Feedback:** Responses can be submitted through a simple, open-ended form at [www.performance.gov/participation](http://www.performance.gov/participation). Instructions for submitting feedback are available on the site.

**Listening Sessions:** Options to register for live events hosted by OMB to hear from the public are also available at [www.performance.gov/participation](http://www.performance.gov/participation). ASL interpretation, live captioning, and live audio translation in Spanish and Mandarin Chinese will be provided.

**Privacy Act Statement:** Response to this request is voluntary. OMB will use your feedback to inform sound decision making on topics related to this memorandum. All responses received may be publicly disclosed, including any personal and business confidential information provided. Please do not include in your responses any information of a confidential nature, such as sensitive personal information or proprietary information, or any information that you would not like to be made publicly available. The OMB System of Records Notice, OMB Public Input System of Records, OMB/INPUT/01, 88 FR 20,913 (Apr. 7, 2023), available at [www.federalregister.gov/d/2023-07452](http://www.federalregister.gov/d/2023-07452), includes a list of routine uses associated with the collection of this information.

Individuals and organizations who respond to this request may be contacted for clarification, related discussions, events, or surveys.

**FOR FURTHER INFORMATION CONTACT:** Please email the Office of Management and Budget at [publicparticipation@omb.eop.gov](mailto:publicparticipation@omb.eop.gov).

**SUPPLEMENTARY INFORMATION:** In developing these draft materials, OMB considered feedback received from the public and Federal agencies through OMB's Request for Information on Methods and Leading Practices for Advancing Public Participation and Community Engagement With the Federal Government, 89 FR 19,885 (Mar. 20, 2024), available at [www.federalregister.gov/d/2024-05882](http://www.federalregister.gov/d/2024-05882), and related listening sessions.

The proposed memorandum on participation and engagement would complement guidance from OMB's Office of Information and Regulatory Affairs on *Broadening Public Participation and Community Engagement in the Regulatory Process* (July 10, 2023), available at [www.whitehouse.gov/wp-content/uploads/2023/07/Broadening-Public-Participation-and-Community-Engagement-in-the-Regulatory-Process.pdf](http://www.whitehouse.gov/wp-content/uploads/2023/07/Broadening-Public-Participation-and-Community-Engagement-in-the-Regulatory-Process.pdf), which focuses on how agencies can better engage the public when developing regulations.

The toolkit would centralize materials to help agencies engage the American people, including individuals from underserved communities, in ways that better meet agency and community needs and priorities. The toolkit would also build on prior Federal efforts, such as the *U.S. Public Participation Playbook* (Feb. 3, 2015), available at [digital.gov/guides/public-participation](http://digital.gov/guides/public-participation).

**Lauren Stocker,**

*Deputy Associate Director, Performance and Personnel Management, Office of Management and Budget.*

## NATIONAL SCIENCE FOUNDATION

### Notice of Intent To Seek Approval To Renew With Changes an Information Collection

**AGENCY:** National Science Foundation.

**ACTION:** Notice and request for comments.

**SUMMARY:** The National Science Foundation (NSF) is announcing plans to request establishment and clearance of this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting that OMB approve clearance of this collection for no longer than three years.

**DATES:** Written comments on this notice must be received by January 21, 2025 to

be assured of consideration. Comments received after that date will be considered to the extent practicable.

**FOR FURTHER INFORMATION CONTACT:**

Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314; or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

**Instructions:** Please submit one copy of your comments by only one method. All submissions received must include the agency name and collection name identified above for this information collection. Commenters are strongly encouraged to transmit their comments electronically via email. Comments, including any personal information provided become a matter of public record. They will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request.

**SUPPLEMENTARY INFORMATION:**

**Comments:** Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

**Title of Collection:** National Science Foundation's Education and Training Application.

**OMB Number:** 3145–0248.

**Expiration Date of Approval:** November 30, 2024.

**Abstract:** The U.S. National Science Foundation Education & Training Application (NSF ETAP) is a customizable, common application system designed to connect individuals—such as students and educators—with NSF-funded education and training opportunities. ETAP enables the NSF to gather high-quality data for monitoring, targeted research, and evaluations of its programs. The

system enhances the agency's ability to address key priorities, such as those outlined in the CHIPS and Science Act of 2022 (Pub. L. 117–167), which calls for new investments in STEM education while building a knowledge base on effective models for recruiting and retaining students in STEM fields.

A new system of records, NSF–80, titled Education and Training Application Data System (ETAP), was published in the **Federal Register** in October 2023 and contains records from this system.

ETAP is designed to collect data on applicants and participants in NSF-funded opportunities, thereby reducing the burden on Principal Investigators (PIs) and applicants while enhancing NSF's ability to monitor its education and workforce development programs and conduct evaluations of their impact. PIs of NSF awards can use the ETAP system to recruit prospective participants for a variety of NSF-funded opportunities, including research experiences, fellowships, scholarships, internships, teaching assistantships, dissertation grants, summer boot camps, and more. The centralized platform provided by ETAP allows potential applicants to easily discover and apply for these NSF-funded programs aimed at STEM professional development and growth.

The data collected through the system typically falls into three categories: (1) opportunity information (provided by PIs creating opportunities for applicants), (2) application information (provided by applicants applying for NSF-funded opportunities), and (3) admissions decisions and participation (provided by PIs confirming participants funded through NSF award funds). In addition to the information collected via the ETAP system, other collections are necessary for continuous improvement and outcome tracking: (1) usability and satisfaction feedback (to gather input for planning and assessing system enhancements), and (2) tracking educational outcomes (to obtain educational outcomes from administrative data from the National Student Clearinghouse, posing no burden to participants or PIs).

**Estimate of Burden:** We estimate that PIs (or their designated users) will spend an average of 4.7 hours using the system to set up and manage applications for their opportunities. PIs can determine whether applications to their opportunities are competitive; we estimate that 75% of opportunities will have competitive applications. For individuals applying for non-competitive opportunities, we estimate a time commitment of 3.25 hours to

submit information through the ETAP system. For competitive opportunities (which often require additional materials, such as a statement of purpose), this estimate increases to 7 hours. Additionally, we estimate that individuals writing letters of reference will spend approximately 0.5 hours drafting these letters in support of an applicant.

**Respondents:** Individuals engaged in opportunities funded by NSF.

**Estimated Annual Number of Respondents:** 103,239.

**Estimated Annual Burden on Respondents:** 271,736 hours.

**Frequency of Responses:** Three rounds of data collection.

Dated: November 18, 2024.

**Suzanne H. Plimpton,**  
Reports Clearance Officer, National Science Foundation.

## NATIONAL TRANSPORTATION SAFETY BOARD

### Sunshine Act Meeting

**TIME AND DATE:** 9:30 a.m. EDT, December 10, 2024.

**PLACE:** NTSB Conference Center, 429 L'Enfant Plaza SW, Washington, DC 20594.

**STATUS:** The one item is open to the public.

**MATTER TO BE CONSIDERED:**

73721 Pipeline Investigation Report—UGI Utilities Inc. Natural Gas Pipeline Explosion and Fire, West Reading, Pennsylvania, March 24, 2023

**CONTACT PERSON FOR MORE INFORMATION:**

Candi Bing at (202) 590–8384 or by email at [bingc@ntsb.gov](mailto:bingc@ntsb.gov).

**Media Information Contact:** Keith Holloway by email at [keith.holloway@ntsb.gov](mailto:keith.holloway@ntsb.gov) or at (202) 314–6100.

The public may view it through a live or archived webcast by accessing a link under “Upcoming Events” on the NTSB home page at [www.nts.gov](http://www.nts.gov).

Schedule updates, including weather-related cancellations, are also available at [www.nts.gov](http://www.nts.gov).

The National Transportation Safety Board is holding this meeting under the Government in the Sunshine Act, 5 U.S.C. 552(b).

Dated: Friday, November 15, 2024.

**Candi R. Bing,**  
Federal Register Liaison Officer.
