

Changes Since the Preliminary Determination

We made certain changes to the margin calculation for QMC/Muntajat, since the *Preliminary Determination*.⁵

For a discussion of these changes, *see* the Issues and Decision Memorandum.

Final Determination

Commerce determines that the following estimated weighted-average

dumping margins exist for the period, January 1, 2023, through December 31, 2023:

Exporter/producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
Qatar Melamine Company; Qatar Chemical and Petrochemical Marketing and Distribution Company (Muntajat) Q.P.J.S.C.; Qatar Fertiliser Company (P.S.C.).	0.00	Not Applicable.

Commerce has not calculated an estimated weighted-average dumping margin for all other producers and exporters pursuant to sections 735(c)(1)(B) and (c)(5) of the Act, because it has not made a final affirmative determination of sales at LTFV.

Disclosure

Commerce intends to disclose the calculations performed in connection with this final determination to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the publication of the notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Suspension of Liquidation

In the *Preliminary Determination*, the estimated weighted-average dumping margin for QMC/Muntajat was *de minimis* and, therefore, we did not suspend liquidation of entries of melamine from Qatar. Because Commerce has made a final negative determination of sales at LTFV with regard to the subject merchandise, Commerce will not direct U.S. Customs and Border Protection to suspend liquidation or to require cash deposit of estimated antidumping duties for entries of melamine from Qatar.

U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, Commerce will notify the U.S. international Trade Commission of its final negative determination of sales at LTFV. As our final determination is negative, this proceeding is terminated in accordance with section 735(c)(2) of the Act.

Administrative Protective Order

This notice serves as a final reminder to parties subject to an administrative protective order (APO) of their

responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This determination and this notice are issued and published in accordance with sections 735(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: December 2, 2024.

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix I**Scope of the Investigation**

The merchandise subject to this investigation is melamine (Chemical Abstracts Service (CAS) registry number 108–78–01, molecular formula C₃ H₆ N₆). Melamine is also known as 2,4,6-triamino-s-triazine; 1,3,5-Triazine-2,4,6- triamine; Cyanurotriamide; Cyanurotriamine; Cyanuramide; and by various brand names. Melamine is a crystalline powder or granule. All melamine is covered by the scope of this investigation irrespective of purity, particle size, or physical form. Melamine that has been blended with other products is included within this scope when such blends include constituent parts that have been intermingled, but that have not been chemically reacted with each other to produce a different product. For such blends, only the melamine component of the mixture is covered by the scope of this investigation. Melamine that is otherwise subject to this investigation is not excluded when commingled with melamine from sources not subject to this investigation. Only the subject component of such commingled products is covered by the scope of this investigation.

The subject merchandise is provided for in subheading 2933.61.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

SUPPLEMENTARY INFORMATION:**Background**

On July 22, 2024, Commerce published in the *Federal Register* its preliminary determination in the countervailing duty (CVD) investigation of melamine from Qatar and invited interested parties to comment.¹ In the *Preliminary Determination*, and in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(4), Commerce aligned the final CVD determination with the final antidumping duty determination of melamine from Qatar.² On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.³ The deadline for the final determination is now December 2, 2024. On September 12, 2024, Commerce released its Post-Preliminary Decision.⁴

For a complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.⁵ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Scope of the Investigation

The product covered by this investigation is melamine from Qatar. For a complete description of the scope of the investigation, see Appendix I.

Scope Comments

We received no comments from interested parties on the scope of the investigation as it appeared in the *Preliminary Determination*. Therefore, we made no changes to the scope of the investigation.

Verification

As provided in section 782(i) of the Act, in September 2024, Commerce verified all information reported by Qatar Melamine Company (QMC), Qatar Chemical and Petrochemical Marketing and Distribution Company (Muntajat) Q.P.J.S.C (Muntajat), and its cross-owned affiliates, QAFCO, Industries Qatar, and QatarEnergy (collectively, QMC/Muntajat),⁶ and the Government of Qatar (GOQ). We used standard verification procedures, including an examination of relevant account records and original source documents provided by QMC/Muntajat.⁷

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs by interested parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by parties, and to which we responded in the Issues and Decision Memorandum, see Appendix II.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Act. For each of the subsidy programs found to be countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.⁸ Commerce notes that, in making these findings, it relied, in part, on facts available and, because

⁶ Commerce continues to determine that QMC is cross owned with Muntajat, Qatar Fertiliser Company (P.S.C.) (QAFCO), Industries Qatar Q.P.S.C. (Industries Qatar) and QatarEnergy. See *Preliminary Determination PDM* at 7-9; see also *Post-Preliminary Analysis Memorandum* at 3.

⁷ See Memoranda, "Verification of the Questionnaire Responses of Qatar Melamine Company and Muntajat," dated October 30, 2024; and "Verification of the Questionnaire Responses of the Government of Qatar," dated October 30, 2024.

⁸ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

it finds that QMC/Muntajat did not act to the best of its ability to respond to Commerce's requests for information, Commerce drew an adverse inference where appropriate in selecting from among the facts otherwise available.⁹ For further information, see the "Use of Facts Otherwise Available and Adverse Inferences" section in the Preliminary Decision Memorandum. For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

Final Negative Determination of Critical Circumstances

Commerce determines that critical circumstances do not exist within the meaning of 703(e)(1) of the Act. For further information, see the Issues and Decision Memorandum.

Changes Since the Preliminary Determination and Post-Preliminary Analysis

Based on our review and analysis of the information received during verification and comments received from interested parties, for this final determination, we made certain changes to the countervailable subsidy rate calculations for QMC/Muntajat, and for all other producers/exporters. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

In accordance with section 705(c)(1)(B)(i) of the Act, we calculated an individual estimated countervailable subsidy rate for the mandatory respondent, QMC/Muntajat. Section 705(c)(5)(A)(i) of the Act states that, for companies not individually investigated, Commerce will determine an all-others rate equal to the weighted-average countervailable subsidy rates established for exporters and/or producers individually investigated, excluding any zero and *de minimis* countervailable subsidy rates, and any rates determined entirely under section 776 of the Act.

In this investigation, we continue to calculate an individual total net countervailable subsidy rate for QMC/Muntajat that is not zero, *de minimis*, or based entirely on facts otherwise available. Because QMC/Muntajat's individual total net countervailable subsidy rate is the only rate calculated in this investigation, the all-others rate is the individual estimated subsidy rate calculated for the examined respondent (QMC/Muntajat), in accordance with section 705(c)(5)(A)(i) of the Act.

⁹ See sections 776(a) and (b) of the Act.

Final Determination

Commerce determines that the following estimated net countervailable

subsidy rates exist for the period January 1, 2023, through December 31, 2023:

Company	Subsidy rate (percent <i>ad valorem</i>)
Qatar Melamine Company; Qatar Chemical and Petrochemical Marketing and Distribution Company (Muntajat) Q.P.J.S.C.; Qatar Fertiliser Company (P.S.C.); Industries Qatar Q.P.S.C.; QatarEnergy	41.91
All Others	41.91

Disclosure

Commerce intends to disclose its calculations performed to interested parties in this final determination within five days of its public announcement or, if there is no public announcement, within five days of the date of the publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

As a result of our *Preliminary Determination*, and pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, Commerce instructed U.S. Customs and Border Protection (CBP) to collect cash deposits and suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after July 22, 2024, the date of publication of the *Preliminary Determination* in the **Federal Register**. In accordance with section 703(d) of the Act, we instructed CBP to discontinue the suspension of liquidation of all entries of subject merchandise entered or withdrawn from warehouse, on or after November 19, 2024, but to continue the suspension of liquidation of all entries of subject merchandise on or before November 18, 2024.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a countervailing duty order, reinstate the suspension of liquidation under section 706(a) of the Act, and require a cash deposit of estimated countervailing duties for entries of subject merchandise in the amounts indicated above. Pursuant to section 705(c)(2) of the Act, if the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or cancelled.

ITC Notification

In accordance with section 705(d) of the Act, Commerce will notify the ITC of its final affirmative determination that countervailable subsidies are being provided to producers and exporters of melamine from Qatar. As Commerce’s final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will determine, within 45 days of our final determination, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of melamine from Qatar. In addition, we are making available to the ITC all non-privileged and non-proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

If the ITC determines that material injury or threat of material injury does not exist, this proceeding will be terminated and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue a countervailing duty order directing CBP to assess, upon further instruction by Commerce, countervailing duties on all imports of the subject merchandise that are entered, or withdrawn, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Administrative Protective Order

This notice will serve as the only reminder to parties subject to the APO of their responsibility concerning the destruction of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/ destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an

APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: December 2, 2024.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Oil Country Tubular Goods From Argentina: Preliminary Results of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that Siderca S.A.I.C. (Siderca) made sales of subject merchandise at less than normal value (NV) during the period of review (POR) May 11, 2022, through October 31, 2023. We invite interested parties to comment on these preliminary results.

DATES: Applicable December 9, 2024.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0665.

SUPPLEMENTARY INFORMATION:

Background

On November 21, 2022, Commerce published in the **Federal Register** the antidumping duty order on oil country tubular goods (OCTG) from Argentina.¹ On November 2, 2023, we published in the **Federal Register** a notice of

opportunity to request an administrative review of the *Order* for the POR.² On December 29, 2023, based on timely requests for an administrative review, Commerce initiated an administrative review of the *Order*.³ On January 25, 2024, Commerce identified Siderca as the sole mandatory respondent in this administrative review.⁴ On July 9, 2024, Commerce extended the time limit for these preliminary results to November 29, 2024.⁵ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁶ The deadline for the preliminary results is now December 6, 2024.

For a complete description of the events that occurred since the initiation of this review, see the Preliminary Decision Memorandum.⁷

Scope of the Order

The products covered by the *Order* are OCTG from Argentina. For a complete description of the scope of this *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). We calculated constructed export price and NV in accordance with sections 772 and 773 of the Act, respectively. For a complete description of the methodology in these preliminary results, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is attached in the appendix to this notice. We intend to disclose the calculations and analysis performed for these preliminary results to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice.⁸

Public Comment

Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs to Commerce no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁹ Interested parties who submit case or rebuttal briefs in this administrative review must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁰

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this administrative review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹¹ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the
