

6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Requests

Registrants who choose to withdraw a request for product cancellation or use termination should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the action. If the requests for voluntary cancellation and/or amendments to terminate uses are granted, the Agency intends to publish the cancellation order in the **Federal Register**.

In any order issued in response to these requests for cancellation of product registrations and/or for amendments to terminate uses, EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in tables 1 and 2 of unit II.

For voluntary product cancellations, registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in table 1 of unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Once EPA has approved product labels reflecting the requested amendments to terminate uses, registrants will be permitted to sell or distribute products under the previously

approved labeling for a period of 18 months after the date of **Federal Register** publication of the cancellation order, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the terminated uses identified in table 2 of unit II, except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of canceled products and/or products whose labels include the terminated uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products and/or terminated uses.

Authority: 7 U.S.C. 136 *et seq.*

Dated: December 11, 2024.

Daniel Rosenblatt,

Acting Director, Registration Division, Office of Pesticide Programs.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Comment Request; NSPS for Small Industrial-Commercial-Institutional Steam Generating Units (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NSPS for Small Industrial-Commercial-Institutional Steam Generating Units (EPA ICR Number 1564.12, OMB Control Number 2060–0202) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through December 31, 2024. Public comments were previously requested via the **Federal Register** (88 FR 31748) on May 18, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

DATES: Additional comments may be submitted on or before January 17, 2025.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA–HQ–OAR–2023–0121, to EPA online using <https://www.regulations.gov/> (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

The EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Muntasir Ali, Sector Policies and Program Division (D243–05), Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, Research Triangle Park, North Carolina, 27711; telephone number: (919) 541–0833; email address: ali.muntasir@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through December 31, 2024. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on April 23, 2024, during a 60-day comment period (89 FR 30358). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The New Source Performance Standards (NSPS) for Small Industrial-Commercial-Institutional Steam Generation Units (40

CFR part 60, subpart Dc) were proposed on June 9, 1989; promulgated on September 12, 1990; and amended last on February 16, 2012. These regulations apply to existing facilities and new industrial-commercial-institutional steam generating units with a maximum design heat input capacity of 29 megawatts (MW) (100 MMBtu/hr) or less, but greater than or equal to 2.9 MW (10 MMBtu/hr), commencing construction, modification, or reconstruction after June 9, 1989. New facilities include those that commenced construction, modification or reconstruction after the date of the proposal. This information is being collected to assure compliance with 40 CFR part 60, subpart Dc.

Form Numbers: None.

Respondents/affected entities: Small industrial-commercial-institutional steam generators.

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart Dc).

Estimated number of respondents: 356 (total).

Frequency of response: Semiannually.

Total estimated burden: 241,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$51,700,000 (per year), includes \$21,300,000 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in the respondent burden, and capital and O&M costs from the most-recently approved ICR. This increase is not due to any program changes. The change in burden and costs is due to an increase in the number of respondents. This ICR assumes an industry growth rate of 11 respondents per year, or an increase of 33 respondents, since the last ICR renewal period, which results in an increase in burden and the number of responses submitted. The industry growth also results in an increase in capital O&M costs. There is also an increase in costs, due to the use of updated labor rates. This ICR uses labor rates from the most recent Bureau of Labor Statistics report (September 2022) to calculate respondent burden costs. There is an additional increase in capital and O&M costs due to an adjustment to increase from 2007 to 2022 \$ using the CEPCI Equipment Cost Index.

Courtney Kerwin,

Director, Information Engagement Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-ORD-2017-0497; FRL-12395-01-ORD]

Availability of the Draft IRIS Toxicological Review of Chloroform (Inhalation)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public comment period.

SUMMARY: The Environmental Protection Agency (EPA) is announcing a 60-day public comment period associated with release of the draft Integrated Risk Information System (IRIS) Toxicological Review of Chloroform (Inhalation). The draft document was prepared by the Center for Public Health and Environmental Assessment (CPHEA) within EPA's Office of Research and Development (ORD).

EPA is releasing this draft IRIS assessment for public comment in advance of a Science Advisory Board (SAB) managed peer review. SAB will convene a public meeting to discuss the draft assessment with the public during Step 4 of the IRIS Process. The external peer reviewers will consider public comments submitted to the EPA docket in response to this notice and any others provided during external peer review. EPA will consider all comments submitted to the docket when revising the document post-peer review. This draft assessment is not final as described in EPA's information quality guidelines, and it does not represent, and should not be construed to represent Agency policy or views.

DATES: The 60-day public comment period begins December 18, 2024 and ends February 18, 2025. Comments must be received on or before February 18, 2025.

ADDRESSES: The IRIS Toxicological Review of Chloroform (Inhalation) will be available via the internet on the IRIS website at <https://www.epa.gov/iris> and in the public docket at <http://www.regulations.gov>, Docket ID No. EPA-HQ-ORD-2017-0497.

FOR FURTHER INFORMATION CONTACT:

For information on the public comment period, contact the ORD Docket at the EPA Headquarters Docket Center; telephone: 202-566-1752; facsimile: 202-566-9744; or email: Docket_ORD@epa.gov.

For technical information on the IRIS Toxicological Review of Chloroform (Inhalation) contact Mr. Dahnish Shams; email: shams.dahnish@epa.gov. The IRIS Program will provide updates

through the IRIS website (<https://www.epa.gov/iris>) and via EPA's IRIS listserv. To register for the IRIS listserv, visit the IRIS website (<https://www.epa.gov/iris>) or <https://www.epa.gov/iris/forms/staying-connected-integrated-risk-information-system#connect>.

For information about the peer review, please visit the EPA SAB website: https://sab.epa.gov/ords/sab/r/sab_apex/sab/advisoryactivitydetail?p18_id=2651&clear=18&session=309037997993.

SUPPLEMENTARY INFORMATION:

I. *How to Submit Technical Comments to the Docket* at <https://www.regulations.gov>. Submit your comments, identified by Docket ID No. EPA-HQ-ORD-2017-0497 for the Chloroform IRIS Assessment, by one of the following methods:

- www.regulations.gov: Follow the on-line instructions for submitting comments.

- *Email:* Docket_ORD@epa.gov.

- *Fax:* 202-566-9744.

- *Mail:* U.S. Environmental Protection Agency, EPA Docket Center (ORD Docket), Mail Code: 28221T, 1200 Pennsylvania Avenue NW, Washington, DC 20460. The phone number is 202-566-1752.

For information on visiting the EPA Docket Center Public Reading Room, visit <https://www.epa.gov/dockets>. The telephone number for the Public Reading Room is 202-566-1744. The public can submit comments via www.regulations.gov or email.

Instructions: Direct your comments to docket number EPA-HQ-ORD-2017-0497 for IRIS Toxicological Review of Chloroform (Inhalation). Please ensure that your comments are submitted within the specified comment period. It is EPA's policy to include all comments it receives in the public docket within the specified comment period without change and to make the comments available online www.regulations.gov, including any personal information provided, unless a comment includes information claimed to be Confidential Business Information (CBI) or other information for which disclosure is restricted by statute. Do not submit information through

www.regulations.gov or email that you consider to be CBI or otherwise protected. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov,
