

continue to suspend liquidation of subject merchandise, as described in the Appendix I to this notice, from GSFC that are entered, or withdrawn from warehouse, for consumption, on or after June 26, 2024, which is 90 days prior to the date of publication of the affirmative *Preliminary Determination* in the **Federal Register**. In accordance with section 735(c)(1)(B) of the Act, we will instruct CBP to continue to suspend liquidation of all other entries of subject merchandise, entered, or withdrawn from warehouse, for consumption on or after September 24, 2024, which is the date of publication of the *Preliminary Determination* in the **Federal Register**.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), where appropriate, Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate as follows: (1) the cash deposit rate for the respondent listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

Commerce normally adjusts cash deposits for estimated antidumping duties by the amount of export subsidies in a companion countervailing duty (CVD) proceeding, when CVD provisional measures are in effect. However, provisional measures in the companion CVD proceeding are no longer in effect and suspension of liquidation was discontinued. Therefore, we will instruct CBP to collect cash deposits based upon the estimated weighted-average dumping margin shown in the “Final Determination” section above, unadjusted for CVD export subsidies.¹⁰

¹⁰ See section 703(d) of the Act, which states that the provisional measures may not be in effect for more than four months, which in the companion CVD case is 120 days after the publication of the preliminary determination, or November 19, 2024. See CBP Message 4324409, “Discontinuation of suspension of liquidation in the countervailing duty investigation of melamine from India (C-533-925),” dated November 19, 2024.

U.S. International Trade Commission (ITC) Notification

In accordance with section 735(d) of the Act, we will notify the ITC of the final affirmative determination of sales at LTFV. Because Commerce’s final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of melamine from India no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits will be refunded, and suspension of liquidation will be lifted. If the ITC determines that material injury, or the threat of material injury, exists, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Suspension of Liquidation” section above.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and this notice are issued and published pursuant to sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: February 6, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise subject to this investigation is melamine (Chemical Abstracts Service (CAS) registry number 108-78-01, molecular formula $C_3 H_6 N_6$). Melamine is also known as 2,4,6-triaminostriazine; 1,3,5-Triazine-2,4,6-triamine; Cyanurotriamide; Cyanurotriamine;

Cyanuramide; and by various brand names. Melamine is a crystalline powder or granule. All melamine is covered by the scope of this investigation irrespective of purity, particle size, or physical form. Melamine that has been blended with other products is included within this scope when such blends include constituent parts that have been intermingled, but that have not been chemically reacted with each other to produce a different product. For such blends, only the melamine component of the mixture is covered by the scope of this investigation. Melamine that is otherwise subject to this investigation is not excluded when commingled with melamine from sources not subject to this investigation. Only the subject component of such commingled products is covered by the scope of this investigation.

The subject merchandise is provided for in subheading 2933.61.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Agenda

The Council is holding three in-person workshops and a webinar to solicit input from the public on their vision for the Atlantic Sea Scallop Fishery to help inform the development of a 3–5 year strategic plan for managing the scallop fishery. This plan will be used by the Council to develop work schedules and allocate resources needed to make changes to the fishery management plan (FMP). Community and public input are essential to the development of goals and objectives that will be included in the Council's strategic plan for the scallop fishery.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during these meetings. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy

of the recording is available upon request.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Cate O'Keefe, Executive Director, at 978-465-0492, at least 5 days prior to the meeting date.
