OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.federalregister.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at www.govinfo.gov, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 1, 1 (March 14, 1936) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, gpocusthelp.com.

The annual subscription price for the **Federal Register** paper edition is \$860 plus postage, or \$929, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$330, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

How To Cite This Publication: Use the volume number and the page number. Example: 90 FR 12345.

Postmaster: Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Publishing Office, Washington, DC 20402, along with the entire mailing label from the last issue received.

Federal Register

Vol. 90, No. 34

Friday, February 21, 2025

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 79

[MB Docket No. 12–108; FCC 24–79; FR ID 280734]

Accessibility of User Interfaces, and Video Programming Guides and Menus

AGENCY: Federal Communications Commission.

ACTION: Final rule; announcement of compliance date.

SUMMARY: In this document, the Federal Communications Commission (Commission or FCC) announces that the Office of Management and Budget (OMB) has approved, for a period of three years, an information collection associated with implementing the requirement that manufacturers of covered apparatus and multichannel video programming distributors (MVPDs) make closed captioning display settings readily accessible to individuals who are deaf and hard of hearing, adopted by the Commission on July 18, 2024, in the Accessibility of User Interfaces, and Video Programming Guides and Menus Third Report and Order (Order). This document is consistent with the Order, which stated that the Commission would publish a document in the **Federal Register** announcing the compliance date of the “readily accessible” rule and revise the rule accordingly.

DATES:

Effective date: The amendment in this rule is effective February 21, 2025.

Compliance date: The compliance date for 47 CFR 79.103(e), published on August 15, 2024, at 89 FR 66268, and effective September 16, 2024, is August 17, 2026.

FOR FURTHER INFORMATION CONTACT:

Diana Sokolow of the Policy Division, Media Bureau, (202) 418–0588, or by email to Diana.Sokolow@fcc.gov.

SUPPLEMENTARY INFORMATION: This document announces that OMB

approved the information collection requirements in 47 CFR 79.103(e) on January 10, 2025.

The Commission publishes this document as an announcement of the compliance date of the rules. If you have any comments on the burden estimates listed below, or how the Commission can improve the collections and reduce any burdens caused thereby, please contact Cathy Williams, Federal Communications Commission, 45 L Street NE, Washington, DC 20554, regarding OMB Control Number 3060–1162. Please include the applicable OMB Control Number in your correspondence. The Commission will also accept your comments via email at PRA@fcc.gov.

To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418–0530 (voice), 1–844–4–FCC–ASL (1–844–432–2275) (videophone).

Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received final OMB approval on January 10, 2025, for the information collection requirements contained in 47 CFR 79.103(e).

Under 5 CFR part 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The foregoing notification is required by the Paperwork Reduction Act of 1995, Public Law 104–13, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060–1162.

OMB Approval Date: January 10, 2025.

OMB Expiration Date: January 31, 2028.

Title: Closed Captioning of Video Programming Delivered Using Internet Protocol, and Apparatus Closed Caption Requirements.

Form Number: N/A.

Respondents: Individuals or Household, Businesses or other for-profit, Not-for-profit institutions, State, local, or Tribal government, Federal Government.

Number of Respondents and Responses: 1,772 respondents; 124,154 responses.

Estimated Time per Response: 0.017–10 hours.

Frequency of Response: One time and on occasion reporting requirements; Recordkeeping requirement; Third party disclosure requirement.

Obligation to Respond: Mandatory; Required to obtain or retain benefits; Voluntary. The statutory authority for this collection is contained in the Twenty-First Century Communications and Video Accessibility Act of 2010, Public Law 111–260, 124 Stat. 2751, and sections 4(i), 4(j), 303, 330(b), 713, and 716 of the Communications Act of 1934, as amended (the Act), 47 U.S.C. 154(i), 154(j), 303, 330(b), 613, and 617.

Total Annual Burden: 11,465 hours.

Total Annual Cost: \$95,700.

Needs and Uses: The Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA) directed the Commission to revise its regulations to mandate closed captioning on video programming delivered via Internet Protocol (IP) that was published or exhibited on television with captions after the effective date of the regulations. Accordingly, the Commission requires video programming owners (VPOs) to send program files to video programming distributors and providers (hereinafter VPDs) with required captions, and it requires VPDs to enable the rendering or pass through of all required captions to the end user. The CVAA also directed the Commission to revise its regulations to mandate that all apparatus designed to receive, play back, or record video programming be equipped with built-in closed caption decoder circuitry or capability designed to display closed-captioned video programming, except that apparatus that use a picture screen that is 13 inches or smaller and recording devices must comply only if doing so is achievable. These rules are codified at 47 CFR 79.4 and 79.100 through 79.104.

In July 2024, the Commission adopted rules requiring manufacturers of covered apparatus and MVPDs to make closed captioning display settings

readily accessible to individuals who are deaf and hard of hearing (89 FR 66268, August 15, 2024). The Commission will determine whether settings are readily accessible to consumers by evaluating the following factors: proximity, discoverability, previewability, and consistency and persistence.

Secretary, Office of the Secretary.

Final Rules

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 79 to read as follows:

PART 79—ACCESSIBILITY OF VIDEO PROGRAMMING

- 1. The authority citation for part 79 continues to read as follows:

Authority: 47 U.S.C. 151, 152(a), 154(i), 303, 307, 309, 310, 330, 544a, 613, 617.

- 2. Amend § 79.103 by:
 - a. Revising paragraph (e)(2); and
 - b. Removing the note following paragraph (e)(2).

The revision reads as follows:

§ 79.103 Closed caption decoder and display requirements for apparatus.

* * * * *

(e) * * *

(2) Compliance with this paragraph (e) is required for devices that use next generation operating systems deployed after August 17, 2026.

Two Proposed Rules Published by the Environmental Protection Agency With Comment Periods That Close February 18, 2025, to February 20, 2025; Reopening of Comment Periods

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notices of proposed rulemaking; reopening of comment periods.

SUMMARY: This reopens the comment period for 30 days for two proposed rules published by the Environmental Protection Agency in the **Federal Register** on January 17, 2025, and January 21, 2025. This document reopens the comment period for two proposed rules with comments periods that closed February 18, 2025, and February 20, 2025. Additional details about these actions can be found in the **SUPPLEMENTARY INFORMATION** section of this document.

DATES: The comment periods for FRL-12309-01-OCSP (FR 2024-31406) (90 FR 5795, January 17, 2025) and FRL-11799-01-OW (FR 2024-29239) (90 FR 6967, January 21, 2025) are reopened. Comments must be received by EPA on or before March 24, 2025.

ADDRESSES: You may send comments, identified by appropriate Docket ID number listed in the table below by any of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov/> (our

preferred method). Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID No. for the original rulemaking as listed in the table in **SUPPLEMENTARY INFORMATION**. Comments received may be posted without change to <https://www.regulations.gov>, including personal information provided.

FOR FURTHER INFORMATION CONTACT: William Nickerson, Director, Office of Regulatory Policy and Management, Office of Policy, Mail code 1804, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; (202) 566-0326; nickerson.william@epa.gov.

SUPPLEMENTARY INFORMATION: This document reopens the comment period for two proposed rules published on January 17, 2025, and January 21, 2025. Comments for both must now be received on or before March 24, 2025.

Federal Register citation	Title	Publication date	Original comment period end date	Docket ID
90 FR 5795	Toxics Release Inventory (TRI); Clarification of Toxic Chemicals Due to Automatic Additions of Per- and Polyfluoroalkyl Substances Under the National Defense Authorization Act (FRL-12309-01-OCSP).	1/17/2025	2/18/2025	EPA-HQ-OPPT-2024-0507.
90 FR 6967	Clean Water Act Methods Update Rule 22 for the Analysis of Contaminants in Effluent (FRL-11799-01-OW).	1/21/2025	2/20/2025	EPA-HQ-OW-2024-0328.

This document reopens the public comment period for the proposed rule “Toxics Release Inventory (TRI); Clarification of Toxic Chemicals Due to Automatic Additions of Per- and Polyfluoroalkyl Substances Under the National Defense Authorization Act,” established in the **Federal Register** document of January 17, 2025 (90 FR 5795) (FRL-12309-01-OCSP), for 30 days. The National Defense Authorization Act for Fiscal Year 2020 (NDAA) adds certain per- and polyfluoroalkyl substances (PFAS) automatically to the Toxics Release Inventory (TRI) beginning January 1 of the year following specific triggering events. In the January 17th action, the EPA proposed conforming edits to the TRI regulation to explicitly include PFAS that are added to the TRI chemical list automatically pursuant to the NDAA in the regulation’s definition

of “toxic chemical.” This edit confirms that the TRI supplier notification provision requires covered suppliers to notify customers receiving a mixture or other trade name product containing a TRI-listed chemical with the first shipment of each calendar year, with such a requirement beginning on January 1 of the applicable year; thus, supplier notifications are required as of January 1 for any NDAA-added PFAS.

This document reopens the public comment period for the proposed rule “Clean Water Act Methods Update Rule 22 for the Analysis of Contaminants in Effluent” established in the **Federal Register** document of January 21, 2025 (90 FR 6967) (FRL-11799-01-OW), for 30 days. The EPA is proposing to promulgate new methods and update the tables of approved methods for the Clean Water Act. The Clean Water Act requires the EPA to promulgate test

procedures for the analysis of pollutants. Promulgating new methods and updating the tables of approved methods increases the quality and consistency of data collected for the purposes of the Clean Water Act. In this rule, the EPA proposes to add new EPA methods for per- and polyfluoroalkyl substances (PFAS) and polychlorinated biphenyl (PCB) congeners, and add methods previously published by voluntary consensus bodies that industries and municipalities would use for reporting under the EPA’s National Pollutant Discharge Elimination System permit program. The EPA also proposes to withdraw the seven Aroclor (PCB mixtures) parameters. In addition, the EPA is proposing to simplify the sampling requirements for two volatile organic compounds and make a series of minor corrections to existing tables of approved methods. This proposed rule

does not mandate when a parameter must be monitored or establish a discharge limit.

EPA is reopening these comment periods to allow interested parties additional time to thoroughly review and analyze how these proposed rules may impact parties potentially subject to them. Comments previously submitted need not be resubmitted as they are already incorporated into the public record and will be considered in the final action as appropriate. Where appropriate, the Agency may consider further extending the comment period for the above referenced actions.

To submit comments, or access the docket, please follow the detailed instructions provided under **ADDRESSES**. If you have questions, consult the technical persons listed under **FOR FURTHER INFORMATION CONTACT**.

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, do not apply to this proceeding.

Members of the public should note that all *ex parte* contacts are prohibited from the time a notice of proposed rulemaking is issued to the time the matter is no longer subject to Commission consideration or court review, *see* 47 CFR 1.1208. There are, however, exceptions to this prohibition, which can be found in § 1.1204(a) of the Commission's rules, 47 CFR 1.1204(a). *See* §§ 1.415 and 1.420 of the Commission's rules for information regarding the proper filing procedures for comments, 47 CFR 1.415 and 1.420.

Providing Accountability Through Transparency Act: The Providing Accountability Through Transparency Act, Public Law 118-9, requires each agency, in providing notice of a rulemaking, to post online a brief plain-language summary of the proposed rule. The required summary of the notice of proposed rulemaking is available at <https://www.fcc.gov/proposed-rulemakings>.

Synopsis

Section 1.420(i) of the rules provides that the Commission, during a rulemaking proceeding to amend the table, may also modify a station's license or permit to specify a new community of license without affording other interested parties an opportunity to file competing expressions of interest. The Commission has stated that it will apply the modification procedure in § 1.420(i) of the rules in the limited circumstances in which: (1) the new allotment will be mutually exclusive with a station's existing allotment; (2) the new allotment will result in a preferential arrangement of the allotments according to the Commission's television allotment priorities; and (3) the new allotment will not deprive a community of its sole local transmission outlet.

The Technical Exhibit submitted with the Petition demonstrates that the proposed allotment of channel 12 at Truth or Consequences is mutually exclusive with the current allotment at Silver City, and is otherwise in compliance with all of the Commission's technical rules. The

Petitioner emphasizes that Silver City will not lose any existing service because as a permittee, TV-49 has not commenced operations in Silver City, and thus no viewers have come to rely on any existing service, a factor the Commission has found to be mitigating in the context of whether a proposal to modify a station's community of license would deprive viewers of existing service. Moreover, the Petitioner states that Silver City will continue to be served by KKAB's sister station KKAD, which is also licensed to Silver City.

The Petitioner asserts that Truth or Consequences, the county seat of Sierra County, with a 2020 Census population of 6,053 people, is a community deserving of an allotment. Truth or Consequences does not presently have a television broadcast allotment and thus the allotment would deliver a first reception service to Truth or Consequences and provide service to over 10,000 people who currently reside within a broadcast television white area (*i.e.*, persons who do not have access to any over-the-air broadcast television signals). Truth or Consequences is governed by an elected City Commission which consists of a set of commissioners who select a Commission member to act as Mayor. In addition, Petitioner states that Truth or Consequences Municipal Schools operates three elementary, one middle, and one high school serving the entirety of Sierra County. Located approximately twenty miles southeast of Truth or Consequences, is the "world's first purpose-built commercial spaceport," Spaceport America. Petitioner also notes that Truth or Consequences offers a range of municipal services, including a police department, public utilities, a public library, an animal shelter, and a municipal airport. Petitioner states that given the foregoing, it is clear that Truth or Consequences has the population and public services indicative of a community deserving of its own television station allotment. In comparison, Silver City has a 2020 Census population of 9,704 persons. Like Truth or Consequences, Silver City is also a County seat (Grant County) and

the local government provides a range of municipal services, including a fire department, police department, schools (four elementary, one middle, and two high schools) and public works. Silver City is also home of the Western New Mexico University.

We believe that the Petitioner's proposal warrants consideration. Based on an analysis by Bureau staff it appears channel 12 can be allotted to Truth or Consequences, as proposed, in compliance with the principal community coverage requirements of § 73.618 of the rules at coordinates 33-19-38.0 N and 107-18-49.0 W. The change in community of license from Silver City to Truth or Consequences would add a first local service to Truth or Consequences, including first service to over 10,000 people that currently reside in areas without any full power over-the-air television service. This meets the first and second criteria under the Commission's allotment priorities. While it would remove a second allotted service from Silver City, Silver City would continue to be served by KKAD, which is allotted to the community. In addition, since KKAB has yet to commence operation, no viewers would lose existing service as a result of this proposal. Although the population of Truth or Consequences (6,053) is less than that of Silver City (9,704), it has numerous community elements, including public services and being the home of the County seat for Sierra County, that warrant consideration. Accordingly, we seek comment on whether Petitioner's proposal to amend the table in § 73.622(j) of the rules from channel 12 at Silver City to Truth or Consequences, as shown below, is consistent with the public interest.

Foreign-Trade Zones Board

[S-36-2025]

Foreign-Trade Zone 68; Application for Subzone; SNRA Commodities, Inc.; Fabens, Texas

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the City of El Paso, grantee of FTZ 68, requesting subzone status for the facility of SNRA Commodities, Inc., located in Fabens, Texas. The application was submitted pursuant to the provisions of

the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on February 18, 2025.

The proposed subzone (11 acres) is located at 1601 Fabens Road, Fabens. A notification of proposed production activity was processed separately under 15 CFR 400.37 (Doc. B–30–2024). The proposed subzone would be subject to the existing activation limit of FTZ 68.

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is April 2, 2025. Rebuttal comments in response to material submitted during the foregoing period may be submitted through April 17, 2025.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Camille Evans at Camille.Evans@trade.gov.

[S–34–2025]

Foreign-Trade Zone 7; Application for Expansion of Subzone 7F; Puerto Rico Energy LLC; Carolina, Puerto Rico

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Puerto Rico Industrial Development Company, grantee of FTZ 7, requesting an expansion of Subzone 7F on behalf of Puerto Rico Energy LLC, located in Carolina, Puerto Rico. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on February 14, 2025.

Subzone 7F was approved on May 15, 2001 (Board Order 1165, 66 FR 28890–28891, May 25, 2001) expanded on

February 27, 2020 (S–235–2019, 85 FR 12892, March 5, 2020) and July 6, 2020 (S–81–2020, 85 FR 41227–41228, July 9, 2020). The subzone consists of the following sites: Site 1 (173.81 acres)—State Road 28, Km 2, Bayamon; Site 2 (45.18 acres)—Road 28, Km .08, Guaynabo; and, Site 3 (2.28 acres)—Luis Munoz Marin International Airport, General Cargo Area/Airport Fuel Facility, Carolina.

The applicant is requesting authority to expand Site 3 of the subzone to include 0.85 additional acres located at Luis Munoz Marin International Airport, Fuel Facility Base Muniz, Fuel Terminal Carolina, Carolina. Expanded Site 3 will total 3.13 acres.

The existing subzone and the proposed expanded site would be subject to the existing activation limit of FTZ 7. No additional authorization for production activity has been requested at this time.

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is April 2, 2025. Rebuttal comments in response to material submitted during the foregoing period may be submitted through April 17, 2025.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with January anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable February 21, 2025.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482–4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with January anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Respondent Selection

In the event that Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based either on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR) or questionnaires in which we request the quantity and value (Q&V) of sales, shipments, or exports during the POR. Where Commerce selects respondents based on CBP data, we intend to place the CBP data on the record within five days of publication of the initiation notice. Where Commerce selects respondents based on Q&V data, except for the administrative review of the AD order on wooden bedroom furniture from the People's Republic of China (China), for which the Q&V questionnaire is in a document package online, Commerce intends to place the Q&V questionnaire on the record of the review within five days of publication of the initiation notice. In either case, we intend to make our decision regarding respondent selection within 35 days of publication of the initiation notice in the **Federal Register**. Comments regarding the CBP data (and/or Q&V data (where applicable)) and respondent selection should be submitted within seven days after the placement of the CBP data/submission of the Q&V data on the record of the review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event that Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be "collapsed" (e.g., treated as a single entity for purposes of calculating AD rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of the review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of the AD proceeding (e.g., investigation, administrative

review, new shipper review, or changed circumstances review). For any company subject to the review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection.

Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Q&V questionnaire for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of the proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

Respondent Selection—Wooden Bedroom Furniture From China

In the event that Commerce limits the number of respondents individually examined in the administrative review of the AD order on wooden bedroom furniture from China, for purposes of the January 1, 2024, through December 31, 2024, POR, Commerce intends to select respondents based on volume data contained in responses to a Q&V questionnaire. All parties under review with respect to the AD order on wooden bedroom furniture from China, are hereby notified that they must timely respond to the Q&V questionnaire and certain additional questions. Commerce's Q&V questionnaire, along with certain additional questions, will be available in a document package at <https://access.trade.gov/Resources/prc-WBF-document-Package.pdf> on the date that this notice is published in the **Federal Register**. A response to the Q&V questionnaire and the additional questions must be received by Commerce by no later than 21 days after publication of this notice in the **Federal Register**. Please be advised that due to the time constraints imposed by the statutory and regulatory deadlines for completing AD administrative reviews, Commerce does not intend to grant any extensions of time to respond to the Q&V questionnaire or the additional questions.

Notice of No Sales

With respect to AD administrative reviews, we intend to rescind the review where there are no suspended entries for a company or entity under review and/or where there are no suspended entries under the company-specific case number for that company or entity. Where there may be suspended entries, if a producer or exporter named in this notice of initiation had no exports, sales, or entries during the POR, it may notify Commerce of this fact within 30 days of publication of this initiation notice in the **Federal Register** for Commerce to consider how to treat suspended entries under that producer's or exporter's company-specific case number.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Deadline for Particular Market Situation Allegation

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of a particular market situation (PMS) for purposes of constructed value under section 773(e) of the Act.¹ Section 773(e) of the Act states that "if a particular market situation exists such that the cost of materials and fabrication or other processing of any kind does not accurately reflect the cost of production in the ordinary course of trade, the administering authority may use another calculation methodology under this subtitle or any other calculation methodology." When an interested party submits a PMS allegation pursuant to section 773(e) of the Act, Commerce will respond to such a submission consistent with 19 CFR 351.301(c)(2)(v). If Commerce finds that a PMS exists under section 773(e) of the Act, then it will modify its dumping calculations appropriately.

Neither section 773(e) of the Act nor 19 CFR 351.301(c)(2)(v) set a deadline for the submission of PMS allegations and supporting factual information. However, in order to administer section 773(e) of the Act, Commerce must receive PMS allegations and supporting

¹ See Trade Preferences Extension Act of 2015, Public Law 114-27, 129 Stat. 362 (2015).

factual information with enough time to consider the submission. Thus, should an interested party wish to submit a PMS allegation and supporting new factual information pursuant to section 773(e) of the Act, it must do so no later than 20 days after submission of initial responses to section D of the questionnaire.

Separate Rates

In proceedings involving non-market economy (NME) countries, Commerce begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single AD deposit rate. It is Commerce's policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, Commerce analyzes each entity exporting the subject merchandise. In accordance with the separate rates criteria, Commerce assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a Separate Rate Application or Certification, as described below. In addition, all firms that wish to qualify for separate rate status in the administrative reviews of AD orders in which a Q&V questionnaire is issued must complete, as appropriate, either a Separate Rate Application or Certification, and respond to the Q&V questionnaire. All firms that wish to qualify for separate rate status in the administrative review of the AD order on wooden bedroom furniture from China, must complete, as appropriate, either a Separate Rate Application or Certification, and respond to the Q&V questionnaire and the additional questions at <https://access.trade.gov/Resources/prc-WBF-document-Package.pdf>.

For these administrative reviews, in order to demonstrate separate rate eligibility, Commerce requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria

for obtaining a separate rate. The Separate Rate Certification form will be available on Commerce's website at <https://access.trade.gov/Resources/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the certification, please follow the "Instructions for Filing the Certification" in the Separate Rate Certification. Separate Rate Certifications are due to Commerce no later than 14 calendar days after publication of this **Federal Register** notice. In addition to filing a Separate Rate Certification with Commerce no later than 14 calendar days after publication of this **Federal Register** notice, for the administrative review of the AD order on wooden bedroom furniture from China, a response to the Q&V questionnaire and the additional questions in the document package described above are due to Commerce no later than 21 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding² should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,³ should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Application will be available on Commerce's website at <https://access.trade.gov/Resources/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate

² Such entities include entities that have not participated in the proceeding, entities that were preliminarily granted a separate rate in any currently incomplete segment of the proceeding (e.g., an ongoing administrative review, new shipper review, etc.) and entities that lost their separate rate in the most recently completed segment of the proceeding in which they participated.

³ Only changes to the official company name, rather than trade names, need to be addressed via a Separate Rate Application. Information regarding new trade names may be submitted via a Separate Rate Certification.

Application, refer to the instructions contained in the application. Separate Rate Applications are due to Commerce no later than 14 calendar days after publication of this **Federal Register** notice. In addition to filing a Separate Rate Application with Commerce no later than 14 calendar days after publication of this **Federal Register** notice, for the administrative review of the AD order on wooden bedroom furniture from China, a response to the Q&V questionnaire and the additional questions in the document package described above, are due to Commerce no later than 21 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase and export subject merchandise to the United States.

Exporters and producers must file a timely Separate Rate Application or Certification if they want to be considered for individual examination. Furthermore, exporters and producers who submit a Separate Rate Application or Certification and subsequently are selected as mandatory respondents will no longer be eligible for separate rate status unless they respond to all parts of the questionnaire as mandatory respondents.

Furthermore, this notice constitutes public notification to all firms for which an administrative review of the AD order on wooden bedroom furniture from China has been requested, that are seeking separate rate status in the review, that they must submit a timely filed Separate Rate Application or Certification (as appropriate) as described above, and a timely filed response to the Q&V questionnaire and the additional questions in the document package in order to receive consideration for separate-rate status. In other words, in the administrative review of the AD order on wooden bedroom furniture from China, Commerce will not give consideration to any timely filed Separate Rate Application or Certification from a party who failed to timely respond to the Q&V questionnaire and the additional questions. All information submitted by respondents in the administrative review of the AD order on wooden bedroom furniture from China is subject to verification. As noted above, the Separate Rate Application and the Separate Rate Certification will be available on Commerce's website, and the Q&V questionnaire and the additional questions will be available at <https://access.trade.gov/Resources/prc->

WBF-document-Package.pdf on the date of publication of this notice in the **Federal Register**.

Certification Eligibility

Commerce may establish a certification process for companies whose exports to the United States could contain both subject and non-subject merchandise. Companies under review that were deemed to not be eligible to participate in the certification program of that proceeding may submit a Certification Eligibility Application to establish that they maintain the necessary systems to track their sales to

the United States of subject and non-subject goods.

All firms listed below that are not currently eligible to certify but wish to establish certification eligibility are required to submit a Certification Eligibility Application. The Certification Eligibility Application will be available on Commerce’s website at <https://access.trade.gov/Resources/Certification-Eligibility-Application.pdf>. Certification Eligibility Applications must be filed according to Commerce’s regulations and are due to Commerce no later than 30 calendar days after the publication of the **Federal Register** notice.

Exporters and producers that are not currently eligible to certify, who submit a Certification Eligibility Application, and are subsequently selected as mandatory respondents must respond to all parts of the questionnaire as mandatory respondents for Commerce to consider their Certification Eligibility Application.

Initiation of Reviews

In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following AD and CVD orders and findings. We intend to issue the final results of these reviews not later than January 31, 2026.

Duty Absorption Reviews

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the

publication of an AD order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), Commerce, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise

entered, or withdrawn from warehouse, for consumption during the relevant "gap" period of the order (*i.e.*, the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce's regulations at 19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (*e.g.*, the filing of

Factual Information Requirements

Commerce's regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,⁷ available at <https://www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf>, prior to submitting factual information in this segment. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).⁸

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of the *Final Rule*.⁹ Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable certification requirements.

Time Limits for Submission of Factual Information in Response to Questionnaires

Section 351.301(c) of Commerce's regulations states that during a proceeding, Commerce may issue to any person questionnaires, which includes both and initial and supplemental questionnaires. For all administrative review segments initiated after January 15, 2025, the following time limits apply:

(i) Initial questionnaire responses are due 30 days from the date of receipt of such questionnaire. The time limit for response to individual sections of the questionnaire, if Commerce requests a separate response to such sections, may be less than the 30 days allotted for response to the full questionnaire. In general, the date of receipt will be considered to be seven days from the date on which the initial questionnaire was transmitted.

(ii) Supplemental questionnaire responses are due on the date specified by Commerce.

(iii) A notification by an interested party, under section 782(c)(1) of the Act, of difficulties in submitting information in response to a questionnaire issued by Commerce is to be submitted in writing within 14 days after the date of the questionnaire or, if the questionnaire is due in 14 days or less, within the time specified by Commerce.

(iv) A respondent interested party may request in writing that Commerce conduct a questionnaire presentation. Commerce may conduct a questionnaire presentation if Commerce notifies the government of the affected country and that government does not object.

(v) Factual information submitted to rebut, clarify, or correct questionnaire responses. Within 14 days after an initial questionnaire response and within 10 days after a supplemental questionnaire response has been filed with Commerce, an interested party other than the original submitter is permitted one opportunity to submit factual information to rebut, clarify, or correct factual information contained in the questionnaire response. Within seven days of the filing of such rebuttal, clarification, or correction to a questionnaire response, the original submitter of the questionnaire response is permitted one opportunity to submit factual information to rebut, clarify, or correct factual information submitted in the interested party's rebuttal, clarification or correction. Commerce will reject any untimely filed rebuttal, clarification, or correction submission and provide, to the extent practicable, written notice stating the reasons for

rejection. If insufficient time remains before the due date for the final determination or final results of review, Commerce may specify shorter deadlines under this section.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.¹⁰ In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP data; and (5) Q&V questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This policy also requires that an extension request must be made in a separate, standalone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the extension of time limits. Please review the *Final Rule*, available at <https://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

Notification to Interested Parties

Persulfates From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on persulfates from the People's Republic of China (China) would likely lead to the continuation or recurrence of dumping, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of this AD order.

DATES: Applicable February 13, 2025.

FOR FURTHER INFORMATION CONTACT: Angelo Gonzalez, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5521.

SUPPLEMENTARY INFORMATION:

Background

On July 7, 1997, Commerce published in the **Federal Register** the AD order on persulfates from China.¹ On July 1, 2024, the ITC instituted,² and Commerce initiated,³ the fifth sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined, pursuant to sections 751(c) and 752(c) of the Act, that revocation of the *Order* would likely lead to the continuation or recurrence of dumping, and therefore,

² See *Persulfates from China; Institution of a Five-Year Review*, 89 FR 54533 (July 1, 2024).

³ See *Initiation of Five-Year (Sunset) Reviews*, 89 FR 54435 (July 1, 2024).

notified the ITC of the magnitude of the margins of dumping likely to prevail should the *Order* be revoked.⁴

On February 13, 2025, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Order* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Order

The merchandise subject to the *Order* is persulfates, including ammonium, potassium, and sodium persulfates. The chemical formulas for these persulfates are, respectively, (NH₄)₂S₂O₈, K₂S₂O₈, and Na₂S₂O₈. Potassium persulfates are currently classifiable under subheading 2833.40.10 of the Harmonized Tariff Schedule of the United States (HTSUS). Sodium persulfates are classifiable under HTSUS subheading 2833.40.20. Ammonium and other persulfates are classifiable under HTSUS subheadings 2833.40.50 and 2833.40.60.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Order* is dispositive.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to continuation or recurrence of dumping, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Order*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Order* will be February 13, 2025.⁶ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year review of the *Order* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in

accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This five-year (sunset) review and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: February 13, 2025.

Prestressed Concrete Steel Wire Strand From Malaysia: Final Results of Antidumping Duty Administrative Review, and Partial Rescission; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that prestressed concrete steel wire strand (PC strand) from Malaysia was sold in the United States at less than normal value during the period of review (POR), June 1, 2022, through May 31, 2023.

DATES: Applicable February 21, 2025.

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2024, Commerce published the preliminary results of this administrative review and invited parties to comment on the *Preliminary*

⁴ See *Persulfates from the People's Republic of China: Final Results of the Expedited Fifth Sunset Review of the Antidumping Duty Order*, 89 FR 88724 (November 8, 2024), and accompanying Issues and Decision Memorandum.

⁵ See *Persulfates from China*, 90 FR 9553 (February 13, 2025) (*ITC Final Determination*).

*Results.*¹ This administrative review covers four producers/exporters of PC strand from Malaysia.² Commerce selected two respondents for individual examination, Kiswire Sdn. Bhd. (Kiswire) and Wei Dat Steel Wire Sdn. Bhd. (Wei Dat).³ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁴ On November 13, 2024, Commerce extended the time period for issuing the final results until December 13, 2024.⁵ On December 9, 2024, Commerce tolled the deadline for the final results by an additional 90 days, to March 13, 2024.⁶ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁷

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁸

The product covered by this *Order* is PC strand from Malaysia. For a full description of the scope of the *Order*, see the Issues and Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), when there are no reviewable entries of subject merchandise during the POR subject to the antidumping duty (AD) order for which liquidation is suspended, Commerce may rescind an administrative review, in whole or only with respect to a particular exporter or producer.⁹ At the end of the administrative review, any suspended entries are liquidated at the assessment rate computed for the review period.¹⁰ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry to be liquidated at the newly calculated

assessment rate. In the *Preliminary Results*, Commerce preliminarily rescinded this review with respect to Southern Steel Sdn. Bhd. (Southern Steel) because it had no reviewable, suspended entries of subject merchandise and invited parties to comment.¹¹ We received no comments on our preliminary rescission of the review with respect to this company. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review, in part, with respect to Southern Steel, in accordance with 19 CFR 351.213(d)(3).

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised, and to which we responded in the Issues and Decision Memorandum, is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties, we made certain adjustments to the margin calculations for these final results. However, those adjustments did not result in any changes to the estimated weighted-average dumping margins for Kiswire or Wei Dat. For a

more detailed discussion of these changes, see the Issues and Decision Memorandum.

Rate for Non-Examined Companies

The Act and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

In this review, we calculated weighted-average dumping margins of zero percent and 0.73 percent for Kiswire and Wei Dat, respectively. Therefore, in accordance with section 735(c)(5)(A) of the Act, we are preliminarily applying Wei Dat’s weighted-average dumping margin of 0.73 percent to the sole remaining non-examined company, Southern PC Steel Sdn. Bhd., because this is the only rate that is not zero, *de minimis*, or based entirely on facts available.

Final Results of Review

Commerce determines that the following weighted-average dumping margins exist for the period June 1, 2022, through May 31, 2023:

Exporter/producer	Weighted-average dumping margin (percent)
Kiswire Sdn. Bhd	0.00
Wei Dat Steel Wire Sdn. Bhd	0.73

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**.¹²

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Where the respondent's weighted-average dumping margin is either zero or *de minimis* (*i.e.*, less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Accordingly, because Kiswire's weighted-average dumping margins is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Further, because Wei Dat's weighted-average dumping margin is not zero or *de minimis*, Commerce has calculated importer-specific AD assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales.

Consistent with Commerce's assessment practice, for entries of subject merchandise during the POR produced by Kiswire or Wei Dat for which these companies did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.*, 5.13 percent)¹³ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴

For Southern Steel Sdn. Bhd., we will instruct CBP to liquidate any suspended entries of subject merchandise that entered under its CBP case number (*i.e.*, at that exporter's rate) at a rate equal to the cash deposit of estimated

antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the POR.

For the company which was not selected for individual review, Southern PC Steel Sdn. Bhd., we will assign an assessment rate based on the review-specific average rate, calculated as noted in the "Rates for Non-Examined Companies" section above.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in these final results will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 5.13 percent, the all-others rate established in the LTFV investigation.¹⁵ These cash deposit requirements, when imposed,

shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(2).

Carbon and Alloy Steel Cut-to-Length Plate From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that the POSCO single entity, the sole exporter subject to this administrative review, did not make sales of certain carbon and alloy steel cut-to-length plate (CTL plate) from the Republic of Korea (Korea) at less than normal value during the period of review (POR) May 1, 2022, through April 30, 2023.

DATES: Applicable February 21, 2025.

SUPPLEMENTARY INFORMATION:

Background

On June 6, 2024, Commerce published the preliminary results in this administrative review in the **Federal Register**.¹ On July 15 through 19, 2024, we conducted verification at POSCO's²

corporate offices in Seoul, Korea.³ Although we provided interested parties with an opportunity to comment on the *Preliminary Results*, no interested parties submitted comments. Accordingly, there are no comments for Commerce to consider or address in these final results, and thus, there is no decision memorandum accompanying this notice. On December 9, 2024, Commerce tolled the deadline to issue the final results in this administrative review by 90 days.⁴ Accordingly, the deadline for these final results is March 10, 2025.

Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The product covered by the *Order* is CTL plate from Korea. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7225.40.1110, 7225.40.1180, 7225.40.3005, 7225.40.3050, 7226.20.0000, and 7226.91.5000.

The products subject to the order may also enter under the following HTSUS subheadings: 7208.40.6060, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.19.1500, 7211.19.2000, 7211.19.4500, 7211.19.6000, 7211.19.7590, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7214.10.000, 7214.30.0010, 7214.30.0080, 7214.91.0015, 7214.91.0060, 7214.91.0090, 7225.11.0000, 7225.19.0000, 7225.40.5110, 7225.40.5130, 7225.40.5160, 7225.40.7000, 7225.99.0010, 7225.99.0090, 7206.11.1000,

Changes From the Preliminary Results

We made certain changes to the preliminary margin calculations as a result of verification findings. For a detailed description of these changes, see the POSCO Verification Report and POSCO Final Calculation Memorandum.⁷

Final Results of the Review

For these final results, we determine that the following weighted-average dumping margin exists for the period May 1, 2022, through April 30, 2023:

Producer or exporter	Weighted-average dumping margin (percent)
POSCO single entity	0.00

Disclosure

We intend to disclose to interested parties in this proceeding the calculations performed in connection with the final results of review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of the final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. If a respondent's weighted-average dumping margin is either zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁸

⁶ See *Preliminary Results* PDM at 3.

⁷ See POSCO Verification Report at 2-3; and Memorandum, "Final Results Calculation for POSCO in the Antidumping Duty Administrative Review of Certain Carbon and Alloy Steel Cut to Length Plate from the Republic of Korea," dated concurrently with this notice (POSCO Final Calculation Memorandum).

² Commerce continues to find that POSCO, POSCO International Corporation, POSCO MS, and certain distributors and service centers (*i.e.*,

Accordingly, because the final weighted-average dumping margin for the POSCO single entity in this review is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" will apply to entries of subject merchandise during the POR produced by the POSCO single entity for which the company did not know that the merchandise it sold to an intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of these final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the POSCO single entity will be equal to the weighted-average dumping margin established in these final results of this administrative review (i.e., zero percent); (2) for merchandise exported by companies not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment of the proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and

exporters will continue to be the all-others rate (i.e., 7.10 percent).¹⁰

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is being issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

SUPPLEMENTARY INFORMATION:

Background

On October 21, 2024, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of hexamethylenetetramine (hexamine) from China, Germany, India, and Saudi Arabia.¹ Currently, the preliminary determinations of these investigations are due no later than March 10, 2025.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 11, 2025, the petitioner² in these LTFV investigations submitted timely requests that Commerce postpone the preliminary determinations.³ The petitioner stated

on the administrative record in each proceeding that it requests postponement in order to allow sufficient time to fully develop all aspects of the administrative record and so that Commerce can analyze forthcoming questionnaire responses, as necessary.⁴

For the reasons stated above and because there are no compelling reasons to deny the requests, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations in these investigations to no later than 190 days after the date on which it initiated these investigations, *i.e.*, April 29, 2025. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

Monosodium Glutamate From the People's Republic of China: Preliminary Affirmative Determination of Circumvention

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

(AD) order on MSG from China. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable February 21, 2025.

SUPPLEMENTARY INFORMATION:

Background

On January 6, 2015, Commerce published in the **Federal Register** the AD order on MSG from China.¹ On May 15, 2024, in response to a request from Ajinomoto Health and Nutrition North America, Inc. (Ajinomoto NA), a domestic interested party, Commerce initiated this country-wide circumvention inquiry to determine whether imports of MSG completed in Malaysia using glutamic acid produced in China are circumventing the *Order* and, accordingly, should be covered by the scope of the *Order*, pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act).² In September 2024, Commerce selected Ajinoriki MSG (Malaysia) Sdn Bhd (Ajinoriki) as a mandatory respondent in this circumvention inquiry.³ On December 18, 2024, Commerce received a covered merchandise referral from U.S. Customs and Border Protection (CBP) regarding CBP EAPA Investigation No. 7950, which concerns the *Order*.⁴ Specifically, CBP requested that Commerce issue a determination as to whether MSG, finished in Malaysia by Ajinoriki using glutamic acid produced in China, and subsequently exported from Malaysia to the United States is subject to the *Order* (*i.e.*, the covered merchandise referral specified that the products at issue were those specified in this circumvention inquiry).⁵ Notice of this referral was published in the **Federal Register** on

January 14, 2025.⁶ In that notice, Commerce explained that, because the covered merchandise referral requests a determination on merchandise identified in a request for a circumvention inquiry previously submitted to Commerce and currently under consideration, it would address the covered merchandise referral and Ajinomoto NA's circumvention inquiry request in the ongoing circumvention inquiry.⁷ For a complete description of events that followed the initiation of this circumvention inquiry, *see* the Preliminary Decision Memorandum.⁸

Scope of the Order

The scope of this order covers MSG, whether or not blended or in solution with other products. For a complete description of the scope of the *Order*, *see* the Preliminary Decision Memorandum.

Merchandise Subject to the Circumvention Inquiry

This circumvention inquiry covers MSG finished in Malaysia using glutamic acid produced in China and subsequently exported from Malaysia to the United States (inquiry merchandise).

Methodology

Commerce is conducting this circumvention inquiry in accordance with section 781(b) of the Act, and 19 CFR 351.226(i). Because China is a non-market economy country within the meaning of section 771(18) of the Act, Commerce relied on surrogate values to value the purchases of Chinese inputs, as discussed in section 773(c) of the Act. Commerce relied on facts available under section 776(a) of the Act, including facts available with adverse inferences under section 776(b) of the Act with respect to the following companies (the non-responsive companies) that did not timely respond to Commerce's quantity and value questionnaire: Ajinoriki MSG Sdn Bhd, Aruni Enterprise M Sdn Bhd, Habita Foods Industries Sdn Bhd, Delisauce World Foods Sdn Bhd, Suntraco Food Industries Sdn Bhd, Yeo Hiap Seng (Malaysia) Berhad, Bidor Kwong Heng Sdn Bhd, and Scigate Industries 002998063-A. Based on facts available

⁸ See Memorandum, "Preliminary Decision Memorandum for the Circumvention Inquiry of the Antidumping Duty Order on Monosodium Glutamate from the People's Republic of China," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

with an adverse inference, Commerce preliminarily determines that finished MSG exported by the non-responsive companies is completed in Malaysia using glutamic acid produced in China, and thus, is circumventing the *Order*. Furthermore, as adverse facts available (AFA), Commerce has preliminarily determined to suspend liquidation and require a cash deposit of estimated duties at the applicable rate for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse for consumption prior to the date of publication of the notice of initiation of the inquiry.

For a complete description of the methodology underlying this circumvention inquiry, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

As detailed in the Preliminary Decision Memorandum, Commerce preliminarily determines that MSG assembled or completed in Malaysia using glutamic acid produced in China and subsequently exported from Malaysia to the United States is circumventing the *Order* on a country-wide basis. As a result, in accordance with section 781(b) of the Act, we preliminarily determine that the inquiry merchandise should be included within the scope of the *Order*. See the "Suspension of Liquidation and Cash Deposit Requirements" section below for details regarding suspension of liquidation and cash deposit requirements. See the "Certifications" and "Certification Requirements" sections below for details regarding the use of certifications for inquiry merchandise imported from Malaysia.

Suspension of Liquidation

Based on the preliminary affirmative country-wide determination of circumvention, in accordance with 19 CFR 351.226(l)(2)(i) and (ii), Commerce will direct CBP to continue the suspension of liquidation of previously suspended entries, and to suspend liquidation and require a cash deposit of estimated antidumping duties on unliquidated entries of inquiry

merchandise that were entered, or withdrawn from warehouse, for consumption on or after May 15, 2024, the date of publication of the initiation of this circumvention inquiry in the **Federal Register**.⁹

Moreover, pursuant to 19 CFR 351.226(l)(2)(iii)(B), because Commerce is addressing a covered merchandise referral in this circumvention inquiry, the suspension of liquidation rules under 19 CFR 351.227(l)(2)(iii) apply. Under that section, Commerce "normally will direct {CBP} to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to the date of publication of the notice of initiation of the covered merchandise inquiry."¹⁰ As such, with respect to Ajinoriki, Commerce will direct CBP to begin suspension of liquidation and require a cash deposit on unliquidated entries entered, or withdrawn from warehouse, prior to May 15, 2024. Likewise, Commerce is also directing CBP, as AFA, to begin suspension of liquidation and require a cash deposit on the unliquidated entries of the non-responsive companies entered or withdrawn from warehouse prior to May 15, 2024.¹¹

MSG produced in Malaysia that does not use Chinese-produced glutamic acid is not subject to this inquiry. Therefore, cash deposits are not required for such merchandise under the *Order*. If an importer imports MSG from Malaysia and claims that the MSG was not produced with Chinese-produced glutamic acid, to not be subject to the suspension of liquidation and cash deposit requirements under the *Order*, the importer is required to meet the certification and documentation requirements described in the "Certifications" and "Certification Requirements" sections below.

Where no certification is provided for an entry, and the *Order* potentially applies to that entry, Commerce intends to instruct CBP to suspend the liquidation of the entry under CBP case number A-557-992-000. Further, Commerce intends to instruct CBP to collect a cash deposit for estimated antidumping duties at a rate equal to the

cash deposit rate for the China-wide entity, *i.e.*, 56.54 percent.¹² These suspension of liquidation and cash deposit requirements will remain in effect until further notice.

Certified Entries

An entry for which the importer has met the certification requirements described below and in Appendix II to this notice will not be subject to either the suspension of liquidation or the cash deposit requirements described above. Failure to comply with the applicable requisite certification requirements may result in the merchandise being subject to the *Order*.

Certifications

To administer the preliminary affirmative country-wide determination of circumvention, Commerce has established importer and exporter certifications as provided in Appendix II to this notice. These certifications will permit importers and exporters to establish that specific entries of MSG from Malaysia are not subject to suspension of liquidation or the collection of cash deposits pursuant to this preliminary country-wide affirmative determination of circumvention because the merchandise was processed in Malaysia and does not incorporate Chinese-produced glutamic acid. Importers and exporters that claim that an entry of MSG is not subject to suspension of liquidation or the collection of cash deposits because the merchandise was processed in Malaysia and does not incorporate Chinese-produced glutamic acid must certify that the imported MSG satisfies the requirements of these certification requirements as described in Appendix II of this notice.

Certification Requirements

Importers are required to complete and maintain the applicable importer certification, and maintain a copy of the applicable exporter certification, and retain all supporting documentation for both certifications. The importer certification must be completed, signed, and dated by the time the entry summary is filed for the relevant entry. The importer, or the importer's agent, must submit both the importer's certification and the exporter's certification to CBP as part of the entry process by uploading them into the document imaging system (DIS) in the Automated Commercial Environment (ACE). Where the importer uses a broker

⁹ See *Initiation Notice*.

¹⁰ 19 CFR 351.227(l)(2)(iii).

¹¹ As noted above, based on AFA, Commerce preliminarily determines that finished MSG exported by the non-responsive companies are circumventing the *Order* and that it is appropriate to suspend liquidation and require cash deposits of entries made prior to the date of publication of the notice of initiation of the circumvention inquiry.

¹² See *Monosodium Glutamate from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2017-2018*, 85 FR 9736 (February 20, 2020).

to facilitate the entry process, the importer should obtain the entry summary number from the broker. Agents of the importer, such as brokers, however, are not permitted to certify on behalf of the importer.

Exporters are required to complete and maintain the applicable exporter certification and provide the importer with a copy of that certification and all supporting documentation (e.g., invoice, purchase order, production records, etc.). The exporter certification must be completed, signed, and dated by the time of shipment of the relevant entries. The exporter certification must be completed by the party selling the MSG that was processed in Malaysia and then exported to the United States.

Additionally, the claims made in the certifications and any supporting documentation are subject to verification by Commerce and/or CBP. Importers and exporters are required to maintain the certifications and supporting documentation until the later of: (1) the date that is five years after the latest entry date of the entries covered by the certification; or (2) the date that is three years after the conclusion of any litigation in United States courts regarding such entries.

For all entries of MSG from Malaysia that were entered, or withdrawn from warehouse, for consumption during the period May 15, 2024 (the date of publication of the initiation of this circumvention inquiry), through the date of publication of the preliminary determination in the **Federal Register**, where the entry has not been liquidated (and entries for which liquidation has not become final), the relevant certification should be completed and signed as soon as practicable, but not later than April 7, 2025. For such entries, importers and exporters each have the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof. The exporter must provide the importer with a copy of the exporter certification by April 7, 2025.

For unliquidated entries (and entries for which liquidation has not become final) of MSG from Malaysia that were declared as non-AD type entries (e.g., type 01) and entered, or withdrawn from warehouse, for consumption in the United States during the applicable period of suspension of liquidation described above, through the date of publication of the preliminary determination in the **Federal Register**, for which none of the above certifications may be made, importers must file a Post Summary Correction with CBP, in accordance with CBP's

regulations, regarding conversion of such entries from non-AD type entries to AD type entries (e.g., type 01 to type 03). Importers must report those AD type entries using the following third-country case number: A-557-992-000. The importer must pay cash deposits on those entries at a rate equal to the cash deposit rate for the China-wide entity under the *Order* consistent with the regulations governing post summary corrections that require payment of additional duties.

If it is determined that an importer or an exporter has not met the certification or related documentation requirements for certain entries, Commerce intends to instruct CBP to suspend, pursuant to this preliminary affirmative country-wide determination of circumvention of the *Order*, all unliquidated entries for which these requirements have not been met and to require the importer to post applicable cash deposits equal to the rate noted above.

Interested parties may comment on these certification requirements, and on the certification language contained in Appendix II to this notice in their case briefs.

Verification

As provided in 19 CFR 351.226(f)(3), Commerce intends to verify the information relied upon in making its final determination.

Public Comment and Request for Hearing

Case briefs or other written comments should be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which any verification report is issued. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline for case briefs.¹³ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in these circumvention inquiries must submit: (1) a statement of the issue; and (2) a table of authorities.

As provided in 19 CFR 351.309(c)(2) and (d)(2), in prior segments we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this circumvention inquiry, we instead request that interested parties provide at the beginning of their briefs, a public executive summary for each issue raised

in their briefs.¹⁴ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this circumvention inquiry. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**, filed electronically via ACCESS. Hearing requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of the issues to be discussed. Issues raised in the hearing will be limited to issues raised in the respective case briefs.¹⁶ If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined and will notify the parties through ACCESS.¹⁷ Parties should confirm the date, time, and location of the hearing two days before the scheduled date. All submissions, including case and rebuttal briefs, as well as hearing requests, should be filed using ACCESS. An electronically-filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline.

U.S. International Trade Commission (ITC) Notification

Consistent with section 781(e) of the Act, Commerce will notify the ITC of this preliminary determination to include the merchandise subject to this circumvention inquiry within the *Order*. Pursuant to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the inquiry merchandise. If,

Appendix II—Importer Certification

I hereby certify that:

(A) My name is {IMPORTING COMPANY OFFICIAL'S NAME} and I am an official of {NAME OF IMPORTING COMPANY}, located at {ADDRESS OF IMPORTING COMPANY}.

(B) I have direct personal knowledge of the facts regarding the importation into the Customs territory of the United States of the monosodium glutamate (MSG) assembled or completed in Malaysia that entered under the entry summary number(s), identified below, and are covered by this certification. "Direct personal knowledge" refers to facts the certifying party is expected to have in its own records. For example, the importer must have direct personal knowledge of the importation of the product, including the exporter's and/or foreign seller's identity and location.

(C) If the importer is acting on behalf of the first U.S. customer, include the following sentence as paragraph C of this certification:

The MSG covered by this certification was imported by {IMPORTING COMPANY} on behalf of {U.S. CUSTOMER}, located at {ADDRESS OF U.S. CUSTOMER}.

If the importer is not acting on behalf of the first U.S. customer, include the following sentence as paragraph C of this certification: {NAME OF IMPORTING COMPANY} is not acting on behalf of the first U.S. customer.

(D) The MSG covered by this certification was shipped to {NAME OF PARTY IN THE

UNITED STATES TO WHOM THE MERCHANDISE WAS FIRST SHIPPED}, located at {U.S. ADDRESS TO WHICH MERCHANDISE WAS SHIPPED}.

(E) I have personal knowledge of the facts regarding the production of the imported products covered by this certification. "Personal knowledge" includes facts obtained from another party, (e.g., correspondence received by the importer (or exporter) from the producer regarding the source of the inputs (i.e., glutamic acid) used to produce the imported MSG).

(F) This certification applies to the following entries (repeat this block as many times as necessary):

Entry Summary #:
 Entry Summary Line Item #:
 Foreign Seller:
 Foreign Seller's Address:
 Foreign Seller's Invoice #:
 Foreign Seller's Invoice Line Item #:
 Country of Origin of Glutamic Acid:
 Producer:
 Producer's Address:

(G) The MSG covered by this certification was not produced using glutamic acid produced in the People's Republic of China.

(H) I understand that {IMPORTING COMPANY} is required to maintain a copy of this certification and sufficient documentation supporting this certification (i.e., documents maintained in the normal course of business, or documents obtained by the certifying party, for example, certificates of origin, product data sheets, mill test reports, production records, invoices, etc.) until the later of: (1) the date that is five years after the date of the latest entry covered by the certification; or (2) the date that is three years after the conclusion of any litigation in the United States courts regarding such entries.

(I) I understand that {IMPORTING COMPANY} is required to maintain a copy of the exporter's certification (attesting to the production and/or exportation of the imported merchandise identified above), and any supporting documentation provided to the importer by the exporter, until the later of: (1) the date that is five years after the date of the latest entry covered by the certification; or (2) the date that is three years after the conclusion of any litigation in United States courts regarding such entries.

(J) I understand that {IMPORTING COMPANY} is required to provide U.S. Customs and Border Protection (CBP) and/or the U.S. Department of Commerce (Commerce) with the importer certification, and any supporting documentation, and a copy of the exporter's certification, and any supporting documentation provided to the importer by the exporter, upon request of either agency.

(K) I understand that the claims made herein, and the substantiating documentation, are subject to verification by CBP and/or Commerce.

(L) I understand that failure to maintain the required certification and supporting documentation, or failure to substantiate the claims made herein, or not allowing CBP and/or Commerce to verify the claims made herein, may result in a *de facto* determination that all entries to which this

certification applies are within the scope of the antidumping duty order on MSG from China. I understand that such finding will result in:

(i) suspension of liquidation of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met;

(ii) the importer being required to post the cash deposits determined by Commerce; and

(iii) the importer no longer being allowed to participate in the certification process.

(M) I understand that agents of the importer, such as brokers, are not permitted to make this Certification.

This certification was completed and signed on, or prior to, the date of the entry summary if the entry date is more than 14 days after the date of publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**. If the entry date is on or before the 14th day after the date of publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**, this certification was completed and signed by no later than 45 days after publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**.

(N) I am aware that U.S. law (including, but not limited to, 18 U.S.C. § 1001) imposes criminal sanctions on individuals who knowingly and willfully make material false statements to the U.S. government.

Exporter Certification

The party that made the sale to the United States must fill out the exporter certification.

I hereby certify that:

(A) My name is {COMPANY OFFICIAL'S NAME} and I am an official of {NAME OF FOREIGN COMPANY THAT MADE THE SALE TO THE UNITED STATES}; located at {ADDRESS OF FOREIGN COMPANY THAT MADE THE SALE TO THE UNITED STATES}.

(B) I have direct personal knowledge of the facts regarding the production and exportation of the monosodium glutamate (MSG) for which sales are identified below. "Direct personal knowledge" refers to facts the certifying party is expected to have in its own records. For example, an exporter must have direct personal knowledge of the producer's identity and location.

(C) The MSG covered by this certification was shipped to {NAME OF PARTY IN THE UNITED STATES TO WHOM THE MERCHANDISE WAS FIRST SHIPPED}, located at {U.S. ADDRESS TO WHICH THE MERCHANDISE WAS SHIPPED}.

(D) The MSG covered by this certification was not produced using glutamic acid produced in the People's Republic of China.

(E) This certification applies to the following sales to {NAME OF U.S. CUSTOMER}, located at {ADDRESS OF U.S. CUSTOMER} (repeat this block as many times as necessary):

Foreign Seller's Invoice # to U.S. Customer:
 Foreign Seller's Invoice to U.S. Customer
 Line item #:

Producer Name:
 Producer's Address:
 Producer's Invoice # to Foreign Seller: (If the foreign seller and the producer are the same party, put NA here.)
 Name of Producer of Glutamic Acid:
 Location (Country) of Producer of Glutamic Acid:

(F) The MSG covered by this certification was shipped to {NAME OF U.S. PARTY TO WHOM MERCHANDISE WAS SHIPPED}, located at {U.S. ADDRESS TO WHICH MERCHANDISE WAS SHIPPED}.

(G) I understand that {NAME OF FOREIGN COMPANY THAT MADE THE SALE TO THE UNITED STATES} is required to maintain a copy of this certification and sufficient documentation supporting this certification (*i.e.*, documents maintained in the normal course of business, or documents obtained by the certifying party, for example, product data sheets, mill test reports, productions records, invoices, *etc.*) until the later of: (1) the date that is five years after the latest date of the entries covered by the certification; or (2) the date that is three years after the conclusion of any litigation in the United States courts regarding such entries.

(H) I understand that {NAME OF FOREIGN COMPANY THAT MADE THE SALE TO THE UNITED STATES} is required to provide the U.S. importer with a copy of this certification and is required to provide U.S. Customs and Border Protection (CBP) and/or the U.S. Department of Commerce (Commerce) with this certification, and any supporting documents, upon request of either agency.

(I) I understand that the claims made herein, and the substantiating documentation, are subject to verification by CBP and/or Commerce.

(J) I understand that failure to maintain the required certification and supporting documentation, or failure to substantiate the claims made herein, or not allowing CBP and/or Commerce to verify the claims made herein, may result in a *de facto* determination that all sales to which this certification applies are within the scope of the antidumping duty order on MSG from China. I understand that such a finding will result in:

- (i) suspension of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met;
- (ii) the importer being required to post the cash deposits determined by Commerce; and
- (iii) the seller/exporter no longer being allowed to participate in the certification process.

(K) I understand that agents of the seller/exporter, such as freight forwarding companies or brokers, are not permitted to make this certification.

(L) This certification was completed and signed, and a copy of the certification was provided to the importer, on, or prior to, the date of shipment if the shipment date is more than 14 days after the date of publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**. If the shipment date is on or before the 14th day after the date of

publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**, this certification was completed and signed, and a copy of the certification was provided to the importer, by no later than 45 days after publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**.

(M) I am aware that U.S. law (including, but not limited to, 18 U.S.C. § 1001) imposes criminal sanctions on individuals who knowingly and willfully make material false statements to the U.S. government.

Oil Country Tubular Goods From the Republic of Korea: Final Results of Countervailing Duty Administrative Review; 2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies were not provided to SeAH Steel Corporation and its cross-owned affiliate, SeAH Steel Holdings Corporation (collectively, the SeAH Steel Companies), a producer and exporter of oil country tubular goods (OCTG) from the Republic of Korea (Korea). The period of review (POR) is September 29, 2022, through December 31, 2022.

DATES: Applicable February 21, 2025.

FOR FURTHER INFORMATION CONTACT: Rebecca Janz, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2972.

SUPPLEMENTARY INFORMATION:

Background

On December 13, 2024, Commerce published in the **Federal Register** the preliminary results of the 2022 administrative review¹ of the countervailing duty order on OCTG

¹ See *Oil Country Tubular Goods from the Republic of Korea: Preliminary Results and Rescission, In Part, of Countervailing Duty Administrative Review; 2022*, 89 FR 100969 (December 13, 2024) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

from Korea.² We invited interested parties to comment on the *Preliminary Results*.³ No interested party submitted comments. Accordingly, we have not modified our analysis from the *Preliminary Results*, and no decision memoranda accompany this notice. We are, hereby, adopting the *Preliminary Results* as the final results of this review. Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by the Order is OCTG from Korea. For a complete description of the scope of the Order, see the *Preliminary Results*.⁴

Final Results of Review

Commerce determines the following net countervailable subsidy rate exists for the POR, September 29, 2022, through December 31, 2022:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
SeAH Steel Corporation; SeAH Steel Holding Corporation ⁵	* 0.14

* *De minimis*.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of the final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we made no changes from the *Preliminary Results*, there are no new calculations to disclose.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review, pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2). Because we calculated a *de minimis* countervailable subsidy rate for the SeAH Steel Companies in the final results of this review, we intend to instruct CBP to liquidate the appropriate

³ See *Preliminary Results*, 89 FR 100970.

⁴ See *Preliminary Results* PDM at 5.

⁵ As discussed in the *Preliminary Results*, Commerce has found SeAH Steel Holding Corporation to be cross-owned with SeAH Steel Corporation. See *Preliminary Results*, 89 FR at 100970.

entries without regard to countervailing duties in accordance with 19 CFR 351.212(b)(2) and 351.106(c)(2).

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Pursuant to section 751(a)(1) of the Act, Commerce also intends to instruct CBP to collect cash deposits of estimated countervailing duties at the appropriate rates.⁶ For shipments of subject merchandise by the SeAH Steel Companies entered, or withdrawn from warehouse, for consumption on or after the date of publication of these final results, the cash deposit rate will be zero. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: February 13, 2025.

National Oceanic and Atmospheric Administration

U.S. Integrated Ocean Observing System (IOOS®) Advisory Committee Public Meeting

AGENCY: U.S. Integrated Ocean Observing System (IOOS®), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: Notice is hereby given of a hybrid meeting of the U.S. Integrated Ocean Observing System (IOOS®) Advisory Committee (Committee). The meeting is open to the public and an opportunity for oral and written comments will be provided.

DATES: The meeting will be held both virtually and in person from March 12, 2025 to March 14, 2025. Sessions will occur from 9 a.m. to 5 p.m. Central Standard Time (CST) on March 12, 2025 and March 13, 2025, and from 9 a.m. to 12 p.m. (CST) on March 14, 2025.

ADDRESSES: The meeting will be held at LUMCON Blue Works, 335 Dickson Rd., Houma, LA 70363. To register for the meeting and/or submit public comments, use this link <https://forms.gle/39ozT2nnxZncBbYv8> or email Laura.Gewain@noaa.gov. Registration is required. See **SUPPLEMENTARY INFORMATION** for instructions and other information about public participation.

FOR FURTHER INFORMATION CONTACT: Krisa Arzayus, Designated Federal Official, U.S. IOOS Advisory Committee, U.S. IOOS Program, Phone 240-533-9455; Email krisa.arzayus@noaa.gov or visit the U.S. IOOS Advisory Committee website at <http://ioos.noaa.gov/community/u-s-ioos-advisory-committee/>.

SUPPLEMENTARY INFORMATION: The Committee was established by the NOAA Administrator as directed by section 12304(d) of the Integrated Coastal and Ocean Observation System Act (the Act) as amended by section 103 of the Coordinated Ocean Observations and Research Act of 2020 (COORA) (Pub. L. 116-271, Title I). 33 U.S.C. 3603(d). The Committee advises the NOAA Administrator and the Interagency Ocean Observation Committee (IOOC) on matters related to the responsibilities and authorities set forth in the Act and other appropriate matters as the Administrator, the Ocean Policy Committee described at 33 U.S.C. 3603(c)(1), and IOOC may refer to the Committee for review and advice. The charter and summaries of prior meetings

can be found online at <https://ioos.noaa.gov/community/u-s-ioos-advisory-committee/>.

Matters To Be Considered

The meeting will focus on: (1) onboarding new members, (2) developing a new work plan, and (3) updates from NOAA and key partners. The latest version of the agenda will be posted at <http://ioos.noaa.gov/community/u-s-ioos-advisory-committee/>. The times and the agenda topics described here are subject to change.

Public Comment Instructions

The meeting will be open to public participation (check agenda on website to confirm time). The Committee expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to a total time of three (3) minutes. Written comments should be received by the Designated Federal Official by March 4, 2025, to provide sufficient time for Committee review. Written comments received after March 4, 2025, will be distributed to the Committee, but may not be reviewed prior to the meeting date. To submit written comments, please fill out the brief form at <https://forms.gle/39ozT2nnxZncBbYv8> or email your comments and the organization/company affiliation you represent to Laura Gewain, Laura.Gewain@noaa.gov. All comments received are a part of the public record. All personally identifiable information (name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the commenter will be publicly accessible. The written comment is considered the official comment and should include discussion of all points you wish to make. The Federal agencies will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). Comments that are not responsive or contain profanity, vulgarity, threats, or other inappropriate language will not be considered. This NOAA public meeting will be recorded for use in preparation of minutes. If you have a public comment, you acknowledge that you will be recorded and are aware you can opt out of the meeting. Participation in the meeting constitutes consent to the recording.

Special Accommodations

These meetings are physically accessible to people with disabilities.

Requests for sign language interpretation or other auxiliary aids should be directed to Krisa Arzayus, Designated Federal Official by phone (240-533-9455) or email (Krisa.Arzayus@noaa.gov) or to Laura Gewain (Laura.Gewain@noaa.gov) by February 26, 2025.

Krisa M. Arzayus,

Designated Federal Official, U.S. IOOS Advisory Committee, Deputy Director, U.S. Integrated Ocean Observing System Office, National Ocean Service, National Oceanic and Atmospheric Administration.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Proposed Additions and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Proposed additions to and deletions from the Procurement List.

SUMMARY: The Committee is proposing to add product(s) to the Procurement List that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes product(s) and service(s) previously furnished by such agencies.

DATES: Comments must be received on or before March 23, 2025.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 355 E Street SW, Suite 325, Washington, DC 20024.

FOR FURTHER INFORMATION CONTACT: For further information or to submit comments contact: Michael R. Jurkowski, Telephone: (703) 489-1322, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments on the proposed actions.

Additions

In accordance with 41 CFR 51-2.4(b), Government personnel within the contracting activity have identified this as a product requirement not applicable to other Federal entities and has requested the Committee consider granting a purchase or distribution preference if the product is added to the Procurement List. See 71 FR 69536 (Dec. 1, 2006). If the Committee grants this request, the product will not be

available through the U.S. AbilityOne Commission's Commercial Distribution Program. The Committee will consider this request along with relevant comments received from interested parties. If the Committee adds this product to the Procurement List, direct orders for this product may be authorized per 41 CFR 51-6.1 and Federal Acquisition Regulation 8.705-2 if sufficient quantities are available for direct purchase.

If the Committee approves the proposed additions, the entities of the Federal Government identified in this notice will be required to procure the product(s) listed below from nonprofit agencies employing persons who are blind or have other severe disabilities.

The following product(s) are proposed for addition to the Procurement List for production by the nonprofit agencies listed:

EPA may identify additional actions for reopening or extending comment periods in subsequent notices.
 This document extends the public comment period for the notice “Draft National Recommended Ambient Water Quality Criteria for the Protection of Human Health for Perfluorooctanoic Acid, Perfluorooctane Sulfonic Acid, and Perfluorobutane Sulfonic Acid,” published in the **Federal Register** document of December 26, 2024 (89 FR 105041) (FRL 12023-01-OW), for 60 days. In that document, EPA announced the availability of draft Clean Water Act (CWA) national recommended ambient water quality criteria (AWQC) for the protection of human health for three per- and polyfluoroalkyl substances (PFAS)—perfluorooctanoic acid (PFOA), perfluorooctane sulfonic acid (PFOS), and perfluorobutane sulfonic acid (PFBS)—for a 60-day public comment period. The EPA has developed these draft PFAS national recommended human health criteria (HHC) to reflect the latest scientific information, consistent with current EPA guidance,

methods, and longstanding practice. When PFAS national recommended HHC are finalized, they will provide information that States and Tribes may consider when adopting water quality standards.
 This document extends the public comment period for the notice “Draft Sewage Sludge Risk Assessment for Perfluorooctanoic Acid (PFOA) and Perfluorooctane Sulfonic Acid (PFOS),” published in the **Federal Register** document of January 15, 2025 (90 FR 3859) (FRL-12451-01-OW), for 30 days. In that document, EPA announced the availability of the “Draft Sewage Sludge Risk Assessment for Perfluorooctanoic Acid (PFOA) and Perfluorooctane Sulfonic Acid (PFOS)” for a 60-day public comment period. This draft risk assessment reflects the agency’s latest scientific understanding of the potential risks to human health and the environment posed by the presence of PFOA and PFOS in sewage sludge that is land applied as a soil conditioner or fertilizer (on agricultural, forested, and other lands), surface disposed, or

incinerated. The draft risk assessment focuses on those living on or near impacted sites or those that rely primarily on their products (e.g., food crops, animal products, drinking water); the draft risk assessment does not model risks for the general public. This draft risk assessment underwent independent external peer review, and the EPA revised the document accordingly. Once finalized, the risk assessment will provide information on risk from use or disposal of sewage sludge and will inform the EPA’s potential future regulatory actions under the Clean Water Act (CWA).
 EPA is extending these comment periods to allow interested parties additional time to thoroughly review and analyze how these notices may impact parties potentially subject to them. Comments previously submitted need not be resubmitted as they are already incorporated into the public record and will be considered in the final action as appropriate. Where appropriate, the Agency may consider

further extending the comment period for the above referenced actions.

To submit comments, or access the docket, please follow the detailed instructions provided under **ADDRESSES**. If you have questions, consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Medicare and Medicaid Programs: Approval of Application From the American Association for Accreditation of Ambulatory Surgery Facilities dba QUAD A for Continued CMS-Approval of Its Outpatient Physical Therapy (OPT) Accreditation Program

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice.

SUMMARY: This notice acknowledges the approval of an application from the American Association for Accreditation of Ambulatory Surgery Facilities dba QUAD A for continued recognition as a national accrediting organization for Outpatient Physical Therapy programs that wish to participate in the Medicare or Medicaid programs.

DATES: The decision announced in this notice is applicable April 4, 2025 to April 4, 2030.

FOR FURTHER INFORMATION CONTACT: Caecilia Andrews, (410) 786-2190.

SUPPLEMENTARY INFORMATION:

I. Background

A healthcare provider may enter into an agreement with Medicare to participate in the program as a provider of outpatient physical therapy (OPT) provided certain requirements are met. Section 1861(p)(4) of the Social Security Act (the Act), establishes distinct criteria for facilities seeking designation as an OPT. Regulations concerning Medicare provider agreements in general are at 42 CFR part 489 and those pertaining to the survey and certification for Medicare participation of providers and certain types of suppliers are at part 488. The regulations at part 485, subpart H, specify the conditions that a provider must meet to participate in the Medicare program as an OPT.

Generally, to enter into an agreement, an OPT must first be certified by a state survey agency (SA) as complying with the conditions or requirements set forth in part 485 of our Medicare regulations. Thereafter, the OPT is subject to regular surveys by an SA to determine whether it continues to meet these requirements. Section 1865(a)(1) of the Act provides that, if a provider entity demonstrates through accreditation by a Centers for Medicare & Medicaid Services (CMS)

approved national accrediting organization (AO) that all applicable Medicare conditions are met or exceeded, we may deem that provider entity as having met the requirements. Accreditation by an AO is voluntary and is not required for Medicare participation.

If an AO is recognized by the Secretary of the Department of Health and Human Services as having standards for accreditation that meet or exceed Medicare requirements, any provider entity accredited by the national accrediting body's approved program may be deemed to meet the Medicare conditions. The AO applying for approval of its accreditation program under part 488, subpart A, must provide CMS with reasonable assurance that the AO requires the accredited provider entities to meet requirements that are at least as stringent as the Medicare conditions. Our regulations concerning the approval of AOs are set forth at § 488.5.

The QUAD A's current term of approval for its OPT program expires April 4, 2025.

II. Application Approval Process

Section 1865(a)(3)(A) of the Act provides a statutory timetable to ensure that our review of applications for CMS-approval of an accreditation program is conducted in a timely manner. The Act provides us 210 days after the date of receipt of a complete application, with any documentation necessary to make the determination, to complete our survey activities and application process. Within 60 days after receiving a complete application, we must publish a notice in the **Federal Register** that identifies the national accrediting body making the request, describes the request, and provides no less than a 30-day public comment period. At the end of the 210-day period, we must publish a notice in the **Federal Register** approving or denying the application.

III. Provisions of the Proposed Notice

On October 17, 2024, we published a proposed notice in the **Federal Register** (89 FR 8368), announcing QUAD A's request for continued approval of its Medicare OPT accreditation program. In the proposed notice, we detailed our evaluation criteria. Under section 1865(a)(2) of the Act and in our regulations at § 488.5, we conducted a review of QUAD A's Medicare OPT accreditation application in accordance with the criteria specified by our regulations, which include, but are not limited to the following:

- An administrative review of QUAD A's: (1) corporate policies; (2) financial

and human resources available to accomplish the proposed surveys; (3) procedures for training, monitoring, and evaluation of its surveyors; (4) ability to investigate and respond appropriately to complaints against accredited facilities; and (5) survey review and decision-making process for accreditation.

- A comparison of QUAD A's accreditation to our current Medicare OPT conditions of participation (CoPs).

- A documentation review of QUAD A's survey process to:

- ++ Determine the composition of the survey team, surveyor qualifications, and QUAD A's ability to provide continuing surveyor training.

- ++ Compare QUAD A's processes to those of state survey agencies, including survey frequency, and the ability to investigate and respond appropriately to complaints against accredited facilities.

- ++ Evaluate QUAD A's procedures for monitoring OPTs out of compliance with QUAD A's program requirements. The monitoring procedures are used only when QUAD A identifies noncompliance. If noncompliance is identified through validation reviews, the state survey agency monitors corrections as specified at § 488.7(d).

- ++ Assess QUAD A's ability to report deficiencies to the surveyed facilities and respond to the facility's plan of correction in a timely manner.

- ++ Establish QUAD A's ability to provide CMS with electronic data and reports necessary for effective validation and assessment of the organization's survey process.

- ++ Determine the adequacy of staff and other resources.

- ++ Confirm QUAD A's ability to provide adequate funding for performing required surveys.

- ++ QUAD A's policies and procedures to avoid conflicts of interest, including the appearance of conflicts of interest, involving individuals who conduct surveys or participate in accreditation decisions.

- ++ Confirm QUAD A's policies with respect to whether surveys are unannounced.

IV. Analysis of and Responses to Public Comments on the Proposed Notice

In accordance with section 1865(a)(3)(A) of the Act, the October 17, 2024 proposed notice also solicited public comments regarding whether QUAD A's requirements met or exceeded the Medicare CoPs for OPTs. We did not receive any comments.

V. Provisions of the Final Notice

A. Differences Between OPT's Standards and Requirements for Accreditation and Medicare Conditions and Survey Requirements

We compared QUAD A's requirements and survey process with the Medicare CoPs and survey process as outlined in the State Operations Manual (SOM). Our review and evaluation of QUAD A's OPT application were conducted as described in section III. of this notice and has yielded the following areas where, as of the date of this notice, QUAD A's has completed revising its standards and certification processes in order to:

- Meet the standard's requirements of all of the following regulations:

- ++ Section 488.5(a)(4)(ii), to incorporate additional clarifications on the types of surveys related to OPT organizations and incorporate comparable guidance for surveyors, consistent with CMS policy memorandums Admin Info–24–22 (which streamlined certification processes for OPTs and other programs) as well as QSO–24–18 OPT (which outlined OPT expectations for surveying extension locations).

- ++ Section 485.721(b) and State Operations Manual (SOM) Appendix E, to provide additional clarification in its survey process to ensure that clinical record reviews include primary and extension locations and treatment provided by contracted employees, if applicable and include all content as required by the regulation.

- ++ Section 485.709, to review survey findings and provide additional policies or training to identify situations where governing body citations at a condition level would be appropriate.

- ++ Sections 488.5(a)(4)(ii) and 488.28(d), to revise the communication information provided to the provider to delineate more clearly the process as it relates to potential termination as OPTs is generally expected to be in compliance within 60 days of the deficiencies, as comparable to the process of the State Survey Agencies. Specifically, we requested QUAD A to clarify the impact for Medicare participation versus QUAD A's accreditation program.

In addition to the standards review, we also reviewed QUAD A's comparable survey processes, which were conducted as described in section III. of this notice, and yielded the following areas where, as of the date of this notice, QUAD A has completed revising its survey processes, in order to demonstrate that it uses survey

processes that are comparable to state survey agency processes by:

- Providing additional surveyor education to ensure, when opportunities present during the course of the survey, that surveyors conduct patient interviews, consistent with SOM Appendix E.

- Revising survey processes to provide emphasis on staff interviews and gearing those interviews to allow staff to demonstrate knowledge of the applicable policies and procedures.

- Revising the survey process and providing education to surveyors to ensure equipment used by the OPT not only encompasses elements of § 485.723(b), but also includes an assessment of whether the facility is complying with the manufacturer instructions for use and guidance.

B. Term of Approval

Based on our review and observations described in section III. and section V. of this notice, we approve QUAD A as a national AO for OPTs that request participation in the Medicare program. The decision announced in this final notice is effective April 4, 2025 through April 4, 2030 (5 years). In accordance with § 488.5(e)(2)(i), the term of the approval will not exceed 6 years.

VI. Collection of Information Requirements

This document does not impose information collection requirements, that is, reporting, recordkeeping, or third-party disclosure requirements. Consequently, there is no need for review by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Acting Administrator of the Centers for Medicare & Medicaid Services (CMS), Stephanie Carlton, having reviewed and approved this document, authorizes Vanessa Garcia, who is the Federal Register Liaison, to electronically sign this document for purposes of publication in the **Federal Register**.

Medicare and Medicaid Programs; Application From the Accreditation Commission for Health Care Inc. for Continued Approval of Its Home Health Agency Accreditation Program

AGENCY: Centers for Medicare & Medicaid Services (CMS), Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: This notice announces our decision to approve the Accreditation Commission for Health Care Inc. (ACHC) for continued recognition as a national accrediting organization for home health agencies (HHAs) that wish to participate in the Medicare or Medicaid programs.

DATES: The decision announced in this notice is applicable February 24, 2025, to February 24, 2031.

FOR FURTHER INFORMATION CONTACT:

Erin Imhoff, (410) 786-2337.

Lillian Williams, (410) 786-8636.

SUPPLEMENTARY INFORMATION:

I. Background

Under the Medicare program, eligible beneficiaries may receive covered services from a home health agency (HHA), provided certain requirements are met. Sections 1861(m) and (o), 1891 and 1895 of the Social Security Act (the Act) establish distinct criteria for an entity seeking designation as an HHA. Regulations concerning provider agreements are at 42 CFR part 489 and those pertaining to activities relating to the survey and certification of facilities and other entities are at 42 CFR part 488. The regulations at 42 CFR parts 409 and 484 specify the conditions that an HHA must meet to participate in the Medicare program, the scope of covered services and the conditions for Medicare payment for home health care.

Generally, to enter into a provider agreement with the Medicare program, an HHA must first be certified by a state survey agency as complying with the conditions or requirements set forth in 42 CFR part 484 of our regulations. Thereafter, the HHA is subject to regular surveys by a state survey agency to determine whether it continues to meet these requirements.

However, there is an alternative to surveys by state agencies. Section 1865(a)(1) of the Act provides that, if a provider entity demonstrates through

accreditation by a Centers for Medicare & Medicaid Services (CMS) approved national accrediting organization (AO) that all applicable Medicare requirements are met or exceeded, we will deem those provider entities as having met such requirements. Accreditation by an AO is voluntary and is not required for Medicare participation.

If an AO is recognized by the Secretary of the Department of Health and Human Services (the Secretary) as having standards for accreditation that meet or exceed Medicare requirements, any provider entity accredited by the national accrediting body's approved program would be deemed to meet the Medicare requirements. A national AO applying for approval of its accreditation program under 42 CFR part 488, subpart A, must provide CMS with reasonable assurance that the AO requires the accredited provider entities to meet requirements that are at least as stringent as the Medicare requirements.

Our regulations concerning the approval of AOs are at §§ 488.4 and 488.5. The regulations at § 488.5(e)(2)(i) require an AO to reapply for continued approval of its accreditation program every 6 years or sooner, as determined by CMS. This notice is to announce our continued approval of ACHC's HHA accreditation program for a period of 6 years.

II. Application Approval Process

Section 1865(a)(3)(A) of the Act provides a statutory timetable to ensure that our review of applications for CMS approval of an accreditation program is conducted in a timely manner. The Act provides us 210 days after the date of receipt of a complete application, with any documentation necessary to make the determination, to complete our survey activities and application process. Within 60 days after receiving a complete application, we must publish a notice in the **Federal Register** that identifies the national accrediting body making the request, describes the request, and provides no less than a 30-day public comment period. At the end of the 210-day period, we must publish a notice in the **Federal Register** approving or denying the application.

III. Provisions of the Proposed Notice

On September 17, 2024, we published a proposed notice in the **Federal Register** (89 FR 180), announcing ACHC's request for continued approval of its Medicare HHA accreditation program. In the proposed notice, we detailed our evaluation criteria. Under section 1865(a)(2) of the Act and in our regulations at § 488.5, we conducted a

review of ACHC's Medicare HHA accreditation application in accordance with the criteria specified by our regulations, which include, but are not limited to the following:

- An administrative review of ACHC's: (1) Corporate policies; (2) financial and human resources available to accomplish the proposed surveys; (3) procedures for training, monitoring, and evaluation of its surveyors; (4) ability to investigate and respond appropriately to complaints against accredited facilities; and (5) survey review and decision-making process for accreditation.

- A comparison of ACHC's accreditation to our current Medicare HHA conditions of participation (CoPs).

- A documentation review of ACHC's survey process to do the following:

- ++ Determine the composition of the survey team, surveyor qualifications, and ACHC's ability to provide continuing surveyor training.

- ++ Compare ACHC's processes to those of state survey agencies, including survey frequency, and the ability to investigate and respond appropriately to complaints against accredited facilities.

- ++ Evaluate ACHC's procedures for monitoring HHAs out of compliance with ACHC's program requirements. The monitoring procedures are used only when ACHC identifies noncompliance. If noncompliance is identified through validation reviews, the state survey agency monitors corrections as specified at § 488.7(d).

- ++ Assess ACHC's ability to report deficiencies to the surveyed facilities and respond to the facility's plan of correction in a timely manner.

- ++ Establish ACHC's ability to provide CMS with electronic data and reports necessary for effective validation and assessment of the organization's survey process.

- ++ Determine the adequacy of staff and other resources.

- ++ Confirm ACHC's ability to provide adequate funding for performing required surveys.

- ++ Confirm ACHC's policies with respect to whether surveys are unannounced.

- ++ Confirm ACHC's policies and procedures to avoid conflicts of interest, including the appearance of conflicts of interest, involving individuals who conduct surveys or participate in accreditation decisions.

- ++ Obtain ACHC's agreement to provide CMS with a copy of the most current accreditation survey together with any other information related to the survey as we may require, including corrective action plans.

IV. Analysis of and Responses to Public Comments on the Proposed Notice

In accordance with section 1865(a)(3)(A) of the Act, the September 17, 2024, proposed notice also solicited public comments regarding whether ACHC's requirements met or exceeded the Medicare CoPs for HHAs. We received no comments in response to our proposed notice.

V. Provisions of the Final Notice

A. Differences Between ACHC's Standards and Requirements for Accreditation and Medicare Conditions and Survey Requirements

We compared ACHC's HHA requirements and survey process with the Medicare CoPs and survey process as outlined in the State Operations Manual (SOM). Our review and evaluation of ACHC's HHA application were conducted as described in section III. of this notice and have yielded the one area where, as of the date of this notice, ACHC has completed revising its standards and certification processes in order to meet the requirements at § 484.115, to ensure ACHC's standards have a comparable requirement for adherence to HHA personnel qualifications.

In addition to the standards review, CMS also reviewed ACHC's comparable survey processes, which were conducted as described in section III. of this notice, and yielded the one area where, as of the date of this notice, ACHC has completed revising its survey processes, in order to demonstrate that it uses survey processes that are comparable to state survey agency processes by revising ACHC's surveyor guidance to be comparable with the CMS State Operations Manual, Appendix Q related to the use Immediate Jeopardy templates.

B. Term of Approval

Based on our review and observations described in section III and section V of this notice, we approve ACHC as a national AO for HHAs that request participation in the Medicare program. The decision announced in this final notice is effective February 24, 2025, through February 24, 2031 (6 years). In accordance with § 488.5(e)(2)(i), the term of the approval will not exceed 6 years.

VI. Collection of Information Requirements

This document does not impose information collection requirements, that is, reporting, recordkeeping, or third-party disclosure requirements. Consequently, there is no need for

review by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Acting Administrator of the Centers for Medicare & Medicaid Services (CMS), Stephanie Carlton, having reviewed and approved this document, authorizes Chyana Woodyard, who is the Federal Register Liaison, to electronically sign this document for purposes of publication in the **Federal Register**.

[Docket No. DHS–2025–0006]

Notice of the Establishment of the Federal Emergency Management Agency Review Council

AGENCY: Department of Homeland Security (DHS).

ACTION: Notice of establishment of the Federal Emergency Management Agency Review Council.

SUMMARY: The goal of the FEMA Review Council is to advise the President, through the Assistant to the President for National Security Affairs, the Assistant to the President for Homeland Security, and the Director of the Office of Management and Budget, on the existing ability of FEMA to capably and impartially address disasters occurring within the United States and shall advise the President on all recommended changes related to FEMA to best serve the national interest. This notice is not a solicitation for membership.

FOR FURTHER INFORMATION CONTACT: Patrick Powers, telephone (202) 891–2283, email FEMAreviewcouncil@hq.dhs.gov.

SUPPLEMENTARY INFORMATION: On January 24, 2025, the President established the Federal Emergency Management Agency Review Council (FEMA Review Council) through Executive Order 14180, *Council to Assess the Federal Emergency Management Agency*. The Federal responses to Hurricane Helene and other recent disasters demonstrate the need to drastically improve the Federal Emergency Management Agency's ("FEMA's") efficacy, priorities, and competence, including evaluating

whether FEMA's bureaucracy in disaster response ultimately harms the agency's ability to successfully respond. Despite obligating nearly \$30 billion in disaster aid each of the past three years, FEMA has managed to leave vulnerable Americans without the resources or support they need when they need it most.

There are serious concerns of political bias in FEMA. Indeed, at least one former FEMA responder has stated that FEMA managers directed her to avoid homes of individuals supporting the campaign of Donald J. Trump for President. And it has lost mission focus, diverting limited staff and resources to support missions beyond its scope and authority, spending well over a billion dollars to welcome illegal aliens.

Americans deserve an immediate, effective, and impartial response to and recovery from disasters. FEMA therefore requires a full-scale review, by individuals highly experienced at effective disaster response and recovery, who shall recommend to the President improvements or structural changes to promote the national interest and enable national resilience.

The Council shall be composed of not more than 20 members appointed by the President and serving at the pleasure of the President. The Secretary of Homeland Security and the Secretary of Defense shall be members of the Council. The remaining members shall include relevant agency heads and distinguished individuals and representatives from sectors outside of the Federal Government and have diverse perspectives and expertise in disaster relief and assistance, emergency preparedness, natural disasters, Federal-State relationships, and budget management.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1439]

Certain Polyvinylidene Fluoride Resins; Notice of Institution of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on

January 13, 2025, under section 337 of the Tariff Act of 1930, as amended, on behalf of Synesqo SA of Belgium; Solvay Specialty Polymers, USA LLC of Alpharetta, Georgia; and Solvay Specialty Polymers Italy S.P.A. of Italy. A supplement to the complaint was filed on February 3, 2025. The complaint, as supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain polyvinylidene fluoride resins by reason of infringement of certain claims of U.S. Patent No. 8,337,725 (“the ‘725 patent”). The complaint further alleges that an industry in the United States exists or is in the process of being established as required by the applicable Federal Statute. The complainants request that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and a cease and desist order.

ADDRESSES: The complaint, except for any confidential information contained therein, may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205–2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>.

FOR FURTHER INFORMATION CONTACT: Susan Orndoff, The Office of Docket Services, U.S. International Trade Commission, telephone (202) 205–1802.

SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in section 210.10 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10 (2024).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on February 14, 2025, ordered that—

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation,

or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of one or more of claims 1–7, 10, and 12 of the ‘725 patent, and whether an industry in the United States exists or is in the process of being established as required by subsection (a)(2) of section 337;

(2) Pursuant to section 210.10(b)(1) of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10(b)(1), the plain language description of the accused products or category of accused products, which defines the scope of the investigation, is “polyvinylidene fluoride polymers comprising acrylates in solid form”;

(3) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainants are:
Synesqo SA, Rue de la Fusée, 98, 1130 Brussels, Belgium, Solvay Specialty Polymers, USA LLC, 4500 McGinnis Ferry Rd., Alpharetta, GA 30005–3914, Solvay Specialty Polymers Italy S.P.A., 20 Viale Lombardia, Bollate, Italy 20021.

(b) The respondents are the following entities alleged to be in violation of section 337, and are the party upon which the complaint is to be served:
Inner Mongolia 3F Wanhao, Fluorochemical Industry Co. Ltd., Industrial Production Pack, Fengzhen, Inner Mongolia Province, China, 012100.

Zhejiang Juhua Co., Ltd., Kecheng District, Quzhou City, Zhejiang Province Quzhou; Zhejiang, 324004, China, Zhejiang Fluorine Chemical New Material Co. Ltd., No. 5, Weiyi Road, Shangyu Hangzhou Gulf Chemical Industry Zone, Shaoxing, Zhejiang, 312369, China.

Hubei Fluorine New Materials Co., Ltd., No. 8, Group 11, Dongtan Village, Qianjiang Economic Development Zone, Hubei Province, 433100, China.

Sinochem Lantian Co., Ltd., Sinochem Building, No. 96, Jiangnan Avenue, Binjiang District, Hangzhou, Zhejiang Province, 310051, China.

(4) For the investigation so instituted, the Chief Administrative Law Judge, U.S. International Trade Commission, shall designate the presiding Administrative Law Judge.

The Office of Unfair Import Investigations will not participate as a party in this investigation.

Responses to the complaint and the notice of investigation must be submitted by the named respondents in accordance with section 210.13 of the Commission’s Rules of Practice and

Procedure, 19 CFR 210.13. Pursuant to 19 CFR 201.16(e) and 210.13(a), as amended in 85 FR 15798 (March 19, 2020), such responses will be considered by the Commission if received not later than 20 days after the date of service by the complainant of the complaint and the notice of investigation. Extensions of time for submitting responses to the complaint and the notice of investigation will not be granted unless good cause therefor is shown.

Failure of a respondent to file a timely response to each allegation in the complaint and in this notice may be deemed to constitute a waiver of the right to appear and contest the allegations of the complaint and this notice, and to authorize the administrative law judge and the Commission, without further notice to the respondent, to find the facts to be as alleged in the complaint and this notice and to enter an initial determination and a final determination containing such findings, and may result in the issuance of an exclusion order or a cease and desist order or both directed against the respondent.

SUPPLEMENTARY INFORMATION: Effective September 24, 2024, the Commission established a general schedule for the conduct of the final phase of its countervailing duty investigations on melamine from Germany, India, Qatar, and Trinidad and Tobago and its antidumping duty investigations on melamine from Germany, India, Japan, Netherlands, Qatar, and Trinidad and Tobago (89 FR 79637, September 30, 2024), following preliminary determinations by the U.S. Department of Commerce ("Commerce") that imports of melamine are being subsidized by the governments of Germany, India, Qatar, and Trinidad and Tobago (89 FR 59045, 59053, 59055, and 59057, July 22, 2024) and imports of melamine from Germany, India, Japan, Netherlands, Qatar, and Trinidad and Tobago are being sold at less than fair value (89 FR 77814, 77819, 77822, 77824, 77829, and 77832, September 24, 2024). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on September 30, 2024 (89 FR 79637). The Commission conducted its in-person hearing on December 3, 2024. All persons who requested the opportunity were permitted to participate.

On December 9, 2024, Commerce issued final affirmative countervailing duty determinations with respect to melamine from Germany, Qatar, and Trinidad and Tobago (89 FR 97586, 97593, and 97599) and final affirmative antidumping duty determinations with respect to melamine from Germany, Japan, Netherlands, and Trinidad and Tobago (89 FR 97584, 97590, 97598, and 97601).¹ The Commission subsequently issued its final determinations that an industry in the United States was materially injured by reason of imports of melamine from Germany and Qatar provided for in subheading 2933.61.00 of the Harmonized Tariff Schedule of the United States ("HTSUS") that have

¹ Commerce also made a final negative determination with respect to melamine from Qatar. Commerce also found that imports of melamine from Qatar were not being sold at LTFV (89 FR 97592, December 9, 2024). On December 20, 2024, the Commission published notice of its termination of the antidumping duty investigation on imports of melamine from Qatar (89 FR 104206).

been found by Commerce to be subsidized by the governments of Germany and Qatar and by reason of imports of melamine from Germany, Japan, and Netherlands that have been found by Commerce to be sold at LTFV. The Commission also issued its final determinations that an industry in the United States is threatened with material injury by reason of imports of melamine from Trinidad and Tobago that have been found by Commerce to be subsidized by the government of Trinidad and Tobago and sold in the United States at LTFV (90 FR 8405, January 29, 2025).

On February 12, 2025, Commerce's final affirmative countervailing duty and antidumping duty determinations with respect to imports of melamine from India (90 FR 9413 and 9415) were published in the **Federal Register**. Accordingly, the Commission currently is issuing a supplemental schedule for its countervailing duty and antidumping duty investigations on imports of melamine from India.

This supplemental schedule is as follows: the deadline for filing supplemental party comments on Commerce's final countervailing duty and antidumping duty determinations is 5:15 p.m. on February 24, 2025. Supplemental party comments may address only Commerce's final countervailing duty and antidumping duty determinations regarding imports of melamine from India. These supplemental final comments may not contain new factual information and may not exceed five (5) pages in length. The supplemental staff report in the final phase of the current investigations will be placed in the nonpublic record on March 12, 2025, and a public version will be issued thereafter.

For further information concerning this proceeding see the Commission's notice cited above and the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service

must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Authority: This proceeding is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

By order of the Commission.

Issued: February 14, 2025.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-753 and 731-TA-1731 (Preliminary)]

Slag Pots From China

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of slag pots from China, provided for in subheading 7309.00.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value ("LTFV"), and imports of the subject merchandise from China that are alleged to be subsidized by the government of China.²

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission's rules, upon notice from the U.S. Department of Commerce

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² 90 FR 8267 and 90 FR 8276 (January 28, 2025).

(“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Any other party may file an entry of appearance for the final phase of the investigations after publication of the final phase notice of scheduling. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations. As provided in section 207.20 of the Commission’s rules, the Director of the Office of Investigations will circulate draft questionnaires for the final phase of the investigations to parties to the investigations, placing copies on the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>), for comment.

Background

On December 31, 2024, WHEMCO-Steel Castings, Inc., Pittsburgh, Pennsylvania, filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of slag pots from China and LTFV imports of slag pots from China. Accordingly, effective December 31, 2024, the Commission instituted countervailing duty investigation No. 701–TA–753 and antidumping duty investigation No. 731–TA–1731 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of January 7, 2025 (90 FR 1195). The Commission conducted its conference on January 21, 2025. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C.

1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on February 14, 2025. The views of the Commission are contained in USITC Publication 5592 (February 2025), entitled *Slag Pots from China: Investigation Nos. 701–TA–753 and 731–TA–1731 (Preliminary)*.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Jason Weakley R.N., A.P.R.N.; Decision and Order

On May 7, 2024, the Drug Enforcement Administration (DEA or Government) issued two Orders to Show Cause (OSCs) to Jason Weakley R.N., A.P.R.N. (Registrant). Request for Final Agency Action dated June 18, 2024 (RFAA1), at 1; Request for Final Agency Action dated June 25, 2024 (RFAA2), at 1; RFAA1, Exhibit (RFAAX1) 1.C, at 1; RFAA2, Exhibit (RFAAX2) 1.B, at 1. One OSC proposed the revocation of Registrant’s Certificate of Registration No. MW7073757, alleging that Registrant’s registration should be revoked because Registrant is without authority to handle controlled substances in Vermont, the state in which Registrant is registered with DEA under Certificate of Registration No. MW7073757. RFAAX1 1.C, at 2 (citing 21 U.S.C. 824(a)(3)). The other OSC proposed the revocation of Registrant’s Certificate of Registration No. MW7551460, alleging that Registrant’s registration should be revoked because he is without authority to handle controlled substances in New Hampshire, the state in which he is registered with DEA under Certificate of Registration No. MW7551460. RFAAX2 1.B, at 2 (citing 21 U.S.C. 824(a)(3)).

The OSCs notified Registrant of his right to file with DEA a written request for hearing, and that if he failed to file such a request, he would be deemed to have waived his right to a hearing and be in default. RFAAX1 1.C, at 2 (citing 21 CFR 1301.43); RFAAX2 1.B, at 2 (same). Here, Registrant did not request a hearing regarding either Certificate of Registration. RFAA1, at 2; RFAA2, at 2.¹

¹ Based on the Government’s submissions in its RFAA1 and RFAA2, the Agency finds that service of the OSCs on Registrant was adequate.

“A default, unless excused, shall be deemed to constitute a waiver of the registrant’s/applicant’s right to a hearing and an admission of the factual allegations of the [OSC].” 21 CFR 1301.43(e).

Further, “[i]n the event that a registrant . . . is deemed to be in default . . . DEA may then file a request for final agency action with the Administrator, along with a record to support its request. In such circumstances, the Administrator may enter a default final order pursuant to [21 CFR] § 1316.67.” *Id.* § 1301.43(f)(1). Here, regarding both of Registrant’s DEA registrations, the Government has requested final agency action based on Registrant’s default pursuant to 21 CFR 1301.43(c), (f), 1301.46. RFAA1, at 1; RFAA2, at 1; *see also* 21 CFR 1316.67.

Findings of Fact

The Agency finds that, in light of Registrant’s default, the factual allegations in the OSCs are admitted. According to the OSC regarding Registrant’s Vermont-based DEA registration, both Registrant’s Vermont registered nurse license and Vermont advanced practice registered nurse licenses are expired and suspended as of January 15, 2024. RFAAX1 1.C, at 2. According to Vermont online records, of which the Agency takes official notice,² Registrant’s Vermont registered nurse license and Vermont advanced practice registered nurse licenses remain expired and suspended. Vermont Office of Professional Regulation Find a Professional, <https://sos.vermont.gov/opr/find-a-professional> (last visited date of signature of this Order).

Further, according to the OSC regarding Registrant’s New Hampshire-based DEA registration, Registrant’s New Hampshire registered nurse license and New Hampshire advanced practice

Specifically, the submitted Declarations from DEA Diversion Investigators indicate that Registrant was personally served with both OSCs on May 16, 2024. RFAAX1 1, at 2; RFAAX1 1.D; RFAAX2 1, at 2; RFAAX2 1.C.

² Under the Administrative Procedure Act, an agency “may take official notice of facts at any stage in a proceeding—even in the final decision.” United States Department of Justice, Attorney General’s Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), “[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary.” Accordingly, Registrant may dispute the Agency’s finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Any such motion and response shall be filed and served by email to the other party and to Office of the Administrator, Drug Enforcement Administration at dea.addo.attorneys@dea.gov.

registered nurse license both expired on March 23, 2024. RFAAX2 1.B, at 2. According to New Hampshire online records, of which the Agency takes official notice, Registrant's New Hampshire registered nurse license and New Hampshire advanced practice registered nurse license both remain expired. New Hampshire Online Licensing Person Search, <https://forms.nh.gov/licenseverification/Search.aspx> (last visited date of signature of this Order).

Accordingly, the Agency finds that Registrant is not licensed to practice as an advanced practice registered nurse in New Hampshire or Vermont, the states in which he is registered with DEA.

Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under 21 U.S.C. 823 "upon a finding that the registrant . . . has had his State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances." With respect to a practitioner, DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *Gonzales v. Oregon*, 546 U.S. 243, 270 (2006) ("The Attorney General can register a physician to dispense controlled substances 'if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices.' . . . The very definition of a 'practitioner' eligible to prescribe includes physicians 'licensed, registered, or otherwise permitted, by the United States or the jurisdiction in which he practices' to dispense controlled substances. § 802(21)."). The Agency has applied these principles consistently. See, e.g., *James L. Hooper, M.D.*, 76 FR 71371, 71,372 (2011), *pet. for rev. denied*, 481 F. App'x 826 (4th Cir. 2012); *Frederick Marsh Blanton, M.D.*, 43 FR 27616, 27617 (1978).³

³ This rule derives from the text of two provisions of the Controlled Substances Act (CSA). First, Congress defined the term "practitioner" to mean "a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice." 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner's registration, Congress directed that "[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled

substances in either New Hampshire or Vermont, Registrant is not eligible to maintain a DEA registration in either jurisdiction. Accordingly, the Agency will order that Registrant's respective DEA registration in each jurisdiction be revoked.

According to Vermont law, "dispense" means "distribute, leave with, give away, dispose of or deliver" and "prescribe" means "an order for a patient made or given by a practitioner." Vt. Stat. Ann. tit. 18, sec. 4201.7, 25 (2024). Further, a "practitioner" includes "a physician, dentist, veterinarian, surgeon, or any other person who may be lawfully entitled . . . to distribute, dispense, prescribe, or administer regulated drugs to patients" and a "prescription" means "an order for a regulated drug made by a physician, physician assistant, advanced practice registered nurse, dentist, or veterinarian licensed . . . to prescribe such a drug" *Id.* sec. 4201.24, 26.

According to New Hampshire law, "dispense" means "to distribute, leave with, give away, dispose of, deliver, or sell one or more doses of and shall include the transfer of more than a single dose of a medication . . ." and "prescribe" means "order or designate a remedy or any preparation containing controlled drugs." N.H. Rev. Stat. Ann. sec. 318-B:1 VIII, XXVII (2023). Further, a "practitioner" means "any person who is lawfully entitled to prescribe, administer, dispense or distribute controlled drugs to patients" and a "prescription" means "an oral, written, or facsimile or electronically transmitted order for any controlled drug or preparation issued by a licensed practitioner to be compounded and dispensed by a pharmacist and delivered to a patient for a medicinal or therapeutic purpose arising from a practitioner-patient relationship." *Id.* sec. 318-B:1 XXVI, XXVIII.

Here, the undisputed evidence in the record is that Registrant is not currently licensed to practice as an advanced practice registered nurse in either New Hampshire or Vermont. As discussed above, an individual must be a licensed practitioner to handle controlled substances in both New Hampshire and Vermont. Thus, because Registrant lacks authority to practice as an advanced practice registered nurse in both New Hampshire and Vermont and, therefore, is not authorized to handle controlled

substances under the laws of the State in which he practices." 21 U.S.C. 823(g)(1). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, DEA has held repeatedly that revocation of a practitioner's registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under the laws of the state in which he practices. See, e.g., *James L. Hooper, M.D.*, 76 FR at 71371-72; *Sheran Arden Yeates, M.D.*, 71 FR 39130, 39131 (2006); *Dominick A. Ricci, M.D.*, 58 FR 51104, 51,105 (1993); *Bobby Watts, M.D.*, 53 FR 11919, 11920 (1988); *Frederick Marsh Blanton, M.D.*, 43 FR at 27617.

substances in either New Hampshire or Vermont, Registrant is not eligible to maintain a DEA registration in either jurisdiction. Accordingly, the Agency will order that Registrant's respective DEA registration in each jurisdiction be revoked.

Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificates of Registration Nos. MW7073757 and MW7551460 issued to Jason Weakley R.N., A.P.R.N. Further, pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of Jason Weakley R.N., A.P.R.N., to renew or modify these registrations, as well as any other pending application of Jason Weakley R.N., A.P.R.N., for additional registration in either New Hampshire or Vermont. This Order is effective March 24, 2025.

Signing Authority

This document of the Drug Enforcement Administration was signed on February 13, 2025, by Acting Administrator Derek Maltz. That document with the original signature and date is maintained by DEA. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DEA Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of DEA. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Comments: Persons are encouraged to submit all comments electronically, without submitting paper versions. Comments should state the nature of the person’s interest in either or both proposed amendment(s) and how the person would be adversely affected by the proposed amendment(s). Any person who may be adversely affected by an amendment can request a hearing on the amendment. A request for a hearing must state: (1) the name, address, telephone number, and email address of the person making the request; (2) the nature of the person’s interest in the amendment and the manner in which the person would be adversely affected by the amendment; and (3) a statement of the issues to be addressed and a general description of the evidence to be presented at the hearing. The Department will grant a request for a hearing made in accordance with the requirements above where a hearing is necessary to fully explore material factual issues identified by the person requesting the hearing. The Department would publish a notice announcing such hearing in the **Federal Register**. The Department may decline to hold a hearing if: (1) the request for the hearing does not meet the requirements above; (2) the only issues identified for exploration at the hearing are matters of law; or (3) the factual issues identified can be fully explored through the submission of evidence in written (including electronic) form.

Warning: All comments received will be included in the public record without change and may be made available online at <https://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be confidential or other information whose disclosure is restricted by statute. If you submit a comment, EBSA recommends that you include your name and other contact information in the body of your

comment, but DO NOT submit information that you consider to be confidential, or otherwise protected (such as a Social Security number or an unlisted phone number) or confidential business information that you do not want publicly disclosed. However, if EBSA cannot read your comment due to technical difficulties and cannot contact you for clarification, EBSA might not be able to consider your comment.

Additionally, please note that the <https://www.regulations.gov> website is an “anonymous access” system; therefore, EBSA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email directly to EBSA without going through <https://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public record and made available on the internet.

Proposed Amendment

The Department is considering granting the amendment pursuant to its authority under ERISA section 408(a), and in accordance with the Department’s exemption procedures.¹ If the Department grants a final exemption, the effective periods of PTE 2016–10 and PTE 2016–11 will be extended until the earlier of September 4, 2025, or the date that the Department makes a final agency action in connection with the recently published Notices of Proposed Exemption for the RBC QPAMs and the Northern QPAMs.² RBC and Northern must continue to meet the conditions for relief under PTE 2016–10 and PTE 2016–11 during their effective periods.

A. Background

On October 28, 2016, the Department published PTEs 2016–10 and 2016–11 in the **Federal Register**.³ PTE 2016–10 is a temporary administrative exemption that permits certain entities (the RBC Qualified Professional Asset Managers (QPAMs)) with specified relationships to Royal Bank of Canada (Bahamas) Limited (RBCTC Bahamas) to continue to rely upon the relief provided by the

¹ 29 CFR part 2570, subpart B (89 FR 4662, 4691, January 24, 2024). Effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978, 5 U.S.C. app. 1 (1996), transferred the authority of the Secretary of the Treasury to issue exemptions of the type requested by the Applicant to the Secretary of Labor.

² Proposed Exemption for the Royal Bank of Canada and Its Current and Future Affiliates at 90 FR 6013, January 17, 2025; Proposed Exemption From Certain Prohibited Transaction Restrictions Involving Northern Trust Corporation at 90 FR 1714, January 21, 2025.

³ 81 FR 75147 and 81 FR 75150 (October 28, 2016).

Department's QPAM Exemption⁴ for a one-year period beginning on March 4, 2024, and ending on March 5, 2025, notwithstanding a potential judgment of conviction against RBCTC Bahamas for aiding and abetting tax fraud.⁵ Similarly, PTE 2016–11 permits certain entities (the Northern QPAMs) with specified relationships to Northern Trust Fiduciary Services (Guernsey) Ltd. (NTFS) to continue to rely upon the relief provided by the Department's QPAM Exemption for a one-year period beginning on March 4, 2024, and ending on March 5, 2025, notwithstanding a potential judgment of conviction against NTFS for aiding and abetting tax fraud in the same scheme.⁶

The Department granted PTEs 2016–10 and 2016–11 to protect RBC and Northern's ERISA-covered plan and IRA clients from the harm that could result from their respective QPAMs' loss of relief under PTE 84–14 due to the QPAMs' convictions.

RBC and Northern separately applied to the Department for extended relief that would apply after the relief in PTEs 2016–10 and 2016–11 expires. In response, on January 17, 2025, the Department published a proposed exemption that would extend the relief in PTE 2016–10 for five years (the RBC Five-Year Proposed QPAM Exemption) from March 5, 2025, to March 4, 2030, if the RBC QPAMs would meet the proposed exemption's conditions. The proposed exemption has a 45-day notice and comment period that expires on March 3, 2025.

On January 21, 2025, the Department published a similar proposed exemption that would extend the relief in PTE 2016–11 for five years—from March 5, 2025, to March 4, 2030 (the Northern Five-Year Proposed QPAM Exemption) if the Northern QPAMs meet the terms

⁴ PTE 84–14 49 FR 9494, March 13, 1984, as corrected at 50 FR 41430 (October 10, 1985), as amended at 70 FR 49305 (August 23, 2005), as amended at 75 FR 38837 (July 6, 2010), and as amended at 89 FR 23090 (April 3, 2024), hereinafter referred to as PTE 84–14 or the QPAM exemption.

⁵ Section I(g) of PTE 84–14 prevents an entity that may otherwise meet the definition of a QPAM from utilizing the exemptive relief provided by PTE 84–14 for itself and its client plans, if that entity or an "affiliate" thereof, or any owner, direct or indirect, of a five percent or more interest in the QPAM has within 10 years immediately preceding the transaction, been either convicted or released from imprisonment, whichever is later, as a result of criminal activity described in that section. On December 11, 2023, the Department issued a technical correction to PTE 2016–10 when RBCTC Bahamas was convicted of aiding and abetting tax fraud in France to accurately identify the French Court issuing the conviction.

⁶ On April 4, 2024, the Department issued a technical correction to PTE 2016–11 (89 FR 23612) after NTFS was convicted of aiding and abetting tax fraud in France to accurately identify the French Court issuing the conviction.

of the exemption. The proposed exemption has a 45-day notice and comment period that expires on March 7, 2025.

B. Northern's Concerns With the Northern Five-Year Proposed QPAM Exemption

Following publication of the Northern Five-Year Proposed QPAM Exemption in the **Federal Register**, Northern expressed concern to the Department that due to the timing of the proposed exemption's publication, the 45-day notice and comment period does not end until March 7, 2025; therefore, the proposed exemption cannot be granted before Northern's current relief in PTE 2016–11 expires on March 4, 2025. Even if the Northern QPAMs eventually received relief retroactive to March 5, 2025, the timing would result in a "gap period" during which Northern QPAMs would not qualify for the QPAM Exemption from March 5, 2025, until the date the Department publishes a final exemption. Northern's legal counsel represents that the resultant gap period in the exemption's relief would be harmful to affected plans and their participants and beneficiaries. The Northern QPAMs make representations in their Internal Swaps and Derivative Association (ISDA) agreements with various counterparties stating that to the extent the QPAM is using "plan assets" (within the meaning of ERISA Section 3(42)) in connection with a transaction entered into under the ISDA, it is a "qualified professional asset manager," and PTE 84–14 will apply to any applicable transactions entered thereunder. The failure to satisfy this representation can result in a default-based early termination of the ISDA agreements and a lump sum payment would be due to the applicable counterparty.

In addition, certain fixed income securities have "deemed" ERISA-related representations. This means that the purchaser of the security is deemed to have represented that the purchase, holding, and eventual sale/transfer of the security is not and will not be a non-exempt prohibited transaction under ERISA. In some cases, the applicable fixed income security will specify the PTEs that can be relied upon in connection with the purchase, holding, and sale/transfer of the security. In these instances, only the status-based exemptions are generally permitted (*i.e.*, PTEs 84–14, 90–1, 91–38, 95–60, and 96–23). Failure to satisfy these "deemed representations" would void the transaction, according to Northern.

Further, in these situations, Northern could not provide the Department with

certainty that counterparties would not exercise their rights to default and/or void applicable transactions. Of specific concern to Northern is if there were a market disruption that made it beneficial for the Northern QPAMs' counterparties to default or void a transaction, they may not hesitate to do so, which would cause harms to their covered plan clients. Northern urged the Department to work with it to eliminate such risks to affected plans and their participants and beneficiaries.

For a more complete description of Northern, the Northern QPAMs, and transactions engaged in by the Northern QPAMs, please see the Northern Five-Year Proposed QPAM Exemption published in the **Federal Register** on January 21, 2025 (90 FR 7174).

C. RBC Concerns With the RBC Five-Year Proposed Exemption

Following publication of the RBC Five-Year Proposed QPAM Exemption, RBC's counsel also expressed concern to the Department that the proposed exemption would not be granted before its current relief expires on March 4, 2025. As is the case with the Northern QPAMs (described above), even if the RBC QPAMs eventually received relief retroactive to March 5, 2025, the timing would result in a "gap period" during which the RBC QPAMs would not qualify for the QPAM Exemption from March 5, 2025, until the date the Department publishes a final exemption. RBC argues that the gap in exemptive relief would be harmful to affected plans and their participants and beneficiaries. Specifically, RBC represents that affected plans would be harmed if RBC does not obtain exemptive relief ahead of the expiration of PTE 2016–10 on March 4, 2025, with an effective date of March 5, 2025.

To substantiate such harmful effects, RBC makes the following representations. Many investments needing continuing relief, such as many derivatives, loans, leases, and other extensions of credit, contain deemed or explicit representations that the QPAM Exemption is applicable, with a corresponding contractual obligation to notify the lender, lessor or counterparty if the representation becomes untrue. Under master agreements, moreover, those representations are deemed to be made at each time a transaction is entered into, meaning RBC QPAMs could be prohibited from entering into transactions on behalf of underlying plans for as long as the representation remains untrue (for example, for the period during which exemptive relief is not provided). A breach of a representation or warranty can also

trigger an event of default for those trading agreements, which could leave the ERISA plan responsible for liquidation and other transition costs. Upon the expiration of PTE 2016–10, that obligation is triggered unless further relief is in place.

As a prudent fiduciary, the investment manager would be obligated to identify every instrument and communicate with every counterparty. While some counterparties might negotiate additional, potentially onerous terms to avoid termination, others would invoke their rights on default.⁷ Thus, many plans could be in default on their continuing representation to clients and counterparties that they meet the conditions of the QPAM Exemption, and counterparties would be able to immediately terminate existing, continuing transactions with the RBC QPAMs' affected plan clients.

Further, in RBC's discussions with market counterparties regarding this issue, the counterparties uniformly stated that RBC's hope or even reasonable expectation that the RBC QPAMs would eventually obtain retroactive relief would not be sufficient to avoid default. RBC argues that potential retroactive relief would not be a substitute for obtaining timely exemptive relief with no gap period, and the risk and compliance functions of their institutions might well terminate an existing transaction in the absence of a guarantee that RBC QPAMs could rely on the QPAM Exemption on March 5, 2025 (without a gap period).

Moreover, RBC represents that if there is a gap period in exemptive relief, as other instruments mature, new trades dependent on the QPAM Exemption could not be entered into, leaving plans without the benefit of all of the instruments and trading strategies contemplated by their investment guidelines. Because the QPAM Exemption is often used for hedging trades, affected plans could be left with fewer and less effective ways to hedge risk. Plans would not have the trading efficiencies and breadth of investment choices and potential counterparties afforded by the QPAM Exemption for the entire period from the expiration of PTE 2016–10 until final relief was granted, notwithstanding any retroactive relief following a gap period.

These plans would lose the ability to retain current positions, which might be impossible to replicate another way with similar economics. In an extremely

volatile period, the termination of existing transactions and the inability to enter into new transactions would be severely disadvantageous to plans. Such a curtailed selection of available transactions would negatively impact these client plans, depriving them of the benefits the QPAM Exemption was designed to offer and effectively penalizing them for having retained the RBC QPAMs.

Finally, a gap period in exemptive relief will introduce a great deal of uncertainty for RBC's affected plan clients in terms of RBC's ability to fulfill the obligations to such clients as their investment adviser. Because many of RBC's investment management agreements require that it continue to meet the requirements of the QPAM Exemption during the term of such agreements, in the event of a gap period in exemptive relief, the RBC QPAMs would be compelled to give immediate notice to their clients that RBC no longer meets the requirements of the QPAM Exemption upon expiration of PTE 2016–10. Plan clients will need to consult on an emergency basis with their lawyers and consultants; they may decide to incur the cost of a manager search, even though they had no intention of switching managers.

Any news reports on changes in policy due to the change in Administration could complicate their thinking and trigger precipitous decision making. Market participants could use the uncertainty to undercut trading strategies, and other investment managers could seek to attract and hire RBC portfolio managers who were concerned about the likelihood of relief. This is true even for clients that are not subject to ERISA (and therefore do not depend on RBC's QPAM status) because of the stigma that a QPAM disqualification would create. Pension plans, including non-ERISA plans such as public plans, union plans, corporate plans and others, tend to treat QPAM status as a threshold prerequisite for entrusting plan assets with an investment manager and could be concerned that retaining a non-QPAM asset manager would be viewed by their participants and regulators as a breach of fiduciary duties.

Prior submissions in connection with RBC's application for the RBC Five-Year Proposed QPAM Exemption have estimated the substantial transaction and ancillary costs to which plans would be subjected in the event they liquidated their holdings with RBC and transferred their assets to new managers. These costs would be attributable only to the gap in exemptive relief.

For a more complete discussion of RBC, the RBC QPAMs, and the transactions engaged in by the RBC QPAMs, please see the RBC Five-Year Proposed QPAM Exemption published on January 17, 2025 (90 FR 6013).

D. Department's Response to RBC and Northern Representations

Based on the foregoing, the Department is hereby proposing to extend the effective periods of PTEs 2016–10 and 2016–11 until the earlier of September 4, 2025 (six months after the current relief in PTEs 2016–10 and 2016–11 expires on March 4, 2025), or the date the Department issues its final agency action in connection with the RBC and Northern Five-Year Proposed QPAM Exemptions, in order to protect the RBC and Northern QPAMs' covered plan clients from the harmful consequences described above.

The relief in each of these proposed amendments would be contingent on RBC and Northern's satisfaction of the conditions in PTEs 2016–10 and 2016–11 at all times. Further, the proposed amendments would add a requirement to PTEs 2016–10 and 2016–11 that would require the RBC and Northern QPAMs to: (1) maintain the records necessary to demonstrate to the Department that they have met every condition of their exemptions during the extended Effective Period; and (2) provide such records to the Department within 30 days after the date of the Department's request.

E. The Department's Statutory Findings

In accordance with ERISA section 408(a), Code section 4975(c)(2), and the Department's exemption procedures and based upon the entire administrative record for this matter, the Department tentatively makes the following findings for each proposed amendment:

(a) The proposed amendment is administratively feasible for the Department, because each amendment would require affected QPAMs to maintain the records necessary to demonstrate to the Department that all relevant conditions have been met with respect to the effective period of this amendment and provide such records within 30 days after the Department's request;

(b) The proposed amendment is in the interest of affected plans and their participants and beneficiaries because it would likely eliminate the harms to those plans that are described above if a gap period occurred and the amendment was not made, and because of the benefits of permitting plans to continue to rely upon the affected QPAMs' services under the terms of

⁷ RBC notes that counterparties are not acting as a fiduciary to plans and, thus, could terminate positions based on the counterparty's own interests in the event of a default.

each proposed amendment (and underlying individual exemption); and

(c) The proposed amendment is protective of the rights of the participants and beneficiaries of affected plans because each amendment would be subject to a suite of protective conditions that the Department has determined provide ample protections for the rights of plans that are managed by QPAMs and their participants and beneficiaries, and the Department has included in individual exemptions for QPAMs that have experienced a ineligibility event similar to the one experienced by the RBC and Northern QPAMs.

Notice to Interested Persons

Notice of the proposed amendments to the exemptions is provided through publication of the notice in the **Federal Register**. All written comments and/or requests for a hearing must be received by the Department within five (5) days of the date of publication of this proposed exemption in the **Federal Register** and will be made available to the public.

Warning: If you submit a comment, please include your name and other contact information in the body of your comment but DO NOT submit information that you consider to be confidential or otherwise protected (such as a Social Security number or an unlisted phone number) or confidential business information that you do not want publicly disclosed. All comments may be posted on the internet and can be retrieved by most internet search engines.

General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under ERISA section 408(a) and/or Code section 4975(c)(2) does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions of ERISA and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of ERISA section 404, which, among other things, require a fiduciary to discharge their duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with ERISA section 404(a)(1)(b); nor does it affect the requirement of Code section 401(a) that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) Before an exemption may be granted under ERISA section 408(a) and/or Code section 4975(c)(2), the Department must find that the exemption is administratively feasible, in the interests of the plan and of its participants and beneficiaries, and protective of the rights of participants and beneficiaries of the plan;

(3) The proposed exemption would be supplemental to, and not in derogation of, any other provisions of ERISA and/or the Code, including statutory or administrative exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(4) The proposed exemption would be subject to the express condition that the material facts and representations contained in each application are true and complete at all times, and that each application accurately describes all material terms of the transaction which is the subject of the exemption.

The Department is considering granting the following amendments to the exemptions under the authority of ERISA section 408(a) and Code section 4975(c)(2) in accordance with the procedures set forth in 29 CFR part 2570, subpart B (89 FR 4662, 4691, January 24, 2024). Effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978, 5 U.S.C. app. 1 (1996), transferred the authority of the Secretary of the Treasury to issue exemptions of the type requested by the Applicant to the Secretary of Labor. Therefore, this notice of proposed exemption is issued solely by the Department.

Proposed Amendments to PTE 2016–10

The Department is hereby proposing to amend PTE 2016–10 as follows:

1. The first sentence in Section I on page 81 FR 75147 that currently reads:

Certain entities with specified relationships to Royal Bank of Canada Trust Company (Bahamas) Limited (RBCTC Bahamas) (hereinafter, the RBC QPAMs, as further defined in Section II(b)) will not be precluded from relying on the exemptive relief provided by Prohibited Transaction Exemption (PTE) 84–14 [footnote omitted], notwithstanding a judgment of conviction against RBCTC Bahamas for aiding and abetting tax fraud, to be entered in France in the District Court of Paris (the Conviction, as further defined in Section II(a)) [footnote omitted], for a period of up to twelve months beginning on the date of the Conviction (the Conviction Date), provided the following conditions are satisfied:

would be replaced with the following sentence:

Certain entities with specified relationships to Royal Bank of Canada Trust Company (Bahamas) Limited (RBCTC Bahamas) (hereinafter, the RBC QPAMs, as further defined in Section II(b)) will not be precluded from relying on the exemptive relief provided by Prohibited Transaction Exemption (PTE 84–14), notwithstanding a judgment of conviction against RBCTC Bahamas for aiding and abetting tax fraud entered in France in the Court of Appeal, French Special Prosecutor No. 1120392066, French Investigative Judge No. JIRSIF/11/12 or another court of competent jurisdiction (the Conviction, as further defined in Section II(a)), for a period of up to 18 months beginning on the date of the Conviction (the Conviction Date), provided the following conditions are satisfied:

2. The Exemption Date section on page 88 FR 85931 of the Technical Correction to PTE 2016–10, and the Effective Date section on page 81 FR 75149 of PTE 2016–10 are replaced with the following:

PTE 2016–10 will remain in effect for the period beginning on the Conviction Date and continuing until the earlier of: (1) September 4, 2025 (the date that is 18 months after the Conviction Date); or (2) the effective date of a final agency action the Department issues in connection with a notice of proposed exemption providing long-term exemptive relief for the covered transactions described in PTE 2016–10 that the Department published on January 17, 2025 (90 FR 6013) (the Extended Effective Period).

3. A new condition I(n) would be added that reads as follows:

The RBC QPAMs must maintain the records necessary to demonstrate to the Department that each condition of PTE 2016–10 has been met during the Extended Effective Period, and the RBC QPAMs must provide such records to the Department within 30 days after the date of a request for such records from the Department.

Proposed Amendments to PTE 2016–11

The Department is proposing to amend to PTE 2016–11 as follows:

1. The First Sentence in Section I on pages 81 FR 75150–51 that currently reads:

Certain entities with specified relationships to Northern Trust Fiduciary Services (Guernsey) Ltd. (NTFS) (hereinafter, the Northern QPAMs, as further defined in Section II(b)) will not be precluded from relying on the exemptive relief provided by Prohibited Transaction Exemption 84–14 (PTE) 84–14 [footnote omitted], notwithstanding a judgment of conviction against NTFS for aiding and abetting tax fraud, to be entered in France in the District Court of Paris (the Conviction, as further defined in Section II(a)) [footnote omitted], for a period of up to twelve months

beginning on the date of the Conviction (the Conviction Date), provided the following conditions are satisfied:

would be replaced with the following sentence:

Certain entities with specified relationships to Northern Trust Fiduciary Services (Guernsey) Ltd. (NTFS) (hereinafter, the Northern QPAMs, as further defined in Section II(b)) will not be precluded from relying on the exemptive relief provided by Prohibited Transaction Exemption 84–14 (PTE 84–14), notwithstanding a judgment of conviction against NTFS for aiding and abetting tax fraud, entered in France in the Court of Appeal, French Special Prosecutor No. 1120392066, French Investigative Judge No. JIRSIF/11/12 or another court of competent jurisdiction (the Conviction, as further defined in Section II(a)), for a period of up to 18 months beginning on the date of the Conviction (the Conviction Date), provided the following conditions are satisfied:

2. The Exemption Date section on page 89 FR 23613 of the Technical Correction to PTE 2016–11; and the Effective Date section on page 81 FR 75152 of PTE 2016–11 are replaced with the following:

PTE 2016–11 will remain in effect for the period beginning on the Conviction Date and continuing until the earlier of: (1) September 4, 2025 (the date that is 18 months following the Conviction Date); or (2) the effective date of a final agency action made by the Department in connection with a notice of proposed exemption providing long-term exemptive relief for the covered transactions described in PTE 2016–11 that the Department published on January 21, 2025 (90 FR 7174) (the Extended Effective Period).

3. A new condition I(n) would be added that reads as follows:

The Northern QPAMs must maintain the records necessary to demonstrate to the Department that each condition of PTE 2016–11 has been met during the Extended Effective Period, and Northern QPAMs must provide such records to the Department within 30 days after the date of a request for such records from the Department.

12:00 p.m.—Adjourn

Public Comment: Your participation during the public comment period

provides an opportunity for us to hear from you—individuals, businesses, providers, educators, parents and advocates. Your comments are important in bringing to the Council's attention and issues and priorities of the disability community.

For the March 6 Council meeting, NCD will have a public comment period of 40 minutes and requests comments from the public regarding experiences of younger people in nursing homes. Additional information on specifics of the topic is available on NCD's public comment page at <https://ncd.gov/public-comment>.

The Council will prioritize in-person commenters, but as time permits, will also receive public comment by video or audio over Zoom, and always accepts advance public comments via email. Due to the hybrid nature of the event, in-person presentations will be given priority.

To provide public comment during an NCD Council Meeting, NCD now requires advanced registration by either signing up to present while registering for the meeting or sending an email to PublicComment@ncd.gov with the subject line "Public Comment" and your name, organization, state, and topic of comment included in the body of your email.

Deadline for registration is March 4, 8:00 p.m. EST. Please indicate if you are providing the comment in-person, over Zoom, or only submitting via email. All individuals desiring to make public comment are strongly encouraged to read NCD's guidelines for public comment in advance of the meeting at: <https://ncd.gov/public-comment>.

While public comment can be submitted on any topic over email, comments during the meeting should be specific to experiences with younger people with disabilities in nursing homes.

CONTACT PERSON FOR MORE INFORMATION: Nicholas Sabula, Public Affairs Specialist, NCD, 1331 F Street NW, Suite 850, Washington, DC 20004; 202–272–2004 (V), or nsabula@ncd.gov.

ACCOMMODATIONS: ASL Interpreters will be provided in-room and included during the live streamed meeting, and CART has been arranged for this meeting and will be embedded into the Zoom platform as well as available via streamtext link. The web link to access CART Streamtext: <https://www.streamtext.net/player?event=NCD>.

If you require additional accommodations, please notify Stacey Brown by sending an email to sbrown@ncd.gov as soon as possible and no later than 24 hours prior to the meeting.

Due to last-minute confirmations or cancellations, NCD may substitute items without advance public notice.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–102426; File No. SR–CboeBZX–2025–021]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Change, as Modified by Amendment No. 1 To List and Trade Shares of the 21Shares Core XRP Trust Under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares

February 14, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on February 6, 2025, Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) a proposed rule change to list and trade shares of the 21Shares Core XRP Trust under BZX Rule 14.11(e)(4) (Commodity-Based Trust Shares). On February 12, 2025, the Exchange filed Amendment No. 1 to the proposed rule change, which replaced and superseded the original filing in its entirety. The proposed rule change, as modified by Amendment No. 1, is as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Amendment No. 1, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (“BZX” or the “Exchange”) is filing with the Securities and Exchange Commission (“Commission” or “SEC”) a proposed rule change to list and trade shares of the 21Shares Core XRP Trust (the

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

“Trust”),³ under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

This Amendment No. 1 to SR–CboeBZX–2025–021 amends and replaces in its entirety the proposal as originally submitted on February 6, 2025. The Exchange submits this Amendment No. 1 in order to clarify certain points and add additional details to the proposal.

The Exchange proposes to list and trade the Shares under BZX Rule 14.11(e)(4),⁴ which governs the listing and trading of Commodity-Based Trust Shares on the Exchange.⁵ 21Shares US, LLC is the sponsor of the Trust (the “Sponsor”). The Shares will be registered with the Commission by means of the Trust’s registration statement on Form S–1 (the

“Registration Statement”).⁶ According to the Registration Statement, the Trust is neither an investment company registered under the Investment Company Act of 1940, as amended,⁷ nor a commodity pool for purposes of the Commodity Exchange Act (“CEA”), and neither the Trust nor the Sponsor is subject to regulation as a commodity pool operator or a commodity trading adviser in connection with the Shares.

Since 2017, the Commission has approved or disapproved exchange rule filings to list and trade series of Trust Issued Receipts, including spot-based Commodity-Based Trust Shares, on the basis of whether the listing exchange has in place a comprehensive surveillance sharing agreement with a regulated market of significant size related to the underlying commodity to be held, or in a derivative thereof (the “Winklevoss Test”).⁸ The Commission has also consistently recognized that this not the *exclusive* means by which an exchange listing an exchange-traded product (“ETP”) can meet this statutory obligation.⁹ A listing exchange could, alternatively, demonstrate that “other means to prevent fraudulent and manipulative acts and practices will be sufficient” to justify dispensing with a surveillance-sharing agreement with a regulated market of significant size.¹⁰

⁶ See the Registration Statement on Form S–1, dated November 1, 2024, submitted by the Sponsor on behalf of the Trust. The descriptions of the Trust, the Shares, and the Pricing Benchmark (as defined below) contained herein are based, in part, on information in the Registration Statement. The Registration Statement is not yet effective, and the Shares will not trade on the Exchange until such time that the Registration Statement is effective.

⁸ See Securities Exchange Act Release Nos. 78262 (July 8, 2016), 81 FR 78262 (July 14, 2016) (the “Winklevoss Proposal”). The Winklevoss Proposal was the first exchange rule filing proposing to list and trade shares of an ETP that would hold spot bitcoin (a “Spot Bitcoin ETP”). It was subsequently disapproved by the Commission. See Securities Exchange Act Release No. 83723 (July 26, 2018), 83 FR 37579 (August 1, 2018) (the “Winklevoss Order”); 99306 (January 10, 2024), 89 FR 3008 (January 17, 2024) (Self-Regulatory Organizations; NYSE Arca, Inc.; The Nasdaq Stock Market LLC; Cboe BZX Exchange, Inc.; Order Granting Accelerated Approval of Proposed Rule Changes, as Modified by Amendments Thereto, To List and Trade Bitcoin-Based Commodity-Based Trust Shares and Trust Units) (the “Spot Bitcoin ETP Approval Order”); 100224 (May 23, 2024), 89 FR 46937 (May 30, 2024) (Self-Regulatory Organizations; NYSE Arca, Inc.; The Nasdaq Stock Market LLC; Cboe BZX Exchange, Inc.; Order Granting Accelerated Approval of Proposed Rule Changes, as Modified by Amendments Thereto, To List and Trade Shares of Ether-Based Exchange-Traded Products) (the “Spot ETH ETP Approval Order”).

⁹ See Winklevoss Order, 83 FR at 37580; see Spot Bitcoin ETP Approval Order, 89 FR at 3009; see Spot ETH ETP Approval Order 89 FR at 46938.

¹⁰ See Spot Bitcoin ETP Approval Order, 89 FR at 3009 (quoting Winklevoss Order, 83 FR at 37580).

The Commission recently issued orders approving proposals to list bitcoin- and ether-based commodity trust shares and bitcoin-based, ether-based, and a combination of bitcoin- and ether-based trust issued receipts (these proposed funds are structurally nearly identical to the Trust, but proposed to hold bitcoin and/or ether, respectively, instead of XRP) (“Spot Bitcoin ETPs” and “Spot ETH ETPs”). In both the Spot Bitcoin ETP Approval Order and Spot ETH ETP Approval Order, the Commission found that sufficient “other means” of preventing fraud and manipulation had been demonstrated that justified dispensing with a surveillance-sharing agreement of significant size. Specifically, the Commission found that while the Chicago Mercantile Exchange (“CME”) futures market for both bitcoin and ether were not of “significant size” related to the spot market, the Exchange demonstrated that other means could be reasonably expected to assist in surveilling for fraudulent and manipulative acts and practices in the specific context of the proposals.¹¹

The Exchange notes that that the Winklevoss Test was first applied in 2017 in the Winklevoss Order, which was the first disapproval order related to an exchange proposal to list and trade a Spot Bitcoin ETP. All prior approval orders issued by the Commission approving the listing and trading of series of Trust Issued Receipts included no specific analysis related to a “regulated market of significant size.” In the Winklevoss Order and the Commission’s prior orders approving the listing and trading of series of Trust Issued Receipts have noted that the spot commodities and currency markets for which it has previously approved spot ETPs are generally unregulated and that the Commission relied on the underlying futures market as the regulated market of significant size that formed the basis for approving the series of Currency and Commodity-Based Trust Shares, including gold, silver, platinum, palladium, copper, and other commodities and currencies. The Commission specifically noted in the Winklevoss Order that the approval order issued related to the first spot gold ETP “was based on an assumption that the currency market and the spot gold market were largely unregulated.” See Winklevoss Order at 37592. As such, the regulated market of significant size test does not require that the spot market be regulated in order for the Commission to approve this proposal, and precedent makes clear that an underlying market for a spot commodity or currency being a regulated market would actually be an exception to the norm. These largely unregulated currency and commodity markets do not provide the same protections as the markets that are subject to the Commission’s oversight, but the Commission has consistently looked to surveillance sharing agreements with the futures market for the underlying commodity in order to determine whether such products were consistent with the Act.

¹¹ “[B]ecause the CME’s surveillance can assist in detecting those impacts on CME bitcoin futures prices, the Exchanges’ comprehensive surveillance-sharing agreement with the CME—a U.S.-regulated market whose bitcoin futures market is consistently highly correlated to spot bitcoin, *albeit not of ‘significant size’ related to spot bitcoin*—can be reasonably expected to assist in surveilling for

³ The Trust was formed as a Delaware statutory trust on June 3, 2024, and is operated as a grantor trust for U.S. federal tax purposes. The Trust has no fixed termination date.

⁴ The Commission approved BZX Rule 14.11(e)(4) in Securities Exchange Act Release No. 65225 (August 30, 2011), 76 FR 55148 (September 6, 2011) (SR–BATS–2011–018).

⁵ Any of the statements or representations regarding the Pricing Benchmark, the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of Pricing Benchmark, reference asset, and intraday indicative values, or the applicability of Exchange listing rules specified in this filing to list a series of Other Securities (collectively, “Continued Listing Representations”) shall constitute continued listing requirements for the Shares listed on the Exchange.

As further discussed below, both the Exchange and the Sponsor believe that this proposal and the analysis herein are sufficient to establish that the proposal is consistent with the Act and, additionally, that there are sufficient “other means” of preventing fraud and manipulation that warrant dispensing of the surveillance-sharing agreement with a regulated market of significant size, as was done with both Spot Bitcoin ETPs and Spot ETH ETPs. This proposal should therefore be approved.

Background

XRP is a digital asset that is created and transmitted through the operations of the XRP Ledger, a distributed ledger upon which XRP transactions are processed and settled. XRP can be used to pay for goods and services, or it can be converted to fiat currencies, such as the U.S. dollar. The XRP Ledger is based on a shared public ledger. However, the XRP Ledger differentiates itself from other digital asset networks in that its stated primary function is transactional utility, not a store of value. The XRP Ledger is designed to be a global real-time payment and settlement system. As a result, the XRP Ledger and XRP aim to improve the speed at which parties on the network may transfer value while also reducing the fees and delays associated with the traditional methods of interbank payments.

No single entity controls the XRP Ledger. Instead, a network of independent nodes validates transactions pursuant to a consensus-based algorithm. It is this mechanism, as opposed to the proof-of-work mechanism utilized by the Bitcoin blockchain, that allows the XRP Ledger to be fast, energy-efficient and scalable, and therefore suitable for its most prominent use case, the facilitation of cross-border financial transactions. Unlike proof-of-work systems, which require massive computational power to secure the network, the consensus-based algorithm utilized by the XRP Ledger is extremely lightweight in terms of energy usage, as it relies on trusted validators rather than mining. The XRP Ledger can handle up to 1,500 transactions per second, far more than the Bitcoin or Ethereum blockchain. This makes the XRP Ledger suitable for high-volume use cases, such as cross-border payments. Lastly, because validators do not need to spend resources on mining, transaction fees are extremely low (typically a fraction of a cent per transaction).

fraudulent and manipulative acts and practices in the specific context of the Proposals.” See Spot Bitcoin ETP Approval Order, 89 FR at 3009–11.

Transactions are validated on the XRP Ledger by a network of independent validator nodes. These nodes do not mine new blocks but participate in a consensus process to ensure that transactions are valid and correctly ordered on the ledger. Any node can be a validator, but for practical purposes, the XRP Ledger depends on a list of trusted validators known as the Unique Node List or “UNL.” Validators are entities (which can be individuals, institutions or other organizations) that run nodes to participate in the consensus process. These validators ensure the integrity and accuracy of the ledger. Each node in the network maintains a Unique Node List—a list of other validators that the node trusts to reliably validate transactions. The XRP Ledger’s decentralized architecture means that different nodes may maintain different UNLs, but there needs to be some overlap in the UNLs for consensus mechanism to work effectively.

Unlike other digital assets such as bitcoin or ether, XRP was not and is not mined gradually over time. Instead, all 100 billion XRP tokens were created at the time of the XRP Ledger’s launch in 2012. This means that every XRP token that exists today was generated from the outset, without the need for a mining process. Of the 100 billion XRP generated by the XRP Ledger’s code, the founders of Ripple Labs retained 20 billion XRP and the rest, nearly 80 billion XRP, was provided to Ripple Labs Inc. (“Ripple Labs”). As of September 2024, Ripple Labs runs only 1 of the 35 validators in the default Trusted Nodes Lists.

In light of these factors and consistent with applicable legal precedent, particularly as applied in *SEC v. Ripple Labs*, the Sponsor believes that it is applying the proper legal standards in making a good faith determination that it believes that XRP is not under these circumstances a security under the federal securities laws.¹² The Sponsor

¹² See *SEC v. Ripple Labs*, 2023 WL 4507900 at 15, (S.D.N.Y. July 13, 2023) (“(XRP, as a digital token, is not in and of itself a ‘contract, transaction[,] or scheme’ that embodies the Howey requirements of an investment contract.)” and 23 “Ripple’s Programmatic Sales were blind bid/ask transactions, and Programmatic Buyers could not have known if their payments of money went to Ripple, or any other seller of XRP. Since 2017, Ripple’s Programmatic Sales represented less than 1% of the global XRP trading volume. Therefore, the vast majority of individuals who purchased XRP from digital asset exchanges did not invest their money in Ripple at all. An Institutional Buyer knowingly purchased XRP directly from Ripple pursuant to a contract, but the economic reality is that a Programmatic Buyer stood in the same shoes as a secondary market purchaser who did not know to whom or what it was paying its money.” The

believes XRP is a “commodity” as that term is defined under the Commodity Exchange Act.¹³

Section 6(b)(5) and the Applicable Standards

The Commission has approved numerous series of Trust Issued Receipts,¹⁴ including Commodity-Based Trust Shares,¹⁵ to be listed on U.S. national securities exchanges. In order for any proposed rule change from an exchange to be approved, the Commission must determine that, among other things, the proposal is consistent with the requirements of Section 6(b)(5) of the Act, specifically including: (i) the requirement that a national securities exchange’s rules are designed to prevent fraudulent and manipulative acts and practices;¹⁶ and

Court specifically notes that the question of whether secondary market sales of XRP constitute offers and sales of investment contracts because it was not before the Court and therefore was not addressed. However, the general logic applied above in the Court’s finding that an investment contract did not exist seems to similarly indicate that purchases and sales on the secondary market where the purchaser “did not know to whom or what it was paying its money” would also not constitute an investment contract.

¹³ 7 U.S.C. 1 *et seq.* See also, in this regard, *SEC v. Coinbase*, 2024 WL 134037 at 29 (S.D.N.Y. March 27, 2024 at 29) (“As a preliminary matter, the SEC does not appear to contest that tokens, in and of themselves, are not securities.”); and *SEC v. Terraform Labs*, 2023 WL 4858299 at 33 (S.D.N.Y. July 31, 2023) (“To be sure, the original UST and LUNA coins, as originally created and when considered in isolation, might not then have been, by themselves, investment contracts. Much as the orange groves in *Howey* would not be considered securities if they were sold apart from the cultivator’s promise to share any profits derived by their cultivation, the term “security” also cannot be used to describe any crypto-assets that were not somehow intermingled with one of the investment “protocols,” did not confer a “right to . . . purchase” another security, or were otherwise not tied to the growth of the Terraform blockchain ecosystem.”)

¹⁴ See Exchange Rule 14.11(f).

¹⁵ Commodity-Based Trust Shares, as described in Exchange Rule 14.11(e)(4), are a type of Trust Issued Receipt.

¹⁶ Much like bitcoin and ETH, the Exchange believes that XRP is resistant to price manipulation and that “other means to prevent fraudulent and manipulative acts and practices” exist to justify dispensing with the requisite surveillance sharing agreement. The geographically diverse and continuous nature of XRP trading render it difficult and prohibitively costly to manipulate the price of XRP. The fragmentation across platforms and the capital necessary to maintain a significant presence on each trading platform make manipulation of XRP prices through continuous trading activity challenging. To the extent that there are trading platforms engaged in or allowing wash trading or other activity intended to manipulate the price of XRP on other markets, such pricing does not normally impact prices on other trading platforms because participants will generally ignore markets with quotes that they deem non-executable. Moreover, the linkage between XRP markets and the presence of arbitrageurs in those markets means that the manipulation of the price of XRP on any

(ii) the requirement that an exchange proposal be designed, in general, to protect investors and the public interest. The Exchange believes that this proposal is consistent with the requirements of Section 6(b)(5) of the Act and that this filing sufficiently demonstrates that potential policy concerns under the Act are sufficiently mitigated to the point that they are outweighed by quantifiable investor protection issues that would be resolved by approving this proposal.

More recently, the Commission has applied the Winklevoss Test to recognize that the “regulated market of significant size” standard is not the only means for satisfying Section 6(b)(5) of the Act. Instead, the Commission has specifically acknowledged that a listing exchange could demonstrate that “other means to prevent fraudulent and manipulative acts and practices” are sufficient to justify dispensing with the requisite surveillance-sharing agreement.¹⁷ There is currently no futures market for XRP, but the existence of a futures market of significant size is not a prerequisite for preventing fraudulent and manipulative acts and practices. In the Spot Bitcoin ETF Approval Order and Spot ETH ETF Approval Order the Commission determined that the CME bitcoin futures market and CME ETH futures market, respectively, were not of “significant size” related to the spot market. Instead, the Commission found that sufficient “other means” of preventing fraud and manipulation had been demonstrated that justified dispensing with a surveillance-sharing agreement of significant size. The Exchange and Sponsor believe that this proposal provides for other means of preventing fraud and manipulation that justify

single venue would require manipulation of the global XRP price in order to be effective. Arbitrageurs must have funds distributed across multiple trading platforms in order to take advantage of temporary price dislocations, thereby making it unlikely that there will be strong concentration of funds on any particular trading platforms or OTC platform. Further, the speed and relatively inexpensive nature of transactions on the XRP network allow arbitrageurs to quickly move capital between trading platforms where price dislocations may occur. As a result, the potential for manipulation on a trading platform would require overcoming the liquidity supply of such arbitrageurs who are effectively eliminating any cross-market pricing differences.

¹⁷ See Winklevoss Order at 37580. The Commission has also specifically noted that it “is not applying a ‘cannot be manipulated’ standard; instead, the Commission is examining whether the proposal meets the requirements of the Exchange Act and, pursuant to its Rules of Practice, places the burden on the listing exchange to demonstrate the validity of its contentions and to establish that the requirements of the Exchange Act have been met.” *Id.* at 37582.

dispensing with a surveillance-sharing agreement of significant size.

Over the past several years, U.S. investor exposure to XRP, through OTC XRP Funds and digital asset trading platforms, has grown into billions of dollars with a fully diluted market cap of greater than \$176 billion.¹⁸ The Exchange believes that approving this proposal (and comparable proposals) provides the Commission with the opportunity to allow U.S. investors with access to XRP in a regulated and transparent exchange-traded vehicle that would act to limit risk to U.S. investors by: (i) reducing premium and discount volatility; (ii) reducing management fees through meaningful competition; and (iii) providing an alternative to custodying spot XRP.

The policy concerns that the Exchange Act is designed to address are also otherwise mitigated by the fact that the size of the market for the underlying reference asset (\$176+ billion fully diluted value) and the nature of the XRP ecosystem reduce its susceptibility to manipulation. The geographically diverse and continuous nature of XRP trading makes it difficult and prohibitively costly to manipulate the price of XRP and, in many instances, the XRP market can be less susceptible to manipulation than the equity, fixed income, and commodity futures markets. There are a number of reasons why this is the case, including:

- the absence of inside information about revenue, earnings, corporate activities, or sources of supply;
- the fact that manipulation of the price on any single venue would require manipulation of the global XRP price in order to be effective;
- the existence of a substantial over-the-counter market that provides liquidity and shock-absorbing capacity;
- the fact that XRP’s 24/7/365 nature provides constant arbitrage opportunities across all trading venues; and
- the low likelihood that any one actor could obtain a dominant market share.

Further, XRP is arguably less susceptible to manipulation than many physical commodities that underlie existing ETPs. For example, for physical commodities there may be inside information relating to the supply of the physical commodity such as the discovery of new sources of supply or significant disruptions at mining facilities that supply the commodity—no such inside information is available for crypto assets on public, distributed

networks, such as XRP. Further, the Exchange believes that the fragmentation across XRP trading platforms and increased adoption of XRP, as displayed through increased user engagement and trading volumes, and the distributed nature of the XRP network make manipulation of XRP prices through continuous trading activity difficult. Moreover, the presence of arbitrageurs in the XRP markets means that the manipulation of the price of XRP price on any single venue would require manipulation of the global XRP price in order to be effective. Arbitrageurs must have funds distributed across multiple XRP trading platforms in order to take advantage of temporary price dislocations, thereby making it unlikely that there will be strong concentration of funds on any particular XRP trading platform. As a result, manipulation on a particular XRP trading platform would require overcoming the liquidity supply of such arbitrageurs who are effectively eliminating any cross-market pricing differences. For all of these reasons, XRP is not particularly susceptible to manipulation, especially as compared to many other approved ETP reference assets.

21Shares Core XRP Trust

CSC Delaware Trust Company is the trustee (“Trustee”) of the Trust. Third parties to be appointed by the Sponsor and/or the Trustee will serve as the administrator (“Administrator”), the transfer agent (“Transfer Agent”) and the custodian responsible for the custody of the Trust’s cash and cash equivalents¹⁹ (the “Cash Custodian”). Coinbase Custody Trust Company, LLC (the “Custodian”), will be responsible for custody of the Trust’s XRP.

According to the Registration Statement, each Share will represent a fractional undivided beneficial interest in and ownership of the Trust. The Trust’s assets will only consist of XRP, cash, or cash and cash equivalents.

According to the Registration Statement, the Trust will be neither an investment company registered under the Investment Company Act of 1940, as amended,²⁰ nor a commodity pool for purposes of the CEA, and neither the Trust nor the Sponsor is subject to regulation as a commodity pool operator or a commodity trading adviser in connection with the Shares.

The Trust will not acquire and will disclaim any incidental right (“IR”), or IR asset received, for example as a result

¹⁸ See <https://coinmarketcap.com/currencies/xrp/> (visited on Jan. 31, 2025).

of forks or airdrops, and such assets will not be taken into account for purposes of determining NAV.

When the Trust sells or redeems its Shares, it will do so in cash transactions in blocks of 10,000 Shares (a “Creation Basket”) at the Trust’s net asset value (“NAV”). For creations, authorized participants will deliver cash to the Trust’s account with the Cash Custodian in exchange for Shares. Upon receipt of an approved creation order, the Sponsor, on behalf of the Trust, will submit an order to buy the amount of XRP represented by a Creation Basket. Based off XRP executions, the Cash Custodian will request the required cash from the authorized participant; the Transfer Agent will only issue Shares when the authorized participant has made delivery of the cash. Following receipt by the Cash Custodian of the cash from an authorized participant, the Sponsor, on behalf of the Trust, will approve an order with one or more previously onboarded trading partners to purchase the amount of XRP represented by the Creation Basket. This purchase of XRP will normally be cleared through an affiliate of the Custodian (although the purchase may also occur directly with the trading partner) and the XRP will settle directly into the Trust’s account at the Custodian.²¹ Authorized participants may then offer Shares to the public at prices that depend on various factors, including the supply and demand for Shares, the value of the Trust’s assets, and market conditions at the time of a transaction. Shareholders who buy or sell Shares during the day from their broker may do so at a premium or discount relative to the NAV of the Shares of the Trust.

As noted above, the Trust is designed to protect investors against the risk of losses through fraud and insolvency that arise by holding XRP on centralized platforms. Specifically, the Trust is designed to protect investors as follows:

(i) Assets of the Trust Protected From Insolvency

The Trust’s XRP will be held by its Custodian, which is a New York chartered trust company overseen by the New York Department of Financial Services and a qualified custodian under Rule 206–4 of the Investment Advisers Act, 1940. The Custodian will

²¹ For redemptions, the process will occur in the reverse order. Upon receipt of an approved redemption order, the Sponsor, on behalf of the Trust, will submit an order to sell the amount of XRP represented by a Creation Basket and the cash proceeds will be remitted to the authorized participant when the 10,000 Shares are received by the Transfer Agent.

custody the Trust’s XRP pursuant to a custody agreement, which requires the Custodian to maintain the Trust’s XRP in segregated accounts that clearly identify the Trust as owner of the accounts and assets held on those accounts; the segregation will be both from the proprietary property of the Custodian and the assets of any other customer. Such an arrangement is generally deemed to be “bankruptcy remote,” that is, in the event of an insolvency of the Custodian, assets held in such segregated accounts would not become property of the Custodian’s estate and would not be available to satisfy claims of creditors of the Custodian. In addition, according to the Registration Statement, the Custodian carries fidelity insurance, which covers assets held by the Custodian in custody from risks such as theft of funds. These arrangements provide significant protections to investors and could have mitigated the type of losses incurred by investors in the numerous crypto-related insolvencies, including Celsius, Voyager, BlockFi, and FTX.

(ii) Trust’s Transfer Agent Will Instruct Disposition of Trust’s XRP

According to the Registration Statement, except with respect to sale of XRP from time to time to cover expenses of the Trust, the only time XRP will move into or out from the Trust will be with respect to creations or redemptions of Shares of the Trust. The Transfer Agent will facilitate the settlement of Shares in response to the placement of creation orders and redemption orders from authorized participants. The creation and redemption procedures are administered by the Transfer Agent, an independent third party. Specifically, Shares are issued in registered form in accordance with the Trust agreement. The Transfer Agent has been appointed registrar and transfer agent for the purpose of transferring Shares in certificated form. The Transfer Agent keeps a record of all holders of the Shares in certified form in the registry. The Sponsor recognizes transfers of Shares in certified form only if done in accordance with the Trust agreement. XRP owned by the Trust will at all times be held by, and in the control of, the Custodian, and transfer of such XRP to or from the Custodian will occur only in connection with creation and redemptions of Shares. This will provide safeguards against the movement of XRP owned by the Trust by or to the Sponsor or affiliates of the Sponsor.

(iii) Trust’s Assets Are Subject to Regular Audit

According to the Registration Statement, audit trails exist for all movement of XRP within Custodian-controlled XRP wallets and are audited annually for accuracy and completeness by an independent external audit firm. In addition, the Trust will be audited by an independent registered public accounting firm on a regular basis.

(iv) Trust Is Subject to the Exchange’s Obligations of Companies Listed on the Exchange and Applicable Corporate Governance Requirements

The Trust will be subject to the obligations of companies listed on the Exchange set forth in BZX Rule 14.6, which require the listed companies to make public disclosure of material events and any notifications of deficiency by the Exchange, file and distribute period financial reports, engage independent public accountants registered with the Exchange, among other things. Such disclosures serve a key investor protection role. In addition, the Trust will be subject to the corporate governance requirements for companies listed on the Exchange set forth in BZX Rule 14.10.

Investment Objective

According to the Registration Statement and as further described below, the Trust’s investment objective is to seek to track the performance of XRP, as measured by the performance of the CME CF XRP—Dollar Reference Rate—New York Variant (“Pricing Benchmark”), adjusted for the Trust’s expenses and other liabilities. In seeking to achieve its investment objective, the Trust will hold XRP and will value its Shares daily as of 4:00 p.m. ET using the same methodology used to calculate the Pricing Benchmark. All of the Trust’s XRP will be held by the Custodian.

The Pricing Benchmark

As described in the Registration Statement, The Trust will use the CME CF XRP-Dollar Reference Rate—New York Variant (the “Pricing Benchmark”) to calculate the Trust’s NAV. The Pricing Benchmark is calculated by CF Benchmarks Ltd. (the “Benchmark Provider”) based on an aggregation of executed trade flow of major XRP trading platforms (“Constituent Exchanges”). The Pricing Benchmark is designed to reflect the performance of XRP in U.S. dollars. In seeking to achieve its investment objective, the Trust will hold XRP and will value its

Shares daily based on the Pricing Benchmark.

The Pricing Benchmark, which was introduced on September 16, 2024, is based on materially the same methodology (except calculation time) as the CME CF Ripple—Dollar Reference Rate, which was first introduced on November 16, 2017. The Benchmark Provider is the administrator of the Pricing Benchmark. The Pricing Benchmark is calculated daily.

The Sponsor believes that the use of the Pricing Benchmark is reflective of a reasonable valuation of the average spot price of XRP and that resistance to manipulation is a priority aim of its design methodology. The methodology: (i) takes an observation period and divides it into equal partitions of time; (ii) then calculates the volume-weighted median of all transactions within each partition; and (iii) the value is determined from the arithmetic mean of the volume-weighted medians, equally weighted. By employing the foregoing steps, the Pricing Benchmark thereby seeks to ensure that transactions in XRP conducted at outlying prices do not have an undue effect on the value of a specific partition, large trades or clusters of trades transacted over a short period of time will not have an undue influence on the benchmark level, as applicable, and the effect of large trades at prices that deviate from the prevailing price are mitigated from having an undue influence on the benchmark level.

Pricing Benchmark data and the description of the Pricing Benchmark are based on information made publicly available by the Benchmark Provider on its website at https://www.cfbenchmarks.com/data/indices/XRPUSD_NY.

Net Asset Value

NAV means the total assets of the Trust (which includes all XRP and cash and cash equivalents) less total liabilities of the Trust. The Administrator determines the NAV of the Trust on each day that the Exchange is open for regular trading, as promptly as practical after 4:00 p.m. ET. The NAV of the Trust is the aggregate value of the Trust's assets less its estimated accrued but unpaid liabilities (which include accrued expenses). In determining the Trust's NAV, the Administrator values the XRP held by the Trust based on the price set by the Pricing Benchmark as of 4:00 p.m. ET. The Administrator also determines the NAV per Share.

The NAV for the Trust will be calculated by the Administrator once a day and will be disseminated daily to all market participants at the same time.

If the Pricing Benchmark is not available, or if the Sponsor determines in good faith that the Pricing Benchmark does not reflect an accurate XRP price, then the Administrator will employ an alternative method to determine the fair value of the Trust's assets.²²

Availability of Information

In addition to the price transparency of the Pricing Benchmark, the Trust will provide information regarding the Trust's XRP holdings as well as additional data regarding the Trust. The website for the Trust, which will be publicly accessible at no charge, will contain the following information:

- (i) the current NAV per Share daily and the prior business day's NAV per Share and the reported BZX Official Closing Price;²³
- (ii) the BZX Official Closing Price in relation to the NAV per Share as of the time the NAV is calculated and a calculation of the premium or discount of such price against such NAV per Share;
- (iii) data in chart form displaying the frequency distribution of discounts and premiums of the BZX Official Closing Price against the NAV per Share, within appropriate ranges for each of the four previous calendar quarters (or for the life of the Trust, if shorter);
- (iv) the prospectus; and
- (v) other applicable quantitative information.

The aforementioned information will be published as of the close of business and available on the Sponsor's website at www.21shares.com, or any successor thereto. The NAV for the Trust will be calculated by the Administrator once a day and will be disseminated daily to all market participants at the same time. Quotation and last-sale information regarding the Shares will be disseminated through the facilities of the Consolidated Tape Association ("CTA"). The Trust will also disseminate its holdings on a daily basis on its website.

The Intraday Indicative Value ("IIV") will be updated during Exchange's Regular Trading Hours (9:30 a.m. to 4:00 p.m. E.T.) to reflect changes in the value of the Trust's XRP holdings during the trading day. The IIV disseminated during Regular Trading Hours should not be viewed as an actual real-time update of the NAV, which will be

²² Such alternative method will only be employed on an ad hoc basis. Any permanent change to the calculation of the NAV would require a proposed rule change under Rule 19b-4.

²³ As defined in Rule 11.23(a)(3), the term "BZX Official Closing Price" shall mean the price disseminated to the consolidated tape as the market center closing trade.

calculated only once at the end of each trading day. The IIV may differ from the NAV because NAV is calculated, using the closing value of the Pricing Benchmark, once a day at 4 p.m. ET, whereas the IIV draws prices from the last trade on each constituent platform in an effort to produce a relevant, real-time price). The Trust will provide an IIV per Share updated every 15 seconds, as calculated by the Exchange or a third-party financial data provider during the Exchange's Regular Trading Hours. The IIV will be widely disseminated on a per Share basis every 15 seconds during the Exchange's Regular Trading Hours through the facilities of the CTA and Consolidated Quotation System (CQS) high speed lines. In addition, the IIV will be available through on-line information services, such as Bloomberg and Reuters.

The price of XRP will be made available by one or more major market data vendors, updated at least every 15 seconds during Regular Trading Hours.

Information about the Pricing Benchmark and Pricing Benchmark value, including key elements of how the Pricing Benchmark is calculated, will be publicly available at https://www.cfbenchmarks.com/data/indices/XRPUSD_NY.

Quotation and last sale information for XRP is widely disseminated through a variety of major market data vendors, including Bloomberg and Reuters.

Information relating to trading, including price and volume information, in XRP is available from major market data vendors and from the trading platforms on which XRP are traded. Depth of book information is also available from XRP trading platforms. The normal trading hours for XRP trading platforms are 24 hours per day, 365 days per year.

Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's BZX Official Closing Price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last-sale information regarding the Shares will be disseminated through the facilities of the CTA.

The Custodian

The Custodian's services (i) allow XRP to be deposited from a public blockchain address to the Trust's XRP account and (ii) allow XRP to be withdrawn from the XRP account to a public blockchain address as instructed

by the Trust. The custody agreement requires the Custodian to hold the Trust's XRP in cold storage, unless required to facilitate withdrawals as a temporary measure. The Custodian will use segregated cold storage XRP addresses for the Trust which are separate from the XRP addresses that the Custodian uses for its other customers and which are directly verifiable via the XRP blockchain. The Custodian will safeguard the private keys to the XRP associated with the Trust's XRP account. The Custodian will at all times record and identify in its books and records that such XRP constitutes the property of the Trust. The Custodian will not withdraw the Trust's XRP from the Trust's account with the Custodian, or loan, hypothecate, pledge or otherwise encumber the Trust's XRP, without the Trust's instruction. If the custody agreement terminates, the Sponsor may appoint another custodian, and the Trust may enter into a custodian agreement with such custodian.

Creation and Redemption of Shares

When the Trust sells or redeems its Shares, it will do so in cash transactions in 10,000 Share increments (a Creation Basket) that are based on the amount of XRP held by the Trust on a per Creation Basket basis. According to the Registration Statement, on any business day, an authorized participant may place an order to create one or more Creation Baskets. Purchase orders must be placed by 12:00 p.m. ET, the close of regular trading on the Exchange, or another time determined by the Sponsor. The day on which an order is received is considered the purchase order date. The total deposit of cash required is based on the combined NAV of the number of Shares included in the Creation Baskets being created determined as of 4:00 p.m. ET on the date the order to purchase is properly received. The Administrator determines the quantity of XRP associated with a Creation Basket for a given day by dividing the number of XRP held by the Trust as of the opening of business on that business day, adjusted for the amount of XRP constituting estimated accrued but unpaid fees and expenses of the Trust as of the opening of business on that business day, by the quotient of the number of Shares outstanding at the opening of business divided by the number of Shares in a Creation Basket.

The authorized participants will deliver only cash to create Shares and will receive only cash when redeeming Shares. Further, authorized participants will not directly or indirectly purchase, hold, deliver, or receive XRP as part of

the creation or redemption process or otherwise direct the Trust or a third party with respect to purchasing, holding, delivering, or receiving XRP as part of the creation or redemption process. For a creation order, the Trust will create Shares by receiving XRP from a third party that is not the authorized participant and the Trust—not the authorized participant—is responsible for selecting the third party to facilitate the delivery of XRP. Further, the third party will not be acting as an agent of the authorized participant with respect to the delivery of the XRP to the Trust or acting at the direction of the authorized participant with respect to the delivery of the XRP to the Trust. When fulfilling a redemption request, the Trust will redeem shares by delivering XRP to a third party that is not the authorized participant and the Trust—not the authorized participant—is responsible for selecting such third party to receive the XRP. Further, the third party will not be acting as an agent of the authorized participant with respect to the receipt of the XRP from the Trust or acting at the direction of the authorized participant with respect to the receipt of the XRP from the Trust.

The Sponsor will maintain ownership and control of XRP in a manner consistent with good delivery requirements for spot commodity transactions.

Rule 14.11(e)(4)—Commodity-Based Trust Shares

The Shares will be subject to BZX Rule 14.11(e)(4), which sets forth the initial and continued listing criteria applicable to Commodity-Based Trust Shares. The Exchange represents that, for initial and continued listing, the Trust must be in compliance with Rule 10A-3 under the Act. A minimum of 100,000 Shares will be outstanding at the commencement of listing on the Exchange. The Exchange will obtain a representation that the NAV will be calculated daily and that the NAV and information about the assets of the Trust will be made available to all market participants at the same time. The Exchange notes that, as defined in Rule 14.11(e)(4)(C)(i), the Shares will be: (i) issued by a trust that holds (1) a specified commodity²⁴ deposited with the trust, or (2) a specified commodity and, in addition to such specified commodity, cash; (ii) issued by such trust in a specified aggregate minimum number in return for a deposit of a quantity of the underlying commodity

and/or cash; and (iii) when aggregated in the same specified minimum number, may be redeemed at a holder's request by such trust which will deliver to the redeeming holder the quantity of the underlying commodity and/or cash.

Upon termination of the Trust, the Shares will be removed from listing. The Trustee, CSC Delaware Trust Company, is a trust company having substantial capital and surplus and the experience and facilities for handling corporate trust business, as required under Rule 14.11(e)(4)(E)(iv)(a) and no change will be made to the trustee without prior notice to and approval of the Exchange. The Exchange also notes that, pursuant to Rule 14.11(e)(4)(F), neither the Exchange nor any agent of the Exchange shall have any liability for damages, claims, losses or expenses caused by any errors, omissions or delays in calculating or disseminating any underlying commodity value, the current value of the underlying commodity required to be deposited to the Trust in connection with issuance of Commodity-Based Trust Shares; resulting from any negligent act or omission by the Exchange, or any agent of the Exchange, or any act, condition or cause beyond the reasonable control of the Exchange, its agent, including, but not limited to, an act of God; fire; flood; extraordinary weather conditions; war; insurrection; riot; strike; accident; action of government; communications or power failure; equipment or software malfunction; or any error, omission or delay in the reports of transactions in an underlying commodity. Finally, as required in Rule 14.11(e)(4)(G), the Exchange notes that any registered market maker ("Market Maker") in the Shares must file with the Exchange in a manner prescribed by the Exchange and keep current a list identifying all accounts for trading in an underlying commodity, related commodity futures or options on commodity futures, or any other related commodity derivatives, which the registered Market Maker may have or over which it may exercise investment discretion. No registered Market Maker shall trade in an underlying commodity, related commodity futures or options on commodity futures, or any other related commodity derivatives, in an account in which a registered Market Maker, directly or indirectly, controls trading activities, or has a direct interest in the profits or losses thereof, which has not been reported to the Exchange as required by this Rule. In addition to the existing obligations under Exchange rules regarding the production of books and records (see, e.g., Rule 4.2), the

²⁴ For purposes of Rule 14.11(e)(4), the term commodity takes on the definition of the term as provided in the Commodity Exchange Act.

registered Market Maker in Commodity-Based Trust Shares shall make available to the Exchange such books, records or other information pertaining to transactions by such entity or registered or non-registered employee affiliated with such entity for its or their own accounts for trading the underlying commodity, or any other related commodity derivatives, as may be requested by the Exchange.

The Exchange is able to obtain information regarding trading in the Shares and the underlying XRP or any other XRP derivative through members acting as registered Market Makers, in connection with their proprietary or customer trades.

As a general matter, the Exchange has regulatory jurisdiction over its members and their associated persons, which include any person or entity controlling a member. To the extent the Exchange may be found to lack jurisdiction over a subsidiary or affiliate of a member that does business only in commodities or futures contracts, the Exchange could obtain information regarding the activities of such subsidiary or affiliate through surveillance sharing agreements with regulatory organizations of which such subsidiary or affiliate is a member.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares. The Exchange will halt trading in the Shares under the conditions specified in BZX Rule 11.18. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (i) the extent to which trading is not occurring in the XRP underlying the Shares; or (ii) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares also will be subject to Rule 14.11(e)(4)(E)(ii), which sets forth circumstances under which trading in the Shares may be halted.

If the IIV or the value of the Pricing Benchmark is not being disseminated as required, the Exchange may halt trading during the day in which the interruption to the dissemination of the IIV or the value of the Pricing Benchmark occurs. If the interruption to the dissemination of the IIV or the value of the Pricing Benchmark persists past the trading day in which it occurred, the Exchange will halt trading no later than the beginning of the trading day following the interruption.

In addition, if the Exchange becomes aware that the NAV with respect to the Shares is not disseminated to all market participants at the same time, it will halt trading in the Shares until such time as the NAV is available to all market participants.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. BZX will allow trading in the Shares during all trading sessions on the Exchange. The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in BZX Rule 11.11(a) the minimum price variation for quoting and entry of orders in securities traded on the Exchange is \$0.01 where the price is greater than \$1.00 per share or \$0.0001 where the price is less than \$1.00 per share. The Shares of the Trust will conform to the initial and continued listing criteria set forth in BZX Rule 14.11(e)(4).

Surveillance

The Exchange represents that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. Trading of the Shares through the Exchange will be subject to the Exchange's surveillance procedures for derivative products, including Commodity-Based Trust Shares. FINRA conducts certain cross-market surveillances on behalf of the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement.

The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares or any other XRP derivative with other markets and other entities that are members of the Intermarket Surveillance Group ("ISG"), and the Exchange, or FINRA, on behalf of the Exchange, or both, may obtain trading information regarding trading in the Shares or any other XRP derivative from such markets and other entities.²⁵ The Exchange may obtain information regarding trading in the Shares or any other XRP derivative via ISG, from other exchanges who are members or affiliates of the ISG, or with which the Exchange

has entered into a comprehensive surveillance sharing agreement.

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

The Sponsor has represented to the Exchange that it will advise the Exchange of any failure by the Trust or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Exchange Act, the Exchange will surveil for compliance with the continued listing requirements. If the Trust or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12.

Information Circular

Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following:

(i) the procedures for the creation and redemption of Creation Baskets (and that the Shares are not individually redeemable);

(ii) BZX Rule 3.7, which imposes suitability obligations on Exchange members with respect to recommending transactions in the Shares to customers;

(iii) how information regarding the IIV and the Trust's NAV are disseminated;

(iv) the risks involved in trading the Shares outside of Regular Trading Hours when an updated IIV will not be calculated or publicly disseminated;

(v) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and

(vi) trading information.

The Information Circular will also reference the fact that there is no regulated source of last sale information regarding XRP, and that the Commission has no jurisdiction over the trading of XRP as a commodity.

In addition, the Information Circular will advise members, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Shares. Members purchasing the Shares for resale to investors will deliver a prospectus to such investors. The Information Circular will also discuss any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act²⁶ in general and Section 6(b)(5) of the Act²⁷ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Commission has approved numerous series of Trust Issued Receipts,²⁸ including Commodity-Based Trust Shares,²⁹ to be listed on U.S. national securities exchanges. In order for any proposed rule change from an exchange to be approved, the Commission must determine that, among other things, the proposal is consistent with the requirements of Section 6(b)(5) of the Act, specifically including: (i) the requirement that a national securities exchange's rules are designed to prevent fraudulent and manipulative acts and practices;³⁰ and (ii) the requirement that an exchange

proposal be designed, in general, to protect investors and the public interest. The Exchange believes that this proposal is consistent with the requirements of Section 6(b)(5) of the Act and that this filing sufficiently demonstrates that potential policy concerns under the Act are sufficiently mitigated to the point that they are outweighed by quantifiable investor protection issues that would be resolved by approving this proposal.

The Commission has recently applied the Winklevoss Test to recognize that the "regulated market of significant size" standard is not the only means for satisfying Section 6(b)(5) of the Act. Instead, the Commission has acknowledged that a listing exchange could demonstrate that "other means to prevent fraudulent and manipulative acts and practices" are sufficient to justify dispensing with the requisite surveillance-sharing agreement.³¹ There is currently no futures market for XRP, but the existence of a futures market of significant size is not a prerequisite for preventing fraudulent and manipulative acts and practices. In the Spot Bitcoin ETF Approval Order and Spot ETH ETF Approval Order the Commission determined that the CME bitcoin futures market and CME ETH futures market, respectively, were not of "significant size" related to the spot market. Instead, the Commission found that sufficient "other means" of preventing fraud and manipulation had been demonstrated that justified dispensing with a surveillance-sharing agreement of significant size. The Exchange and Sponsor believe that this proposal provides for other means of preventing fraud and manipulation that justify dispensing with a surveillance-sharing agreement of significant size.

The Exchange believes that the proposal is designed to protect investors and the public interest. Over the past several years, U.S. investor exposure to XRP, through OTC XRP Funds and digital asset trading platforms, has grown into billions of dollars with a fully diluted market cap of greater than \$176 billion. The Exchange believes that approving this proposal (and comparable proposals) provides the Commission with the opportunity to allow U.S. investors with access to XRP in a regulated and transparent exchange-

traded vehicle that would act to limit risk to U.S. investors by: (i) reducing premium and discount volatility; (ii) reducing management fees through meaningful competition; and (iii) providing an alternative to custodial spot XRP.

The Exchange believes that the policy concerns are mitigated by the fact that the size of the market for the underlying reference asset (\$176+ billion fully diluted value) and the nature of the XRP ecosystem reduce its susceptibility to manipulation. The geographically diverse and continuous nature of XRP trading makes it difficult and prohibitively costly to manipulate the price of XRP and, in many instances, the XRP market can be less susceptible to manipulation than the equity, fixed income, and commodity futures markets. There are a number of reasons why this is the case, including:

- the absence of inside information about revenue, earnings, corporate activities, or sources of supply;
- the fact that manipulation of the price on any single venue would require manipulation of the global XRP price in order to be effective;
- the existence of a substantial over-the-counter market that provides liquidity and shock-absorbing capacity;
- the fact that XRP's 24/7/365 nature provides constant arbitrage opportunities across all trading venues; and the low likelihood that any one actor could obtain a dominant market share.

Further, XRP is arguably less susceptible to manipulation than many physical commodities that underlie ETPs. For example, for physical commodities, there may be inside information relating to the supply of the physical commodity such as the discovery of new sources of supply or significant disruptions at mining facilities that supply the commodity—no such inside information is available for crypto assets on public, distributed networks, such as XRP. Further, the Exchange believes that the fragmentation across XRP trading platforms and increased adoption of XRP, as displayed through increased user engagement and trading volumes, and the distributed nature of the XRP network make manipulation of XRP prices through continuous trading activity more difficult. Moreover, the presence of arbitrageurs in the XRP markets means that the manipulation of the price of XRP price on any single venue would require manipulation of the global XRP price in order to be effective. Arbitrageurs must have funds distributed across multiple XRP trading platforms in order to take advantage of

²⁶ 15 U.S.C. 78f.

²⁷ 15 U.S.C. 78f(b)(5).

²⁸ See Exchange Rule 14.11(f).

²⁹ Commodity-Based Trust Shares, as described in Exchange Rule 14.11(e)(4), are a type of Trust Issued Receipt.

³⁰ Much like bitcoin and ETH, the Exchange believes that XRP is resistant to price manipulation and that "other means to prevent fraudulent and manipulative acts and practices" exist to justify dispensing with the requisite surveillance sharing agreement. The geographically diverse and continuous nature of XRP trading render it difficult and prohibitively costly to manipulate the price of XRP. The fragmentation across platforms and the capital necessary to maintain a significant presence on each trading platform make manipulation of XRP prices through continuous trading activity challenging. To the extent that there are trading platforms engaged in or allowing wash trading or other activity intended to manipulate the price of XRP on other markets, such pricing does not normally impact prices on other trading platforms because participants will generally ignore markets with quotes that they deem non-executable. Moreover, the linkage between XRP markets and the presence of arbitrageurs in those markets means that the manipulation of the price of XRP on any single venue would require manipulation of the global XRP price in order to be effective. Arbitrageurs must have funds distributed across multiple trading platforms in order to take advantage of temporary price dislocations, thereby making it unlikely that there will be strong concentration of funds on any particular trading platforms or OTC platform. Further, the speed and relatively inexpensive nature of transactions on the XRP network allow arbitrageurs to quickly move capital between trading platforms where price dislocations may occur. As a result, the potential for manipulation on a trading platform would require overcoming the liquidity supply of such arbitrageurs who are effectively eliminating any cross-market pricing differences.

³¹ See Winklevoss Order at 37580. The Commission has also specifically noted that it "is not applying a 'cannot be manipulated' standard; instead, the Commission is examining whether the proposal meets the requirements of the Exchange Act and, pursuant to its Rules of Practice, has placed the burden on the listing exchange to demonstrate the validity of its contentions and to establish that the requirements of the Exchange Act have been met." *Id.* at 37582.

temporary price dislocations, thereby making it unlikely that there will be strong concentration of funds on any particular XRP trading platform. As a result, manipulation on a particular XRP trading platform would require overcoming the liquidity supply of such arbitrageurs who are effectively eliminating any cross-market pricing differences. For all of these reasons, XRP is not particularly susceptible to manipulation, especially as compared to many other approved ETP reference assets.

Commodity-Based Trust Shares

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed on the Exchange pursuant to the initial and continued listing criteria in Exchange Rule 14.11(e)(4). The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. Trading of the Shares through the Exchange will be subject to the Exchange's surveillance procedures for derivative products, including Commodity-Based Trust Shares. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Trust or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Exchange Act, the Exchange will surveil for compliance with the continued listing requirements. If the Trust or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12. The Exchange may obtain information regarding trading in the Shares and listed XRP derivatives via the ISG, from other exchanges who are members or affiliates of the ISG, or with which the Exchange has entered into a comprehensive surveillance sharing agreement.

Availability of Information

In addition to the price transparency of the Pricing Benchmark, the Trust will provide information regarding the Trust's XRP holdings as well as additional data regarding the Trust. The website for the Trust, which will be publicly accessible at no charge, will contain the following information:

(j) the current NAV per Share daily and the prior business day's NAV per

Share and the reported BZX Official Closing Price;³²

(ii) the BZX Official Closing Price in relation to the NAV per Share as of the time the NAV is calculated and a calculation of the premium or discount of such price against such NAV per Share;

(iii) data in chart form displaying the frequency distribution of discounts and premiums of the BZX Official Closing Price against the NAV per Share, within appropriate ranges for each of the four previous calendar quarters (or for the life of the Trust, if shorter);

(iv) the prospectus; and
(v) other applicable quantitative information.

The aforementioned information will be published as of the close of business and available on the Sponsor's website at www.21shares.com, or any successor thereto. The NAV for the Trust will be calculated by the Administrator once a day and will be disseminated daily to all market participants at the same time. Quotation and last-sale information regarding the Shares will be disseminated through the facilities of the CTA. The Trust will also disseminate its holdings on a daily basis on its website.

The IIV will be updated during Regular Trading Hours to reflect changes in the value of the Trust's XRP holdings during the trading day. The IIV may differ from the NAV because NAV is calculated, using the closing value of the Pricing Benchmark, once a day at 4:00 p.m. Eastern time whereas the IIV draws prices from the last trade on each constituent platform to produce a relevant, real-time price. The IIV disseminated during Regular Trading Hours should not be viewed as an actual real-time update of the NAV, which will be calculated only once at the end of each trading day. The Trust will provide an IIV per Share updated every 15 seconds, as calculated by the Exchange or a third-party financial data provider during the Exchange's Regular Trading Hours. The IIV will be widely disseminated on a per Share basis every 15 seconds during the Exchange's Regular Trading Hours through the facilities of the CTA and CQS high speed lines. In addition, the IIV will be available through on-line information services such as Bloomberg and Reuters.

The price of XRP will be made available by one or more major market data vendors, updated at least every 15 seconds during Regular Trading Hours.

³² As defined in Rule 11.23(a)(3), the term "BZX Official Closing Price" shall mean the price disseminated to the consolidated tape as the market center closing trade.

Information about the Pricing Benchmark and Pricing Benchmark value, including key elements of how the Pricing Benchmark is calculated, will be publicly available at https://www.cfbenchmarks.com/data/indices/XRPUSD_NY.

Quotation and last sale information for XRP is widely disseminated through a variety of major market data vendors, including Bloomberg and Reuters. Information relating to trading, including price and volume information, in XRP is available from major market data vendors and from the trading platforms on which XRP are traded. Depth of book information is also available from XRP trading platforms. The normal trading hours for XRP trading platforms are 24 hours per day, 365 days per year.

Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's BZX Official Closing Price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last-sale information regarding the Shares will be disseminated through the facilities of the CTA.

In sum, the Exchange believes that this proposal is consistent with the requirements of Section 6(b)(5) of the Act, that on the whole the manipulation concerns previously articulated by the Commission are sufficiently mitigated to the point that they are outweighed by investor protection issues that would be resolved by approving this proposal.

The Exchange believes that the proposal is, in particular, designed to protect investors and the public interest. Investor protection issues for U.S. investors have grown significantly over the last several years, through premium/discount volatility and management fees for OTC XRP Funds. As discussed in this proposed rule filing, these investor protection concerns need to be re-evaluated alongside the prevention of fraudulent and manipulative acts and practices concerns that previous disapproval orders have relied upon.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance

of the purpose of the Act. The Exchange notes that the proposed rule change, rather will facilitate the listing and trading of an additional exchange-traded product that will enhance competition among both market participants and listing venues, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

A. by order approve or disapprove such proposed rule change, or

B. institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change, as modified by Amendment No. 1, is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-CboeBZX-2025-021 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to file number SR-CboeBZX-2025-021. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent

amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-CboeBZX-2025-021 and should be submitted on or before March 14, 2025.

Self-Regulatory Organizations; Miami International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 402, Criteria for Underlying Securities, To List and Trade Options on the Goldman Sachs Physical Gold ETF and Amend the Names of Certain Trusts To Reflect Their Current Names

February 14, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 6, 2025, Miami International Securities Exchange, LLC ("Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Item I below, which Item has been

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 402, Criteria for Underlying Securities, to list and trade options on the Goldman Sachs Physical Gold ETF ("AAAU" or "Goldman Sachs ETF") and amend the names of certain trusts to reflect their current names.

The proposed rule change, including the Exchange's statement of the purpose of, and statutory basis for, the proposed rule change, is available on the Exchange's website at <https://www.miaxglobal.com/markets/us-options/miax-options/rule-filings> and on the Commission's website at https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking/national-securities-exchanges?file_number=SR-MIAX-2025-04.

II. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)⁴ thereunder. Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6)⁶ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)⁷ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),⁸ the Commission may designate a shorter time if such action is consistent with protection of investors and the public interest. The Exchange has asked the Commission to

⁴ 17 CFR 240.19b-4(f)(6).

⁵ 15 U.S.C. 78s(b)(3)(A).

⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁷ 17 CFR 240.19b-4(f)(6).

⁸ 17 CFR 240.19b-4(f)(6)(iii).

waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because rules of other options exchanges permit the listing and trading of options on the Goldman Sachs ETF and the proposal does not introduce any novel regulatory issues. Accordingly, the Commission designates the proposed rule change to be operative upon filing.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.¹⁰ Comments may be submitted electronically by using the Commission's internet comment form (https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking/national-securities-exchanges?file_number=SR-MIAX-2025-04) or by sending an email to rule-comments@sec.gov. Please include file number SR-MIAX-2025-04 on the subject line. Alternatively, paper comments may be sent to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to file number SR-MIAX-2025-04. To help the Commission process and

⁹ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁰ Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange.

Self-Regulatory Organizations; MIAX Sapphire, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 402, Criteria for Underlying Securities, To List and Trade Options on the Goldman Sachs Physical Gold ETF and Amend the Names of Certain Trusts To Reflect Their Current Names

February 14, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 6, 2025, MIAX Sapphire, LLC ("Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Item I below, which Item has been substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 402, Criteria for Underlying Securities, to list and trade options on the Goldman Sachs Physical Gold ETF ("AAAU" or "Goldman Sachs ETF") and amend the names of certain trusts to reflect their current names.

The proposed rule change, including the Exchange's statement of the purpose of, and statutory basis for, the proposed rule change, is available on the Exchange's website at <https://www.miaxglobal.com/markets/us-options/miax-sapphire/rule-filings> and on the Commission's website at https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking/national-securities-exchanges?file_number=SR-SAPPHIRE-2025-06.

II. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)⁴ thereunder. Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6)⁶ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)⁷ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),⁸ the Commission may designate a shorter time if such action is consistent with protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the

public interest because rules of other options exchanges permit the listing and trading of options on the Goldman Sachs ETF and the proposal does not introduce any novel regulatory issues. Accordingly, the Commission designates the proposed rule change to be operative upon filing.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.¹⁰ Comments may be submitted electronically by using the Commission's internet comment form (https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking/national-securities-exchanges?file_number=SR-SAPPHIRE-2025-06) or by sending an email to rule-comments@sec.gov. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-102429; File No. SR-PEARL-2025-04]

Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 402, Criteria for Underlying Securities, To List and Trade Options on the Goldman Sachs Physical Gold ETF and Amend the Names of Certain Trusts To Reflect Their Current Names

February 14, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 6, 2025, MIAX PEARL, LLC (“Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Item I below, which Item has been substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 402, Criteria for Underlying Securities, to list and trade options on the Goldman Sachs Physical Gold ETF (“AAAU” or “Goldman Sachs ETF”) and amend the names of certain trusts to reflect their current names.

The proposed rule change, including the Exchange’s statement of the purpose

of, and statutory basis for, the proposed rule change, is available on the Exchange’s website at <https://www.miaxglobal.com/markets/us-equities/pearl-equities/rule-filings> and on the Commission’s website at https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking/national-securities-exchanges?file_number=SR-PEARL-2025-04.

II. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)⁴ thereunder. Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6)⁶ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)⁷ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),⁸ the Commission may designate a shorter time if such action is consistent with protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because rules of other options exchanges permit the listing and trading of options on the Goldman Sachs ETF and the proposal does not introduce any novel regulatory issues. Accordingly, the Commission designates the proposed rule change to be operative upon filing.⁹

⁵ 15 U.S.C. 78s(b)(3)(A).

⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁸ 17 CFR 240.19b-4(f)(6)(iii).

⁹ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule’s impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.¹⁰ Comments may be submitted electronically by using the Commission’s internet comment form (https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking/national-securities-exchanges?file_number=SR-PEARL-2025-04) or by sending an email to rule-comments@sec.gov. DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD–2020–0127]

Deepwater Port License Application: Blue Marlin LLC (BMOP)—Draft Environmental Impact Statement

AGENCY: Maritime Administration, U.S. Department of Transportation

ACTION: Notice of availability; notice of public meeting; request for comments.

SUMMARY: The U.S. Coast Guard (USCG) and the Maritime Administration announce the start of the comment period and the public meeting for the Draft Environmental Impact Statement (DEIS) for the BMOP LLC (BMOP) deepwater port license application for the export of oil from the United States to nations abroad. The BMOP application proposes the ownership,

construction, operation, and eventual decommissioning of an offshore oil export deepwater port that would be located within and adjacent to the Outer Continental Shelf (OCS) in West Cameron Lease Blocks (WC) 509 and 508 and East Cameron (EC) Block 263. Following the existing Stingray pipeline, the DWP will be approximately 99 statute miles off the coast of Cameron Parish, Louisiana, with an approximate water depth of 162 feet. The deepwater port would allow for loading Very Large Crude Carriers (VLCCs) and other sized crude oil cargo carriers via a Catenary Anchor Leg Mooring (CALM).

DATES: The USCG and MARAD will hold two public meetings in connection with the BMOP deepwater port license application. The first public meeting will be held on March 11, 2025, from 6 p.m. to 8 p.m. central time in the Cameron Parish Police, Jury West Annex, 148 Smith Circle, Cameron, LA. The second public meeting will be held on March 12, 2025, from 6 p.m. to 8 p.m. central time in the Bob Bowers Civic Center, 3401 Cultural Center Drive, Port Arthur, TX 77640. Each public meeting will be preceded by an Informational Open House, which will take place between 5 p.m. and 6 p.m. central time. Depending on the number of persons who wish to comment on the record, the meetings may end later than the stated time. Anyone interested in attending or speaking during the meetings must register. Registration information is provided in the Public Participation section of this Notice.

ADDRESSES: Comments on the DEIS should be submitted to the U.S. Department of Transportation’s Docket Management Facility or online to www.regulations.gov under docket number MARAD–2020–0127 no later than 45 days after this **Federal Register** Notice publishes. The address of the Docket Management Facility is as follows: U.S. Department of Transportation, MARAD–2020–0127, 1200 New Jersey Avenue SE, West Building, Room W12–140, Washington, DC 20590. Improperly submitted comments may not be considered.

FOR FURTHER INFORMATION CONTACT: Mrs. Martha Mannion, Project Manager, USCG, telephone: 202–372–4500, email: DeepwaterPorts@USCG.mil; or Dr. Efrain Lopez, Transportation Industry Analyst, Office of Deepwater Ports and Port Conveyance, MARAD, telephone: 202–366–4000, email: Deepwater.Ports@DOT.gov.

Please include “MARAD–2020–0127, BMOP Comment” in the subject line of the message. For written comments and

other material submissions, please follow the directions under the “*How do I submit comments?*” question in the Public Participation section of this notice.

SUPPLEMENTARY INFORMATION:

Prior Federal Actions

On October 1, 2020, USCG and MARAD received an application from Blue Marlin Offshore Port LLC (BMOP) for Federal authorizations required for a license to own, construct, and operate a deepwater port for the export of oil as authorized by the Deepwater Port Act of 1974, as amended, 33 U.S.C. 1501 *et seq.* (the Act), and implemented under 33 Code of Federal Regulations (CFR) parts 148, 149, and 150.

A Notice of Application that summarized the BMOP Deepwater Port License Application was published in the **Federal Register** on November 4, 2020 (85 FR 70233). A Notice of Intent to Prepare an Environmental Impact Statement (EIS) and a Notice of Public Scoping Meeting were published in the **Federal Register** on November 5, 2020 (85 FR 70707). The Federal agencies involved held a public scoping meeting in connection with the evaluation of the BMOP license application. The meetings were held virtually for the communities of Cameron Parish, Louisiana, and Jefferson and Orange County, Texas, on December 2, 2020, and December 3, 2020, from 6:00 p.m. to 8:00 p.m. Central Standard Time (CST). The public scoping meeting summary report is included on the public docket located at <https://www.regulations.gov/document/MARAD-2020-0127-0035>.

Summary of the License Application

BMOP is proposing to construct, own, and operate a deepwater port terminal in the Gulf of America to export domestically produced crude oil. Use of the deepwater port would include the loading of various grades of crude oil at flow rates of up to 80,000 barrels per hour (bph). The BMOP deepwater port would allow for up to one (1) Very Large Crude Carrier (VLCCs) or other crude oil carrier to moor at the catenary anchor leg mooring (CALM) and connect with the deepwater port via floating connecting crude oil hoses. The maximum frequency of loading VLCCs or other crude oil carriers would be approximately 2 million barrels per day (1,920,000), 365 days per year.

The overall project would consist of offshore and marine components as well as onshore components as described below.

The BMOP deepwater port offshore and marine components would consist of the following:

Two new CALM Buoys installed, one in WC 508 (CALM Buoy No. 1) and the other in EC 263 (CALM Buoy No. 2). The CALM Buoys will be anchored to the seafloor via an engineered mooring system capable of accommodating mooring forces exerted by a VLCC or other large seafaring vessels during loading operations. Two 24-inch diameter floating hoses will be connected to each CALM Buoy. The hoses will be approximately 1,500 feet long and used for loading operations.

Two new PLEMs installed and anchored on the seafloor. Two 24-inch undersea flexible hoses will be connected to each PLEM and associated CALM Buoy.

Two Crude Oil Loading Pipelines, approximately 4,710 feet long to PLEM/CALM Buoy No. 1 and 6,085 feet long to PLEM/CALM Buoy No. 2, installed from the WC 509 Platform Complex to the PLEM and CALM locations, one for each PLEM and CALM Buoy. The pipelines will be installed with the top of pipe at least three feet below the natural seafloor.

New MLV on WC 148 Platform;

Two new 36-inch risers connected to the Crude Oil Loading Pipelines on WC 509B Platform;

New control room on WC 509B Platform;

Three new pig barrels, one on the WC 509A Platform and two on WC 509B Platform;

Meter station for crude oil on the WC 509B Platform;

New living quarters (LQ) and heliport on the WC 509C Platform;

Surge valves and tank on the WC 509B Platform; and

New ancillary equipment for the 509 Platform (e.g., power generators, instrument/utility air system, fuel tanks, AC units, freshwater makers, firewater system, seawater and freshwater system, sewage treatment unit, fuel gas system, diesel system, closed drain system, open drain system, hydraulic power unit, hypochlorite system, cranes, communications tower and system, radar) to support the operation of the offshore facilities.

The BMOP deepwater port would consist of the following:

Safety Zone—The Applicant is requesting that the USCG Captain of the Port establish a Safety Zone around the entire DWP operations area. Generally, a DWP Safety Zone would only be open to entry for VLCCs or other crude oil carriers prepared for connection for loading of crude oil, and the necessary service vessels supporting that process.

Anchorage area—Existing USCG-designated anchorage areas will be utilized for VLCCs (or other crude carriers) awaiting mooring at a CALM Buoy or if they must disconnect from the CALM Buoys for safety reasons.

Support vessel mooring area—A designated Service Vessel Mooring Area will be established by the Applicant in proximity to the offshore WC 509 facilities.

Temporary pre-fabrication yards—Component fabrication will occur at multiple existing fabrication facilities within the GOA coastal region.

Support facilities—Facilities within the GOA coastal region providing support for offshore operations and maintenance activities (e.g., helicopters, supply vessels, work boats, equipment suppliers, and maintenance workers).

Request for Comments

You are encouraged to provide comments on the proposed action and the environmental impact analysis contained in the DEIS for the proposed BMOP deepwater port. We encourage you to review the information on the project's docket located online at www.regulations.gov under docket number MARAD-2020-0127.

Please see the information in the Public Participation section below on how to properly submit comments. All comments submitted to the docket via www.regulations.gov or delivered to the Federal Docket Management Facility will be posted, without change, to the Federal Docket Management Facility website (www.regulations.gov) and will include any personal information you provide. Therefore, submitting such information makes it public. You may wish to read the Privacy and Use Notice available on the www.regulations.gov website and the Department of Transportation (DOT) Privacy Act Notice that appeared in the **Federal Register** on April 11, 2000 (65 FR 19477), see Privacy Act section of this Notice. You may view docket submissions at the DOT Docket Management Facility or electronically at the www.regulations.gov website.

Public Meeting Information

You are invited to attend the Public Meeting and encouraged to provide comments on the BMOP deepwater port application. Speakers are requested to register for the Public Meeting. Registration instructions are listed under the “*How do I register to speak at the public meeting?*” section under the Public Participation section of this notice. Speakers will be recognized in the following order during the Public Meeting: elected officials, public agency

representatives, and then individuals or groups in the order in which they registered. In order to accommodate all speakers, speakers' time may be limited, meeting hours may be extended, or both. Speakers' transcribed remarks will be included in the public docket. You may also submit written material for inclusion in the public docket. Written material must include the author's name. We ask attendees to respect the meeting procedures to ensure a constructive information-gathering session. The presiding officer will use their discretion to conduct the meeting in an orderly manner.

The Public Meeting will be conducted in English, Spanish, and Vietnamese in Texas and English in Louisiana. Public Meeting attendees who require special assistance, such as translation services or other reasonable accommodation, please notify the USCG or MARAD (see **FOR FURTHER INFORMATION CONTACT**) at least five business days in advance. Please include contact information as well as information about specific needs.

How do I prepare comments?

To ensure that your comments are correctly filed in the Docket, please include the docket number (MARAD-2020-0127) shown at the beginning of this document in your comments. If you are submitting comments electronically as a .pdf (Adobe Acrobat) File, the USCG and MARAD ask that the documents be submitted using the Optical Character Recognition (OCR) process, thus allowing the agencies to search and copy certain portions of your submissions.

Please note that pursuant to the Data Quality Act, for substantive data to be relied upon and used by the agency, it must meet the information quality standards set forth in the Office of Management and Budget (OMB) and Department of Transportation (DOT) Data Quality Act guidelines. Accordingly, we encourage you to consult the guidelines in preparing your comments. OMB's guidelines may be accessed at www.whitehouse.gov/omb/fedreg/reproducible.html. DOT's guidelines may be accessed at www.bts.gov/programs/statistical_policy_and_research/data_quality_guidelines.

How do I submit comments?

You may submit comments for the BMOP deepwater license application DEIS (identified by DOT Docket Number MARAD-2020-0127) by any one of the following methods:

Mail or Hand Delivery: The Docket Management Facility is in the West Building, Ground Floor of the U.S. Department of Transportation. The Docket Management Facility location address is U.S. Department of Transportation, MARAD–2020–0127, 1200 New Jersey Avenue SE, West Building, Room W12–140, Washington, DC 20590. Call 202–493–0402 to determine facility hours prior to hand delivery.

Federal eRulemaking Portal: Go to www.regulations.gov. Search “MARAD–2020–0127” and follow the instructions for submitting comments.

Fax: Comments may be faxed to the Docket Management Facility at 202–493–2251. Your comment must include the docket number (MARAD–2020–0127) to be placed to the proper docket.

Note: If you mail or hand-deliver your comments, we recommend that you include your name and a mailing address, an email address, and/or a telephone number on a cover page so that we can contact you if we have questions regarding your submission. All submissions received must include the agency name and specific docket number to ensure your comment is filed in the appropriate docket. All comments received will be posted without change to the docket at www.regulations.gov, including any personal information provided. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. The instructions listed in this section are the only methods in which comments will be accepted for submission to the docket. It is the commenter's responsibility to comply with the instructions above to ensure that their comments are properly submitted for consideration and review. Comments that are submitted in any other manner and to any other location may not be considered.

What will happen if I submit comments in any other manner?

Comments that are not submitted directly to the Docket Management Facility using the methods specified and outlined within this **Federal Register** notice may not be considered. It is the commenter's responsibility to comply with the instructions above to ensure that their comments are properly submitted for review.

How long do I have to submit comments?

The comment period for the public to submit comments will commence with the publication of this **Federal Register** Notice and will end 45 calendar days from this date. *I provided the USCG and MARAD comments on the BMOP scoping meeting orally or in writing, in another forum. May I provide comments in response to this notice as well?*

Yes, the USCG and MARAD encourage any member of the public to submit relevant comments for the docket, including input that has previously been communicated to the agencies.

How can I be sure that my comments sent by mail were received?

If you wish for Docket Management to notify you upon its receipt of your comments, enclose a self-addressed, stamped postcard in the envelope containing your comments. Upon receiving your comments, Docket Management will return the postcard by mail.

Will the Agency consider late comments?

The USCG and MARAD will review all substantive comments that Docket

Management receives before the close of business on the comment closing date indicated above under the **DATES** section. Comments submitted outside the comment period may not be considered.

How can I read the comments submitted by other people?

You may read the comments received by Docket Management at the address given above under the **ADDRESSES** section of this Notice. The hours of the Docket Management Unit are indicated above in the same location. You may also see the comments on the internet. To read the comments on the internet, go to www.regulations.gov. Follow the online instructions for accessing the dockets.

How do I register to speak at the public meeting?

You may register for the proceedings onsite prior to or during the public meeting. No pre-registration is required.

Privacy Act

Anyone can search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment if submitted on behalf of an association, business, labor union, etc.). For information on DOT's compliance with the Privacy Act, visit www.transportation.gov/privacy.
