

Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

q. The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, Tribal members, and others access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: April 28, 2025.

Debbie-Anne A. Reese,
Secretary.

[Project No. 2392-041]

Ampersand Gilman Hydro, LP; Notice of Intent To Prepare an Environmental Assessment

On March 29, 2022, Ampersand Gilman Hydro, LP filed a relicense application for the 4.95-megawatt Gilman Hydroelectric Project No. 2392 (project). The project is located on the Connecticut River and straddles the Village of Gilman, within the Town of

Lunenburg, Essex County, Vermont, and the Town of Dalton, Coos County, New Hampshire.

In accordance with the Commission's regulations, on November 27, 2024, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to relicense the project.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA ..	April 23, 2026.
Comments on EA	May 25, 2026.

Any questions regarding this notice may be directed to Ousmane Sidibe at (202) 502-6245 or Ousmane.Sidibe@ferc.gov.

Dated: April 23, 2025.

[Docket No. CP25-219-000]

Gulf South Pipeline Company, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on April 16, 2025, Gulf South Pipeline Company, LLC (Gulf South), 9 Greenway Plaza, Suite 2800, Houston, TX 77046, filed an application under sections 7(c) and 7(e) of the Natural Gas Act (NGA) and part 157 of the Commission's regulations requesting authorization for its Southeast Compression Utility and Reliability Expansion Project (Project). The Project consists of adding additional compression at three existing compressor stations in Madison Parish, LA, Jasper and Forrest Counties, MS, and construct one new greenfield compressor station in Hinds County, MS. The Project will create 280,000 dekatherms per day (Dth/d) of new firm transportation capacity on Gulf South's system. Gulf South estimates the total cost of the Project to be \$216,000,000 and proposes incremental rates treatment for the Project, all as more fully set forth in the application which is on file with the Commission and open for public inspection.
