

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, USCG–2024–0882, and must be received by June 4, 2025.

Submitting Comments

We encourage you to submit comments through the Federal eRulemaking Portal at <https://www.regulations.gov>. If your material cannot be submitted using <https://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice, and all public comments, are in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. We review all comments received, but we may choose not to post off-topic, inappropriate, or duplicate comments that we receive. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

We accept anonymous comments. Comments we post to [https://](https://www.regulations.gov)

www.regulations.gov will include any personal information you have provided. For more about privacy and submissions to the Coast Guard in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020). For more about privacy and submissions to OIRA in response to this document, see the <https://www.reginfo.gov>, comment-submission web page. OIRA posts its decisions on ICRs online at <https://www.reginfo.gov/public/do/PRAMain> after the comment period for each ICR. An OMB Notice of Action on each ICR will become available via a hyperlink in the OMB Control Number: 1625–0092.

Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (89 FR 82248, October 10, 2024) required by 44 U.S.C. 3506(c)(2). We received two submissions to the 60-day Notice that were supportive of our ICR. One commenter also provided specific notes to sections 1 through 4 of our supporting statement. We addressed those notes by updating the supporting statement. No comments concerned our burden estimate. Accordingly, no changes have been made to the burden estimate of the Collection.

DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: DHS OBIM Biometric Technology Assessments, OMB Control No. 1601-NEW

AGENCY: Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments.

SUMMARY: The Department of Homeland Security will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995.

DHS previously published this information collection request (ICR) in the **Federal Register** on Thursday, July 25, 2024 for a 60-day public comment period. One comment were received by DHS. The purpose of this notice is to allow additional 30-days for public comments.

DATES: Comments are encouraged and will be accepted until June 4, 2025. This process is conducted in accordance with 5 CFR 1320.10.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION: The Department of Homeland Security's (DHS) Office of Biometric Identity Management (OBIM) provides biometric compare, store, share, and analyze services to DHS and mission partners. In order to serve its mission partners, OBIM is focused on delivering accurate, timely, and high assurance biometric identity information and analysis. To achieve OBIM's overall goals and priorities, OBIM continually works to improve biometric services by keeping up with advancing biometrics in terms of new modalities, capabilities, and safeguarding information. OBIM is constantly investigating new developments to keep up with the speed of relevance and to support DHS operational missions through the development of standards for interagency implementation of biometrics.

Because OBIM is congressionally mandated to manage the operation of the department's primary biometric repository and identification system that is used to identify and verify individuals crossing U.S. borders, it is mandatory for homeland security that the types of biometrics used, the technologies that capture them, and the way that OBIM safeguards them are advancing at a pace that keeps in front of bad actors.

In the continuing appropriations act of 2013, OBIM was created from the former US-VISIT program to administer the DHS biometric database, as authorized by section 7208 of the Intelligence Reform And Terrorism Prevention Act of 2004 (8 U.S.C. 1365b). *See Consolidated And Further Continuing Appropriations Act of 2013, Public Law 113-6, 127 stat. 198 (2013).* The Senate Explanatory Statement for the appropriation explains that "OBIM is the lead entity within DHS responsible for biometric identity management services through its management of the Automated Biometric Identification System, or IDENT. OBIM assumes the most significant and cross-cutting responsibility from what was known as US-VISIT—namely to serve customers across DHS, at other Federal agencies, in State and local law enforcement, and overseas through storage of biometric identities, recurrent matching against derogatory information, and other
