

FEDERAL REGISTER

Vol. 90 Tuesday,
No. 86 May 6, 2025

Pages 19121–19246

OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.federalregister.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at www.govinfo.gov, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 1, 1 (March 14, 1936) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, gpocusthelp.com.

The annual subscription price for the **Federal Register** paper edition is \$860 plus postage, or \$929, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$330, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

How To Cite This Publication: Use the volume number and the page number. Example: 90 FR 12345.

Postmaster: Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Publishing Office, Washington, DC 20402, along with the entire mailing label from the last issue received.

Rules and Regulations

Federal Register

Vol. 90, No. 86

Tuesday, May 6, 2025

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2024-2322; Project Identifier MCAI-2024-00065-Q; Amendment 39-23002; AD 2025-07-01]

RIN 2120-AA64

Airworthiness Directives; Thommen Aircraft Equipment AG Digital Air Data Computers

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: The FAA is correcting an airworthiness directive (AD) that published in the **Federal Register**. The AD applies to certain Thommen Aircraft Equipment AG (THOMMEN) AC32 Digital Air Data Computers (ADCs). As published, there were typographical errors in the some of the aircraft models in the applicability table. This document corrects those errors. In all other respects, the original document remains the same.

DATES: This correction is effective May 15, 2025. The effective date of AD 2025-07-01 remains May 15, 2025.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of May 15, 2025 (90 FR 15304, April 10, 2025).

ADDRESSES:

AD Docket: You may examine the AD docket at *regulations.gov* under Docket No. FAA-2024-2322, or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this final rule, any comments received, and other information. The address for Docket Operations is U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

Material Incorporated by Reference:

- For THOMMEN AIRCRAFT EQUIPMENT material identified in this AD, contact THOMMEN, Hofackerstrasse 48, 4132 Muttenz, Switzerland; phone: +41 (0) 61 965 22 22; email: *sales@thommen.aero*; website: *thommen.aero*.

- You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 901 Locust, Kansas City, MO 64106. For information on the availability of this material at the FAA, call (817) 222-5110. It is also available at *regulations.gov* under Docket No. FAA-2024-2322.

FOR FURTHER INFORMATION CONTACT:

William Reisenauer, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; phone: (516) 228-7301; email: *9-AVS-AIR-BACO-COS@faa.gov*.

SUPPLEMENTARY INFORMATION: AD 2025-07-01, 39-23002 (90 FR 15304, April 10, 2025) (AD 2025-07-01) applies to certain part-numbered and serial-numbered THOMMEN AC32 ADCs and requires removing those ADCs from service. The ADCs are installed on, but not limited to, the aircraft models specified in table 1 to paragraph (c)(2) of the AD.

Need for the Correction

As published, three aircraft models contained typographical errors. Table 1 to paragraph (c)(2) of the AD referred to Airbus Helicopters Model “AS332L2” when the correct model is “AS332L2.” In addition, Table 1 to paragraph (c)(2) of the AD referred to Leonardo S.p.a. Model “A10A” and “1099SP” when the correct models are “A109A” and “AW109SP.” These aircraft model errors do not affect compliance with the AD because table 1 to paragraph (c)(2) of the AD provides some, but not all, aircraft models on which an applicable ADC may be installed.

Material Incorporated by Reference Under 1 CFR Part 51

The FAA reviewed THOMMEN AIRCRAFT EQUIPMENT Service Bulletin SB AC32/07, Revision 1.0, dated August 31, 2023 (THOMMEN SB AC32/07, Revision 1.0). This material specifies procedures for determining if an aircraft is equipped with an affected AC32 Digital ADC listed in Appendix A, determining if the actions specified in THOMMEN SB AC32/07, Revision 1.0,

were already accomplished, and replacing any affected THOMMEN AC32 Digital ADC.

This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

Correction of Publication

This document corrects three errors and correctly adds the AD as an amendment to 14 CFR 39.13. Although no other part of the preamble or regulatory information has been corrected, the FAA is publishing the entire rule in the **Federal Register**.

The effective date of this AD remains May 15, 2025.

Since this action only corrects three typographical errors and does not affect compliance with the AD, it has no adverse economic impact and imposes no additional burden on any person. Therefore, the FAA has determined that notice and public procedures are unnecessary.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration amends part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Corrected]

■ 2. The FAA amends § 39.13 by adding the following airworthiness directive:

2025-07-01 Thommen Aircraft Equipment
AG: Amendment 39-23002; Docket No. FAA-2024-2322; Project Identifier MCAI-2024-00065-Q.

(a) Effective Date

This airworthiness directive (AD) is effective May 15, 2025.

(b) Affected ADs

None.

(c) Applicability

(1) This AD applies to Thommen Aircraft Equipment AG (THOMMEN) AC32 Digital

Air Data Computers (ADCs) having an affected part as defined in paragraph (f)(1) of this AD.

(2) This appliance is installed on, but not limited to, the following aircraft models specified in table 1 to paragraph (c)(2) of this AD, certificated in any category.

TABLE 1 TO PARAGRAPH (c)(2)—APPLICABLE AIRCRAFT MODELS

Type certificate holder	Aircraft model
Airbus Defense and Space S.A. (type certificate previously held by Construcciones Aeronauticas, S.A.).	CN-235, CN-235-100, CN-235-200, and CN-235-300.
Airbus Helicopters	AS332C, AS332C1, AS332L, AS332L1, AS332L2.
Airbus Helicopters Deutschland GmbH (AHD)	EC635T2+.
Bell Textron Inc	212, 412, and 412EP.
Bombardier Inc	CL-600-1A11 (600).
Columbia Helicopters Inc	107-II, 234.
General Atomics Aerotek Systems GmbH (type certificate formerly held by DORNIER LUFTFAHRT Inc.).	228-100, 228-101, 228-200, 228-201, 228-202, and 228-212.
Gulfstream Aerospace LP	Westwind Astra 1124 (serial numbers 004-0410).
International Air Response	C-130A.
Kawasaki Heavy Industries, Limited	KV107-II.
Leonardo S.p.a	A109, A109A, A109A II, A109C, A109K2, A109S, AW109SP, AW139, and AW189.
Textron Aviation Inc	200, 300, 500, 501, 550, and 551.
Viking Air Limited	CL-215-6B11 (CL-215T Variant).

(3) This appliance is approved for installation and could be installed on various aircraft modified by Supplemental Type Certificate (STC) No. SR09595RC or ST01523WI.

(d) Subject

Joint Aircraft System Component (JASC) Code 3417, Air Data Computer.

(e) Unsafe Condition

This AD was prompted by occurrences of AC32 Digital ADCs that stopped functioning due to the power module failing at temperatures below -20 degrees Celsius. The unsafe condition, if not addressed, could result in insufficient navigational data provided to the flight crew, resulting in reduced control of the aircraft.

(f) Definitions

For the purpose of this AD the definitions in paragraphs (f)(1) through (4) of this AD apply:

(1) *Affected part*: THOMMEN AC32 Digital ADCs, part numbers (P/N) AC32.10.21.10.XX, AC32.10.21.11.XX, AC32.11.21.10.XX, and AC32.11.21.11.XX (where XX represents any alpha/numerical sequence), and having a serial number (S/N) listed in Appendix A of THOMMEN AIRCRAFT EQUIPMENT Service Bulletin SB AC32/07, Revision 1.0, dated August 31, 2023 (THOMMEN SB AC32/07 Revision 1.0).

(2) *Serviceable part*: Any AC32.(X) Digital ADC that is not an affected part; or an affected part where the power module has been replaced by THOMMEN, in accordance with the instructions of THOMMEN SB AC32/07 Revision 1.0.

(3) *Group 1 aircraft*: Have an affected part installed.

(4) *Group 2 aircraft*: Do not have an affected part installed but are eligible for AC32.(X) Digital ADC installation.

(g) Compliance

Comply with this AD within the compliance times specified, unless already done.

(h) Required Actions

For Group 1 aircraft: Within 12 months after the effective date of this AD, remove each affected part from service and replace it with a serviceable part in accordance with paragraph 3.A. of the Accomplishment Instructions in THOMMEN SB AC32/07 Revision 1.0, except where this material specifies to send the removed affected part to the manufacturer, this AD does not require that action.

(i) Parts Installation Prohibition

For Group 1 and 2 aircraft: As of the effective date of this AD, do not install an affected part on any aircraft.

(j) Special Flight Permits

A one-time special flight permit may be issued in accordance with 14 CFR 21.197 and 21.199 in order to fly to a maintenance base to perform the required action in this AD, provided a flight profile above -15 degrees Celsius (5 degrees Fahrenheit) is maintained.

(k) Alternative Methods of Compliance (AMOCs)

(1) The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Validation Branch, send it to the attention of the person identified in paragraph (l) of this AD and email to: AMOC@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(l) Additional Information

For more information about this AD, contact William Reisenauer, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; phone: (516) 228-7301; email: 9-AVS-AIR-BACO-COS@faa.gov.

(m) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference of the material listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this material as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(3) The following material was approved for IBR on May 15, 2015 (90 FR 15304, April 10, 2025).

(i) Thommen Aircraft Equipment Service Bulletin SB AC32/07, Revision 1.0, dated August 31, 2023.

(ii) [Reserved]

BILLING CODE 4910-13-P

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 100**

[Docket No. USCG–2025–0273]

Special Local Regulation: Miami Beach Air and Sea Show, Atlantic Ocean, Miami Beach, FL**AGENCY:** Coast Guard, DHS.**ACTION:** Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce a special local regulation for the Miami Beach Air and Sea Show from May 24 through May 25, 2025, to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Seventh Coast Guard District identifies the regulated area for this event in Miami Beach, FL. During the enforcement periods, no person or vessel may enter, transit through, anchor in, or remain within the regulated area unless authorized by the Coast Guard Patrol Commander or a designated representative.

DATES: The regulation in 33 CFR 100.702 will be enforced for the Low Country Splash regulated area listed in item no. 2 in table 1 to § 100.702, daily from 9 a.m. until 5 p.m., on May 24 and 25, 2025.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or email Mr. Robert M. Olivás, Sector Miami Waterways Management Division, U.S. Coast Guard; telephone 305–535–4317, email Robert.M.Olivás@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce a special local regulation in 33 CFR 100.702 for the Miami Beach Air and Sea Show regulated area listed in item no. 2 in table 1 to § 100.702, daily from 9 a.m. until 5 p.m., on May 24 and 25, 2025. This action is being taken to provide for the safety of life on navigable waterways during the event. Our regulation for Marine Events within the Captain of the Port Miami, § 100.702, table 1 to § 100.702, item no. 2, specifies the location of the Miami Beach Air and Sea Show which encompasses a portion of the Atlantic Ocean east of Miami Beach. Under the provisions of § 100.702(c), only event sponsor, designated participants, and official patrol vessels are allowed to enter the regulated area, unless otherwise authorized by the COTP Miami or Designated Representative.

Under the provisions of § 100.702(c), spectator vessels may safely transit outside the regulated area, but may not anchor, block, loiter in, impede the transit of festival participants or official patrol vessels or enter the regulated area without approval from the Coast Guard Patrol Commander or a designated representative. The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation. In addition to this notice of enforcement in the **Federal Register**, the Coast Guard will provide notice of the regulated area via Local Notice to Mariners, Marine Safety Information Bulletins, Broadcast Notice to Mariners, and on-scene designated representatives.

Dated: April 28, 2025.

F.J. Florio,*Captain, U.S. Coast Guard, Captain of the Port Miami.*

[FR Doc. 2025–07800 Filed 5–5–25; 8:45 am]

BILLING CODE 9110–04–P**DEPARTMENT OF HOMELAND SECURITY****Coast Guard****33 CFR Part 165**

[Docket No. USCG–2025–0354]

Safety Zones; Recurring Safety Zones in Captain of the Port Northern Great Lakes Zone**AGENCY:** Coast Guard, DHS.**ACTION:** Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce various safety zones for maritime events in the Captain of the Port Northern Great Lakes. Enforcement of these safety zones is necessary to protect the safety of life and property on the navigable waters immediately prior to, during, and immediately after this event. During the period, the Coast Guard will enforce restrictions upon, and control movement of, vessels in a specified area immediately prior to, during, and immediately after events. During each enforcement period, vessels must stay out of the established safety zone and may only enter with permission from the designated representative of the Captain of the Port Northern Great Lakes.

DATES: The regulations in 33 CFR 165.918 will be enforced for the safety zones identified in the **SUPPLEMENTARY INFORMATION** section on the dates and times specified.

FOR FURTHER INFORMATION CONTACT: If you have questions about this publication, call or email Waterways Management division, LT Rebecca Simpson, Coast Guard Sector Northern Great Lakes, U.S. Coast Guard; telephone 906–635–3223, email ssmprevention@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the following annual safety zones in the Captain of the Port Northern Great Lakes Zone listed in table to 33 CFR 165.918:

Event No. (2): Jordan Valley Freedom Festival Fireworks (East Jordan, MI) from 10 p.m. to 10:30 p.m. on June 28, 2025 with a rain date of June 29, 2025).

Event No. (3): Grand Marais Splash In (Grand Marais, MI) from 1 p.m. to 5 p.m. on June 14, 2025.

Event No. (4): Festival of Fireworks Celebration Fireworks (St. Ignace, MI) from 8:30 p.m. to 9:30 p.m., beginning every Saturday from June 28, 2025 through August 30, 2025.

Event No. (6): National Cherry Festival Airshow (Traverse City, MI) from noon to 4 p.m. on June 28, 2025.

In accordance with the requirements in § 165.918, entry into, transiting, or anchoring within any of the safety zones is prohibited unless authorized by the Captain of the Port (COTP) Northern Great Lakes or a designated representative. Those seeking permission to enter the safety zones may request permission from the COTP Northern Great Lakes or a designated representative. Vessels and persons granted permission to enter the safety zones must obey all lawful orders or directions of the Captain of the Port Northern Great Lakes or a designated representative. While within the safety zones, all vessels must operate at the minimum speed necessary to maintain a safe course.

In addition to this notice of enforcement in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via Broadcast Notice to Mariners or Local Notice to Mariners. If the COTP Northern Great Lakes determines that the safety zones need not be enforced for the full duration stated in this notice, he or she may suspend such enforcement and notify the public of the suspension via Broadcast Notice to Mariners and grant general permission to enter the safety zones.

Dated: April 24, 2025.

J.R. Bendle,*Captain, U.S. Coast Guard, Captain of the Port Sector Northern Great Lakes.*

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[USCG–2025–0014]

RIN 1625–AA00

Safety Zone; Gulf of America, Pass A Loutre State Wildlife Management Area

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone one nautical mile in all directions around well #59 at approximate position 29°04'28.919" N, 089°10'48.720" W, near the Pass A Loutre State Wildlife Management Area. The safety zone is needed to protect persons and critical infrastructure from the potential contamination due to an oil spill in the Gulf of America. Entry of vessels or persons into this zone, or movement of vessels within this zone is prohibited unless specifically authorized by the Captain of the Port or a designated representative.

DATES: This rule is effective without actual notice from May 6, 2025 through May 19, 2025. For the purposes of enforcement, actual notice will be used from April 30, 2025, through May 6, 2025.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2025–0014 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email Lieutenant Commander Xiaobin Tuo, Sector New Orleans, U.S. Coast Guard; 504–365–2246, email Xiaobin.Tuo@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
 DHS Department of Homeland Security
 FR Federal Register
 NPRM Notice of proposed rulemaking
 § Section
 U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule under the authority in 5 U.S.C. 553(b)(B). This statutory provision authorizes an agency to issue a rule without prior notice and

opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” The Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is needed for emergency response to an oil spill from a leaking pipeline which began around April 26, 2025. Immediate action is needed to respond to the potential safety impacts associated with oil contamination and the clean-up operations. It is impracticable to publish an NPRM because we must establish this safety zone immediately.

Also, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to respond to the potential safety hazards associated with the oil spill.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector New Orleans (COTP) has determined that potential hazards associated with ongoing contamination and cleanup efforts due to an oil spill will be a safety concern to all persons and critical infrastructure within the vicinity of the oil spill.

IV. Discussion of the Rule

This rule establishes a safety zone from April 30, 2025 through May 19, 2025. The safety zone encompasses all waters within one nautical mile in all directions around well #59, at approximate position 29°04'28.919" N, 089°10'48.720" W, near the Pass A Loutre State Wildlife Management Area. The duration of the zone is intended to protect persons and critical infrastructure from the potential contamination due to an oil spill and active clean-up operations in the Gulf of America. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and

benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the safety zone. This safety zone will impact a relatively small, designated area of the Gulf of America that has been impacted by a significant oil spill, and within which active clean-up operations are occurring. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule will allow vessels to seek permission to transit through the zone when it is safe to do so, and with the permission of the Captain of the Port.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule will affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The

Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023-01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have

determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves an emergency safety zone that will prohibit entry one nautical mile in all directions around well #59 at approximate position 29°04'28.919" N, 089°10'48.720" W near the Pass A Loutre State Wildlife Management Area. It is categorically excluded from further review under paragraph L60(d) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051, 70124; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.3.

- 2. Add § 165.T08-0014 to read as follows:

§ 165.T08-0014 Safety Zone; Gulf of America, Pass A Loutre State Wildlife Management Area.

(a) *Location.* The following area is a safety zone: all navigable waters within one nautical mile in all directions around well #59 at approximate position 29°04'28.919" N, 089°10'48.720" W, near the Pass A Loutre State Wildlife Management Area.

(b) *Definition.* As used in this section, *designated representative* means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Sector New Orleans (COTP) in the enforcement of the safety zone.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, persons and vessels may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative via VHF-FM Channel 16 or 67 or by telephone at (504) 365-2545. Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(d) *Enforcement period.* This section will be enforced 24-hours per day from April 30, 2025, through May 19, 2025, unless cancelled earlier by the Captain of the Port. The COTP or a designated representative will inform the public of any changes to the enforcement times or dates for this safety zone through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

Dated: April 30, 2025.

G.A. Callaghan,

Captain, U.S. Coast Guard, Captain of the Port New Orleans.

[FR Doc. 2025-07959 Filed 5-2-25; 4:15 pm]

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2024-0360]

Safety Zones; Annual Events in the Captain of the Port Detroit Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce various safety zones for annual marine events in the Captain of the Port Detroit zone. Enforcement of these safety zones is necessary to protect the safety of life and property on the navigable waters immediately prior to, during, and immediately after these events. During each enforcement period, no person or vessel may enter the respective safety zone without permission of the Captain of the Port Detroit or his designated representative.

DATES: The regulations in 33 CFR 165.941 will be enforced for the safety zones identified in the **SUPPLEMENTARY INFORMATION** section on the dates and times specified.

FOR FURTHER INFORMATION CONTACT: If you have questions on this document, call or email Tracy Girard, Prevention Department, U.S. Coast Guard; telephone (313) 568-9564, email Tracy.M.Girard@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the following annual Sector Detroit safety zones listed in table 1 to 33 CFR 165.941:

Event No. (3): Bay-Rama Fish Fly Festival Fireworks, New Baltimore, MI, from 10 p.m. to 10:30 p.m. on June 16, 2025, with an inclement weather date of June 17, 2025.

Event No. (4): Sigma Gamma Fireworks, Grosse Pointe Farms, MI, from 10 p.m. to 10:30 p.m. on June 17, 2025.

Event No. (6): Ford Fireworks (formerly known as Detroit Fireworks), Detroit, MI, from 6 p.m. to 11:55 p.m. on June 23, 2025, and from 7 p.m. to 11:59 p.m. on June 23, 2025, with an inclement weather date of June 24, 2025.

Under the provisions of § 165.941, entry into, transiting, or anchoring within these safety zones during the enforcement period is prohibited unless authorized by the Captain of the Port (COTP) Detroit or their designated representative. Vessels that wish to transit through the safety zones may request permission from the COTP Detroit or their designated representative. Requests must be made in advance and approved by the COTP Detroit before transits will be authorized. Approvals will be granted on a case-by-case basis. The COTP Detroit may be contacted via Coast Guard Sector Detroit on channel 16, VHF-FM or by calling (313) 568-9564. The Coast Guard will give notice to the public via Local Notice to Mariners and VHF radio broadcasts that the regulation is in effect.

If the COTP Detroit determines that any of these safety zones need not be enforced for the full duration stated in this notice, he may suspend enforcement and notify the public of the suspension via a Broadcast Notice to Mariners.

Dated: April 28, 2025.

Richard P. Armstrong,

Captain, U.S. Coast Guard, Captain of the Port Detroit.

[FR Doc. 2025-07879 Filed 5-5-25; 8:45 am]

BILLING CODE 9110-04-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 300

[Docket No. 250430-0075]

RIN 0648-BN29

International Fisheries; Pacific Tuna Fisheries; 2025–2026 Commercial Fishing Restrictions for Pacific Bluefin Tuna in the Eastern Pacific Ocean

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS is issuing regulations under the Tuna Conventions Act of 1950, as amended, to implement Inter-American Tropical Tuna Commission (IATTC) Resolution C-24-02 (*Measures for the Conservation and Management of Bluefin Tuna in the Eastern Pacific Ocean*) adopted by the IATTC in September 2024. This rule implements annual catch and trip limits on United States commercial catch of Pacific bluefin tuna (*Thunnus orientalis*; PBF) in the eastern Pacific Ocean (EPO) for 2025–2026. This action is necessary to conserve PBF and for the United States to satisfy its obligations as a member of the IATTC. NMFS prepared an Environmental Assessment and Finding of No Significant Impact for this action.

DATES: This rule is effective June 5, 2025.

ADDRESSES: Copies of supporting documents that were prepared for the proposed rule, including the Environmental Assessment, Finding of No Significant Impact, and Regulatory Impact Review, are available via the Federal e-Rulemaking Portal: <https://www.regulations.gov/docket/NOAA-NMFS-2024-0146>.

FOR FURTHER INFORMATION CONTACT: Karter Harmon, NMFS, (562) 833-8324, Karter.Harmon@noaa.gov.

SUPPLEMENTARY INFORMATION: On December 30, 2024, NMFS published a proposed rule in the **Federal Register** (89 FR 106400) to implement Resolution C-24-02 (*Measures for the Conservation and Management of Bluefin Tuna in the Eastern Pacific Ocean*) adopted by the IATTC in September 2024. The proposed rule contains additional background information, including information on the IATTC and its Convention Area, the international obligations of the United States as an IATTC member, and the need for

regulations. The 30-day public comment period for the proposed rule closed on January 29, 2025. NMFS received no comments on the proposed rule or supporting documents.

IATTC PBT Resolutions

The IATTC has adopted PBF catch limits in the IATTC Convention Area since 2012. The IATTC Convention Area is defined as waters of the EPO within the area bounded by the west coast of the Americas and by 50° N latitude, 150° W longitude, and 50° S latitude. For more information about previous management measures, see the final rules implementing Resolution C-14-06 (80 FR 38986, July 8, 2015), Resolution C-16-08 (82 FR 18704, April 21, 2017), Resolutions C-18-01 and C-18-02 (84 FR 18409, May 1, 2019), Resolution C-20-02 (86 FR 16303, March 29, 2021), and Resolution C-21-05 (87 FR 47939, August 05, 2022).

At its 102nd Meeting in September 2024, the IATTC adopted Resolution C-24-02, which establishes catch limits consistent with the 2024 Joint IATTC-NC Working Group on Pacific Bluefin Tuna Management (JWG) recommendation and contains catch increases for the United States. The 2025–2026 biennial catch limit for the United States established in C-24-02 was 1,822 mt, not to exceed 1,285 mt in any one year. The catch and trip limits in this rulemaking represent approximately an 80 percent increase over the most recent (*i.e.*, 2022–2024) management regime for the United States (87 FR 47939, August 5, 2022). This is based on a recent 2024 stock assessment and subsequent NMFS status determinations determining the PBF stock in the EPO is not experiencing overfishing and is no longer overfished.

As in previous resolutions, an IATTC member may add to the new catch limit any under-harvest from the previous catch limit in an amount not to exceed 5 percent of the last biennial catch limit. In this case, the United States may add up to 5 percent of 1,017 mt (*i.e.*, 50.85 mt) from 2023–2024 to the 2025–2026 biennial catch limit. From Pacific Fisheries Information Network reports, U.S. commercial vessels caught 316.5 mt of PBT in 2023–2024. Therefore, the under-harvest from the previous biennial catch limit far exceeds 5 percent. NMFS has added 5 percent of the last biennial catch limit (50.85 mt) to the 2025–2026 biennial catch limit. Therefore, the final 2025–2026 biennial catch limit is 1,872.85 mt.

Regulations for PBT for 2025–2026

Consistent with recommendations from the Pacific Fishery Management Council and its advisory bodies, this rule establishes trip limits for 2025 and 2026 while maintaining an adaptive management approach. The intent behind these trip limits is to encourage U.S. vessel owners and operators to fully utilize the U.S. catch limit while allowing ample opportunity for multiple gear types. Trip limits adjust seasonally, with the intent to ensure a portion of the annual catch limit remains available to smaller-volume gear types throughout the year. The annual catch and trip limits are described in detail below.

PBF Management Regime for 2025–2026

The annual catch limit for 2025 is 1,285 mt. The annual catch limit for 2026 is the total cumulative catch in 2025 subtracted from the biennial limit, not to exceed 1,285 mt. The initial trip limit for both 2025 and 2026 is 60 mt and adjusts as follows:

January–June:

- The trip limit decreases to 40 mt if the total catch is within 400 mt of the annual limit.
- The trip limit decreases to 5 mt if the total catch is within 225 mt of the annual limit.

July–September:

- The trip limit decreases to 40 mt if the catch is within 300 mt of the annual limit.
- The trip limit decreases to 5 mt if the total catch is within 175 mt of the annual limit.

October–December:

- The trip limit decreases to 40 mt if the catch is within 200 mt of the annual limit.
- The trip limit decreases to 5 mt if the total catch is within 125 mt of the annual limit.

Under the terms of this rule, NMFS will announce the 2026 annual limit in a notice published in the **Federal Register** in January or early February 2026. This notice will also be posted on the NMFS website: <https://www.fisheries.noaa.gov/west-coast/sustainable-fisheries/pacific-bluefin-tuna-commercial-harvest-status>.

Landing Receipt Submission Deadlines

Under California law and regulations, electronic landing receipts (*i.e.*, e-tickets) for landings in California are required to be submitted to the California Department of Fish and Wildlife (CDFW) within 3 business days (*see* California Fish and Game Code section 8046 and 14 California Code of Regulations sec. 197). Under current Federal regulations (*see* 50 CFR

300.25(g)(9)), if landing PBF in California, fish landing receipts must be submitted within 24 hours to CDFW. This rule maintains this requirement.

In-Season Action Announcements

Under this rulemaking, NMFS will use available fishery information (*i.e.*, landing receipts) to estimate when the overall catch is expected to reach thresholds at which the agency would reduce the trip limit. NMFS will then make decisions on in-season actions to reduce the trip limit or close the fishery based on those estimates.

Under current Federal regulations (*see* 50 CFR 300.25(g)(8)), if an in-season action taken under paragraphs is based on an overestimate of actual catch, NMFS will reverse that action in the timeliest possible manner, provided NMFS finds that reversing that action is consistent with the management objectives for the affected species. This rule maintains that requirement.

Under current Federal regulations (*see* 50 CFR 300.25(g)(7)), NMFS posts a notice on the NMFS website announcing in-season actions to reduce trip limits or close the fishery (<https://www.fisheries.noaa.gov/west-coast/sustainable-fisheries/pacific-bluefin-tuna-commercial-harvest-status>). In-season actions to reduce trip limits or close the fishery are also announced by email to vessel owners and published in the **Federal Register** as soon as practicable. In-season actions are effective upon the earlier of either receipt by email of such notice or publication in the **Federal Register**. This rule maintains these announcement procedures.

In 2025–2026, if NMFS determines based on landing receipts or other available information that cumulative catch is expected to meet any of the thresholds described above, an intermediate or lower trip limit will be imposed by NMFS using the in-season action procedures described above. Upon the effective date of an in-season action to change trip limits, targeting, retaining on board, transshipping, or landing PBF in the Convention Area in violation of the in-season action will be prohibited, with the exception that any PBF already on board a fishing vessel on the effective date of the notification of in-season action may be retained on board and landed or transshipped within 24 hours after the effective date of the notice, to the extent authorized by applicable laws and regulations. If NMFS determines in 2025 or 2026 that the annual catch limits are expected to be reached, NMFS will close the fishery effective upon the date provided in the notification. The exception allowing any

PBF already on board a fishing vessel on the effective date of the notice to be retained, landed, or transshipped will apply, provided they are landed or transshipped within 14 days after the closure date, to the extent authorized by applicable laws and regulations.

Catch Reporting

Under this rulemaking, NMFS will continue to provide updates on PBF catches in the IATTC Convention Area to the public via the NMFS website: <https://www.fisheries.noaa.gov/west-coast/sustainable-fisheries/pacific-bluefin-tuna-commercial-harvest-status>. NMFS will update the website as long as the updates do not disclose confidential information. These updates are intended to help participants in the U.S. commercial fishery plan for reduced trip limits and attainment of annual limits.

Classification

Tuna Conventions Act

The NMFS Assistant Administrator has determined that this rule is consistent with the Tuna Conventions Act and other applicable laws.

Executive Order 12866

This rule has been determined to be not significant for purposes of Executive Order 12866.

Executive Order 14192

This rule is not an Executive Order 14192 regulatory action because this action is not significant under Executive Order 12866.

National Environmental Policy Act

In view of the information presented in this document and the analysis contained in the supporting Environmental Assessment prepared for the proposed rule, NMFS determined that this action will not significantly impact the quality of the human environment. The Final Programmatic Environmental Assessment to Revise U.S. Commercial Fishing Regulations for Pacific Bluefin Tuna in the Eastern Pacific Ocean, and the Finding of No Significant Impact are available from NMFS (*see* **ADDRESSES**).

Regulatory Flexibility Act

Pursuant to the Regulatory Flexibility Act, 5 U.S.C. 605(b), The Chief Counsel for Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration during the proposed rule stage that this action would not have a significant economic impact on a substantial number of small entities. The factual basis for the certification

was published in the proposed rule (89 FR 106400, December 30, 2024) and is not repeated here. No comments were received regarding this certification. As a result, a regulatory flexibility analysis was not required and none was prepared.

Paperwork Reduction Act

This rule does not contain a change to a collection of information requirement for purposes of the Paperwork Reduction Act of 1995 (PRA). The existing collection of information requirements will continue to apply under the following OMB Control Number(s): 0648–0778, Reporting and Notification Requirements in West Coast PBF Fishery.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB Control Number.

Executive Order 13175

NMFS has determined that this action will not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal

Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes; therefore, consultation with Tribal officials under Executive Order 13175 is not required, and the requirements of sections (5)(b) and (5)(c) of Executive Order 13175 also do not apply. A Tribal summary impact statement under section (5)(b)(2)(B) and section (5)(c)(2)(B) of Executive Order is not required and has not been prepared.

List of Subjects in 50 CFR Part 300

Administrative practice and procedure, Fish, Fisheries, Fishing, Marine resources, Reporting and recordkeeping requirements, Treaties.

Dated: April 30, 2025.

Samuel D. Rauch III,
Deputy Assistant Administrator for
Regulatory Programs, National Marine
Fisheries Service.

For the reasons set out in the preamble, NMFS amends 50 CFR part 300 as follows:

PART 300—INTERNATIONAL FISHERIES REGULATIONS

■ 1. The authority citation for part 300, subpart C, continues to read as follows:

Authority: 16 U.S.C. 951 *et seq.*

■ 2. In § 300.24, revise paragraph (u) to read as follows:

§ 300.24 Prohibitions.

* * * * *

(u) Use a United States commercial fishing vessel in the Convention Area to target, retain on board, transship, or land Pacific bluefin tuna in contravention of § 300.25(g).

* * * * *

■ 3. In § 300.25, revise paragraph (g) to read as follows:

§ 300.25 Fisheries management.

* * * * *

(g) *Pacific bluefin tuna (Thunnus orientalis) commercial catch limits, reporting requirements, and in-season action procedures*—(1) *Biennial catch limit for 2025–2026.* The biennial catch limit for 2025–2026 is 1,872.85 metric tons.

(2) *Annual catch and trip limits for 2025.* For the calendar year 2025, all commercial fishing vessels of the United States combined may capture, retain, transship, or land no more than 1,285 metric tons. A 60 mt trip limit will be in effect until the following criteria are met:

If the time of year is . . .	And NMFS anticipates cumulative catch will be . . .	Then the trip limit will be . . .
(i) January through June	885 mt	40 mt.
	1,060 mt	5 mt.
(ii) July through September	985 mt	40 mt.
	1,110 mt	5 mt.
(iii) October through December	1,085 mt	40 mt.
	1,160 mt	5 mt.

(3) *Annual catch and trip limits for 2026.* For the calendar year 2026, all commercial fishing vessels of the United States combined may capture, retain,

transship, or land no more than the amount caught in 2025 subtracted from the biennial limit, not to exceed 1,285 metric tons.

(i) If the 2026 catch limit is more than 200 metric tons, a 60-metric ton trip limit will be in effect until the following criteria are met:

If the time of year is . . .	And NMFS anticipates cumulative catch will be within . . .	Then the trip limit will be . . .
(A) January through June	400 mt of the annual limit	40 mt.
	225 mt of the annual limit	5 mt.
(B) July through September	300 mt of the annual limit	40 mt.
	175 mt of the annual limit	5 mt.
(C) October through December	200 mt of the annual limit	40 mt.
	125 mt of the annual limit	5 mt.

(ii) If the 2026 catch limit is 200 metric tons or less, the trip limit will be 5 metric tons for the entire calendar year.

(4) *In-season actions for trip limits and closure of the fishery.* If NMFS determines that action to change a trip limit needs to be taken under paragraph (g)(2) or (3) of this section, the revised trip limit will be effective upon the date

provided in a notification of in-season action in accordance with paragraph (g)(5) of this section. Upon the effective date of an in-season action to change trip limits under paragraph (g)(2) or (3) of this section, targeting, retaining on board, transshipping, or landing Pacific bluefin tuna in the Convention Area in violation of the in-season action shall be prohibited, with the exception that any

Pacific bluefin tuna already on board a fishing vessel on the effective date of the notification of in-season action may be retained on board and landed or transshipped within 24 hours after the effective date of the notice, to the extent authorized by applicable laws and regulations. After NMFS determines that the annual catch limits under paragraph (g)(2) or (3) of this section are expected

to be reached, NMFS will close the fishery effective upon the date provided in the notification in accordance with paragraph (g)(5) of this section. Upon the effective date in the notification, targeting, retaining on board, transshipping, or landing Pacific bluefin tuna in the Convention Area shall be prohibited through the end of the calendar year, with the exception that any Pacific bluefin tuna already on board a fishing vessel on the effective date of the notice may be retained on board and landed or transshipped within 14 days after the effective date published in the fishing closure notification, to the extent authorized by applicable laws and regulations.

(5) *Announcement and effective dates of in-season actions.* If in-season actions under paragraphs (g)(2) through (4) of this section are needed, NMFS will post a notice on the NMFS web page announcing the in-season action, including effective dates. NMFS will also send emails with notice of the in-season action to affected vessel owners. This action will also be published in the **Federal Register** as soon as practicable. The in-season action will be effective upon whichever is earlier: receipt by email of such notice or publication in the **Federal Register**.

(6) *Reversal of in-season actions.* If an in-season action taken under paragraphs (g)(2) through (5) of this section is based on an overestimate of actual catch, NMFS will reverse that action in the timeliest possible manner, provided NMFS finds that reversing that action is consistent with the management objectives for the affected species. The fishery will be subject to the change in trip limit or reopened effective on the date provided in the notice in accordance with paragraph (g)(5) of this section.

(7) *State of California fish landing receipts.* If landing Pacific bluefin tuna into the State of California, fish landing receipts must be submitted within 24 hours to the California Department of Fish and Wildlife in accordance with the requirements of applicable State regulations.

50 CFR Part 622

[Docket No. 200124-0029; RTID 0648-XE854]

RTID 0648-XE854

2025 Red Snapper Private Angling Component Accountability Measure in Federal Waters Off Louisiana

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule, accountability measure.

SUMMARY: Based on information provided by the Louisiana Department of Wildlife and Fisheries (LDWF), NMFS has determined that reported landings from Louisiana exceeded the state's 2024 regional management area private angling component annual catch limit (ACL) for Gulf red snapper. Therefore, NMFS reduces the Louisiana 2025 private angling component ACL. This reduction will remain in effect through the remainder of the current fishing year on December 31, 2025.

DATES: This temporary rule is effective from 12:01 a.m., local time, on May 6, 2025, until 12:01 a.m., local time, on January 1, 2026.

FOR FURTHER INFORMATION CONTACT: Frank Helies, NMFS Southeast Regional Office, 727-824-5305, frank.helies@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS manages the Gulf reef fish fishery, which includes red snapper, under the Fishery Management Plan for the Reef Fish Resources of the Gulf (FMP). The Gulf Council prepared the FMP, which was approved by the Secretary of Commerce, and NMFS implements the FMP through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). All red snapper weights discussed in this temporary rule are in round weight.

Through this temporary rule, NMFS implements accountability measures for the red snapper recreational sector private angling component in the Gulf of America (Gulf) off Louisiana for the 2025 fishing year. Executive Order 14172, "Restoring Names That Honor American Greatness" (Jan. 20, 2025), directs that the Gulf of Mexico be renamed the Gulf of America. Consistent with the order, this action

uses Gulf of America to refer the area known as the Gulf of Mexico in the specific regulations at 50 CFR part 622.

In 2015, Amendment 40 to the FMP established two components within the recreational sector fishing for red snapper: the private angling component, and the Federal charter vessel and headboat (for-hire) component (80 FR 22422, April 22, 2015). In 2020, NMFS implemented Amendments 50 A-F to the FMP, which delegated authority to the Gulf states (Alabama, Florida, Louisiana, Mississippi, and Texas) to establish specific management measures for the harvest of red snapper in Federal waters of the Gulf by the private angling component of the recreational sector (85 FR 6819, February 6, 2020). These amendments allocated a portion of the private angling ACL to each state, and each state is required to constrain landings to its allocation as part of state management. The Louisiana regional management area private angling component ACL is 934,587 lb (423,922 kg) (50 CFR 622.23(a)(1)(ii)(A)).

Regulations at 50 CFR 622.23(b) require that if a state's red snapper private angling component landings exceed the applicable state's component ACL, then in the following fishing year, that state's private angling ACL will be reduced by the amount of that ACL overage in the prior fishing year. Based on data provided by the LDWF, NMFS has determined that 2024 landings of red snapper from Louisiana for the private angling component, which includes landings for state charter vessels, were 974,219 lb (441,898 kg); which is 39,632 lb (17,977 kg) greater than the 2024 Louisiana ACL of 934,587 lb (423,922 kg). Accordingly, for the 2025 fishing year, this temporary rule reduces the Louisiana 2025 ACL by the amount of the 2024 overage. This reduction results in a revised 2025 private angling ACL for Louisiana of 894,955 lb (405,945 kg). The LDWF is responsible for ensuring that 2025 private angling component landings in the state's regional management area do not exceed the adjusted 2025 Louisiana ACL.

The recreational private angling component ACLs for the other Gulf state management areas for 2025 are unaffected by this temporary rule. The reduction in the 2025 red snapper private angling component ACL for the Louisiana regional management area is effective at 12:01 a.m., local time, on May 6, 2025, and will remain in effect until 12:01 a.m., local time, on January 1, 2026.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required under 50 CFR 622.23(b) which was issued pursuant to section 304(b) of the Magnuson-Stevens Act, and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and opportunity for public comment on this action. Such procedures are unnecessary because the rule implementing the post-season ACL adjustment authority has already been subject to notice and comment, and all that remains is to notify the public of the ACL coverage adjustment to reduce the private angling component ACLs for the Louisiana regional management area. Such procedures are contrary to the public interest because a failure to implement the ACL coverage adjustment immediately may result in confusion among the public about what ACL is in effect for Louisiana for the 2025 fishing year. This action is based on the best scientific information available.

For the aforementioned reasons, there is also good cause to waive the 30-day delay in the effectiveness of the action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 1, 2025.

Kelly Denit,

Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 635

[Docket No. 220919-0193; RTID 0648-XE816]

Atlantic Highly Migratory Species; Atlantic Bluefin Tuna Fisheries; General Category and Harpoon Category Retention Limit Adjustments

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; retention limit adjustments.

SUMMARY: NMFS is adjusting the daily retention limits for the bluefin tuna (BFT) General and Harpoon categories. Specific to the General category, NMFS is adjusting the daily retention limit for

the month of June from the default of three large medium or giant BFT to one large medium or giant BFT. This daily retention limit applies to Atlantic Tunas General category (commercial) permitted vessels and Highly Migratory Species (HMS) Charter/Headboat permitted vessels with a commercial sale endorsement when fishing commercially for BFT. This daily retention limit will be effective for the month of June or until further modified. Specific to the Harpoon category, NMFS is modifying the daily retention limit from the default of no more than 10 large medium and giant BFT to 5 large medium or giant BFT. The incidental catch limit of two large medium BFT per vessel per day/trip remains unchanged. These retention limits apply to Atlantic Tunas Harpoon category permitted vessels for the remainder of the 2025 Harpoon category fishing season, which concludes on November 15, 2025, or until further modified.

DATES: The adjusted retention limit for the General category will be effective June 1, 2025, through June 30, 2025 or until NMFS announces via a notice in the **Federal Register** another adjustment to the retention limit. The adjusted retention limit for the Harpoon category will be effective from June 1, 2025, through November 15, 2025, or until NMFS announces via a notice in the **Federal Register** another adjustment to the retention limit.

FOR FURTHER INFORMATION CONTACT: Larry Redd, Jr., larry.redd@noaa.gov, or Ann Williamson, ann.williamson@noaa.gov, by email or by phone at 301-427-8503.

SUPPLEMENTARY INFORMATION: Atlantic BFT fisheries are managed under the 2006 Consolidated Highly Migratory Species Fishery Management Plan (HMS FMP) and its amendments, pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and consistent with the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*). ATCA is the implementing statute for binding recommendations of the International Commission for the Conservation of Atlantic Tunas (ICCAT). The HMS FMP and its amendments are implemented by regulations at 50 CFR part 635. Section 635.27(a) divides the U.S. BFT quota, established by ICCAT and as implemented by the United States among the various domestic fishing categories, per the allocations established in the HMS FMP and its amendments. NMFS is required under the Magnuson-Stevens Act at 16 U.S.C. 1854(g)(1)(D) to provide U.S. fishing vessels with a reasonable

opportunity to harvest quotas under relevant international fishery agreements such as the ICCAT Convention, which is implemented domestically pursuant to ATCA.

On January 20, 2025, President Trump issued Executive Order (E.O.) 14172 (Restoring Names that Honor American Greatness). As part of the order, the Gulf of Mexico is renamed as the Gulf of America. Consistent with the order, this action uses Gulf of America for all references to the area known as the Gulf of Mexico in the specific regulations at 50 CFR part 635.

As described in § 635.27(a), the current baseline U.S. BFT quota is 1,316.14 metric tons (mt) (not including the 25 mt ICCAT allocated to the United States to account for bycatch of BFT in pelagic longline fisheries in the Northeast Distant Gear Restricted Area). The baseline quota for the General category is 710.7 mt. The General category baseline quota is suballocated to different time periods. Relevant to this action, the baseline subquota for the June through August time period is 355.4 mt. As described at § 635.23(a)(2), the month of June has a default General category daily retention limit of three large medium or giant BFT (measuring 73 inches (185 cm) curved fork length (CFL) or greater) per vessel per day/trip while all other open months (*i.e.*, January through March and July through December) have a retention limit of one large medium or giant BFT. The General category daily retention limit applies to General category permitted vessels and to HMS Charter/Headboat permitted vessels (when fishing commercially for BFT) (§ 635.23(a)(2)).

The Harpoon category baseline quota is 59.2 mt. As described in § 635.23(d)(1), the overall default Harpoon category daily retention limit is no more than 10 large medium or giant BFT, combined, per vessel per day/trip. As described in § 635.23(d)(2), the incidental daily catch limit is no more than two large medium BFT (*i.e.*, measuring 73 inches (185 cm) to less than 81 inches (206 cm) CFL) per vessel per day/trip. As an example, if the vessel owner/operator retains two large medium BFT during a day/trip under these default retention limits, they may retain a maximum of 8 giant BFT on that same day/trip.

Adjustment of General and Harpoon Category Daily Retention Limits

NMFS may increase or decrease the General or Harpoon category daily retention limits after considering the regulatory determination criteria under § 635.27(a)(7). For the General category, NMFS may adjust the daily retention

limit of large medium and giant BFT over a range of zero to five BFT per vessel (see § 635.23(a)(3)). For the Harpoon category, NMFS may adjust the overall daily retention limit of large medium and giant BFT, combined, per vessel per day over a range of 5 to 10 BFT per vessel per day (see § 635.23(d)(1)). NMFS may also adjust the incidental daily catch limit for the Harpoon category over a range of two to four large medium BFT per vessel per day (see § 635.23(d)(2)).

As described below, NMFS has considered all relevant determination criteria for adjusting the BFT retention limits in both the General and Harpoon categories. For the General category, after evaluating these criteria, NMFS has decided to decrease the daily retention limit from three to one large medium or giant BFT per vessel per day/trip for the month of June. Because the default retention limit for the months of July and August is already one large medium or giant BFT per vessel per day/trip, this adjustment to the June retention limit means that the retention limit for the entire June through August time period will be one large medium or giant BFT per vessel per day/trip until NMFS announces via a notice in the **Federal Register** another adjustment to the retention limit.

For the Harpoon category, NMFS has decided to decrease the overall daily retention limit to no more than five large medium and giant BFT, combined, per vessel per day/trip (*i.e.*, BFT measuring 73 inches (185 cm) CFL or greater). This action maintains the incidental daily catch limit of two large medium BFT (*i.e.*, measuring 73 inches (185 cm) to less than 81 inches (206 cm) CFL) per vessel per day/trip. As such, if two large medium BFT are retained during a day/trip, no more than three giant BFT may be retained on the same day/trip. Similarly, if no large medium BFT are retained, then all five BFT could be giant BFT. This adjustment would apply from June 1 through the remainder of the 2025 Harpoon category fishing season, which concludes on November 15, 2025, or until NMFS announces via a notice in the **Federal Register** another adjustment to the retention limit.

Regardless of the duration of a fishing trip, no more than a single day's daily retention limit may be possessed or retained at the end of the trip for both the General and Harpoon category vessels (see § 635.23(a)(4) for General category and § 635.23(d)(3) for Harpoon category). For example, whether a General category vessel takes a 2-day trip or makes two trips in 1 day during the June through August time period,

the daily limit of one fish may not be exceeded upon landing. Similarly, a Harpoon category vessel cannot exceed the daily limit of five combined large medium and giant BFT, regardless of the trip's length or number of trips in a day. These retention limits are effective in all areas, except for the Gulf of America, where NMFS prohibits targeting fishing for BFT. The General category retention limit applies to vessels permitted in the General category and to those HMS Charter/Headboat permitted vessels with a commercial sale endorsement when fishing commercially for BFT, while the Harpoon category retention limit applies to those vessels permitted in the Harpoon category.

Consideration of the Determination Criteria

As described above, under § 635.23(a)(4) and (d)(1), NMFS may adjust the daily retention limit of large medium and giant BFT in the General and Harpoon categories after considering the regulatory determination criteria under § 635.27(a)(7). Regarding the usefulness of information obtained from catches in the particular category for biological sampling and monitoring of the status of the stock (§ 635.27(a)(7)(i)), biological samples collected from BFT landed by General or Harpoon category fishermen and provided by BFT dealers continue to provide NMFS with valuable parts and data for ongoing scientific studies of BFT age and growth, migration, and reproductive status. Additional opportunity to land BFT in the General and Harpoon categories would support the continued collection of a broad range of data for these studies and for stock monitoring purposes.

NMFS also considered the catches of the General category quota to date and the likelihood of closure of the General category if no adjustment is made (§ 635.27(a)(7)(ii)). Commercial-size BFT are anticipated to migrate to the fishing grounds off the northeast U.S. coast by early June. Prior to this year, the default General category daily retention limit in June was one BFT per vessel; the default limit was increased to three fish in a General category effort control rule in 2024 (89 FR 47095, May 31, 2024). In past years, given the typically slow catch rates in early June in the General category, NMFS would increase the retention limit from one BFT to three BFT per vessel for a short period of time, and when catch rates increased in late June, NMFS would reduce the retention limit from three BFT per vessel back to the default limit of one BFT per vessel. In these actions, NMFS often noted that when the retention

limit was three BFT per vessel, the vast majority of successful trips (*i.e.*, General or Charter/Headboat trips on which at least one BFT is landed under General category quota) landed only one or two BFT. However, landings in June 2024 were higher than past years (*e.g.*, 78 mt in 2024 compared to 58 and 46 mt in 2022 and 2023, respectively). Additionally, high landing rates earlier this year indicate there are a number of commercial-sized BFT available. As such, NMFS anticipates that landings during this time period this year will be similar to, or could exceed, 2024 landings. Given the possibility of heavy landings in June, NMFS believes decreasing the daily retention limit to one BFT would assist in extending the time it takes to harvest the June through August subquota and avoiding premature closure. NMFS notes that in 2020, NMFS maintained a retention limit of one BFT per vessel for the General category June through August time period and a closure of that time period was not needed. If catch rates are lower than expected, NMFS could take another action later in the season to increase the trip limit.

NMFS also considered the catches of the Harpoon category quota in recent years (*i.e.*, most recently in 2024). As mentioned above, commercial-size BFT are anticipated to migrate to the fishing grounds off the northeast U.S. coast by early June. Given the possibility of high catch rates in early June, decreasing the retention limit from a combined 10-fish limit to 5-fish per vessel/day could assist in extending the time required to fully harvest the quota. If catch rates are lower than expected, NMFS could take another action later in the season to increase the trip limit.

NMFS also considered the effects of these retention limit adjustments on the BFT stock and the effects of the adjustment on accomplishing the objectives of the HMS FMP (§ 635.27(a)(8)(v) and (vi)). Adjusting the retention limit for both of these categories would be consistent with established quotas and subquotas, which are implemented consistent with ICCAT recommendation 22–10, ATCA, and the objectives of the HMS FMP and amendments. In establishing these quotas and subquotas and associated management measures, ICCAT and NMFS considered the best scientific information available, objectives for stock management and status, and effects on the stock. Making these adjustments is in line with the established management measures and stock status determinations. It is also important that NMFS limit landings to the subquotas both to adhere to the

subquota allocations and to ensure that landings are as consistent as possible with the pattern of fishing mortality (e.g., fish caught at each age) that was assumed in the latest stock assessment. These retention limit adjustments are consistent with those objectives.

Another principal consideration in setting the retention limit is the objective of providing opportunities to harvest the available General category and Harpoon category quota without exceeding the annual quota. This consideration is based on the objectives of the HMS FMP and its amendments, and includes achieving optimum yield on a continuing basis and optimizing the ability of all permit categories to harvest available BFT quota allocations (related to § 635.27(a)(7)(x)). NMFS anticipates that General category participants will have opportunities to harvest their quota in 2025 through proactive inseason management, such as adjustments to retention limits, as feasible. During the June through August period, NMFS will closely monitor General category catch rates associated with various gear types and adjust the daily retention limit accordingly to enhance scientific data collection and ensure fishing opportunities align with respective subquotas. Similarly, for the Harpoon category, NMFS will actively monitor catch rates and adjust the daily retention limit as needed throughout the fishing season to facilitate scientific data collection and maintain fishing opportunities while preventing the exceedance of available quota. In past years NMFS noted that a limit lower than three fish at the start of the June through August time period could result in diminished fishing opportunities for those General category vessels using harpoon gear, based on past fish behavior early in the season. However, in light of anticipated heavy landings for the June through August time period, NMFS believes a one-fish retention limit will provide equitable fishing opportunities for all General category participants to harvest the June through August subquota. For the Harpoon category, an overall 10 fish (combined) daily retention limit could result in diminished fishing opportunities, and the premature closure of the Harpoon category. A five-fish (combined) daily retention limit for the remainder of the fishing season will provide equitable fishing opportunities for all Harpoon category participants.

Given these considerations, NMFS has determined that a one-fish daily retention limit for the General category and a five-fish (combined) daily retention limit for the Harpoon category

are warranted for their respective parts of the fishing season. These retention limits would provide a reasonable opportunity to harvest the available U.S. BFT quota, without exceeding it, while maintaining an equitable distribution of fishing opportunities; help optimize the ability of the General category and Harpoon category to harvest their available quotas; allow the collection of a broad range of data for stock monitoring purposes; and be consistent with the objectives of the HMS FMP and amendments.

Monitoring and Reporting

NMFS will continue to monitor the BFT fishery closely. Per § 635.5(b)(2)(i)(A), dealers are required to submit landing reports within 24 hours of receiving BFT. Late reporting by dealers compromises NMFS' ability to timely implement actions such as quota and retention limit adjustment, as well as closures, and may result in enforcement actions. Additionally, and separate from the dealer reporting requirement, General category, Harpoon category, and HMS Charter/Headboat permitted vessel owners are required per § 635.5(a)(4) to report their own catch of all BFT retained or discarded dead within 24 hours of the landing(s) or end of each trip, by accessing <https://hmspermits.noaa.gov> or by using the HMS Catch Reporting app, or calling (888) 872-8862 (Monday through Friday from 8 a.m. until 4:30 p.m.).

Depending on the level of fishing effort and catch rates of BFT at that time, and after consideration of all the criteria specified at § 635.27(a)(7), NMFS may determine that additional adjustments are necessary to ensure available subquotas are not exceeded or to enhance scientific data collection from, and fishing opportunities in, all geographic areas. If needed, subsequent adjustments will be published in the **Federal Register**. In addition, fishermen may access <https://hmspermits.noaa.gov>, for updates on quota monitoring and inseason adjustments.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act (16 U.S.C. 1855(d)) and regulations at 50 CFR part 635 and this action is exempt from review under Executive Order 12866.

The Assistant Administrator for NMFS (AA) finds that pursuant to 5 U.S.C. 533(b)(B), there is good cause to waive prior notice of, and an opportunity for public comment on, this action because it is impracticable and contrary to the public interest for the

following reasons. Specifically, the regulations implementing the HMS FMP and its amendments provide for inseason retention limit adjustments to respond to the unpredictable nature of BFT availability on the fishing grounds, the migratory nature of this species, and the regional variations in the BFT fishery. Providing for prior notice and opportunity to comment is impracticable and contrary to the public interest as this fishery is currently underway and, based on available BFT quotas, recent fishery performance, and the presence of BFT on fishing grounds, responsive adjustments to both the General and Harpoon category BFT daily retention limits from their default levels are warranted. These adjustments aim to enable fishermen to capitalize on the availability of fish and quota. NMFS could not have proposed these adjustments earlier as it needed to thoroughly assess updated data and information concerning fishery conditions and this year's landings. Offering a public comment period now, after appropriately considering this data, would prevent fishermen from legally harvesting BFT in alignment with all regulatory criteria. Additionally, it could lead to the use of a retention limit unsuitable to the available quota for the period.

Adjustment of the General and Harpoon category retention limits needs to be effective June 1, 2025, or as soon as possible thereafter, to minimize any unnecessary disruption in fishing patterns, to allow the impacted sectors to benefit from the adjustment, and to not preclude fishing opportunities for fishermen in geographic areas with access to the fishery only during this time period. Fisheries under the General and Harpoon category daily retention limit will commence on June 1 and thus prior notice would be contrary to the public interest. Delays in decreasing these retention limits would adversely affect General category, Harpoon category, and HMS Charter/Headboat permitted vessels, that would otherwise have an opportunity to harvest BFT if the fishery were to remain open for as long as feasible throughout the year. Limited opportunities to harvest the respective quotas may have negative social and economic impacts for U.S. fishermen that depend upon catching the available quotas designated in the HMS FMP and amendments. Analysis of available data shows that adjustment to the BFT daily retention limits from the default level would decrease any risks of exceeding the ICCAT-allocated quota. NMFS provides notification of retention limit adjustments by publishing the

notice in the **Federal Register**, emailing individuals who have subscribed to the Atlantic HMS News electronic newsletter, and updating the information posted on the Atlantic Tunas Information Line and on <https://hmspermits.noaa.gov>.

For all of the above reasons, the AA finds that pursuant to 5 U.S.C. 553(d), there is also good cause to waive the 30-day delay in effective date.

Authority: 16 U.S.C. 971 *et seq.* and 1801 *et seq.*

Dated: April 25, 2025.

Karen H. Abrams,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

Proposed Rules

Federal Register

Vol. 90, No. 86

Tuesday, May 6, 2025

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2025-0747; Project Identifier MCAI-2024-00318-T]

RIN 2120-AA64

Airworthiness Directives; Bombardier, Inc., Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for certain Bombardier, Inc., Model CL-600-1A11 (600), CL-600-2A12 (601), and CL-600-2B16 (601-3A, 601-3R, and 604 Variants) airplanes. This proposed AD was prompted by tail strikes that occurred during landing with partial flap configurations. This proposed AD would require revising the existing airplane flight manual (AFM) to provide the flightcrew with procedures to follow when landing under certain conditions. The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by June 20, 2025.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to [regulations.gov](https://www.regulations.gov). Follow the instructions for submitting comments.

- *Fax:* 202-493-2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

AD Docket: You may examine the AD docket at [regulations.gov](https://www.regulations.gov) under Docket

No. FAA-2025-0747; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this NPRM, the mandatory continuing airworthiness information (MCAI), any comments received, and other information. The street address for Docket Operations is listed above.

Material Incorporated by Reference:

- For Bombardier and Canadair material identified in this proposed AD, contact Bombardier Business Aircraft Customer Response Center, 400 Côte-Vertu Road West, Dorval, Québec H4S 1Y9, Canada; telephone 514-855-2999; email ac.yul@aero.bombardier.com; website [bombardier.com](https://www.bombardier.com).

- You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206-231-3195.

FOR FURTHER INFORMATION CONTACT:

Fatin Saumik, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; telephone 516-228-7300; email 9-avs-nyaco-cos@faa.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

The FAA invites you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under the **ADDRESSES** section. Include “Docket No. FAA-2025-0747; Project Identifier MCAI-2024-00318-T” at the beginning of your comments. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. The FAA will consider all comments received by the closing date and may amend the proposal because of those comments.

Except for Confidential Business Information (CBI) as described in the following paragraph, and other information as described in 14 CFR 11.35, the FAA will post all comments received, without change, to [regulations.gov](https://www.regulations.gov), including any personal information you provide. The agency will also post a report summarizing each substantive verbal contact received about this NPRM.

Confidential Business Information

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this NPRM contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this NPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission containing CBI as “PROPIN.” The FAA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this NPRM. Submissions containing CBI should be sent to Fatin Saumik, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; telephone 516-228-7300; email 9-avs-nyaco-cos@faa.gov. Any commentary that the FAA receives which is not specifically designated as CBI will be placed in the public docket for this rulemaking.

Background

Transport Canada, which is the aviation authority for Canada, has issued Transport Canada AD CF-2024-19, dated May 30, 2024 (Transport Canada AD CF-2024-19) (also referred to after this as the MCAI), to correct an unsafe condition on certain Bombardier, Inc., Model CL-600-1A11 (600), CL-600-2A12 (601), and CL-600-2B16 (601-3A, 601-3R, and 604 Variants) airplanes. The MCAI states two tail strikes occurred during landing with partial flap configurations. Ensuing investigations concluded the amount of nose-down elevator input applied following touchdown was not enough to maintain the nose landing gear on the ground when thrust reversers were deployed. This tendency for nose-up pitching at high power settings is controllable with elevator and may be minimized by ensuring several actions like nose-down elevator and brake application before deploying thrust reversers.

The FAA is proposing this AD to address, through improved AFM procedures, an inadequate amount of nose-down elevator input applied following touchdown, which could

cause the inability to maintain the nose landing gear on the ground when thrust reversers are deployed. The unsafe condition, if not addressed, could result in tail strikes.

You may examine the MCAI in the AD docket at *regulations.gov* under Docket No. FAA–2025–0747.

Material Incorporated by Reference Under 1 CFR Part 51

The FAA reviewed the following revisions of the AFM that provide procedures that improve the existing guidance to further reduce the risk of a tail strike on landing. The procedures include steps to set flight spoilers to max, apply moderate or greater breaking, and perform other actions to help keep the nose down and reduce the risk of tail strikes by increasing drag and reducing lift. These documents are distinct since they apply to different airplane models and configurations.

- Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1A–1 (U.S.), Revision 85, dated January 25, 2024. (Including procedures for: Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1 and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Yaw Damper Failure, and Thrust Reverser Unlocked.)

- Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1B–1 (U.S.), Revision 87, dated January 25, 2024. (Including procedures for: Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Single Channel Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1 and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, and Thrust Reverser Unlocked.)

- Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A–1–1, Revision 98, dated January 25, 2024. (Including procedures for: Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System

Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1 and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, and Thrust Reverser Unlocked.)

- Chapter 5—Abnormal Procedures, Bombardier Challenger 604 AFM, Publication No. PSP 604–1, Revision 131, dated September 5, 2023. (Including procedures for: Thrust Lever Inoperative, Engine Failure During Approach, Single Engine Approach and Landing, Double Yaw Damper Failure, Flaps Failure, Ground Spoilers Failure, Ground Spoilers Unsafe, Ground Spoilers Deployed During Flight, Stabilizer Trim Failure, Aileron PCU Malfunction, Elevator System Malfunction, Excessive Fuel Load–Aux Tank, Fuel Leak Procedure, System No. 1 Failure, System No. 1 and No. 2 Failure, System No. 2 and No. 3 Failure, System No. 1 and No. 3 Failure, Ice Dispersal Procedure, Nose Wheel Steering System Failure, Weight-on-Wheels Output Fault, and Proximity Sensing System Failure (Total System Shutdown).) (For obtaining the procedures for Bombardier Challenger 604 AFM, Publication No. No. PSP 604–1, use Document Identification No. CH 604 AFM.)

- Supplement 4 Category II Operations, Bombardier Challenger 604 AFM, Publication No. PSP 604–1, Revision 131, dated September 5, 2023. (Including the Engine Failure During Final Approach procedure.) (For obtaining the procedures for Bombardier Challenger 604 AFM, Publication No. No. PSP 604–1, use Document Identification No. CH 604 AFM.)

- Chapter 5—Abnormal Procedures, Bombardier Challenger 605 AFM, Publication No. PSP 605–1, Revision 69, dated September 5, 2023. (Including procedures for: Thrust Lever Inoperative, Engine Failure During Approach, Single Engine Approach and Landing, Double Yaw Damper Failure, Flaps Failure, Ground Spoilers Unsafe, Ground Spoilers Deployed During Flight, Stabilizer Trim Failure, Aileron PCU Malfunction, Elevator System Malfunction, Excessive Fuel Load—Aux Tank, Fuel Leak Procedure, System No. 1 Failure, System No. 1 and No. 2 Failure, System No. 2 and No. 3 Failure, System No. 1 and No. 3 Failure, Ice Dispersal Procedure, and Proximity Sensing System Failure (Total System Shutdown).) (For obtaining the procedures for Bombardier Challenger 605 AFM, Publication No. No. PSP 605–

1, use Document Identification No. CH 605 AFM.)

- Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 600–1 (US), Revision 109, dated January 25, 2024. (Including procedures for: Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of Systems No. 1 and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure; and Thrust Reverser Unlocked.)

- Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1A (U.S.), Revision 126, dated January 25, 2024. (Including procedures for: Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1 and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Yaw Damper Failure, Thrust Reverser Unlocked.)

- Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1B (U.S.), Revision 89, dated January 25, 2024. (Including procedures for: Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of Systems No. 1 and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, and Thrust Reverser Unlocked.)

- Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A–1, Revision 109, dated January 25, 2024. (Including procedures for: Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1

and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, and Thrust Reverser Unlocked.)

- Chapter 5—Abnormal Procedures, Challenger 650 AFM, Publication PSP No. 650–1, Revision 34, dated September 5, 2023. (Including procedures for: Thrust Reverser Inoperative, Engine Failure During Approach, Single Engine Approach and Landing, Double Yaw Damper Failure, Flaps Failure, Ground Spoilers Unsafe, Ground Spoilers Deployed During Flight, Stabilizer Trim Failure, Aileron PCU Malfunction, Elevator System Malfunction, Excessive Fuel Load—Aux Tank, Fuel Leak Procedure, System No. 1 Failure, System No. 1 and No. 2 Failure, System No. 2 and No. 3 Failure, System No. 1 and No. 3 Failure, Ice Dispersal Procedure, and Proximity Sensing System Failure (Total System Shutdown).) (For obtaining the procedures for Bombardier Challenger 650 AFM, Publication No. No. PSP 650–1, use Document Identification No. CH 650 AFM.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1A–1 (U.S.), Revision 85, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, and Anti-Ice, Wing Duct Failure.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1B–1 (U.S.), Revision 87, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, and Anti-Ice, Wing Duct Failure.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A–1–1, Revision 98, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, and Anti-Ice, Wing Duct Failure.)

- Chapter 3—Emergency Procedures, Bombardier Challenger 604 AFM, Publication No. PSP 604–1, Revision 131, dated September 5, 2023. (Including procedures for: Double Engine Failure, Uncommanded Thrust Reverser Deployment, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Uncommanded Yaw Motion, Loss of All Normal Electrical Power, Aileron System Jammed, Elevator System Jammed, Rudder System Jammed, Stabilizer Trim Runaway, and Fuselage/Wing Anti-Ice Duct Failure.) (For obtaining the procedures for Bombardier Challenger 604 AFM, Publication No. No. PSP 604–1, use Document Identification No. CH 604 AFM.)

- Chapter 3—Emergency Procedures, Bombardier Challenger 605 AFM, Publication No. PSP 605–1, Revision 69, dated September 5, 2023. (Including procedures for: Double Engine Failure, Uncommanded Thrust Reverser Deployment, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Uncommanded Yaw Motion, Loss of All Normal Electrical Power, Aileron System Jammed, Elevator System Jammed, Rudder System Jammed, Stabilizer Trim Runaway, and Fuselage/Wing Anti-Ice Duct Failure.) (For obtaining the procedures for Bombardier Challenger 605 AFM, Publication No. No. PSP 605–1, use Document Identification No. CH 605 AFM.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 600 (U.S.), Revision A117, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, and Wing Anti-Ice Duct Failure.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 600–1 (US), Revision 109, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, and Wing Anti-Ice Duct Failure.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1A (U.S.),

Revision 126, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, and Anti-Ice, Wing Duct Failure.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601–1B (U.S.), Revision 89, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, and Anti-Ice, Wing Duct Failure.)

- Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A–1, Revision 109, dated January 25, 2024. (Including procedures for: Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, and Anti-Ice, Wing Duct Failure.)

This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

FAA’s Determination

This product has been approved by the aviation authority of another country and is approved for operation in the United States. Pursuant to the FAA’s bilateral agreement with this State of Design Authority, it has notified the FAA of the unsafe condition described in the MCAI and material referenced above. The FAA is issuing this NPRM after determining that the unsafe condition described previously is likely to exist or develop on other products of the same type design.

Proposed AD Requirements in This NPRM

This proposed AD would require revising the existing AFM to provide

strengthened procedures to further reduce the risk of a tail strike on landing.

Compliance With AFM Revisions

Transport Canada AD CF-2024-19 requires operators to “advise all flight crews of the changes introduced by the AFM revisions to the AFM and thereafter operate the airplane accordingly.” However, this proposed AD would not specifically require those actions as those actions are already required by FAA regulations. FAA regulations require that operators furnish to pilots any changes to the AFM (for example, 14 CFR 121.137), and to ensure the pilots are familiar with the AFM (for example, 14 CFR 91.505). As with any other flightcrew training requirement, training on the updated AFM content is tracked by the operators and recorded in each pilot’s training record, which is available for the FAA to review. FAA regulations also require pilots to follow the procedures in the existing AFM including all updates.

Costs of Compliance

The FAA estimates that this AD, if adopted as proposed, would affect 420 airplanes of U.S. registry. The FAA estimates the following costs to comply with this proposed AD:

ESTIMATED COSTS FOR REQUIRED ACTIONS

Labor cost	Parts cost	Cost per product	Cost on U.S. operators
1 work-hour × \$85 per hour = \$85	\$0	\$85	\$35,700

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA’s authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency’s authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an

unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

The FAA determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

- (1) Is not a “significant regulatory action” under Executive Order 12866,
- (2) Would not affect intrastate aviation in Alaska, and

(3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

Bombardier, Inc.: FAA–2025–0747; Project Identifier MCAI–2024–00318–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by June 20, 2025.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Bombardier, Inc., airplanes, certificated in any category, identified in paragraphs (c)(1) through (3) of this AD.

- (1) Model CL–600–1A11 (600) airplanes, serial numbers 1001 through 1085 inclusive.
- (2) Model CL–600–2A12 (601) airplanes, serial numbers 3001 through 3066 inclusive.
- (3) Model CL–600–2B16 (601–3A, 601–3R, and 604 Variants) airplanes, serial numbers 5001 through 5194 inclusive, 5301 through 5665 inclusive, 5701 through 5988 inclusive, and 6050 through 6190 inclusive.

(d) Subject

Air Transport Association (ATA) of America Code 27, Flight Controls.

(e) Unsafe Condition

This AD was prompted by tail strikes that occurred during landing with partial flap configurations. The FAA is issuing this AD to address an inadequate amount of nose-down elevator input applied following touchdown, which could cause the inability to maintain the nose landing gear on the

ground when thrust reversers are deployed. The unsafe condition, if not addressed, could result in tail strikes.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Revision of Existing Airplane Flight Manual (AFM)

Within 60 days after the effective date of this AD, revise the Normal, Emergency, and Abnormal Procedures sections; and Supplement 4; as applicable, of the applicable existing AFM to include the information specified in table 1 to paragraph (g) of this AD.

BILLING CODE 4910–13–P

Table 1 to Paragraph (g): AFM Revisions

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-1A11 (600 Variant) airplanes, serial numbers 1001 through 1085 inclusive for non-winglets	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, Wing Anti-Ice Duct Failure	Canadair Challenger AFM, Product Publication No. 600 (U.S.), Revision A117, dated January 25, 2024
Model CL-600-1A11 (600 Variant) airplanes, serial numbers 1001 through 1085 inclusive for non-winglets	Normal Procedures	Landing Procedures	Canadair Challenger AFM, Product Publication No. 600 (U.S.), Revision A117, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 1001 through 1085 inclusive for winglets	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, Wing Anti-Ice Duct Failure	Canadair Challenger AFM, Product Support Publication No. 600-1 (US), Revision 109, dated January 25, 2024
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 1001 through 1085 inclusive for winglets	Normal Procedures	Landing Procedure	Canadair Challenger AFM, Product Support Publication No. 600-1 (US), Revision 109, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 1001 through 1085 inclusive for winglets	Abnormal Procedures	Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1 and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, Thrust Reverser Unlocked	Canadair Challenger AFM, Product Support Publication No. 600-1 (US), Revision 109, dated January 25, 2024
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive, and 43,100 lb. maximum take-off weight (MTOW)	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, Anti-Ice, Wing Duct Failure	Canadair Challenger AFM, Product Support Publication No. 601-1A (U.S.), Revision 126, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive, and 43,100 lb. maximum take-off weight (MTOW)	Normal Procedures	Landing Procedure	Canadair Challenger AFM, Product Support Publication No. 601-1A (U.S.), Revision 126, dated January 25, 2024
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive, and 43,100 lb. maximum take-off weight (MTOW)	Abnormal Procedures	Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1 and No. 2, Failure of Systems No 1. and No. 3., Failure of Systems No 2. and No 3., Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Yaw Damper Failure, Thrust Reverser Unlocked	Canadair Challenger AFM, Product Support Publication No. 601-1A (U.S.), Revision 126, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive, and 44,600/45,100 lb. MTOW	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, Anti-Ice, Wing Duct Failure	Canadair Challenger AFM, Product Support Publication No. 601-1A-1 (U.S.), Revision 85, dated January 25, 2024
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive, and 44,600/45,100 lb. MTOW	Normal Procedures	Landing Procedure	Canadair Challenger AFM, Product Support Publication No. 601-1A-1 (U.S.), Revision 85, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive, and 44,600/45,100 lb. MTOW	Abnormal Procedures	Failure of System No. 1, Failure of System No. 2, Failure of Systems No. 1 and No. 2, Failure of Systems No 1. and No. 3, Failure of Systems No. 2 and No. 3, Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Yaw Damper Failure, Thrust Reverser Unlocked	Canadair Challenger AFM, Product Support Publication No. 601-1A-1 (U.S.), Revision 85, dated January 25, 2024
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive with -3A Engine and 43,100 lb. MTOW	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, Anti-Ice, Wing Duct Failure	Canadair Challenger AFM, Product Support Publication No. 601-1B (U.S.), Revision 89, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive with -3A Engine and 43,100 lb. MTOW	Normal Procedures	Landing Procedure	Canadair Challenger AFM, Product Support Publication No. 601-1B (U.S.), Revision 89, dated January 25, 2024
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive with -3A Engine and 43,100 lb. MTOW	Abnormal Procedures	Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of System No. 2, Failure of Systems No 1. and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, Thrust Reverser Unlocked	Canadair Challenger AFM, Product Support Publication No. 601-1B (U.S.), Revision 89, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive with -3A Engine and 44,600/45,100 lb MTOW	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Yaw Damper Failure, Anti-Ice, Wing Duct Failure	Canadair Challenger AFM, Product Support Publication No. 601-1B-1 (U.S.), Revision 87, dated January 25, 2024
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive with -3A Engine and 44,600/45,100 lb MTOW	Normal Procedures	Landing Procedure	Canadair Challenger AFM, Product Support Publication No. 601-1B-1 (U.S.), Revision 87, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2A12 (601 Variant) airplanes, serial numbers 3001 through 3066 inclusive with -3A Engine and 44,600/45,100 lb MTOW	Abnormal Procedures	Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Single Channel Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of System No. 2, Failure of Systems No 1. and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, Thrust Reverser Unlocked	Canadair Challenger AFM, Product Support Publication No. 601-1B-1 (U.S.), Revision 87, dated January 25, 2024
Model CL-600-2B16 (601-3A/-3R Variant) airplanes, serial numbers 5001 through 5194 inclusive and 43,100 lb MTOW	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Anti-Ice, Wing Duct Failure	Canadair Challenger AFM, Product Support Publication No. 601A-1, Revision 109, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2B16 (601-3A/-3R Variant) airplanes, serial numbers 5001 through 5194 inclusive and 43,100 lb MTOW	Normal Procedures	Landing Procedure	Canadair Challenger AFM, Product Support Publication No. 601A-1, Revision 109, dated January 25, 2024
Model CL-600-2B16 (601-3A/-3R Variant) airplanes, serial numbers 5001 through 5194 inclusive and 43,100 lb MTOW	Abnormal Procedures	Engine Failure During Approach, Single Engine Approach and Landing, Ice Dispersal Procedure, Wing Flap System Malfunction, Ground Spoiler System Malfunction, Pitch Trim Channel 1 and Channel 2 Failure, Excessive Pitch Trim Rate, Pitch Trim Runaway, Fuel Leak, Failure of System No. 1, Failure of System No. 2, Failure of Systems No 1. and No. 2, Failure of Systems No. 1 and No. 3, Failure of Systems No. 2 and No. 3, Yaw Damper Failure, Thrust Reverser Unlocked	Canadair Challenger AFM, Product Support Publication No. 601A-1, Revision 109, dated January 25, 2024

Airplane Model/ Serial Number	AFM Section/Chapter/ Supplement	Procedures	AFM
Model CL-600-2B16 (601-3A/-3R Variant) airplanes, serial numbers 5001 through 5194 inclusive and 44,600/45,100 lb MTOW	Emergency Procedures	Inadvertent Thrust Reverser Deployment in Flight, Smoke/Fire/Fumes Procedure, Smoke or Fumes Removal Procedure, Loss of All Normal Generated Electrical Power, Pitch Control System Jammed, Roll Control System Jammed, Rudder Control System Jammed, Anti-Ice, Wing Duct Failure	Canadair Challenger AFM, Product Support Publication No. 601A-1-1, Revision 98, dated January 25, 2024
Model CL-600-2B16 (601-3A/-3R Variant) airplanes, serial numbers 5001 through 5194 inclusive and 44,600/45,100 lb MTOW	Normal Procedures	Landing Procedure	Canadair Challenger AFM, Product Support Publication No. 601A-1-1, Revision 98, dated January 25, 2024

BILLING CODE 4910-13-C**(h) Additional AD Provisions**

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs)*: The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the manager of the International Validation Branch, send it to the attention of the person identified in paragraph (i) of this AD and email to: AMOC@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(2) *Contacting the Manufacturer*: For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, International Validation Branch, FAA; or Transport Canada; or Bombardier, Inc.'s Transport Canada Design Approval Organization (DAO). If approved by the DAO, the approval must include the DAO-authorized signature.

(i) Additional Information

For more information about this AD, contact Fatin Saumik, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; telephone 516-228-7300; email 9-avs-nyaco-cos@faa.gov.

(j) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference of the material listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this material as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(i) Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 600-1 (US), Revision 109, dated January 25, 2024.

(ii) Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1A (U.S.), Revision 126, dated January 25, 2024.

(iii) Abnormal Procedures section, Canadair Challenger AFM, Product Support

Publication No. 601-1A-1 (U.S.), Revision 85, dated January 25, 2024.

(iv) Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A-1-1, Revision 98, dated January 25, 2024.

(v) Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1B (U.S.), Revision 89, dated January 25, 2024.

(vi) Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1B-1 (U.S.), Revision 87, dated January 25, 2024.

(vii) Abnormal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A-1, Revision 109, dated January 25, 2024.

(viii) Chapter 3—Emergency Procedures, Bombardier Challenger 604 AFM, Publication No. PSP 604-1, Revision 131, dated September 5, 2023.

Note 1 to paragraph (j)(2)(viii): For obtaining the procedures specified in paragraphs (j)(2)(viii), (xi), and (xxxi) of this AD for Bombardier Challenger 604 AFM, Publication No. No. PSP 604-1, use Document Identification No. CH 604 AFM.

(ix) Chapter 3—Emergency Procedures, Bombardier Challenger 605 AFM, Publication No. PSP 605-1, Revision 69, dated September 5, 2023.

Note 2 to paragraph (j)(2)(ix): For obtaining the procedures specified in paragraphs (j)(2)(ix), (xii), and (xxxii) of this AD for Bombardier Challenger 605 AFM, Publication No. No. PSP 605-1, use Document Identification No. CH 605 AFM.

(x) Chapter 3—Emergency Procedures, Challenger 650 AFM, Publication No. PSP 650-1, Revision 34, dated September 5, 2023.

Note 3 to paragraph (j)(2)(x): For obtaining the procedures specified in paragraphs (j)(2)(x), (xiii), and (xxxiii) of this AD for Bombardier Challenger 650 AFM, Publication No. No. PSP 650-1, use Document Identification No. CH 650 AFM.

(xi) Chapter 5—Abnormal Procedures, Bombardier Challenger 604 AFM, Publication No. PSP 604-1, Revision 131, dated September 5, 2023.

(xii) Chapter 5—Abnormal Procedures, Bombardier Challenger 605 AFM, Publication No. PSP 605-1, Revision 69, dated September 5, 2023.

(xiii) Chapter 5—Abnormal Procedures, Challenger 650 AFM, Publication PSP No. 650-1, Revision 34, dated September 5, 2023.

(xiv) Emergency Procedures section, Canadair Challenger Airplane Flight Manual (AFM), Product Publication No. 600 (U.S.), Revision A117, dated January 25, 2024.

(xv) Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 600-1 (US), Revision 109, dated January 25, 2024.

(xvi) Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1A (U.S.), Revision 126, dated January 25, 2024.

(xvii) Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1A-1 (U.S.), Revision 85, dated January 25, 2024.

(xviii) Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A-1-1, Revision 98, dated January 25, 2024.

(xix) Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A-1, Revision 109, dated January 25, 2024.

(xx) Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1B (U.S.), Revision 89, dated January 25, 2024.

(xxi) Emergency Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1B-1 (U.S.), Revision 87, dated January 25, 2024.

(xxii) Normal Procedures section, Canadair Challenger AFM, Product Publication No. 600 (U.S.), Revision A117, dated January 25, 2024.

(xxiii) Normal Procedures section, Canadair Challenger AFM, Product Support Publication No. 600-1 (US), Revision 109, dated January 25, 2024.

(xxiv) Normal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1A (U.S.), Revision 126, dated January 25, 2024.

(xxv) Normal Procedures section, Bombardier Challenger AFM, Product Support Publication No. 601-1A-1 (U.S.), Revision 85, dated January 25, 2024.

(xxvi) Normal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A-1, Revision 109, dated January 25, 2024.

(xxvii) Normal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601A-1-1, Revision 98, dated January 25, 2024.

(xxviii) Normal Procedures section, Canadair Challenger AFM, Product Support

Publication No. 601-1B (U.S.), Revision 89, dated January 25, 2024.

(xxx) Normal Procedures section, Canadair Challenger AFM, Product Support Publication No. 601-1B-1 (U.S.), Revision 87, dated January 25, 2024.

(xxxi) Supplement 4 Category II Operations, Bombardier Challenger 604 AFM, Publication No. PSP 604-1, Revision 131, dated September 5, 2023.

(xxxii) Supplement 4, Category II Operations, Bombardier Challenger 605 AFM, Publication No. PSP 605-1, Revision 69, dated September 5, 2023.

(xxxiii) Supplement 4 Category II Operations, Bombardier Challenger 650 AFM, Publication No. PSP 650-1, Revision 34, dated September 5, 2023.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2025-0748; Project Identifier MCAI-2024-00649-T]

RIN 2120-AA64

Airworthiness Directives; Airbus SAS Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for all Airbus SAS Model A318-111, -112, -121, and -122 airplanes; A319-111, -112, -113, -114, -115, -131, -132, -133, -151N, -153N, and -171N airplanes; A320-211, -212, -214, -216, -231, -232, -233, -251N, -252N,

-253N, -271N, -272N, and -273N airplanes; and A321-111, -112, -131, -211, -212, -213, -231, -232, -251N, -252N, -253N, -271N, -272N, -251NX, -252NX, -253NX, -253NY, -271NX, and -272NX airplanes. This proposed AD was prompted by a determination that new airworthiness limitations are necessary. This proposed AD would require revising the existing maintenance or inspection program, as applicable, to incorporate new airworthiness limitations, as specified in a European Union Aviation Safety Agency (EASA) AD, which is proposed for incorporation by reference (IBR). The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by June 20, 2025.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to regulations.gov. Follow the instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

• *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

AD Docket: You may examine the AD docket at regulations.gov under Docket No. FAA-2025-0748; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this NPRM, the mandatory continuing airworthiness information (MCAI), any comments received, and other information. The street address for Docket Operations is listed above.

Material Incorporated by Reference:

• For EASA material identified in this proposed AD, contact EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000; email ADs@easa.europa.eu; website easa.europa.eu. You may find this material on the EASA website at ad.easa.europa.eu. It is also available at regulations.gov under Docket No. FAA-2025-0748.

• You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206-231-3195.

FOR FURTHER INFORMATION CONTACT: Timothy Dowling, Aviation Safety Engineer, FAA, 2200 South 216th St.,

Des Moines, WA 98198; telephone 206-231-3667; email Timothy.P.Dowling@faa.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

The FAA invites you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under the **ADDRESSES** section. Include “Docket No. FAA-2025-0748; Project Identifier MCAI-2024-00649-T” at the beginning of your comments. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. The FAA will consider all comments received by the closing date and may amend this proposal because of those comments.

Except for Confidential Business Information (CBI) as described in the following paragraph, and other information as described in 14 CFR 11.35, the FAA will post all comments received, without change, to regulations.gov, including any personal information you provide. The agency will also post a report summarizing each substantive verbal contact received about this NPRM.

Confidential Business Information

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this NPRM contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this NPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission containing CBI as “PROPIN.” The FAA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this NPRM. Submissions containing CBI should be sent to Timothy Dowling, Aviation Safety Engineer, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone 206-231-3667; email Timothy.P.Dowling@faa.gov. Any commentary that the FAA receives which is not specifically designated as CBI will be placed in the public docket for this rulemaking.

Background

EASA, which is the Technical Agent for the Member States of the European Union, has issued EASA AD 2024-0208, dated October 25, 2024 (EASA AD

2024–0208) (also referred to as the MCAI), to correct an unsafe condition for all Airbus SAS Model A318–111, –112, –121, and –122 airplanes; A319–111, –112, –113, –114, –115, –131, –132, –133, –151N, –153N, and –171N airplanes; A320–211, –212, –214, –215, –216, –231, –232, –233, –251N, –252N, –253N, –271N, –272N, and –273N airplanes; and A321–111, –112, –131, –211, –212, –213, –231, –232, –251N, –252N, –253N, –271N, –272N, –251NX, –252NX, –253NX, –253NY, –271NX, and –272NX airplanes. Model A320–215 airplanes are not certificated by the FAA and are not included on the U.S. type certificate data sheet; this proposed AD therefore does not include those airplanes in the applicability. Airplanes with an original airworthiness certificate or original export certificate of airworthiness issued after August 7, 2024, must comply with the airworthiness limitations specified as part of the approved type design and referenced on the type certificate data sheet; this proposed AD therefore does not include those airplanes in the applicability. The MCAI states that new airworthiness limitations have been developed.

The FAA is proposing this AD to address fatigue cracking, accidental damage, or corrosion in principal structural elements, which could result in reduced structural integrity of the airplane. You may examine the MCAI in the AD docket at [regulations.gov](https://www.regulations.gov) under Docket No. FAA–2025–0748.

Material Incorporated by Reference Under 1 CFR Part 51

The FAA reviewed EASA AD 2024–0208, which specifies new airworthiness limitations for airplane structures and safe life limits. This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

FAA’s Determination

This product has been approved by the aviation authority of another country and is approved for operation in the United States. Pursuant to the FAA’s bilateral agreement with this State of Design Authority, it has notified the FAA of the unsafe condition described in the MCAI referenced above. The FAA is issuing this NPRM after determining that the unsafe condition described previously is likely to exist or develop in other products of the same type design.

Proposed AD Requirements in This NPRM

This proposed AD would require revising the existing maintenance or inspection program, as applicable, to incorporate new airworthiness limitations, which are specified in EASA AD 2024–0208 described previously, as incorporated by reference. Any differences with EASA AD 2024–0208 are identified as exceptions in the regulatory text of this proposed AD.

This proposed AD would require revisions to certain operator maintenance documents to include new actions (e.g., inspections). Compliance with these actions is required by 14 CFR 91.403(c). For airplanes that have been previously modified, altered, or repaired in the areas addressed by this proposed AD, the operator may not be able to accomplish the actions described in the revisions. In this situation, to comply with 14 CFR 91.403(c), the operator must request approval for an alternative method of compliance (AMOC) according to paragraph (j)(1) of this proposed AD.

Explanation of Required Compliance Information

In the FAA’s ongoing efforts to improve the efficiency of the AD process, the FAA developed a process to use some civil aviation authority (CAA) ADs as the primary source of information for compliance with requirements for corresponding FAA ADs. The FAA has been coordinating this process with manufacturers and CAAs. As a result, the FAA proposes to incorporate EASA AD 2024–0208 by reference in the FAA final rule. This proposed AD would, therefore, require compliance with EASA AD 2024–0208 through that incorporation, except for any differences identified as exceptions in the regulatory text of this proposed AD. Using common terms that are the same as the heading of a particular section in EASA AD 2024–0208 does not mean that operators need comply only with that section. For example, where the AD requirement refers to “all required actions and compliance times,” compliance with this AD requirement is not limited to the section titled “Required Action(s) and Compliance Time(s)” in EASA AD 2024–0208. Material required by EASA AD 2024–0208 for compliance will be available at [regulations.gov](https://www.regulations.gov) by searching for and locating Docket No. FAA–2025–0748 after the FAA final rule is published.

Airworthiness Limitation ADs Using the New Process

The FAA’s process of incorporating by reference MCAI ADs as the primary source of information for compliance with corresponding FAA ADs has been limited to certain MCAI ADs (primarily those with service bulletins as the primary source of information for accomplishing the actions required by the FAA AD). However, the FAA is now expanding the process to include MCAI ADs that require a change to airworthiness limitation documents, such as airworthiness limitation sections.

For these ADs that incorporate by reference an MCAI AD that changes airworthiness limitations, the FAA requirements are unchanged. Operators must revise the existing maintenance or inspection program, as applicable, to incorporate the information specified in the new airworthiness limitation document. The airworthiness limitations must be followed according to 14 CFR 91.403(c) and 91.409(e).

The previous format of the airworthiness limitation ADs included a paragraph that specified that no alternative actions (e.g., inspections) or intervals may be used unless the actions and intervals are approved as an AMOC in accordance with the procedures specified in the AMOC paragraph under “Additional AD Provisions.” This new format includes a “Provisions for Alternative Actions and Intervals” paragraph that does not specifically refer to AMOCs, but operators may still request an AMOC to use an alternative action or interval.

Costs of Compliance

The FAA estimates that this AD, if adopted as proposed, would affect 1,924 airplanes of U.S. registry. The FAA estimates the following costs to comply with this proposed AD:

The FAA has determined that revising the existing maintenance or inspection program takes an average of 90 work-hours per operator, although the agency recognizes that this number may vary from operator to operator. Since operators incorporate maintenance or inspection program changes for their affected fleet(s), the FAA has determined that a per-operator estimate is more accurate than a per-airplane estimate. Therefore, the agency estimates the average total cost per operator to be \$7,650 (90 work-hours × \$85 per work-hour).

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA’s authority to issue

rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency's authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

The FAA has determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

- (1) Is not a "significant regulatory action" under Executive Order 12866,
- (2) Would not affect intrastate aviation in Alaska, and
- (3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

- 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

Airbus SAS: Docket No. FAA–2025–0748; Project Identifier MCAI–2024–00649–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by June 20, 2025.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Airbus SAS airplanes, in paragraphs (c)(1) through (4) of this AD, certificated in any category, with an original airworthiness certificate or original export certificate of airworthiness issued on or before August 7, 2024.

(1) Model A318–111, –112, –121, and –122 airplanes.

(2) Model A319–111, –112, –113, –114, –115, –131, –132, –133, –151N, –153N, and –171N airplanes.

(3) Model A320–211, –212, –214, –216, –231, –232, –233, –251N, –252N, –253N, –271N, –272N, and –273N airplanes.

(4) Model A321–111, –112, –131, –211, –212, –213, –231, –232, –251N, –252N, –253N, –271N, –272N, –251NX, –252NX, –253NX, –253NY, –271NX, and –272NX airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 05, Time Limits/Maintenance Checks.

(e) Unsafe Condition

This AD was prompted by a determination that new airworthiness limitations are necessary. The FAA is issuing this AD to address fatigue cracking, accidental damage, or corrosion in principal structural elements. The unsafe condition, if not addressed, could result in reduced structural integrity of the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Requirements

Except as specified in paragraph (h) of this AD: Comply with all required actions and compliance times specified in, and in accordance with, European Union Aviation Safety Agency (EASA) AD 2024–0208, dated October 25, 2024 (EASA AD 2024–0208).

(h) Exceptions to EASA AD 2024–0208

(1) This AD does not adopt the requirements specified in paragraphs (1) and (2) of EASA AD 2024–0208.

(2) Paragraph (3) of EASA AD 2024–0208 specifies revising "the approved AMP" within 12 months after its effective date, but this AD requires revising the existing maintenance or inspection program, as applicable, within 90 days after the effective date of this AD.

(3) The initial compliance time for doing the tasks specified in paragraph (3) of EASA AD 2024–0208 is at the applicable "associated thresholds" as incorporated by the requirements of paragraph (3) of EASA AD 2024–0208, or within 90 days after the effective date of this AD, whichever occurs later.

(4) This AD does not adopt the provisions specified in paragraph (4) of EASA AD 2024–0208.

(5) This AD does not adopt the "Remarks" section of EASA AD 2024–0208.

(i) Provisions for Alternative Actions and Intervals

After the existing maintenance or inspection program has been revised as required by paragraph (g) of this AD, no alternative actions (e.g., inspections) and intervals are allowed unless they are approved as specified in the provisions of the "Ref. Publications" section of EASA AD 2024–0208.

(j) Additional AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, AIR–520, Continued Operational Safety Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the manager of the Continued Operational Safety Branch, send it to the attention of the person identified in paragraph (k) of this AD and email to: AMOC@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, AIR–520, Continued Operational Safety Branch, FAA; or EASA; or Airbus SAS's EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(k) Additional Information

For more information about this AD, contact Timothy Dowling, Aviation Safety Engineer, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone 206–231–3667; email Timothy.P.Dowling@faa.gov.

(l) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference of the material listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this material as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(i) European Union Aviation Safety Agency (EASA) AD 2024–0208, dated October 25, 2024.

(ii) [Reserved]

(3) For EASA material identified in this AD, contact EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000; email ADs@easa.europa.eu; website easa.europa.eu. You may find this material on the EASA website at ad.easa.europa.eu.

(4) You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des

Moines, WA. For information on the availability of this material at the FAA, call 206-231-3195.

(5) You may view this material at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, visit www.archives.gov/federal-register/cfr/ibr-locations or email fr.inspection@nara.gov.

Issued on April 30, 2025.

Victor Wicklund,

Deputy Director, Integrated Certificate Management Division, Aircraft Certification Service.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2024-2556; Project Identifier MCAI-2024-00247-T]

RIN 2120-AA64

Airworthiness Directives; Airbus SAS Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Supplemental notice of proposed rulemaking (SNPRM).

SUMMARY: The FAA is revising a notice of proposed rulemaking (NPRM) that applied to certain Airbus SAS Model A300 series airplanes; Model A300 B4-600, B4-600R, and F4-600R series airplanes, and Model A300 C4-605R Variant F airplanes (collectively called Model A300-600 series airplanes); and Model A310 series airplanes. This action revises the NPRM by adding airplanes to the applicability. The FAA is proposing this airworthiness directive (AD) to address the unsafe condition on these products. Since this action would impose an additional burden over those in the NPRM, the FAA is requesting comments on this SNPRM.

DATES: The FAA must receive comments on this SNPRM by June 20, 2025.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to regulations.gov. Follow the instructions for submitting comments.

- *Fax:* 202-493-2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5

p.m., Monday through Friday, except Federal holidays.

AD Docket: You may examine the AD docket at regulations.gov under Docket No. FAA-2024-2556; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains the NPRM, this SNPRM, the mandatory continuing airworthiness information (MCAI), any comments received, and other information. The street address for Docket Operations is listed above.

Material Incorporated by Reference:

- For European Union Aviation Safety Agency (EASA) material identified in this proposed AD, contact EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000; email ADs@easa.europa.eu. You may find this material on the EASA website at ad.easa.europa.eu. It is also available at regulations.gov under Docket No. FAA-2024-2556.

- You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206-231-3195.

FOR FURTHER INFORMATION CONTACT:

Courtney Tuck, Aviation Safety Engineer, FAA, 2200 South 216th St., Des Moines, WA 98198; phone: 206-231-3986; email: courtney.k.tuck@faa.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

The FAA invites you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under the **ADDRESSES** section. Include “Docket No. FAA-2024-2556; Project Identifier MCAI-2024-00247-T” at the beginning of your comments. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. The FAA will consider all comments received by the closing date and may amend this proposal because of those comments.

Except for Confidential Business Information (CBI) as described in the following paragraph, and other information as described in 14 CFR 11.35, the FAA will post all comments received, without change, to regulations.gov, including any personal information you provide. The agency will also post a report summarizing each substantive verbal contact received about this SNPRM.

Confidential Business Information

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this SNPRM contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this SNPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission containing CBI as “PROPIN.” The FAA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this SNPRM. Submissions containing CBI should be sent to Courtney Tuck, Aviation Safety Engineer, FAA, 2200 South 216th St., Des Moines, WA 98198; phone: 206-231-3986; email: courtney.k.tuck@faa.gov. Any commentary that the FAA receives which is not specifically designated as CBI will be placed in the public docket for this rulemaking.

Background

The FAA issued an NPRM to amend 14 CFR part 39 by adding an AD that would apply to certain Airbus SAS Model A300 series airplanes; Model A300-600 series airplanes; and Model A310 series airplanes. The NPRM published in the **Federal Register** on December 13, 2024 (89 FR 100926). The NPRM was prompted by AD 2024-0092R1, dated July 10, 2024 (EASA AD 2024-0092R1) (also referred to as the MCAI), issued by EASA, which is the Technical Agent for the Member States of the European Union. EASA AD 2024-0092R1 states that investigations found cracks on the main deck cargo door (MDCD) actuator bearing fitting caused by fatigue. There is no unsafe condition during flight when the cargo door is fully closed, latched, and locked. However, if not detected and corrected, this cracking could lead to MDCD undamped free fall from the open position during MDCD operations or during cargo loading/off-loading, resulting in injury to people on the ground.

In the NPRM, the FAA proposed to require an operational limitation to the MDCD opening angle, repetitive detailed visual inspections of the MDCD actuator bearing fittings, and replacement if any cracks are found.

Actions Since the NPRM Was Issued

Since the FAA issued the NPRM, the FAA has determined the applicability of the proposed AD must be revised to add airplanes. The applicability of EASA AD 2024-0092R1 includes airplanes modified in accordance with EASA supplemental type certificate (STC) 10014779 (any revision), EASA STC 10013945 (any revision), or EASA STC 10013960 (any revision). The FAA has determined those EASA STCs correspond to FAA STCs ST00177LA-D, STC ST00178LA-D, STC ST01431NY, and STC ST00100NY. Therefore, the FAA has revised paragraph (c) of the proposed AD to also include airplanes modified in accordance with the FAA STCs.

The FAA is proposing this AD to address the unsafe condition on these products.

You may examine the MCAI in the AD docket at [regulations.gov](https://www.regulations.gov) under Docket No. FAA-2024-2556.

Comments

The FAA received comments from Air Line Pilots Association, International (ALPA), who supported the NPRM without change. The FAA also received comments from United Parcel Service (UPS Airlines), who supported the NPRM and had an additional comment.

The FAA also received additional comments from FedEx Express. The following presents the comments received on the NPRM and the FAA's response to each comment.

Request To Withdraw the NPRM

FedEx Express requested that the NPRM be withdrawn for several reasons. First, FedEx Express requested that the NPRM be withdrawn until Airbus has provided a modification to limit the MDCD operation to 70 degrees. FedEx Express stated the operational limitation requirement will be difficult to monitor because door operators will not be prohibited from opening the MDCD to 145 degrees as Airbus does not provide any MDCD modifications to keep its 70-degree limitation. FedEx Express stated it, and other airlines, do not monitor door positions for cargo loading/unloading operations, and cargo loading personnel are permitted to use both 70- and 145-degree positions. FedEx Express also suggested that Airbus Alert Operators Transmission (AOT) A52W016-24, Revision 01, dated July 1, 2024, be revised to include a modification to limit the MDCD to 70 degrees so that FedEx Express and other airlines would not mistakenly violate the proposed AD when released.

Second, FedEx Express requested the NPRM be withdrawn until Airbus and

the FAA provide a consistent wind speed operation for the MDCD. FedEx Express stated that Airbus AOT A52W016-24, Revision 01, dated July 1, 2024, specifies the MDCD cannot be operated at wind speeds equal to or greater than 40 knots. However, FedEx Express noted that Airbus aircraft maintenance manual (AMM) 52-36-00-00 permits the door to be operated at 40 knot wind speeds and furthermore, if the nose or tail of the airplane is put into the wind, the maximum wind speed can be 50 knots. FedEx Express stated the AMM specifies the door cannot be operated at wind speeds exceeding 60 knots, at which time the door must be closed immediately. Based on this information, FedEx Express concluded the documents have contradictory language and that differing wind speed limits could cause a regulatory burden on the airlines when following original equipment manufacturer standards. FedEx Express also suggested that the documents be revised to reflect a consistent wind speed operation on the MDCD.

Third, FedEx Express requested the NPRM be withdrawn until Airbus has provided an additional inspection procedure so that FedEx Express can detect cracks with more confidence. FedEx Express stated that the proposed method of inspection (*i.e.*, a detailed visual inspection) is inadequate because it does not fully detect cracks in these fittings unless the forward and aft support bearings are removed. FedEx Express noted that the bearings have a housing assembly that covers the side of the fitting lug holes where it starts to crack. FedEx Express also suggested that Airbus AOT A52W016-24, Revision 01, dated July 1, 2024, be revised to include another set of inspection procedures that would require removing the MDCD door actuating mechanisms and bearings for inspection access. FedEx Express stated that the new inspection can be accomplished with an extended compliance time to schedule the airplane in a heavy check environment with proper tooling and personnel.

Finally, FedEx Express requested the NPRM be withdrawn until Airbus has provided a temporary repair procedure to bridge all airplanes with crack findings at the next C-check opportunity. FedEx Express stated Airbus informed operators it is studying an alternative temporary repair when a crack is found on these fittings that will bridge the airplane until its next C-check for fitting replacement. FedEx Express noted this will help all operators mitigate the operational burden and schedule the airplane to a

suitable base location for fitting replacements.

The FAA does not agree with the request to withdraw the NPRM. To delay this proposed AD would be inappropriate, since the FAA has determined that an unsafe condition exists and that the actions required by this proposed AD must be conducted to ensure continued safety.

Regarding the request to wait until a modification is developed to limit the MDCD operation to 70 degrees, the FAA notes that Airbus is not planning a modification to block the door at max 70 degrees. The FAA points out that the MDCD opening/closing operation occurs as follows (as described in AMM 52-36-00): When the door toggle switch is pushed to the open position and held, the MDCD stops automatically at the 70-degree opening position and the indicator light comes on. The MDCD toggle switch needs to be released and pushed again to the open position to open the door beyond 70 degrees up to 145 degrees. Therefore, an inadvertent opening of the MDCD beyond a 70-degree opening angle is unlikely. During normal closing, the MDCD initially moves in the open direction for approximately 15 seconds so that the catch hook of the door actuator is released, so the doors slightly open above the 70-degree position. Then the MDCD moves automatically in the closed direction. However, for the purposes of this proposed AD, this short opening is not a deviation from the requirement to not open the door above 70 degrees. In regards to the commenter's statement that operators do not monitor door positions and that cargo loading personnel are permitted to use both 70- and 145-degree positions, the FAA notes that this proposed AD takes precedence over service information that is not mandated by an AD and the operator's current maintenance practices. In order to deviate from the requirements of the proposed AD, operators may request approval of an alternative method of compliance (AMOC) for the alternative actions under the provisions of paragraph (j)(1) of this proposed AD.

Regarding the request to wait until Airbus and the FAA have provided a consistent wind speed operation for the MDCD, the FAA acknowledges the documents specify different wind speeds. However, the AD takes precedence over service information that is not mandated by an AD. The FAA concurs that the manufacturer should revise its service information to align with the service information mandated by the proposed AD. For

clarification, the manufacturer, not the FAA, revises service information.

Regarding the request to wait until Airbus has provided an additional inspection procedure, the FAA has determined that the detailed visual inspection addresses the unsafe condition and is an adequate means to detect a crack through the bearing fitting with no need to remove forward and aft support bearings. The FAA notes that even if there were a change to the inspection method, it would not justify a change to the inspection compliance times. However, any person may request approval of an AMOC for the inspection method or compliance time under the provisions of paragraph (j)(1) of this proposed AD.

Finally, regarding the request to wait until Airbus has provided a temporary repair procedure, the temporary repair is being studied by Airbus and stress computations are on-going. As such, the temporary repair is not yet available. However, under the provisions of paragraph (j)(1) of this proposed AD, the FAA will consider requests for approval of an AMOC for a temporary repair or alternative repair if sufficient data are submitted to substantiate that the repair would provide an acceptable level of safety.

Request for Addressing a Certain Condition

UPS Airlines requested that the proposed AD address the condition if the door is inadvertently opened beyond the 70-degree position. UPS Airlines stated that the proposed AD requires an operational limitation to 70 degrees of the MDCD opening angle. UPS Airlines further stated that Airbus AOT A52W016–24, Revision 01, dated July 1, 2024, allows opening the MDCD to the 145-degree (full-open) position and that there is no electrical or mechanical means to prevent the door from being opened beyond the 70-degree position. UPS Airlines recommended that the proposed AD specify actions if this happens and include a statement to accomplish the inspection mandated by the proposed AD within 10 days. UPS Airlines stated it currently inspects per Airbus AOT A52W016–24, Revision 01, dated July 1, 2024, if the MDCD is inadvertently opened beyond the 70-degree position, in addition to the normal 640 flight cycle inspection interval.

The FAA disagrees with the request because Note 1 of EASA AD 2024–0092R1 allows for exceeding the 70-degree position for a short period. However, in case the MDCD is opened beyond 70 degrees longer than a short period or an operator wants to deviate

from this AD and allow opening the MDCD beyond 70 degrees, then the operator must request an AMOC under the provisions of paragraph (j)(1) of this proposed AD. The FAA has not changed this proposed AD in this regard.

Request for Extending the Compliance Time for Multiple Reasons

FedEx Express requested that the compliance times be extended for multiple reasons. First, FedEx Express requested an exception be added to paragraph (h) of the proposed AD that extends the compliance times due to this subject not being a safety of flight condition. FedEx Express stated it is concerned the proposed short inspection compliance times will place a great burden on the airlines, especially if a crack is found. FedEx Express noted that the crack on these fittings will not cause the door to fall because the MDCD door is supported with piano hinges hinged to the fuselage and by a door actuating mechanism that locks in the center. FedEx Express stated it has 45 Airbus airplanes above 13,000 flight cycles since the MDCD was installed and has had no adverse door operations observed with these airplanes. FedEx Express recommended the initial and repetitive inspections be revised to 1,000 flight cycles. FedEx Express concluded this will minimize the operational burden and allow scheduling the airplane to a suitable base location for inspections, including replacement of MDCD crack bearing fittings with proper tooling, workforce, and parts availability.

Second, FedEx Express requested extending the compliance time until Airbus secures all the replacement MDCD bearing fittings. FedEx Express stated the replacement of MDCD bearing fittings in case of findings would require a large number of fittings in stock to support all FedEx Express airplanes and other airlines affected by this proposed AD. FedEx Express stated that Airbus does not have enough spares of these fittings to support FedEx Express and other operators.

Finally, FedEx Express requested extending the compliance time until Airbus ensures associated replacement parts are in stock. FedEx Express stated it has concerns about associated parts availability upon replacing these MDCD bearing fittings when a crack is found. FedEx Express stated that Airbus has low stock of most of the door actuating mechanism parts attached to these bearing fittings, which might also require replacement, e.g., bearings, support housings, bolts etc. FedEx Express stated these parts are not secured in stock and are difficult to

procure currently from Airbus. FedEx Express provided an example of a bearing that has a lead time of 194 days. FedEx Express recommended extending the compliance time to a heavy check threshold.

The FAA does not agree with the commenter's request to extend the compliance time. Regarding the statement that there is not an unsafe condition, the FAA notes that the commenter's reasoning that "the crack on these fittings will not cause the door to fall because the MDCD door is supported with piano hinges hinged to the fuselage and by a door actuating mechanism that locks in the center" is not correct because when the connection of the 2 bearing housings to the bearing fittings is lost then the door moves down. The piano hinge does not prevent the MDCD from moving down because it has only the function to attach the door to the fuselage and allows a rotational motion. The actuation mechanism is equipped with a catching hook, which is located directly on the actuator. The function of the catching hook is only to prevent the MDCD closing if no hydraulic pressure is present. If both bearing housings detach from the bearing fittings there is nothing to prevent the door from moving down and this could lead to an undamped freefall of the MDCD in a worst case. Thus, as specified in this proposed AD, an unsafe condition exists and must be addressed within the compliance times specified in this proposed AD.

Regarding the availability of replacement bearing fittings, the FAA has confirmed with Airbus that there is sufficient stock of bearing fittings. Regarding the availability of associated replacement parts, the FAA confirmed with Airbus that it is actively securing stock for those parts. To the extent associated replacement parts may not exist to replace parts that fail the inspection requirements of this AD, the FAA cannot base its AD action on whether associated replacement parts are available or can be produced. While every effort is made to avoid grounding aircraft, the FAA must address the unsafe condition.

After considering the commenter's reasons, the FAA has determined that the compliance time, as proposed, represents an appropriate interval of time in which the required actions can be performed in a timely manner within the affected fleet, while still maintaining an adequate level of safety. However, under the provisions of paragraph (j)(1) of this proposed AD, the FAA will consider requests for approval of an extension of the compliance time if

sufficient data is submitted to substantiate that the new compliance time would provide an acceptable level of safety. The FAA has not changed this AD in this regard.

Request for Extending the Compliance Time Due to Operational Costs

FedEx Express requested extending the compliance time because of the operational burden it will bring on operators once a crack is found. FedEx Express stated the 500 work-hours stated in Airbus AOT A52W016–24, Revision 01, dated July 1, 2024, is only an Airbus estimate based on the assumption that only MDCD fittings are replaced and does not include any damaged parts attached to these fittings. FedEx Express stated that the vendor maintenance reported that the work-hours exceed more than 1,000 work-hours depending on the damaged parts affected (e.g., bearings, housings, frames etc.). FedEx Express asked the FAA to evaluate the works-hours.

The FAA notes that the 500 work-hours is an estimate for the bearing fitting replacement, which is required by the proposed AD if cracking is found. The cost information specified in the proposed AD describes only the direct costs of the specific actions required by this AD, i.e., inspecting and replacing bearing fittings if necessary. Based on the best data available, the manufacturer provided the number of work-hours necessary to do the required actions. The FAA recognizes that, in doing the actions required by an AD, operators might incur incidental costs in addition to the direct costs, such as replacing parts associated with the bearing fitting. The cost analysis in AD rulemaking actions, however, typically does not include incidental costs. Those incidental costs might vary significantly among operators. The FAA notes that Airbus is unable to provide or consider estimates on associated parts that are not required to be removed that might be damaged during replacement activities. In developing an appropriate

compliance time for this action, the FAA considered the recommendations of the state of design authority, the urgency associated with the subject unsafe condition, the availability of required parts, and the practical aspect of accomplishing the required inspections within a period of time that corresponds to the normal scheduled maintenance for most affected operators.

Material Incorporated by Reference Under 1 CFR Part 51

EASA AD 2024–0092R1 specifies procedures for an operational limitation to the MDCD opening angle, repetitive detailed visual inspections of the MDCD actuator bearing fittings, and replacement of both MDCD actuator bearing fittings if any crack is found on any MDCD actuator bearing fitting.

This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the ADDRESSES section.

FAA’s Determination

This product has been approved by the aviation authority of another country and is approved for operation in the United States. Pursuant to the FAA’s bilateral agreement with this State of Design Authority, it has notified the FAA of the unsafe condition described in the MCAI referenced above. The FAA is issuing this SNPRM after determining that the unsafe condition described previously is likely to exist or develop in other products of the same type design.

Certain changes described above expand the scope of the NPRM. As a result, it is necessary to reopen the comment period to provide additional opportunity for the public to comment on this SNPRM.

Proposed AD Requirements in This SNPRM

This proposed AD would require accomplishing the actions specified in EASA AD 2024–0092R1 described

previously, except for any differences identified as exceptions in the regulatory text of this proposed AD.

Explanation of Required Compliance Information

In the FAA’s ongoing efforts to improve the efficiency of the AD process, the FAA developed a process to use some civil aviation authority (CAA) ADs as the primary source of information for compliance with requirements for corresponding FAA ADs. The FAA has been coordinating this process with manufacturers and CAAs. As a result, the FAA proposes to incorporate EASA AD 2024–0092R1 by reference in the FAA final rule. This proposed AD would, therefore, require compliance with EASA AD 2024–0092R1 in its entirety through that incorporation, except for any differences identified as exceptions in the regulatory text of this proposed AD. Using common terms that are the same as the heading of a particular section in EASA AD 2024–0092R1 does not mean that operators need comply only with that section. For example, where the AD requirement refers to “all required actions and compliance times,” compliance with this AD requirement is not limited to the section titled “Required Action(s) and Compliance Time(s)” in EASA AD 2024–0092R1. Material required by EASA AD 2024–0092R1 for compliance will be available at *regulations.gov* under Docket No. FAA–2024–2556 after the FAA final rule is published.

Interim Action

The FAA considers that this proposed AD would be an interim action. If final action is later identified, the FAA might consider further rulemaking then.

Costs of Compliance

The FAA estimates that this AD, if adopted as proposed, would affect 243 airplanes of U.S. registry. The FAA estimates the following costs to comply with this proposed AD:

ESTIMATED COSTS FOR REQUIRED ACTIONS

Labor cost	Parts cost	Cost per product	Cost on U.S. operators
1 work-hour × \$85 per hour = \$85	\$0	\$85	\$20,655

The FAA estimates the following costs to do any necessary on-condition actions that would be required based on

the results of any required actions. The FAA has no way of determining the

number of airplanes that might need this on-condition action:

ESTIMATED COSTS OF ON-CONDITION ACTIONS

Labor cost	Parts cost	Cost per product
500 work-hours × \$85 per hour = \$42,500	\$34,600	\$77,100

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA’s authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency’s authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

The FAA determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

- (1) Is not a “significant regulatory action” under Executive Order 12866,
- (2) Would not affect intrastate aviation in Alaska, and
- (3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

- 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

Airbus SAS: Docket No. FAA–2024–2556; Project Identifier MCAI–2024–00247–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by June 20, 2025.

(b) Affected ADs

None.

(c) Applicability

This AD applies to the Airbus SAS airplanes identified in paragraphs (c)(1) through (6) of this AD, certified in any category, manufactured in freighter model configuration, or modified in accordance with supplemental type certificate (STC) ST00177LA–D, STC ST00178LA–D, STC ST01431NY, or STC ST00100NY.

- (1) Model A300 B4–2C, B4–103, and B4–203 airplanes.
- (2) Model A300 B4–601, B4–603, B4–620, and B4–622 airplanes.
- (3) Model A300 B4–605R and B4–622R airplanes.
- (4) Model A300 C4–605R Variant F airplanes.
- (5) Model A300 F4–605R and F4–622R airplanes.
- (6) Model A310–203, –204, –221, –222, –304, –322, –324, and –325 airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 52, Doors.

(e) Unsafe Condition

This AD was prompted by investigations that found cracks on the main deck cargo door (MDCD) actuator bearing fitting caused by fatigue. The FAA is issuing this AD to address potential cracking of the MDCD actuator bearing fittings. The unsafe condition, if not addressed, could lead to MDCD undamped free fall from open position during MDCD operations or during cargo loading/off-loading, resulting in injury to people on the ground.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Requirements

Except as specified in paragraphs (h) and (i) of this AD: Comply with all required actions and compliance times specified in, and in accordance with, European Union Aviation Safety Agency (EASA) AD 2024–0092R1, dated July 10, 2024 (EASA AD 2024–0092R1).

(h) Exceptions to EASA AD 2024–0092R1

(1) Where EASA AD 2024–0092R1 refers to April 26, 2024 (the effective date of the original issue of EASA AD 2024–0092R1), this AD requires using the effective date of this AD.

(2) This AD does not adopt the “Remarks” section of EASA AD 2024–0092R1.

(i) No Reporting Requirement

Although the material referenced in EASA AD 2024–0092R1 specifies to submit certain information to the manufacturer, this AD does not include that requirement.

(j) Additional AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, AIR–520, Continued Operational Safety Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the Manager, Continued Operational Safety Branch, send it to the attention of the person identified in paragraph (k) of this AD and email to: *AMOC@faa.gov*. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, AIR–520, Continued Operational Safety Branch, FAA; or EASA; or Airbus SAS’s EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(3) *Required for Compliance (RC):* Except as required by paragraph (j)(2) of this AD, if any material referenced in EASA AD 2024–0092R1 contains paragraphs that are labeled as RC, the instructions in RC paragraphs, including subparagraphs under an RC paragraph, must be done to comply with this AD; any paragraphs, including subparagraphs under those paragraphs, that are not identified as RC are recommended. The instructions in paragraphs, including subparagraphs under those paragraphs, not identified as RC may be deviated from using accepted methods in accordance with the

operator's maintenance or inspection program without obtaining approval of an AMOC, provided the instructions identified as RC can be done and the airplane can be put back in an airworthy condition. Any substitutions or changes to instructions identified as RC require approval of an AMOC.

(k) Additional Information

For more information about this AD, contact Courtney Tuck, Aviation Safety Engineer, FAA, 2200 South 216th St., Des Moines, WA 98198; phone: 206-231-3986; email: courtney.k.tuck@faa.gov.

(l) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference of

the material listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this material as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(i) European Union Aviation Safety Agency (EASA) AD 2024-0092R1, dated July 10, 2024.

(ii) [Reserved].

(3) For EASA material identified in this AD, contact EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000; email ADs@easa.europa.eu. You may find this material on the EASA website at ad.easa.europa.eu.

(4) You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des

Moines, WA. For information on the availability of this material at the FAA, call 206-231-3195.

(5) You may view this material at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, visit www.archives.gov/federal-register/cfr/ibr-locations or email fr.inspection@nara.gov.

Issued on May 1, 2025.

Victor Wicklund,

Deputy Director, Integrated Certificate Management Division, Aircraft Certification Service.

Notices

Federal Register

Vol. 90, No. 86

Tuesday, May 6, 2025

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Fresno and Madera Resource Advisory Committee

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of meeting.

SUMMARY: The Fresno and Madera Resource Advisory Committee (RAC) will hold a public meeting according to the details shown below. The committee is authorized under the Secure Rural Schools and Community Self-Determination Act (the Act) and operates in compliance with the Federal Advisory Committee Act (FACA). The purpose of the committee is to improve collaborative relationships and to provide advice and recommendations to the Forest Service concerning projects and funding consistent with Title II of the Act, as well as make recommendations on recreation fee proposals for sites on the Sierra National Forest within Fresno and Madera Counties, consistent with the Federal Lands Recreation Enhancement Act.

DATES: An in-person meeting will be held on Wednesday, May 21, 2025, 5:30 p.m. to 7:30 p.m. Pacific daylight time.

Written and Oral Comments: Anyone wishing to provide in-person oral comments must pre-register by 11:59 p.m. Pacific daylight time on Wednesday, May 14, 2025. Written public comments will be accepted by 11:59 p.m. Pacific daylight time on Wednesday, May 14, 2025. Comments submitted after this date will be provided by the Forest Service to the committee, but the committee may not have adequate time to consider those comments prior to the meeting.

All committee meetings are subject to cancellation. For status of the meeting prior to attendance, please contact the

person listed under **FOR FURTHER INFORMATION CONTACT**.

ADDRESSES: This meeting will be held in-person at the Sierra National Forest Supervisor's Office, located at 1600 Tollhouse Road, Clovis, California 96312. Committee information and meeting details can be acquired by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

Written Comments: Written comments must be sent by email to bill.mccullough@usda.gov or via mail (postmarked) to Will McCullough, 1600 Tollhouse Rd., Clovis, CA 93619. The Forest Service strongly prefers comments be submitted electronically.

Oral Comments: Persons or organizations wishing to make oral comments must pre-register by 11:59 p.m. Pacific daylight time, Wednesday, May 14, 2025, and speakers can only register for one speaking slot. Oral comments must be sent by email to bill.mccullough@usda.gov or via mail (postmarked) to Will McCullough, 1600 Tollhouse Rd., Clovis, CA 93619.

FOR FURTHER INFORMATION CONTACT: Kim Sorini-Wilson, Designated Federal Officer, by phone at (559) 365-1497 or email at kim.sorini@usda.gov; or Will McCullough, RAC Coordinator, by phone at (559) 297-0706 or email at bill.mccullough@usda.gov.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to cover the following:

1. Discuss and agree on general operating procedures;
2. Elect a chairperson;
3. Possibly vote to recommend project proposals for Title II funds;
4. Schedule the next meeting; and
5. Other.

The agenda will include time for individuals to make oral statements of three minutes or less. Individuals wishing to make an oral statement should make a request in writing at least three days prior to the meeting date to be scheduled on the agenda. Written comments may be submitted to the Forest Service up to 14 days after the meeting date listed under **DATES**.

Please contact the person listed under **FOR FURTHER INFORMATION CONTACT**, by or before the deadline, for all questions related to the meeting. All comments, including names and addresses when provided, are placed in the record and are available for public inspection and

copying. The public may inspect comments received upon request.

Meeting Accommodations: The meeting location is compliant with the Americans with Disabilities Act, and the USDA provides reasonable accommodation to individuals with disabilities where appropriate. If you are a person requiring reasonable accommodation, please make requests in advance for sign language interpretation, assistive listening devices, or other reasonable accommodation to the person listed under the **FOR FURTHER INFORMATION CONTACT** section, or contact USDA's TARGET Center at (202) 720-2600 (voice and TTY) or USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

Equal opportunity practices, in accordance with USDA policies, will be followed in all membership appointments to the committee.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Dated: April 16, 2025.

Cikena Reid,

USDA Committee Management Officer.

BILLING CODE 3411-15-P

DEPARTMENT OF AGRICULTURE

Forest Service

Black Hills National Forest Advisory Board

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of meeting.

SUMMARY: The Black Hills National Forest Advisory Board will hold a public meeting according to the details shown below. The board is authorized under the Forest and Rangeland Renewable Resources Planning Act of 1974, the National Forest Management Act of 1976, the Federal Public Lands Recreation Enhancement Act, and operates in compliance with the Federal Advisory Committee Act (FACA). The purpose of the board is to provide advice and recommendations on a broad range of forest issues such as forest plan revisions or amendments; forest health including fire, insects, and disease; travel management; forest monitoring and evaluation; recreation fees; and site-specific projects having forest-wide implications.

DATES: An in-person meeting will be held on May 21, 2025, 1 p.m. to 4:30 p.m. Mountain Daylight Time.

Written and Oral Comments: Anyone wishing to provide in-person oral comments must pre-register by 11:59 p.m. Mountain Daylight Time on May 16, 2025. Written public comments will be accepted by 11:59 p.m. Mountain Daylight Time on May 16, 2025. Comments submitted after this date will be provided by the Forest Service to the board, but the board may not have adequate time to consider those comments prior to the meeting.

All board meetings are subject to cancellation. For status of the meeting prior to attendance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

ADDRESSES: This meeting will be held in person at the USDA Forest Service, Mystic Ranger District Office, 8221 Mount Rushmore Road, Rapid City, South Dakota 57702. Board information and meeting details can be found at the following website: <https://www.fs.usda.gov/main/blackhills/workingtogether/advisorycommittees> or by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

Written Comments: Written comments must be sent by email to scott.j.jacobson@usda.gov or via mail (postmarked) to Scott Jacobson, 8221 Mount Rushmore Road, Rapid City, South Dakota 57702. The Forest Service strongly prefers comments be submitted electronically.

Oral Comments: Persons or organizations wishing to make oral comments must pre-register by 11:59 p.m. Mountain Daylight Time, May 16, 2025, and speakers can only register for one speaking slot. Oral comments must be sent by email to scott.j.jacobson@usda.gov or via mail (postmarked) to

Scott Jacobson, 8221 Mount Rushmore Road, Rapid City, South Dakota 57702.

FOR FURTHER INFORMATION CONTACT: Shawn Cochran, Designated Federal Officer, by phone at 605-673-9201 or email at shawn.cochran@usda.gov; or Scott Jacobson, Committee Coordinator, by phone at 605-440-1409 or email at scott.j.jacobson@usda.gov.

SUPPLEMENTARY INFORMATION: The meeting agenda will include:

1. Recreation fee proposal recommendation;
2. Fire season outlook; and
3. Forest plan revision update.

The agenda will include time for individuals to make oral statements of three minutes or less. Individuals wishing to make an oral statement should make a request in writing at least three days prior to the meeting date to be scheduled on the agenda. Written comments may be submitted to the Forest Service up to 7 days after the meeting date listed under **DATES**.

Please contact the person listed under **FOR FURTHER INFORMATION CONTACT**, by or before the deadline, for all questions related to the meeting. All comments, including names and addresses when provided, are placed in the record and are available for public inspection and copying. The public may inspect comments received upon request.

Meeting Accommodations: The meeting location is compliant with the Americans with Disabilities Act, and the USDA provides reasonable accommodation to individuals with disabilities where appropriate. If you are a person requiring reasonable accommodation, please make requests in advance for sign language interpretation, assistive listening devices, or other reasonable accommodation to the person listed under the **FOR FURTHER INFORMATION CONTACT** section or contact USDA's TARGET Center at (202) 720-2600 (voice and TTY) or USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

Equal opportunity practices, in accordance with USDA policies, will be followed in all membership appointments to the Committee.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/

parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Dated: April 11, 2025.

Cikena Reid,

USDA Committee Management Officer.

BILLING CODE 3411-15-P

CIVIL RIGHTS COLD CASE RECORDS REVIEW BOARD

[Agency Docket Number: CRCCRRB-2025-0013-N]

Notice of Formal Determination on Records Release

AGENCY: Civil Rights Cold Case Records Review Board.

ACTION: Notice.

SUMMARY: The Civil Rights Cold Case Records Review Board received 857 pages of records from the National Archives and Records Administration (NARA), the Department of Justice, and the Federal Bureau of Investigation (FBI) related to two civil rights cold case incidents to which the Review Board assigned the unique identifiers 2024-003-041 and 2024-003-042. NARA did not propose any postponements of disclosure. The Department of Justice and the FBI proposed 1,422 postponements of disclosure and later withdrew 97 of those postponements. On April 23, 2025, the Review Board approved 489 postponements and portions of 28 additional postponements, and determined that 648 pages in full and 209 pages in part should be publicly disclosed in the Civil Rights Cold Case Records Collection. By issuing this notice, the Review Board complies with section 7(c)(4) of the Civil Rights Cold Case Records Collection Act of 2018 that requires the Review Board to publish in the **Federal Register** its determinations on the disclosure or postponement of records in the Collection no more than 14 days after the date of its decision.

FOR FURTHER INFORMATION CONTACT: Stephannie Oriabure, Chief of Staff, Civil Rights Cold Case Records Review Board, 1800 F Street NW, Washington, DC 20405, (771) 221-0014, info@coldcaserecords.gov.

BILLING CODE 6820-SY-P

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Hawai'i Advisory Committee to the U.S. Commission on Civil Rights

AGENCY: U.S. Commission on Civil Rights.

ACTION: Notice of public meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA), that the Hawai'i Advisory Committee (Committee) to the U.S. Commission on Civil Rights will hold a virtual business meeting via Zoom on Friday, May 23, 2025, from 3:00 p.m. to 4:30 p.m. HST, to discuss the

Committee's draft report on "Examining Hawaii's Child Welfare System and the Overrepresentation of Native Hawaiian Children and Families."

DATES: Friday, May 23, 2025, from 3:00 p.m.-4:30 p.m. Hawai'i Standard Time

ADDRESSES: The meeting will be held via Zoom Webinar.

Registration Link (Audio/Visual):

<https://www.zoomgov.com/j/1611278817>.

Join by Phone (Audio Only): (833)

435-1820 USA Toll Free; Webinar ID:

161 127 8817.

FOR FURTHER INFORMATION CONTACT:

Kayla Fajota, Designated Federal Officer (DFO) at kfajota@usccr.gov or (434) 515-2395.

SUPPLEMENTARY INFORMATION:

Committee meetings are available to the public through the videoconference link above. Any interested member of the public may listen to the meeting. An open comment period will be provided to allow members of the public to make a statement as time allows. Per the Federal Advisory Committee Act, public minutes of the meeting will include a list of persons who are present at the

meeting. If joining via phone, callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Closed captions will be provided for individuals who are deaf, hard of hearing, or who have certain cognitive or learning impairments. To request additional accommodations, please email Angelica Trevino, Support Services Specialists, at atrevino@usccr.gov at least 10 business days prior to the meeting.

Members of the public are entitled to make comments during the open period at the end of the meeting. Members of the public may also submit written comments; the comments must be received in the Regional Programs Unit within 30 days following the meeting. Written comments may be emailed to Kayla Fajota (DFO) at kfajota@usccr.gov.

Records generated from this meeting may be inspected and reproduced at the Regional Programs Coordination Unit Office, as they become available, both before and after the meeting. Records of the meetings will be available via www.facadatabase.gov under the

Commission on Civil Rights, Hawai'i Advisory Committee link. Persons interested in the work of this Committee are directed to the Commission's website, <https://www.usccr.gov>, or may contact the Regional Programs Coordination Unit at atrevino@usccr.gov.

Agenda

- I. Welcome and Roll Call
- II. Approval of Minutes
- III. Discussion: Draft Report
- IV. Next Steps
- V. Public Comment
- VI. Adjournment

Dated: May 1, 2025.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

International Trade Administration

[C-570-017]

Certain Passenger Vehicle and Light Truck Tires From the People's Republic of China: Preliminary Results and Partial Rescission of Countervailing Duty Administrative Review; 2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that countervailable subsidies were provided to a producer and exporter of certain passenger vehicles and light truck tires (PVLТ) from the People's Republic of China (China) during the period of review (POR), January 1, 2023, through December 31, 2023. In addition, Commerce is rescinding this review, in part, with respect to the nine companies listed in Appendix II of this notice. Interested parties are invited to comment on these preliminary results.

DATES: Applicable May 6, 2025.

FOR FURTHER INFORMATION CONTACT: Ted Pearson, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2631.

SUPPLEMENTARY INFORMATION:

Background

On August 10, 2015, Commerce published in the **Federal Register** the countervailing duty (CVD) order on

PVLТs from China.¹ On August 1, 2024, Commerce initiated this administrative review of the *Order*.² On December 9, 2024, Commerce tolled certain deadlines in this administrative proceeding by 90 days.³ The current deadline for the preliminary results in this administrative review is August 1, 2025.

On January 31, 2024, Commerce selected Jiangsu General Science Technology Co., Ltd. (General Science) for individual examination as the mandatory respondent in this review. On January 17, 2025, Commerce received a letter of intent to not participate in the review by General Science.⁴ We received no response from the Government of China to the Initial Questionnaire.⁵ Because all review requests were rescinded for the remaining companies, Commerce did not select additional mandatory respondents.

For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.⁶ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The merchandise covered by the *Order* is PVLТs from China. For a

complete description of the scope of the *Order*, *see* the Preliminary Decision Memorandum.⁷

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, Commerce preliminarily determines that there is a subsidy (*i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific).⁸ For a full description of the methodology underlying our conclusions, including our reliance on adverse facts available (AFA) pursuant to sections 776(a) and (b) of the Act, *see* the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of the notice of initiation. Commerce received timely-filed withdrawal requests with respect to nine companies, pursuant to 19 CFR 351.213(d)(1).⁹ Because the withdrawal requests were timely filed, and no other parties requested a review of these companies, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review of the *Order* with respect to these nine companies listed in Appendix II of this notice. For additional information regarding this determination, *see* the Preliminary Decision Memorandum.¹⁰

Preliminary Results of Review

Commerce preliminarily determines that the following net countervailable subsidy rates exist for the period January 1, 2023, through December 31, 2023:

Company	Subsidy rate (percent <i>ad valorem</i>)
Jiangsu General Science Technology Co., Ltd	125.50

⁷ *Id.*

⁸ *See* sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁹ *See* Preliminary Decision Memorandum.

¹⁰ *Id.*

Cash Deposit Requirements

In accordance with section 751(a)(2)(C) of the Act, Commerce also intends upon publication of the final results, to instruct CBP to collect cash deposits of the estimated countervailing duties in the amounts calculated in the final results of this review for the respective companies listed above with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. If the rate calculated in the final results is zero or *de minimis*, no cash deposit will be required on shipments of the subject merchandise entered or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review.

For all non-reviewed firms, CBP will continue to collect cash deposits of estimated countervailing duties at the all-others rate or the most recent company-specific rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Assessment Rates

In accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.221(b)(4)(i), we preliminarily determined subsidy rates in the amounts shown above for the producers/exporters shown above. Upon completion of the administrative review, consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), Commerce shall determine, and CBP shall assess, countervailing duties on all appropriate entries covered by this review.

For the companies for which this review is rescinded with these preliminary results, we will instruct CBP to assess countervailing duties on all appropriate entries at a rate equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2023, through December 31, 2023, in accordance with 19 CFR 351.212(c)(1)(i). For the companies remaining in the review, we intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a

statutory injunction has expired (*i.e.*, within 90 days of publication).

Disclosure and Public Comment

Normally, Commerce discloses its calculations and analysis performed in connection with the preliminary results to interested parties within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied total AFA in the calculation of the benefit for General Science, and the AFA rates are based on rates calculated in prior segments of the proceeding, there are no calculations to disclose.

Interested Parties are invited to comment on these preliminary results. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹¹ Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹²

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide a public executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public executive summary for each issue raised in their briefs.¹³ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its

¹³ We use the term “issue” here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁴ Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Requests should contain: (1) the party’s name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs.¹⁵ An electronically-filed hearing request must be received successfully in its entirety by Commerce’s electronic records system, ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.

Final Results of Review

Unless extended, we intend to issue the final results of this administrative review, which will include the results of our analysis of the issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Interested Parties

These preliminary results and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213 and 351.221(b)(4).

Dated: April 29, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-533-932]

Hexamethylenetetramine From India: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Hexamethylenetetramine (hexamine) from India is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is July 1, 2023, through June 30, 2024. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable May 6, 2025.

FOR FURTHER INFORMATION CONTACT: Dylan Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1197.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation

on November 4, 2024.¹ On February 21, 2025, Commerce postponed the preliminary determination of this investigation until April 29, 2025.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is hexamine from India. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,⁴ in the *Initiation Notice*, Commerce set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ No interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. Therefore, Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See the scope in Appendix I to this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Normal

value is calculated in accordance with section 773 of the Act. In addition, pursuant to section 776(a) and (b) of the Act, Commerce has preliminarily relied upon facts otherwise available, with adverse inferences for Horizon Chemicals, Micro Labs Limited, Shreenathji Rasayan Private Limited, and Rajsha Chemicals Pvt. Ltd. For a full description of the methodology underlying the preliminary determination, see the Preliminary Decision Memorandum.

All-Others Rate

Sections 733(d)(1)(A)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

Commerce calculated an individual estimated weighted-average dumping margin for Kanoria Chemicals and Industries Limited (Kanoria), the only individually examined exporter/producer in this investigation. Because the only individually calculated dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for Kanoria is the margin assigned to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter/producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
Kanoria Chemicals and Industries Limited	3.28	⁶ 1.31
Horizon Chemicals	* 105.76	103.79
Micro Labs Limited	* 105.76	103.79
Shreenathji Rasayan Private Limited	* 105.76	103.79

¹ See *Hexamethylenetetramine from the People's Republic of China, Germany, India, and Saudi Arabia: Initiation of Less-Than-Fair-Value Investigations*, 89 FR 87545 (November 4, 2024) (*Initiation Notice*).

² See *Hexamethylenetetramine from People's Republic of China, Germany, India, and Saudi Arabia: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations*, 90 FR 10067 (February 21, 2025).

³ See Memorandum, "Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Hexamethylenetetramine from India," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁴ See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997).

⁵ See *Initiation Notice*.

⁶ Adjusted for export subsidies of 1.97 percent (comprised of 1.17 percent for the duty drawback program and 0.80 percent for the remissions of duties and taxes on export products program) for Kanoria and All Others. See *Hexamethylenetetramine from India: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination*, 90 FR 11512 (March 7, 2025), and accompanying Preliminary Decision Memorandum.

Exporter/producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
Rajsha Chemicals Pvt. Ltd	* 105.76	103.79
All Others	3.28	1.31

* Rate based on facts available with adverse inferences.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margins determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin.

Commerce normally adjusts cash deposits for estimated antidumping

duties by the amount of export subsidies countervailed in a companion countervailing duty (CVD) proceeding, when CVD provisional measures are in effect. Accordingly, where Commerce preliminarily made an affirmative determination for countervailable export subsidies, Commerce has offset the estimated weighted-average dumping margin by the appropriate CVD rate. Any such adjusted cash deposit rate may be found in the “Preliminary Determination” section above.

Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, Commerce will direct CBP to begin collecting estimated antidumping duty cash deposits unadjusted for countervailed export subsidies at the time that the provisional CVD measures expire.

These suspension of liquidation instructions will remain in effect until further notice.

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁷ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.⁸

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an

⁷ See 19 CFR 351.309(d); see also *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings*, 88 FR 67069, 67077 (September 29, 2023) (*APO and Service Final Rule*).

⁸ See 19 CFR 351.309(c)(2) and (d)(2)

executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.⁹ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁰

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number, (2) the number of participants and whether any participant is a foreign national, and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who

⁹ We use the term “issue” here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

¹⁰ See *APO and Service Final Rule*.

account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On April 25, 2025, pursuant to 19 CFR 351.210(e), Kanoria requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.¹¹ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporter account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

U.S. International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

¹¹ See Kanoria's Letter, "Request for postponement of final determination and extension of provisional anti-dumping measures," dated April 25, 2025.

Dated: April 29, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of the investigation covers hexamine in granular form, with a particle size of 5 millimeters or less, whether stabilized or unstabilized, whether or not blended, mixed, pulverized, or grounded with other products, containing 50 percent or more hexamine by weight.

Hexamine is the common name for hexamethylene tetramine (Chemical Abstract Service #100-97-0), and is also referred to as 1,3,5,7-tetraazaadamantanemethenamine; HMT; HMTA; 1,3,5,7-tetraazatricyclo {3.3.1.1^{3,7}} decane; 1,3,5,7-tetraazaadamantane; hexamethylenamine. Hexamine has the chemical formula C₆H₁₂N₄.

Granular hexamine that has been blended with other product(s) is included in this scope when the resulting mix contains 50 percent or more of hexamine by weight, regardless of whether it is blended with inert additives, co-reactants, or any additives that undergo self-condensation.

Subject merchandise includes merchandise matching the above description that has been processed in a third country, including by commingling, diluting, adding or removing additives, or performing any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the subject country.

Merchandise covered by the scope of the investigation can be classified in the Harmonized Tariff Schedule (HTSUS) of the United States under the subheading 2933.69.5000. The HTSUS subheading and Chemical Abstracts Service registry number are provided for convenience and customs purposes only; however, the written description of the scope is dispositive.

International Trade Administration

[A-517-807]

Hexamethylenetetramine From the Kingdom of Saudi Arabia: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that hexamethylenetetramine (hexamine) from the Kingdom of Saudi Arabia (Saudi Arabia) is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is July 1, 2023, through June 30, 2024. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable May 6, 2025.

FOR FURTHER INFORMATION CONTACT: Andrew Hart, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1058.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on November 4, 2024.¹ On February 21, 2025, Commerce postponed the preliminary determination of this investigation until April 29, 2025.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix

¹ See *Hexamethylenetetramine from the People's Republic of China, Germany, India, and Saudi Arabia: Initiation of Less-Than-Fair-Value Investigations*, 89 FR 87545 (November 4, 2024) (*Initiation Notice*).

² See *Hexamethylenetetramine from the People's Republic of China, Germany, India, and Saudi Arabia: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations*, 90 FR 10067 (February 21, 2025).

³ See Memorandum, "Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Hexamethylenetetramine from the Kingdom of Saudi Arabia," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is hexamine from Saudi Arabia. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,⁴ in the *Initiation Notice*, Commerce set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ No interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. Thus, Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See the scope in Appendix I to this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying the preliminary determination, see the Preliminary Decision Memorandum.

All-Others Rate

Sections 733(d)(1)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

Commerce preliminarily calculated an individual estimated weighted-average

dumping margin for the Methanol Chemicals Company (Chemanol), the only individually examined exporter/producer in this investigation. Because the only individually calculated dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for Chemanol is the margin assigned to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter/producer	Weighted-average dumping margin (percent)
Methanol Chemicals Company	4.96
All Others	4.96

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash

deposit rate for the respondent listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁶ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.⁷

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.⁸ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the

⁶ See 19 CFR 351.309(d); see also *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings*, 88 FR 67069, 67077 (September 29, 2023) (*APO and Service Final Rule*).

⁷ See 19 CFR 351.309(c)(2) and (d)(2).

⁸ We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

⁴ See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997) (*Preamble*).

⁵ See *Initiation Notice*, 89 FR 87545, 87546.

final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).⁹

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On April 11 and 23, 2025, pursuant to 19 CFR 351.210(e), Chemanol and the petitioner requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.¹⁰ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporter account for a significant proportion of exports of the

subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

U.S. International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, Commerce will notify the ITC of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act, and 19 CFR 351.205(c).

Dated: April 29, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of the investigation covers hexamine in granular form, with a particle size of 5 millimeters or less, whether stabilized or unstabilized, whether or not blended, mixed, pulverized, or grounded with other products, containing 50 percent or more hexamine by weight.

Hexamine is the common name for hexamethylene tetramine (Chemical Abstract Service #100-97-0), and is also referred to as 1,3,5,7-tetraazaadamantanemethenamine; HMT; HMTA; 1,3,5,7-tetraazatricyclo {3.3.1.1^{3,7}} decane; 1,3,5,7-tetraazaadamantane; hexamethylenamine. Hexamine has the chemical formula C₆H₁₂N₄.

Granular hexamine that has been blended with other product(s) is included in this scope when the resulting mix contains 50 percent or more of hexamine by weight, regardless of whether it is blended with inert additives, co-reactants, or any additives that undergo self-condensation.

Subject merchandise includes merchandise matching the above description that has been processed in a third country, including by commingling, diluting, adding or removing additives, or performing any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the subject country.

Merchandise covered by the scope of the investigation can be classified in the Harmonized Tariff Schedule (HTSUS) of the United States under the subheading 2933.69.5000. The HTSUS subheading and Chemical Abstracts Service registry number are provided for convenience and customs purposes only; however, the written description of the scope is dispositive.

International Trade Administration

[A-570-180]

Hexamethylenetetramine From the People's Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that hexamethylenetetramine (hexamine) from the People's Republic of China (China) is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is January 1, 2024, through June 30, 2024. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable May 6, 2025.

FOR FURTHER INFORMATION CONTACT: Thomas Cloyd, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1246, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on November 4, 2024.¹ On February 21,

¹ See *Hexamethylenetetramine from the People's Republic of China, Germany, India, and Saudi Arabia: Initiation of Less-Than-Fair-Value*

⁹ See *APO and Service Final Rule*.

¹⁰ See Chemanol's Letter, "Request to Postpone the Final Determination," dated April 11, 2025; see also, Petitioner's Letter, "Request to Postpone Final Determination," dated April 23, 2024.

2025, Commerce postponed the preliminary determination of this investigation until April 29, 2025.²

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is hexamine from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (i.e., scope).⁵ No interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. Thus, Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Furthermore, pursuant to sections 776(a) and (b) of the Act,

Commerce preliminarily has relied upon facts otherwise available, with adverse inferences (AFA), for the China-wide entity. For a full description of the methodology underlying Commerce's preliminary determination, see the Preliminary Decision Memorandum.

Combination Rates

In the *Initiation Notice*,⁶ Commerce stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.⁷ In this case, because no respondent qualified for a separate rate, producer/exporter combination rates were not calculated.

Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

Producer/exporter	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset) (percent)
China-wide Entity	* 405.19	394.65

* Rate based on facts available with adverse inferences.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a preliminary determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied total AFA to the China-wide entity in this investigation, in accordance with section 776 of the Act, and the applied AFA rate is based solely on the petition, there are no calculations to disclose.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to

suspend liquidation of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, as discussed below. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the weighted average amount by which normal value exceeds U.S. price, as indicated in the chart above.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect. Accordingly, where Commerce

has made a preliminary affirmative determination for domestic subsidy pass-through or export subsidies, Commerce has offset the calculated estimated weighted-average dumping margin by the appropriate rates(s). As discussed in the Preliminary Decision Memorandum, we have made no adjustment for domestic subsidy pass-through. As further explained in the Preliminary Decision Memorandum, as an extension of our AFA finding for the China-wide entity, the appropriate export subsidy adjustment is the lowest amount of export subsidies found for any respondent in the companion CVD investigation, which is 10.54 percent attributable to the Export Buyer's Credit program.

Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation,

Investigations, 89 FR 87545 (November 4, 2024) (*Initiation Notice*).

² See *Hexamethylenetetramine from the People's Republic of China, Germany, India, and Saudi Arabia: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations*, 90 FR 10067 (February 21, 2025).

³ See Memorandum, "Decision Memorandum for the Preliminary Determination in the Less-Than-

Fair-Value Investigation of Hexamethylenetetramine from the People's Republic of China," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁴ See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997).

⁵ See *Initiation Notice*.

⁶ See *Initiation Notice*, 89 FR at 87549.

⁷ See Enforcement and Compliance's Policy Bulletin No. 05.1, regarding, "Separate-Rates Practice and Application of Combination Rates in Antidumping Investigations Involving Non-Market Economy Countries," (April 5, 2005) (Policy Bulletin 05.1), available on Commerce's website at <https://enforcement.trade.gov/policy/bull05-1.pdf>.

Commerce will direct CBP to begin collecting cash deposits at a rate equal to the estimated weighted-average dumping margin calculated in this preliminary determination unadjusted for the passed-through domestic subsidies or for export subsidies at the time the CVD provisional measures expire.

These suspension of liquidation instructions will remain in effect until further notice.

Verification

Because the mandatory respondents in this investigation did not provide information requested by Commerce and Commerce preliminarily determines each of the mandatory respondents to have been uncooperative, verification will not be conducted.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of the preliminary determination.⁸ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁹ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁰

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹¹ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties

⁸ See 19 CFR 351.309(c)(1)(i); see also 19 CFR 351.303 for general filing requirements.

⁹ See 19 CFR 351.309(d); see also *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings*, 88 FR 67069, 67077 (September 29, 2023) (*APO and Service Final Rule*).

¹⁰ See 19 CFR 351.309(c)(2) and (d)(2).

¹¹ We use the term “issue” here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹²

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain: (1) the party’s name, address, and telephone number, (2) the number of participants, and whether any participant is a foreign national, and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Final Determination

Section 735(a)(1) of the Act and 19 CFR 351.210(b)(1) provide that Commerce will issue the final determination within 75 days after the date of its preliminary determination. Accordingly, Commerce will make its final determination no later than 75 days after the signature date of this preliminary determination.

U.S. International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its preliminary determination of sales at LTFV. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of the subject merchandise are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: April 29, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of the investigation covers hexamine in granular form, with a particle size of 5 millimeters or less, whether stabilized or unstabilized, whether or not blended, mixed, pulverized, or grounded with other products, containing 50 percent or more hexamine by weight.

Hexamine is the common name for hexamethylene tetramine (Chemical Abstract Service # 100–97–0), and is also referred to as 1,3,5,7-tetraazaadamantanemethenamine; HMT; HMTA; 1,3,5,7-tetraazatricyclo {3.3.1.1^{3,7}} decane; 1,3,5,7-tetraazaadamantane; hexamethylenamine. Hexamine has the chemical formula C₆H₁₂N₄.

Granular hexamine that has been blended with other product(s) is included in this scope when the resulting mix contains 50 percent or more of hexamine by weight, regardless of whether it is blended with inert additives, co-reactants, or any additives that undergo self-condensation.

Subject merchandise includes merchandise matching the above description that has been processed in a third country, including by commingling, diluting, adding or removing additives, or performing any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the subject country.

Merchandise covered by the scope of the investigation can be classified in the Harmonized Tariff Schedule (HTSUS) of the United States under the subheading 2933.69.5000. The HTSUS subheading and Chemical Abstracts Service registry number are provided for convenience and customs purposes only; however, the written description of the scope is dispositive.

DEPARTMENT OF COMMERCE

International Trade Administration

[C-570-971]

Multilayered Wood Flooring From the People's Republic of China: Rescission of Countervailing Duty Administrative Review; 2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty order on multilayered wood flooring (wood flooring) from the People's Republic of China (China) for the period of review January 1, 2023, through December 31, 2023.

DATES: Applicable May 6, 2025.

FOR FURTHER INFORMATION CONTACT: Jonathan Schueler or Laurel Smalley, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-9175 or (202) 482-3456, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On December 8, 2011, Commerce issued a countervailing duty order on wood flooring from China.¹ On December 3, 2024, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the countervailing duty order on multilayered wood flooring from the People's Republic of China for the period of review January 1, 2023, through December 31, 2023.² We received timely requests for an administrative review from Riverside Plywood Corporation, including its cross-owned affiliates Baroque Timber Industries (Zhongshan) Co., Ltd.; Suzhou Times Flooring Co., Ltd.; and Zhongshan Lianjia Flooring Co., Ltd., (collectively, Riverside Plywood)³ and seven other Chinese producers and/or exporters of multilayered wood

flooring.⁴ In accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review with respect to these eight companies on January 27, 2025, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).⁵ For the reasons explained below, we are rescinding this administrative review with respect to all eight companies.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested a review withdraws its request within 90 days of the date of publication of the notice of initiation. Riverside Plywood withdrew its request for an administrative review by the established deadline.⁶ No other party requested an administrative review of Riverside Plywood or its cross-owned affiliates. As a result, Commerce is rescinding this review with respect to Riverside Plywood, including its cross-owned affiliates, in accordance with 19 CFR 351.213(d)(1).

On February 11, 2025, Commerce notified interested parties that, in the absence of suspended entries during the POR, we intended to rescind this administrative review with respect to the following seven producers and/or exporters pursuant to 19 CFR 351.213(d)(3): (1) Dongtai Fuan Universal Dynamics, LLC; (2) HaiLin LinJing Wooden Products Co., Ltd.; (3) Hunchun Xingjia Wooden Flooring Inc.; (4) Jiashan On-Line Lumber Co., Ltd.; (5) Suzhou Dongda Wood Co., Ltd.; (6) Zhejiang Longsen Lumbering Co., Ltd.; and (7) Zhejiang Shiyou Timber Co., Ltd.⁷ No party commented on our Intent to Rescind Memorandum. Therefore, we find that there are no reviewable entries of subject merchandise for these seven companies based on our review of the U.S. Customs and Border Protection (CBP) data on the record.

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of a countervailing duty order when Commerce concludes that there were no

reviewable entries of subject merchandise during the POR for an exporter or producer.⁸ Normally, upon completion of an administrative review, the suspended entries are liquidated at the countervailing duty assessment rate for the review period.⁹ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the calculated countervailing duty assessment rate for the review period.¹⁰ As noted above, there were no entries of subject merchandise during the POR from any of the seven companies remaining under review. Accordingly, in the absence of reviewable, suspended entries of subject merchandise during the POR, and because the sole remaining respondent timely withdrew its request for review, we are rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(1) and (3).

Cash Deposit Requirements

As Commerce has proceeded to a rescission of this administrative review, no cash deposit rates will change. Accordingly, the current cash deposit requirements shall remain in effect until further notice.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries at a rate equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2023, through December 31, 2023, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after publication of this notice in the **Federal Register**.

Notification Regarding Administrative Protective Orders

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to

DEPARTMENT OF COMMERCE

International Trade Administration

[A-428-854]

Hexamethylenetetramine From Germany: Preliminary Affirmative Determination of Sales at Less-Than-Fair-Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that hexamethylenetetramine (hexamine) from Germany is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is July 1, 2023, through June 30, 2024. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable May 6, 2025.

FOR FURTHER INFORMATION CONTACT: Maria Papakostas, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0086.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on November 4, 2024.¹ On February 21, 2025, Commerce postponed the

¹ See *Hexamethylenetetramine from the People's Republic of China, Germany, India, and Saudi Arabia: Initiation of Less-Than-Fair-Value Investigations*, 89 FR 87545 (October 21, 2024) (*Initiation Notice*).

preliminary determination of this investigation until April 29, 2025.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is hexamine from Germany. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,⁴ the *Initiation Notice*, Commerce set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ No interested party commented on the scope of the investigation as it appeared in the *Initiation Notice*. Thus, Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See the scope in Appendix I to this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Normal value is calculated in accordance with section 773 of the Act. Furthermore, pursuant to sections 776(a) and (b) of the Act, Commerce has preliminarily relied upon facts otherwise available with adverse inferences for Fiberpipe GFK Vertriebsgesellschaft (Fiberpipe).

² See *Hexamethylenetetramine from the People's Republic of China, Germany, India, and Saudi Arabia: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations*, 90 FR 10067 (February 21, 2025).

³ See Memorandum, "Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Hexamethylenetetramine from Germany," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁴ See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997) (*Preamble*).

⁵ See *Initiation Notice*.

For a full description of the methodology underlying the preliminary determination, see the Preliminary Decision Memorandum.

All-Others Rate

Sections 733(d)(1)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

In this investigation, Commerce preliminarily assigned a rate based entirely on adverse facts available to Fiberpipe. Therefore, the only rate that is not zero, *de minimis*, or based entirely on facts otherwise available is the rate calculated for Prefere Paraform GmbH & Co Kg (Prefere). Consequently, the rate calculated for Prefere is also assigned as the rate for all other producers and exporters.

Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Prefere Paraform GmbH & Co Kg	52.14
Fiberpipe GFK Vertriebsgesellschaft	* 80.66
All Others	52.14

* Rate based on facts available with adverse inferences.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard

under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) the cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margins determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. A timeline for the submission of case briefs and written comments will be notified to interested parties at a later date. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁶ Interested parties who submit case briefs or rebuttal briefs in this

proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.⁷

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.⁸ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).⁹

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number, (2) the number of participants and whether any participant is a foreign national, and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in

the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On April 22, 2025, pursuant to 19 CFR 351.210(e), Prefere requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.¹⁰ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

U.S. International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, Commerce will notify the ITC of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act, and 19 CFR 351.205(c).

Dated: April 29, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of the investigation covers hexamine in granular form, with a particle size of 5 millimeters or less, whether stabilized or unstabilized, whether or not

⁶ See 19 CFR 351.309(d); see also *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings*, 88 FR 67069, 67077 (September 29, 2023) (*APO and Service Final Rule*).

⁷ See 19 CFR 351.309(c)(2) and (d)(2).

⁸ We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

⁹ See *APO and Service Final Rule*.

¹⁰ See Prefere's Letter, "Request to Extend Final Determination," dated April 22, 2025.

blended, mixed, pulverized, or grounded with other products, containing 50 percent or more hexamine by weight.

Hexamine is the common name for hexamethylene tetramine (Chemical Abstract Service # 100-97-0), and is also referred to as 1,3,5,7-tetraazaadamantanemethenamine; HMT; HMTA; 1,3,5,7-tetraazatricyclo {3.3.1.1^{3,7}} decane; 1,3,5,7-tetraaza adamantane; hexamethylenamine. Hexamine has the chemical formula C₆H₁₂N₄.

Granular hexamine that has been blended with other product(s) is included in this scope when the resulting mix contains 50 percent or more of hexamine by weight, regardless of whether it is blended with inert additives, co-reactants, or any additives that undergo self-condensation.

Subject merchandise includes merchandise matching the above description that has been processed in a third country, including by commingling, diluting, adding or removing additives, or performing any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the subject country.

Merchandise covered by the scope of the investigation can be classified in the Harmonized Tariff Schedule (HTSUS) of the United States under the subheading 2933.69.5000. The HTSUS subheading and Chemical Abstracts Service registry number are provided for convenience and customs purposes only; however, the written description of the scope is dispositive.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XE885]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council (Pacific Council) will convene a joint session webinar meeting of its Groundfish Management Team (GMT) and Groundfish Advisory Subpanel (GAP). This meeting will

discuss items on the Pacific Council's June 2025 meeting agenda and is open to the public.

DATES: The GMT/GAP online meeting will be held on Wednesday, May 28, 2025, from 1 p.m. to 4 p.m., Pacific Time. The scheduled ending time for this meeting is an estimate. The meeting will adjourn when business for the day is completed.

ADDRESSES: The meeting will be held online. Specific meeting information, including system requirements, will be provided in the meeting announcements on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org) or contact him at (503) 820-2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Todd Phillips, Staff Officer, Pacific Council; todd.phillips@pcouncil.org, telephone: (503) 820-2426.

SUPPLEMENTARY INFORMATION: The primary purpose of the joint GMT/GAP webinar meeting is to prepare for the Pacific Council's June 2025 meeting agenda items. The advisory bodies are expected to primarily discuss groundfish-related matters during this webinar, such as inseason adjustments to groundfish fisheries, the limited entry fixed gear action, and 2027-28 harvest specification and management measure process planning. As time allows, they may potentially discuss administrative matters on the Pacific Council agenda as well.

A detailed agenda for the webinar will be available on the Pacific Council's website prior to the meeting. The GAP and GMT may also address other assignments relating to groundfish management. No management actions will be decided by the GMT and GAP.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids

should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org; (503) 820-2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 1, 2025.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID-0648-XE852]

Applications for Membership to the American Fisheries Advisory Committee

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice; request for applications.

SUMMARY: Applications are being sought for appointment by the Secretary of Commerce (Secretary) for 7 membership positions to serve on the 22-member American Fisheries Advisory Committee (AFAC or Committee). Individuals selected to serve on the Committee will serve a term of three years, unless otherwise stipulated.

DATES: Applications must have an email date stamp on or before June 16, 2025.

ADDRESSES: Applications should be submitted by email to: nmfs.afac.nominations@noaa.gov, or by mail to: Clifford Cosgrove, American Fisheries Advisory Committee Designated Staff Member, NMFS Office of Management and Budget, 1315 East-West Highway, Rm #14413, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Cliff Cosgrove, American Fisheries Advisory Committee Designated Staff Member, NMFS Office of Management and Budget, by email, at nmfs.afac.nominations@noaa.gov; or by phone at (301) 427-8736. Please visit the Saltonstall-Kennedy (S-K) Research and Development Program web page at: <https://www.fisheries.noaa.gov/national/funding-financial-services/saltonstall-kennedy-research-and-development-program>.

SUPPLEMENTARY INFORMATION:

The Committee was created from Public Law 117-121 signed on May 12, 2022. The Committee currently meets no more than 3 times annually and membership is comprised of 22

individuals appointed by the Secretary with the following geographic representation:

Region 1 consisting of Alaska, Hawaii, the Commonwealth of the Northern Mariana Islands, and the Territories of Guam and American Samoa;

Region 2 consisting of Maine, New Hampshire, Massachusetts, Rhode Island, and Connecticut;

Region 3 consisting of Texas, Alabama, Louisiana, Mississippi, Florida, Arkansas, Puerto Rico, and the Territory of the Virgin Islands of the United States;

Region 4 consisting of California, Washington, Oregon, and Idaho;

Region 5 consisting of New Jersey, New York, Delaware, Maryland, Virginia, North Carolina, South Carolina, and Georgia; and

Region 6 consisting of Michigan, Minnesota, Wisconsin, Illinois, Indiana, Ohio, and Pennsylvania.

Membership for each region will be composed of highly qualified, diverse individuals with experience in one or more of the following areas of expertise, and in as many seafood species as possible: seafood harvesting or processing; recreational or commercial fishing; growing seafood; fisheries science; and/or food distribution, marketing, retail, or food service.

Four at-large members shall also be appointed by the Secretary as follows: one individual with experience in food distribution, marketing, retail, or food service; one individual with experience in the recreational fishing industry supply chain, such as fishers, manufacturers, retailers, and distributors; one individual with experience in the commercial fishing industry supply chain, such as fishers, manufacturers, retailers, and distributors; and one individual who is an employee of NMFS with expertise in fisheries research.

The Committee is responsible for making recommendations to the Secretary for financial assistance awards under the S–K Grant Competition under the Department of Commerce. The Committee will also make recommendations to the Secretary to assist in the development of the annual Notice of Funding Opportunities (NOFO) for submission to the S–K Grant Competition. This may include identifying the needs of the fishing communities (program priorities), establishing individual award funding limits, specifying the application review criteria and selection processes, and other sections of the NOFO as appropriate and allowable. Applicants for these seven membership positions must have demonstrable experience

listed below in as many seafood species as possible from the specific AFAC fisheries regions as follows:

- Region 1, one individual with experience as a Recreational or Commercial Fisher and/or Experience Growing Seafood;
- Region 2, one individual with experience as a Seafood Harvester or Processor;
- Region 3, one individual with experience in the Fisheries Science Community or Relevant Fishery Management Council;
- Region 5, one individual with experience as a Seafood Harvester or Processor;
- Region 6, two positions, one individual with experience in the Fisheries Science Community or Relevant Fishery Management Council, one individual with experience as a Recreational or Commercial Fisher and/or Experience Growing Seafood;
- At-Large Region, one individual with experience in the recreational fishing industry supply chain such as fishermen, manufacturers, retailers, and distributors.

Members must be able to fulfill the time commitments required for up to two annual in-person meetings and one virtual meeting. The in person meetings rotate between regions and last up to four business days, subject to the time needs of each meeting. The virtual meeting is one business day for approximately four hours.

Committee membership is voluntary and, except for reimbursable travel and related expenses per federal travel regulations, service is without compensation.

Each nominee must submit a cover letter and a resume/curriculum vitae (CV) in PDF format. The cover letter shall include a brief statement as to their interest in serving on the Committee and their qualifications. The resume/CV shall detail the applicant's contact information (address, telephone number, email address) and specific qualifications/experience/expertise as referenced in Public Law 117–121. Any applicants selected for Committee membership shall be required to complete a conflict of interest form. The first Committee meeting of members selected from this notice is scheduled for September 16 through September 19, 2025.

Applications must be submitted by email to nmfs.afac.nominations@noaa.gov, and must be received or email date stamped by June 16, to be considered. The full text of Public Law 117–121 and other relevant documents can be viewed on the Saltonstall-Kennedy web page at the following link:

<https://www.fisheries.noaa.gov/national/funding-financial-services/saltonstall-kennedy-research-and-development-program>.

Dated: April 29, 2025.

BILLING CODE 3510–22–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD–2025–OS–0013]

Proposed Collection; Comment Request

AGENCY: Office of the Assistant to the Secretary of Defense for Public Affairs (OATSD(PA)), Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the OATSD(PA) announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by July 7, 2025.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, 4800 Mark Center Drive, Mailbox #24, Suite 05F16, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make

these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Office of the Assistant to the Secretary of Defense for Public Affairs, ATTN: Kyle Combs, Policy and Executive Services Directorate, 1400 Defense, The Pentagon, Washington, DC 20301-1400, or call the Policy and Executive Services Directorate at (703) 695-6290.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Request for Armed Forces Participation in Public Events (Non-Aviation), DD Form 2535, DD Form 2536; OMB Control Number 0704-0290.

Needs and Uses: This information collection requirement is necessary to evaluate the eligibility of events to receive Armed Forces community outreach support and to determine whether requested military assets are available.

Affected Public: State, local, or tribal governments; Federal agencies or employees; for-profit and non-profit institutions; and individuals or households.

Annual Burden Hours: 17,000.

Number of Respondents: 51,000.

Responses per Respondent: 1.

Annual Responses: 51,000.

Average Burden per Response: 20 minutes.

Frequency: On Occasion.

Dated: May 1, 2025.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001-FR-P

DEPARTMENT OF DEFENSE

Department of the Navy

Certificate of Alternate Compliance for USS PIERRE (LCS 38)

AGENCY: Department of the Navy (DoN), Department of Defense (DoD).

ACTION: Notice of issuance of Certificate of Alternate Compliance.

SUMMARY: The U.S. Navy hereby announces that a Certificate of Alternate Compliance has been issued for USS PIERRE (LCS 38). Due to the special construction and purpose of this vessel,

the Admiralty Counsel of the Navy has determined it is a vessel of the Navy which, due to its special construction and purpose, cannot comply fully with the navigation lights provisions of the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS) without interfering with its special function as a naval ship. The intended effect of this notice is to warn mariners in waters where 72 COLREGS apply.

DATES: This Certificate of Alternate Compliance is effective May 6, 2025 and is applicable beginning October 10, 2024.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Commander Conrad W. Cascadden, JAGC, U.S. Navy, Admiralty Attorney, Office of the Judge Advocate General, Admiralty and Claims Division (Code 15A), 1322 Patterson Ave. SE, Suite 3000, Washington Navy Yard, DC 20374-5066, 202-685-8386, or ojagcode15admiralty@us.navy.mil.

SUPPLEMENTARY INFORMATION:

Background and Purpose

Executive Order (E.O.) 11964 of January 19, 1977 and 33 U.S.C. 1605 provide that the requirements of 72 COLREGS as to the number, position, range, or arc of visibility of lights or shapes, as well as to the disposition and characteristics of sound-signaling appliances, shall not apply to a vessel or class of vessels of the Navy where the Secretary of the Navy shall find and certify that, by reason of special construction or purpose, it is not possible for such vessel(s) to comply fully with the provisions without interfering with the special function of the vessel(s). Notice of issuance of a Certificate of Alternate Compliance must be made in the **Federal Register**.

In accordance with 33 U.S.C. 1605, the Admiralty Counsel of the Navy, under authority delegated by the Secretary of the Navy, hereby finds and certifies that USS PIERRE (LCS 38) is a vessel of special construction or purpose, and that, with respect to the position of the following navigational lights, it is not possible to comply fully with the requirements of the provisions enumerated in 72 COLREGS without interfering with the special function of the vessel:

Annex I, paragraph 2(a)(i) pertaining to the height of the forward masthead light; Annex I, paragraph 3(a) pertaining to the location of the forward masthead light in relation to the forward quarter of the ship; Annex I, paragraph 2(f)(i) pertaining to obstructions of the aft masthead light; Annex I, paragraph 3(a) pertaining to the horizontal separation of the masthead lights; Annex I,

Paragraph 2(f)(ii) and Annex I, Paragraph 3(c) pertaining to the vertical and horizontal position of the task lights in relation to the masthead lights; Annex I, Paragraph 9(b) pertaining to the degree of obstruction of the task lights.

The Admiralty Counsel of the Navy further finds and certifies that these navigational lights are in closest possible compliance with the applicable provision of 72 COLREGS.

(Authority: 33 U.S.C. 1605(c), E.O. 11964.)

Dated: April 30, 2025.

R.A. Kennedy,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF DEFENSE

Department of the Navy

Certificate of Alternate Compliance for USS CLEVELAND (LCS 31)

AGENCY: Department of the Navy (DoN), Department of Defense (DoD).

ACTION: Notice of issuance of Certificate of Alternate Compliance.

SUMMARY: The U.S. Navy hereby announces that a Certificate of Alternate Compliance has been issued for USS *Cleveland* (LCS 31). Due to the special construction and purpose of this vessel, the Admiralty Counsel of the Navy has determined it is a vessel of the Navy which, due to its special construction and purpose, cannot comply fully with the navigation lights provisions of the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS) without interfering with its special function as a naval ship. The intended effect of this notice is to warn mariners in waters where 72 COLREGS apply.

DATES: This Certificate of Alternate Compliance is effective May 6, 2025 and is applicable beginning October 1, 2024.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Commander Jeffrey M. Larson, JAGC, U.S. Navy, Admiralty Attorney, Office of the Judge Advocate General, Admiralty and Claims Division (Code 15A), 1322 Patterson Ave. SE, Suite 3000, Washington Navy Yard, DC 20374-5066, 202-685-5040, or ojagcode15admiralty@us.navy.mil.

SUPPLEMENTARY INFORMATION:

Background and Purpose

Executive Order (E.O.) 11964 of January 19, 1977 and 33 U.S.C. 1605 provide that the requirements of 72

COLREGS as to the number, position, range, or arc of visibility of lights or shapes, as well as to the disposition and characteristics of sound-signaling appliances, shall not apply to a vessel or class of vessels of the Navy where the Secretary of the Navy shall find and certify that, by reason of special construction or purpose, it is not possible for such vessel(s) to comply fully with the provisions without interfering with the special function of the vessel(s). Notice of issuance of a Certificate of Alternate Compliance must be made in the **Federal Register**.

In accordance with 33 U.S.C. 1605, the Admiralty Counsel of the Navy, under authority delegated by the Secretary of the Navy, hereby finds and certifies that USS *Cleveland* (LCS 31) is a vessel of special construction or purpose, and that, with respect to the position of the following navigational lights, it is not possible to comply fully with the requirements of the provisions enumerated in 72 COLREGS without interfering with the special function of the vessel:

Annex I, paragraph 2(a)(i), pertaining to the vertical position of the forward masthead light; Annex I, paragraph 3(a), pertaining to the position of the forward masthead light with relation to the stern of the vessel; Annex I, paragraph 3(a), pertaining to the horizontal separation between the forward and aft masthead lights; and Annex I, paragraph 2(i)(i) pertaining to spacing of vertically positioned lights.

The Admiralty Counsel of the Navy further finds and certifies that these navigational lights are in closest possible compliance with the applicable provision of 72 COLREGS.

(Authority: 33 U.S.C. 1605(c), E.O. 11964.)

Dated: April 30, 2025.

R.A. Kennedy,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF ENERGY

Energy Information Administration

Agency Information Collection Extension

AGENCY: U.S. Energy Information Administration (EIA), U.S. Department of Energy (DOE).

ACTION: Notice.

SUMMARY: EIA submitted an information collection request for extension as required by the Paperwork Reduction Act of 1995. The information collection requests a three-year extension without changes of its Uranium Data Program (UDP), OMB Control Number 1905-0160. The UDP consists of three surveys. Form EIA-851A “Domestic Uranium Production Report (Annual)” collects annual data from the U.S. uranium industry on uranium milling and processing, uranium feed sources, uranium mining, employment, drilling, expenditures, and uranium reserves. Form EIA-851Q “Domestic Uranium Production Report (Quarterly)” collects monthly data on uranium production that is reported on a quarterly basis. Form EIA-858 “Uranium Marketing Annual Survey” collects annual data from the U.S. uranium market on uranium contracts and deliveries, inventories, enrichment services purchased, uranium in fuel assemblies, feed deliveries to enrichers, and unfilled market requirements for the current year and the following ten years.

DATES: Comments on this information collection must be received no later than June 5, 2025. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Kenneth Pick, EIA Clearance Officer, at (202) 586-5562. The form and instructions are available at <https://www.eia.gov/survey/>.

SUPPLEMENTARY INFORMATION:

This information collection request contains:

- (1) *OMB No.:* 1905-0160;
- (2) *Information Collection Request Title:* Uranium Data Program;
- (3) *Type of Request:* Three-year extension without changes;
- (4) *Purpose:* Uranium Data Program (UDP) collects data on domestic uranium supply and demand activities, including production, exploration and development, trade, purchases and sales available to the U.S. The users of these data include Congress, Executive Branch agencies, the nuclear and uranium industry, electric power industry, and the public. Form EIA-851A data is published in EIA’s Domestic Uranium Production Report—Annual, at <https://www.eia.gov/uranium/production/annual/>. Form EIA-851Q data is published in EIA’s Domestic Uranium Production Report—Quarterly at <https://www.eia.gov/uranium/production/quarterly/>. Form EIA-858 data is published in EIA’s Uranium Marketing Annual Report at <https://www.eia.gov/uranium/marketing/> and Domestic Uranium Production Report—Annual at <https://www.eia.gov/uranium/production/annual/>;
- (5) *Annual Estimated Number of Respondents:* 99;
- (6) *Annual Estimated Number of Total Responses:* 132;
- (7) *Annual Estimated Number of Burden Hours:* 1775;
- (8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* EIA estimates that there are no capital and start-up costs associated with this data collection. The information is maintained during the normal course of business. The cost of the burden hours is estimated to be \$168,607.25 (1,775 burden hours times \$94.99 per hour). Other than the cost of burden hours, EIA estimates that there are no additional costs for generating, maintaining, and providing this information.

Statutory Authority: 15 U.S.C. 772(b), 42 U.S.C. 7101 *et seq.*

Signed in Washington, DC, on May 1, 2025.

Samson A. Adeshiyan,

Director, Office of Statistical Methods and Research, U.S. Energy Information Administration.

³ *Magnum Gas Storage, LLC*, 171 FERC ¶ 61,069 (2020).

feet (Bcf) consisting of two storage caverns, one brine disposal pond and associated facilities, compression facilities, a 61.6-mile-long, 36-inch-diameter header pipeline, interconnections with Kern River Gas Transmission Company (Kern River) and Questar Pipeline Company, and other related facilities all located in Millard, Juab, and Utah Counties, Utah. In this amendment, Magnum requests authorization to redesign the two authorized caverns for 5.2 Bcf of working gas each and to construct and operate two additional storage caverns with 5.2 Bcf of working gas capacity each,⁴ one additional brine disposal pond and related facilities, and two new pipeline interconnections.⁵

In addition, Magnum requests an extension of time by which the facilities must be constructed and placed in service. Currently Magnum is required to construct and place the facilities in service by May 17, 2025.⁶ Magnum asserts that the current deadline is unreasonable due to the extensive changes proposed in this amendment. Therefore, Magnum requests that the Commission suspend the applicability of the current required in-service date and grant Magnum four and one-half years to construct and place facilities in-service from the date of the order authorizing the proposed amendment, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from

⁴ The four storage caverns together will maintain the currently authorized 21 Bcf of working gas capacity.

⁵ The two new interconnections are with Kern River and the Intermountain Power Plant which accommodate commercial opportunities that were not present prior to 2024.

⁶ Letter order dated September 15, 2020 in Docket Nos. CP10–22–00 and CP16–18–000.

FERC Online Support at 202-502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Prerna Jain, President, Magnum Gas Storage, LLC, 3165 East Millrock Drive, Suite 330, Holladay, Utah 84121, by phone at 800-622-8926 or by email at Prerna.jain@chevron.com.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,⁷ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5 p.m. Eastern Time on May 21, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the

public is encouraged to contact OPP at (202)502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)⁸ and 385.211⁹ of the Commission's regulations under the NGA, any person¹⁰ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001¹¹ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before May 21, 2025.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP25-223-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments or protests electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Comment on a Filing"; or

(3) You can file a paper copy of your comments or protests by mailing them to the following address below. Your written comments must reference the Project docket number CP25-223-000.

To file via USPS: Debbie-Anne A. Reese, Acting Secretary, Federal Energy

Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,¹² has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure¹³ and the regulations under the NGA¹⁴ by the intervention deadline for the project, which is May 21, 2025. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

⁸ 18 CFR 157.10(a)(4).

⁹ 18 CFR 385.211.

¹⁰ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

¹¹ 18 CFR 385.2001.

¹² 18 CFR 385.102(d).

¹³ 18 CFR 385.214.

¹⁴ 18 CFR 157.10.

⁷ 18 CFR (Code of Federal Regulations) 157.9.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP25–223–000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Intervention." The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP25–223–000.

To file via USPS: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail or email at: Prerna Jain, President, Magnum Gas Storage, LLC, 3165 East Millrock Drive, Suite 330, Holladay, Utah 84121 or by email (with a link to the document) at Prerna.jain@chevron.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed¹⁵ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹⁶ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the

time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹⁷ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5 p.m. Eastern Time on May 21, 2025.

Dated: April 30, 2025.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 7189–015]

Green Lake Water Power Company; Notice of Revised Procedural Schedule for Environmental Assessment for the Proposed Project Relicense

On March 31, 2022, Green Lake Water Power Company (Green Lake Power) filed an application for a subsequent license to continue to operate and maintain the 425-kilowatt Green Lake Hydroelectric Project No. 7189 (Green Lake Project). On May 31, 2023, Commission staff issued a notice of intent to prepare an environmental assessment (EA) to evaluate the effects of relicensing the Green Lake Project. The notice included an anticipated

schedule for issuing the EA. By notices issued April 11, 2024, June 4, 2024, September 30, 2024, January 30, 2025, and March 27, 2025, staff revised the procedural schedule for completing the EA.

Staff is still evaluating the effects of relicensing the Green Lake Project; therefore, the procedural schedule for completing the EA is being revised as follows. Further revisions to the schedule may be made as appropriate.

Milestone	Target date
Issue EA	May 2025

Any questions regarding this notice may be directed to Amanda Gill at (202) 502–6773, or by email at amanda.gill@ferc.gov.

Dated: April 30, 2025.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2503–192]

Duke Energy Carolinas, LLC; Notice of Application for Non-Project Use Accepted for Filing and Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Application Type:* Non-project use of project lands and water-municipal water withdrawal facility.

b. *Project No.:* 2503–192.

c. *Date Filed:* January 29, 2025.

d. *Applicant:* Duke Energy Carolinas, LLC.

e. *Name of Project:* Keowee-Toxaway Hydroelectric Project.

f. *Location:* The project is located on the Toxaway, Keowee, and Little Rivers in Transylvania County, North Carolina, and Oconee and Pickens Counties, South Carolina. The proposed water withdrawal facility easement would be located on Lake Keowee northeast of the Oconee Nuclear Station and southwest of Warpath Landing at Latitude N34.805 Longitude W82.885. Land access to the site is from State Route 183.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)–825(r).

h. *Applicant Contact:* Brett Garrison, Duke Energy, Duke Energy Lake Services, 8133 Rochester Highway,

¹⁵ The applicant has 15 days from the submittal of a motion to intervene to file a written objection to the intervention.

¹⁶ 18 CFR 385.214(c)(1).

¹⁷ 18 CFR 385.214(b)(3) and (d).

Salem, SC 29676, (864) 624-6141, brett.garrison@duke-energy.com.

i. *FERC Contact*: Robert Ballantine, (202) 502-6289, robert.ballantine@ferc.gov.

j. *Cooperating agencies*: With this notice, the Commission is inviting federal, state, local, and Tribal agencies with jurisdiction and/or special expertise with respect to environmental issues affected by the proposal, that wish to cooperate in the preparation of any environmental document, if applicable, to follow the instructions for filing such requests described in item k. below. Cooperating agencies should note the Commission's policy that agencies that cooperate in the preparation of any environmental document cannot also intervene. See 94 FERC ¶ 61,076 (2001).

k. *Deadline for filing comments, motions to intervene, and protests*: May 30, 2025.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/doc-sfiling/ecomment.asp>. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include the docket number P-2503-192. Comments emailed to Commission staff are not considered part of the Commission record.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Request*: The applicant requests Commission approval to grant Pickens Regional Joint Water System a 0.37 acre easement to construct, operate, and maintain a raw water intake facility with a gross maximum instantaneous water withdrawal rate of 16.5 million gallons per day (MGD) and a gross maximum average annual withdrawal rate of 12 MGD. Proposed construction within the project boundary includes screened intake pipes, shoreline stabilization, and a floating dock.

m. *Locations of the Application*: This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. Agencies may obtain copies of the application directly from the applicant.

n. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

o. *Comments, Motions to Intervene, or Protests*: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Responsive Documents*: Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor

must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

q. The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: April 30, 2025.

Debbie-Anne A. Reese,
Secretary.

[FR Doc. 2025-07876 Filed 5-5-25; 8:45 am]

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2426-235]

California Department of Water Resources & Los Angeles Department of Water and Power; Notice of Intent To Prepare an Environmental Impact Statement for the South State Water Project Hydroelectric Project, Schedule for Environmental Review, and Request for Comments

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare draft and final environmental impact statements (EIS) to evaluate potential environmental impacts of continued operation and maintenance of the proposed South State Water Project Hydroelectric Project (South SWP Project; FERC No. 2426). The South SWP Project is located on the West Branch of the California Aqueduct (non-project) in Los Angeles County, California.¹ The California Aqueduct and the South SWP Hydroelectric Project are components of the larger State Water Project (SWP), an approximately 705-mile-long water storage and delivery system of reservoirs, aqueducts, power plants, and pumping plants, which distributes water collected from rivers in northern California to the Central Valley and

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this environmental review is EISX-019-20-000-1745337097.

Southern California for drinking water, industrial use, and irrigation. The Commission will use this EIS in its decision-making process in accordance with the National Environmental Policy Act (NEPA). The schedule for preparing the EIS is discussed in the *Schedule for Environmental Review* section of this notice.

As part of the NEPA review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result whenever it considers the issuance of a license. This gathering of public input is referred to as “scoping.” On September 30, 2016, Commission staff issued Scoping Document 1, initiating the scoping process for the project. Commission staff conducted an environmental site visit open to the public on October 25, 2016, and held two public scoping meetings. Two scoping meetings were held in Valencia, California on October 26, 2016. A court reporter recorded oral comments made during the scoping meetings. On January 13, 2017, Commission staff issued a revised scoping document (Scoping Document 2) based on the comments received during the scoping comment period, which ended November 29, 2016. Scoping Document 2 describes the project, project alternatives, and the current view of anticipated environmental effects that will be addressed in the EIS.

In accordance with the Commission’s regulations, on December 2, 2020, Commission staff issued a notice that the project was ready for environmental analysis and soliciting comments, recommendations, terms and conditions, and prescriptions (REA Notice). The comment period for the REA Notice closed on January 31, 2021. Based on the information in the record, including comments filed during scoping and in response to the REA Notice, staff has determined that licensing the project may constitute a major federal action significantly affecting the quality of the human environment. Therefore, Commission staff will prepare a draft and final EIS for the proposed South SWP Project, which will address the concerns raised during prior comment periods and comments received in response to this notice.

By this notice, the Commission requests any additional comments on the scope of issues to address in the EIS, including comments on potential alternatives and impacts, and any relevant information, studies, or analyses of any kind concerning impacts affecting the quality of the human

environment. If you previously submitted comments and recommendations to the Commission, you do not need to file those comments and recommendations again. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC on or before 5:00 p.m. Eastern Time on May 30, 2025.

Public Participation

There are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208–3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature, which is located on the Commission’s website (www.ferc.gov) under the link to FERC Online. Using eComment is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the eFiling feature, which is located on the Commission’s website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on “eRegister.” You will be asked to select the type of filing you are making; a comment on a particular project is considered a “Comment on a Filing”; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (P–2426–235) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Additionally, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed project dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission’s Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

Summary of the South SWP Project

On January 30, 2020, the California Department of Water Resources (DWR) and the Los Angeles Department of Water and Power (LADWP) (co-applicants) filed an application for a new license with the Commission to continue to operate and maintain the existing 1,350-megawatt (MW) South SWP Project. The project occupies 2,807.28 acres of federal land, including 2,790.02 acres within the Angeles National Forest of Los Padres National Forest administered by U.S. Department of Agriculture, Forest Service (Forest Service), and 17.26 acres administered by the U.S. Department of the Interior, Bureau of Land Management (BLM).

Existing Project Facilities

The South SWP Project consists of two developments—DWR’s Warne Development (upstream) and LADWP’s Castaic Development (downstream).² The project generates an average of 824,803 megawatt-hours of energy annually.³

Warne Development

The Warne Development consists of the following existing facilities: (1) a 15-foot-high embankment impounding the 288-acre Quail Lake with a maximum capacity of 7,583 acre-feet at normal maximum water surface elevation (NMWSE) of 3,325 feet; (2) the Quail Lake outlet consisting of a 12-foot by 12-foot reinforced concrete double box with four 6-foot by 12-foot remotely controlled slide gates, a service bay, and outlet transition (2) the 2-mile-long, concrete-lined Lower Quail canal with a maximum flow capacity of 3,129 cubic feet per second (cfs), which along with Quail Lake serves as the forebay to the powerplant; (3) the 350-foot-long, 50-

² The project’s remaining development, Devil Canyon, is located along the East Branch of the California Aqueduct and is currently being relicensed as a separate project (Devil Canyon Project No. 14797).

³ DWR and LADWP’s average annual generation is for the period from calendar years 2007 through 2017.

foot-high Peace Valley pipeline intake embankment and intake structure located at the downstream end of Lower Quail canal that conveys water to the Peace Valley pipeline; (4) the 12-foot-diameter, 5.5-mile-long Peace Valley pipeline located entirely underground and extending to the penstock; (5) the 78-inch-diameter Gorman bypass channel extending 5.9 miles from the Lower Quail canal to Pyramid Lake serves to divert flows exceeding the pipeline's capacity or during a pipeline outage; (6) a penstock bifurcating into two 8-foot-diameter steel branches with a combined maximum capacity of 1,564 cfs; (7) the Warne powerplant located at the northern (upstream) end of Pyramid Lake at the terminus of the Peace Valley pipeline, with an installed capacity of 74.29 MW and housing two 38.25-MW Pelton-type turbines each connected to a three-phase generator; (8) a switchyard adjacent to the powerplant; (8) the 2.95-mile-long, single-circuit, 220-kilovolt (kV) Warne transmission line; (9) the Quail Lake fishing access path and day use area; and (10) appurtenant facilities.

Castaic Development

The Castaic Development consists of the following existing facilities: (1) the 1,269-acre Pyramid Lake, with a storage capacity of 161,375 acre-feet impounded by the 1,090-foot-long, 400-foot-high Pyramid Dam with a crest elevation at 2,606 feet; (2) a controlled service spillway with a flow capacity of 17,000 cfs; (3) an emergency, uncontrolled spillway with a spill capacity of 148,900 cfs; (4) a 15-foot-diameter, 1,350-foot-long, low-level outlet tunnel lined with concrete with a flow capacity of 1,000 cfs used for downstream releases to Piru Creek; (5) the 30-foot-diameter, 7.2-mile-long Angeles tunnel with a flow capacity of 18,400 cfs; (6) the 120-foot-diameter, 383-foot-tall Angeles tunnel surge chamber connected to the Angeles tunnel with a 108-foot-long junction structure with a 28-foot-diameter riser; (7) the Castaic penstock located immediately downstream of the south portal of the Angeles tunnel that consists of: (a) a double trifurcation with shutoff valves on each trifurcation branch, (b) six 2,400-foot-long steel penstocks ranging in diameter from 9 feet to 13.5 feet, and (c) a 1,900-foot-long steel penstock ranging in diameter from 7 feet to 9 feet branching from a Y-connection between the Angeles tunnel portal and the main trifurcation; (8) the Castaic powerplant located on the upstream end of Elderberry Forebay, which is a pumping-generating powerhouse containing six reversible Francis-type pump-turbine units each with a dependable capacity of 205.35

MW; (9) one Pelton-type pump starting turbine unit, housed in a separate building, used solely to start the six main units and is not used for power generation; (10) a fenced switchyard adjacent to the powerhouse; (11) the 1,935-foot-long, 179-foot-high zoned earthfill Elderberry Forebay dam with a 25-foot-wide crest at elevation 1,550 feet; (12) the 496-acre Elderberry Forebay that serves as an afterbay with a gross storage capacity of 31,196 acre-feet at an elevation of 1,540 feet; (13) an uncontrolled, emergency spillway with an overflow weir crest at elevation 1,540 feet and a spill capacity of at least 12,000 cfs connecting the Elderberry Forebay to the non-project Castaic Lake located immediately downstream of the forebay; (14) the Elderberry Forebay outlet, with a capacity of 17,000 cfs at 1,540-foot elevation, consisting of both high-level and low-level outlets equipped with slide gates facilities in a tower upstream of the dam; (15) the Storm Bypass Channel located on Castaic Creek above Elderberry Forebay with a series of three check-dam basins with a total area of about 21 acres; (16) the 11.4 mile-long, 230-kV Castaic transmission line connecting the switchyard to the Haskell Junction substation; (17) recreation facilities include the Emigrant Landing Day Use Area, Vista Del Lago Visitor Center, Vaquero Day Use Area, Spanish Point Boat-in Picnic Area, Serrano Boat-in Picnic Area, Bear Trap Boat-in Picnic Area, Yellow Bar Boat-in Picnic Area, and Los Alamos Campground. There are project-related roads and trails associated with these facilities.

Applicants' Proposal

The co-applicants propose to continue operating the project in the same manner as it is currently operated. The co-applicants also propose to make the following existing facilities part of the license for the South SWP Project: (1) the Quail detention embankment, located adjacent to the Peace Valley pipeline intake embankment along the northwest portion of the Lower Quail canal, which serves as a flood-management structure to attenuate waters from Quail Lake or the Lower Quail canal and to protect Interstate 5; (2) 99 project road segments totaling 55.4 miles; and (3) the streamflow gage located on Piru Creek below Pyramid Lake near Gorman, CA. Additionally, the co-applicants propose to remove the Warne transmission line from the license because it is owned and operated by SCE as part of SCE's Pardee-Pastoria-Warne 220-kV transmission line and because the transmission line is part of the interconnected electric

grid the co-applicants believe it is not within the Commission's licensing jurisdiction. The co-applicants state the transmission line would continue to function as it has historically.

The purpose of the project is to continue to provide a source of hydroelectric power and flood control and serve as a water supply for domestic and irrigation purposes. Therefore, under the provisions of the Federal Power Act (FPA), the Commission must decide whether to issue a license to DWR and LADWP for the project and what conditions should be placed on any license issued.

The NEPA Process and the EIS

The draft and final EIS issued by the Commission will discuss impacts that could occur because of the proposed project under the following relevant general resource areas:

- geology and soils resources
- aquatic resources
- terrestrial resources
- federally threatened and endangered species
- recreation, land use, and aesthetics
- cultural resources

Some of the potential effects include: (1) erosion and sedimentation; (2) the timing and magnitude of operational flows in Piru Creek on water quality and aquatic habitat, including associated effects on threatened and endangered species and riparian habitat; (3) toxic algal blooms in Pyramid Lake and the spread of non-native, invasive mussel species on aquatic communities and project facilities; (4) the spread of non-native, invasive terrestrial plant species on terrestrial communities; (5) disturbance of vegetation and suitable habitat for special-status wildlife species; including federally listed plant species; (6) potential effects on recreation facilities and aesthetics; (7) public safety resulting from potential project-related wildfires; and (8) cultural resources.

Commission staff will also make recommendations on how to lessen or avoid impacts on the various resource areas. Your comments will help Commission staff focus its analysis on the issues that may have a significant effect on the human environment.

The draft and final EIS will present Commission staff's independent analysis of the issues. On September 30, 2016, Commission staff issued a notice of the co-applicant's intent to file a relicense application for the project, which also invited agencies wishing to cooperate in the preparation of the environmental document. No agencies filed requests for cooperating status. A

draft EIS will be issued for public comment and circulated for review by all interested parties. Commission staff will consider all timely comments received during the comment period on the draft EIS and revise the document, as necessary, before issuing a final EIS. The draft and final EIS will be available in electronic format in the public record through eLibrary.⁴ If eSubscribed, you will receive an instant email notification when the environmental document is issued.

Alternatives Under Consideration

As part of our review in the EIS, the Commission will consider a range of reasonable alternatives that are technically and economically feasible and meet the purpose and need for the proposed action. Alternatives that do not meet these requirements will be summarized and dismissed from further consideration in the EIS document. In addition to the proposed action, staff will consider a no-action alternative. We are also considering an alternative to the proposed action that potentially meets

the above criteria: the applicants' proposed action with staff modifications, including any mandatory conditions (i.e., the staff alternative with mandatory conditions).

With this notice, we ask commenters to identify other potential reasonable alternatives for consideration. The alternatives considered may be expanded based on the comments received, provided they meet the criteria described above.

Schedule for Environmental Review

This Notice of Intent identifies Commission staff's planned schedule for completion of the final EIS for the project, which is based on an issuance of a draft EIS in August 2025, opening a 45-day public comment period. All comments filed will be reviewed by staff and considered in the Commission's final decision on the proceeding.

Issuance of Notice of Availability of the final EIS March 31, 2026

This notice identifies the Commission's anticipated schedule for

issuance of a license order for the project, which serves as the Commission's record of decision. We currently anticipate issuing a license order for the project no later than:

Issuance of the License Order July 16, 2026

If a schedule change becomes necessary, an additional notice will be provided so that the relevant agencies and interested stakeholders are kept informed of the project's progress.

Permits and Authorizations

The table below lists the anticipated permits and authorizations for the project required under federal law. This list may not be all-inclusive and does not preclude any permit or authorization if it is not listed here. Agencies with jurisdiction by law and/or special expertise may formally cooperate in the preparation of the Commission's EIS and may adopt the EIS to satisfy its NEPA responsibilities related to this project.

Agency	Permit or authorization
FERC	Non-Federal Hydropower License.
BLM	Right-of-Way Permit; Resource Management Plan Amendment; Mandatory Conditioning Authority under Section 4(e) of the FPA.
Forest Service	Mandatory Conditioning Authority under Section 4(e) of the FPA.
National Marine Fisheries Service	Reservation of Authority to Prescribe Fishways under Section 18 of the FPA.
U.S. Fish and Wildlife Service	Consultation under Section 7 of the Endangered Species Act.
California State Historic Preservation Office	Consultation under Section 106 of the National Historic Preservation Act.
California State Water Resources Control Board	Clean Water Act Section 401 Water Quality Certification.

Additional Information

Additional information about the project is available on the FERC website at www.ferc.gov using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the Docket No. P-2426 in the "Docket Number" field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding this notice may be directed to Quinn Emmering, the FERC relicensing coordinator for the South SWP Project, at (202) 502-6382 or Quinn.Emmering@ferc.gov.

Dated: April 30, 2025.

[Project No. 5362-021]

Kennebunk Light and Power District; Notice of Revised Procedural Schedule for Environmental Assessment for the Proposed Surrender of License

On March 31, 2021, and supplemented on April 8, 2021, and April 7 and 15, 2025, Kennebunk Light and Power District, licensee for the Lower Mousam Hydroelectric Project

No. 5362, filed an application to surrender its license, pursuant to 18 CFR 6.1 of the Commission's regulations. The project is located on the Mousam River, in York County, Maine. The project does not occupy federal lands.

On January 15, 2025, Commission staff issued a notice of intent to prepare an Environmental Assessment (EA) to evaluate the effects of surrender of the project. The notice of intent identified a schedule for preparing the EA by April 30, 2025.

On March 27, 2025, the Commission requested additional information from the licensee regarding consultation with certain resource agencies on the surrender of the project. This information was filed on April 7, 2025. Commission staff is updating the procedural schedule for completing the EA as shown below. Further revisions to

⁴ For instructions on connecting to eLibrary, refer to the *Additional Information* section of this notice this notice.

the schedule may be made as appropriate.

Issuance of EA October 2, 2025

Any questions regarding this notice may be directed to Diana Shannon at (202) 502-6136, or by email at diana.shannon@ferc.gov.

Dated: April 30, 2025.

Combined Notice of Filings

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

Filings Instituting Proceedings

Docket Numbers: PR25-47-000.
Applicants: The East Ohio Gas Company.

Description: § 284.123(g) Rate Filing: Operating Statement of The East Ohio Gas Company 4/1/2025 to be effective 4/1/2025.

Filed Date: 4/29/25.

Accession Number: 20250429-5146.

Comment Date: 5 p.m. ET 5/20/25.

§ 284.123(g) Protest: 5 p.m. ET 6/30/25.

Docket Numbers: PR25-48-000.

Applicants: Skye MS, LLC.

Description: § 284.123 Rate Filing: Initial Statement of Operating Conditions to be effective 5/9/2023.

Filed Date: 4/29/25.

Accession Number: 20250429-5195.

Comment Date: 5 p.m. ET 5/20/25.

Docket Numbers: RP25-847-000.

Applicants: Discovery Gas

Transmission LLC.

Description: Imbalance Cash Out Report of Discovery Gas Transmission LLC.

Filed Date: 4/29/25.

Accession Number: 20250429-5214.

Comment Date: 5 p.m. ET 5/12/25.

Docket Numbers: RP25-854-000.

Applicants: Iroquois Gas

Transmission System, L.P.

Description: § 4(d) Rate Filing: 4.30.25 Negotiated Rates—Macquarie Energy LLC R-4090-34 to be effective 5/1/2025.

Filed Date: 4/30/25.

Accession Number: 20250430-5057.

Accession Number: 20250430-5189.

Comment Date: 5 p.m. ET 5/12/25.

Docket Numbers: RP25-466-001.

Applicants: Monroe Gas Storage

Company, LLC.

Description: Compliance filing: Amended NAESB 4.0 Compliance Filing to be effective 8/1/2025.

Filed Date: 4/30/25.

Accession Number: 20250430-5252.

Comment Date: 5 p.m. ET 5/12/25.

Any person desiring to protest in any of the above proceedings must file in accordance with Rule 211 of the Commission's Regulations (18 CFR

385.211) on or before 5:00 p.m. Eastern time on the specified comment date.

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercgensearch.asp>) by querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organization, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: April 30, 2025.

Carlos D. Clay,

Deputy Secretary.

[FR Doc. 2025-07838 Filed 5-5-25; 8:45 am]

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OLEM-2018-0646; FRL-12729-01-OLEM]

Agency Information Collection Activities; Proposed Collection; Comment Request; Safe Management of Recalled Airbags Rule (Renewal), EPA ICR No. 2589.06, OMB Control No. 2050-0221

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is planning to submit the information collection request (ICR), "Safe Management of Recalled Airbags Rule (Renewal)" (EPA ICR No. 2589.06, OMB Control No. 2050-0221) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). Before doing so, the EPA is soliciting public comments on specific aspects of the proposed information collection as described in **SUPPLEMENTARY INFORMATION.** This is a proposed extension of the ICR, which is currently approved through December

31, 2025. This document allows for 60 days for public comments.

DATES: Comments must be submitted on or before July 7, 2025.

ADDRESSES: Submit your comments, referencing by Docket ID No. EPA-HQ-OLEM-2018-0646, at <https://www.regulations.gov> (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Tracy Atagi, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 566-0511; email address: atagi.tracy@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through December 31, 2025. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

This document allows 60 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov> or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <https://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through

the use of appropriate forms of information technology. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** document to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The collection of information is necessary in order to ensure that the hazardous waste airbag modules and airbag inflators exempted under this rule are safely disposed of and that defective airbag modules and airbag inflators are not reinserted into vehicles where they would pose an unreasonable risk of death or serious injury. Information collection activities include maintaining at the airbag handler for no less than three years records of (1) all off-site shipments and (2) confirmations of receipt of airbag waste.

Form numbers: None.

Respondents/affected entities: Business or other for-profit.

Respondent's obligation to respond: Required to obtain or retain a benefit (sections 2002, 3001, 3002, 3003, 3004, 3006, 3010, and 3017 of the Solid Waste Disposal Act).

Estimated number of respondents: 15,175.

Frequency of response: On occasion.

Total estimated burden: 4,270 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$13,322 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in estimates: The burden hours are likely to stay substantially the same.

Dated: April 21, 2025.

Carolyn Hoskinson,

Director, Office of Resource Conservation and Recovery.

[FR Doc. 2025-07844 Filed 5-5-25; 8:45 am]

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1159; FR ID 292949]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before July 7, 2025. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-1159.
Title: Part 25—Satellite Communications; and Part 27—Miscellaneous Wireless Communication Services: 2.3 GHz Band.
Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for profit entities.

Number of Respondents and Responses: 153 respondents and 5,691 responses.

Estimated Time per Response: 0.5-40 hours.

Frequency of Response: Recordkeeping requirement, Third Party Disclosure, and On occasion and Quarterly reporting requirements.

Obligation To Respond: Required to obtain or retain benefits. The statutory

authority for this information collection is 47 U.S.C. 154, 301, 302(a), 303, 309, 332, 336, and 337 unless otherwise noted.

Total Annual Burden: 23,887 hours.

Annual Cost Burden: \$350,700.

Needs and Uses: The information filed by Wireless Communications Service (WCS) licensees in support of their construction notifications will be used to determine whether licensees have complied with the Commission's performance benchmarks. Further, the information collected by licensees in support of their coordination obligations will help avoid harmful interference to Satellite Digital Audio Radio Service (SDARS), Aeronautical Mobile Telemetry (AMT) and Deep Space Network (DSN) operations in other spectrum bands.

Federal Communications Commission.

Marlene Dortch,

Secretary.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it

displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before July 7, 2025. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0506.
Title: FCC Form 2100, Schedule 302-FM—FM Station License Application.
Form Number: FCC Form 2100, Schedule 302-FM.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents and Responses: 925 respondents; 925 responses.

Estimated Time per Response: 1-2 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 3,135 hours.
Total Annual Costs: \$830,250.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Sections 154(i), 303 and 308 of the Communications Act of 1934, as amended.

Needs and Uses: FCC Form 2100, Schedule 302-FM—FM Station License Application (LMS FM Station License Application) is required to be filed by licensees and permittees of FM broadcast stations to request and to obtain a new or modified station license and/or to notify the Commission of certain changes in the licensed facilities of these stations. Data is used by FCC staff to confirm that the station is built to the terms specified in the outstanding construction permit and to ensure that any changes made to the station will not have any impact on other stations and the public. Data is extracted from the LMS FM Station License Application for inclusion in the subsequently issued license authorization to operate the FM station.

OMB Control Number: 3060–0980.

Title: Implementation of the Satellite Home Viewer Improvement Act of 1999: Local Broadcast Signal Carriage Issues and Retransmission Consent Issues, 47 CFR 76.66.

Form Number: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 3,410 respondents; 4,388 responses.

Estimated Time per Response: 0.5 hour to 5 hours.

Frequency of Response: Third party disclosure requirement; On occasion reporting requirement; Once every three years reporting requirement; Recordkeeping requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in 47 U.S.C. 325, 338, 339 and 340.

Total Annual Burden: 3,576 hours.

Total Annual Cost: \$24,000.

Needs and Uses: Television broadcast stations and satellite carriers will use the information collected under this collection to determine what stations must be carried by satellite carriers. The Commission will use information collected in order to ensure compliance with its satellite television broadcast carriage rules.

OMB Control Number: 3060–1045.

Title: Section 76.1610, Change of Operational Information; FCC Form 324, Operator, Mail Address, and Operational Status Changes.

Form Number: FCC Form 324.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; not-for-profit institutions.

Number of Respondents: 325 respondents; 325 responses.

Estimated Time per Response: 0.5 hours.

Frequency of Response: On occasion reporting requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in 154(i), 303, 308, and 309 of the Communications Act of 1934, as amended.

Total Annual Burden: 163 hours.

Total Annual Cost: None.

Needs and Uses: The information collection requirements contained in 47 CFR 76.1610 require that operators shall inform the Commission on FCC Form 324 whenever there is a change of cable television system operator; change of legal name, change of the operator's mailing address or FCC Registration

Number (FRN); or change in the operational status of a cable television system. Notification must be done within 30 days from the date the change occurs and must include the following information, as appropriate: (a) The legal name of the operator and whether the operator is an individual, private association, partnership, corporation, or government entity. See 47 CFR 76.5(cc). If the operator is a partnership, the legal name of the partner responsible for communications with the Commission shall be supplied; (b) The assumed name (if any) used for doing business in each community; (c) The physical address, including zip code, and email address, if applicable, to which all communications are to be directed; (d) The nature of the operational status change (e.g., operation terminated, merged with another system, inactive, deleted, etc.); (e) The names and FCC identifiers (e.g., CA 0001) of the system communities affected.

Federal Communications Commission.

Marlene Dortch,

Secretary.

BILLING CODE 6712–01–P

FEDERAL RESERVE SYSTEM

Notice of Proposals To Engage in or To Acquire Companies Engaged in Permissible Nonbanking Activities

The companies listed in this notice have given notice under section 4 of the Bank Holding Company Act (12 U.S.C. 1843) (BHC Act) and Regulation Y, (12 CFR part 225) to engage de novo, or to acquire or control voting securities or assets of a company, including the companies listed below, that engages either directly or through a subsidiary or other company, in a nonbanking activity that is listed in § 225.28 of Regulation Y (12 CFR 225.28) or that the Board has determined by Order to be closely related to banking and permissible for bank holding companies. Unless otherwise noted, these activities will be conducted throughout the United States.

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at <https://www.federalreserve.gov/foia/>

request.htm. Interested persons may express their views in writing on the question whether the proposal complies with the standards of section 4 of the BHC Act.

Comments received are subject to public disclosure. In general, comments received will be made available without change and will not be modified to remove personal or business information including confidential, contact, or other identifying information. Comments should not include any information such as confidential information that would not be appropriate for public disclosure.

Unless otherwise noted, comments regarding the applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misback, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington, DC 20551–0001, not later than May 21, 2025.

A. Federal Reserve Bank of Atlanta (Erien O. Terry, Assistant Vice President) 1000 Peachtree Street NE, Atlanta, Georgia 30309. Comments can also be sent electronically to Applications.Comments@atl.frb.org:

1. *Community Bankshares, Inc., LaGrange, Georgia*; to retain Thomas Financial Group, Atlanta, Georgia, and thereby engage in extending credit and servicing loans, pursuant to section 225.28(b)(1) of the Board's Regulation Y.

Board of Governors of the Federal Reserve System.

Michele Taylor Fennell,

Associate Secretary of the Board.

BILLING CODE P

GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090–0302; Docket No. 2025–0001; Sequence No. 7]

Information Collection; General Services Administration Acquisition Regulation; Modifications (Federal Supply Schedule) 552.238–82

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Notice of request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat Division will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension to the information collection requirement regarding the Modifications (Federal Supply Schedule) clause.

DATES: Submit comments on or before: July 7, 2025.

FOR FURTHER INFORMATION CONTACT: Mr. Thomas O'Linn, Procurement Analyst, General Services Acquisition Policy Division, GSA, 202-445-0390 or email gsarpolicy@gsa.gov.

ADDRESSES: Submit comments identified by "Information Collection 3090-0302, Modifications (Federal Supply Schedule)" to: <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching for "Information Collection 3090-0302, Modifications (Federal Supply Schedule)". Select the link "Submit a Comment" that corresponds with "Information Collection 3090-0302, Modifications (Federal Supply Schedule)". Follow the instructions provided at the "Submit a Comment" screen. Please include your name, company name (if any), and "Information Collection 3090-0302, Modifications (Federal Supply Schedule)," on your attached document. If your comment cannot be submitted using <https://www.regulations.gov>, call or email the points of contact in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

Instructions: Please submit comments only and cite Information Collection 3090-0302, Modifications (Federal Supply Schedule), in all correspondence related to this collection. Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check www.regulations.gov, approximately two-to-three days after submission to verify posting.

SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration Acquisition Regulation (GSAR) clause 552.238-82, Modifications (Federal Supply Schedule), which was previously titled and numbered as 552.238-81 Modifications (see 84 FR 17030 dated April 23, 2019), requires Contractors who have a GSA Multiple Award Schedule (MAS) (also known as Federal Supply Schedule (FSS)) contract to request a contract modification by submitting information to the contracting officer. At a minimum, each contract modification request covered by this clause is to include an explanation for the request and supporting information. The clause has an Alternate I and Alternate II as well.

The basic clause applies to MAS contracts that are not subject to transactional data reporting and covers the following types of requests for contract modification: additional items/additional SINs, deletions, and price reductions. Alternate I is pretty much the same as the basic clause with exception to paragraph (e) being revised to reflect a MAS contractor accepting eMod. Alternate II applies to MAS contracts subject to transactional data reporting and covers the following requests for contract modification: additional items/additional SINs and deletions.

B. Annual Reporting Burden

Respondents: 8,000.
Responses per Respondent: 1.
Total Responses: 8,00.
Hours per Response: 3.5.
Total Burden Hours: 28,000.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

Obtaining Copies of Proposals

Requesters may obtain a copy of the information collection documents from the GSA Regulatory Secretariat Division, by calling 202-501-4755 or emailing GSARegSec@gsa.gov. Please cite OMB Control No. 3090-0302, "Modifications (Federal Supply Schedule)" in all correspondence.

Jeffrey A. Koses,

Senior Procurement Executive, Office of Acquisition Policy, Office of Government-wide Policy.

BILLING CODE 6820-61-P

GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090-0246; Docket No. 2025-0001; Sequence No. 1]

Information Collection; General Services Administration Acquisition Regulation; Packing List Clause

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Notice; request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995, GSA invites the public to comment on a

request to review and approve an extension of a previously approved information collection requirement regarding the packing list clause.

DATES: Submit comments on or before July 7, 2025.

ADDRESSES: Submit comments identified by Information Collection 3090-0246 via <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching the OMB control number 3090-0246. Select the link "Submit a Comment" that corresponds with "Information Collection 3090-0246, Packing List Clause". Follow the instructions provided at the "Submit a Comment" screen. Please include your name, company name (if any), and "Information Collection 3090-0246, Packing List Clause" on your attached document.

Instructions: Please submit comments only and cite Information Collection 3090-0246, Packing List Clause, in all correspondence related to this collection. Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check www.regulations.gov, approximately two-to-three days after submission to verify posting.

FOR FURTHER INFORMATION CONTACT: Mr. Thomas O'Linn, Procurement Analyst, at telephone 202-445-0390, or via email at GSARpolicy@gsa.gov.

SUPPLEMENTARY INFORMATION:

A. Purpose

General Services Administration Acquisition Regulation (GSAR) clause 552.211-77, Packing List, and its Alternate I require a contractor to include a packing list or other suitable document for purposes of providing order and shipping information. In addition to information contractors normally include within packing lists and other suitable documents, the identification of the cardholder name, telephone number, and the term "Credit Card" is required when a Governmentwide commercial purchase card is being used as the method of payment.

B. Annual Reporting Burden

Estimated Respondents: 14,342.
Estimated Responses per Respondent: 7.

Total Estimated Annual Responses: 100,396.

Estimated Hours per Response: .05.
Total Estimated Burden Hours: 5,020.
Total Estimated Annual Cost to the Public: 146,981.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the GSA Regulatory Secretariat Division, by calling 202-501-4755 or emailing GSARegSec@gsa.gov.

Jeffrey A. Koses,

Senior Procurement Executive, Office of Acquisition Policy, Office of Government-wide Policy.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[OMB #: 0970-0427]

Proposed Information Collection Activity; Head Start Program Information Report

AGENCY: Office of Head Start, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) Office of Head Start (OHS) is requesting a 3-year extension of the Head Start Program Information Report (PIR), Monthly Enrollment reporting instrument, and Center Locations and Contacts instrument (Office of Management and Budget (OMB) #0970-0427, expiration June 30, 2025). OHS has not made any updates to these instruments.

DATES: *Comments due* July 7, 2025. In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: OHS is requesting an extension, without changes, of the Head Start PIR information collection authority. The following instruments are included in this information collection: (1) PIR, (2) Monthly Enrollment, and (3) Center Locations and Contacts. The PIR is used for federal program management purposes including to promote decision-making using data, is a major source of information used to respond to congressional and public inquiries about Head Start programs and is used often by researchers. Monthly enrollment reporting supports oversight activities related to promoting full enrollment of programs. Center locations and contact reporting is used to help parents locate a program in their community. In general, these information collections together create key administrative datasets to support administration of the program. There are no updates to the current OMB-approved PIR.

Respondents: Head Start Grant Recipients.

ANNUAL BURDEN ESTIMATES

Instrument	Annual number of respondents	Annual number of responses per respondent	Average burden hours per response	Annual burden hours
Head Start PIR	1,600	2.25	1	3,600
Monthly Enrollment	1,600	27	0.05	2,160
Center Locations and Contacts	1,600	15	0.25	6,000

Estimated Total Annual Burden Hours: 11,760.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 42 U.S.C. 9801 *et seq.*

Mary C. Jones,

ACF/OPRE Certifying Officer.

BILLING CODE 4184-40-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[OMB #: 0970-0433]

Proposed Information Collection Activity; Plan for Foster Care and Adoption Assistance—Title IV-E

AGENCY: Children's Bureau, Administration for Children and

Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is requesting a 3-year extension and revisions to the Plan for Foster Care and Adoption Assistance—Title IV-E, (OMB#: 0970-0433, expiration July 31, 2025). This plan also incorporates the plan requirements for the optional guardianship assistance, Title IV-E prevention services and the Title IV-E kinship navigator programs.

DATES: *Comments due* July 7, 2025. In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: A title IV–E plan is required by section 471, part IV–E of the Social Security Act (the Act) for each public child welfare agency requesting federal funding under the Act for foster care and adoption assistance, as well as for the optional guardianship assistance, kinship navigator and prevention services programs. Section 479B of the Act provides for an Indian tribe, tribal organization or tribal consortium (tribe) to operate a title IV–E program in the same manner as a state with minimal exceptions. The tribe must have an approved title IV–E Plan.

The title IV–E plan provides assurances the programs will be administered in conformity with the specific requirements stipulated in title IV–E. The plan must include all applicable state or tribal statutory, regulatory, or policy references and citations for each requirement as well as supporting documentation. A title IV–E agency may use the pre-print format prepared by the Children’s Bureau or a different format, on the condition that the format used includes all the title IV–E plan requirements of the law.

Section A of the title IV–E plan pre-print addresses requirements for the Foster Care, Adoption Assistance and optional Guardianship Assistance and Kinship Navigator programs. For these programs, the plan submission remains in effect until amendments are required due either to changes in federal requirements or agency operations.

Section B of the title IV–E plan pre-print addresses requirements for the Prevention Services program. This program requires a plan submission every five years, and amendments as needed.

Both sections of the title IV–E preprint include minor revisions to reflect recent changes in statutory, regulatory and policy requirements or options and to remove outdated information. All revisions in policy and requirements have been communicated to title IV–E agencies through prior policy issuances.

Revisions in Section A include:

- Updates to provisions relating to children missing from foster care, enacted through Public Law 117–348, the Trafficking Victims Prevention and Protection Reauthorization Act of 2022; and
- Updates to requirements and flexibilities for relative and kin foster care homes, including allowing separate licensing standards for relative and kin foster homes

Revisions in Section B include:

- A streamlined approach for title IV–E agencies to request renewal of a previously approved 5-year plan; and
- Revisions reflecting additional flexibilities in program requirements for tribes participating in the program through an agreement with another title IV–E agency.

Respondents: State, territorial and tribal title IV–E agencies.

Annual Burden Estimates

Respondents complete and submit a IV–E plan or plan amendment as needed for the foster care, adoption assistance and guardianship assistance programs; and a IV–E plan attachment as needed for the kinship navigator program. Respondents must complete and submit the plan for the prevention program every five years, and amendments as needed. Burden estimates below reflect an estimated total burden for a 3-year period divided by three to provide an annual estimate. ACF estimates that over the 3-year period 54 respondents will submit a new or amended title IV–E plan for the foster care, adoption assistance, and guardianship assistance programs; 48 respondents will submit new or amended prevention plans; and 15 respondents will submit new or amended title IV–E kinship navigator plan attachments.

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
Title IV–E Plan	54	1	16	864	288
Title IV–E prevention services plan	48	1	5	240	80
Attachment to Title IV–E plan for Kinship Navigator Program	15	1	1	15	5

Estimated Total Annual Burden Hours: 373.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 42 U.S.C. 5106(b)(5); 42 U.S.C. 5113(b)(4); 42 U.S.C. 629h.

Mary C. Jones,

ACF/OPRE Certifying Officer.

BILLING CODE 4184–25–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[OMB #: 0970–0416]

Submission for Office of Management and Budget Review; Current Population Survey—Child Support Supplement

AGENCY: Office of Child Support Enforcement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comment

SUMMARY: The Office of Child Support Enforcement (OCSE), Administration for Children and Families (ACF) is requesting that the Office of

Management and Budget (OMB) approve a revision to an approved information collection: Current Population Survey—Child Support Supplement. Information collected through the survey pertains to child support programs. Analysis of survey data helps OCSE fulfill the mandate to oversee the national child support program and will help legislators and policymakers determine the efficacy of various child support legislation. The current OMB approval expires August 31, 2025.

DATES: Comments are due within 30 days of publication. OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this

notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Current Population Survey—Child Support Supplement collects detailed information about child support agreements and awards, including both required payments and amounts received, as well as data about the socioeconomic characteristics of custodial parents and their families. Analysis of the information provides a nationwide assessment of the need for and effectiveness of the child support program, which helps OCSE align the child support program to meet the needs of the families it serves. The survey analysis will also help legislators make

child support policy decisions. OCSE revised the survey to delete questions and update language.

Respondents: Individuals and households.

Annual Burden Estimates

In 2023, the U.S. Census Bureau began to collect information about the family relationships among all the individuals in the household by identifying the biological, adopted, step, or foster parents for each child in the household. Households with children under 21 not living with both biological or adopted parents are asked questions in the Child Support Supplement. This change reduced the overall number of respondents significantly from 34,500 to 3,600 but increased the time per response from about 2 minutes to about 20 minutes. The U.S. Census Bureau performed a calculation of the time it took to conduct the 2023 interviews, using audit trails from the completed cases. The 2026 increase in the burden hours reflects this information.

Collection instrument	Annual number of respondents	Annual number of responses per respondent	Average burden hours per response	Total annual burden hours
Current Population Survey—Child Support Supplement	4,500	1	0.0667	300

Comments: ACF specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 30 days of this publication.

Authority: This supplement is sponsored by ACF/OCSE and is authorized by Title IV–D of the Social Security Act. This supplement will be conducted by the U.S. Census Bureau and is authorized by 13 U.S.C. 182 which states, “the Secretary may make surveys deemed necessary to furnish annual and other interim current data

on the subjects covered by the censuses provided for in this title.”

Mary C. Jones,

ACF/OPRE Certifying Officer.

BILLING CODE 4184–73–P

HEALTH AND HUMAN SERVICES DEPARTMENT

Office of the Secretary

Notice of Interest Rate on Overdue Debts

Section 30.18 of the Department of Health and Human Services’ claims collection regulations (45 CFR part 30) provides that the Secretary shall charge an annual rate of interest, which is determined and fixed by the Secretary of the Treasury after considering private consumer rates of interest on the date that the Department of Health and Human Services becomes entitled to recovery. The rate cannot be lower than the Department of Treasury’s current value of funds rate or the applicable rate determined from the “Schedule of Certified Interest Rates with Range of

Maturities” unless the Secretary waives interest in whole or part, or a different rate is prescribed by statute, contract, or repayment agreement. The Secretary of the Treasury may revise this rate quarterly. The Department of Health and Human Services publishes this rate in the **Federal Register**.

The current rate of 12³/₈%, as fixed by the Secretary of the Treasury, is certified for the quarter ended December 31, 2024, and 11⁵/₈%, for the quarter ended March 31, 2025. This rate is based on the Interest Rates for Specific Legislation, “National Health Services Corps Scholarship Program (42 U.S.C. 254o(b)(1)(A))” and “National Research Service Award Program (42 U.S.C. 288(c)(4)(B)).” This interest rate will be applied to overdue debt until the Department of Health and Human Services publishes a revision.

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the Office of AIDS Research Advisory Council.

The meeting will be held as a virtual meeting and will be open to the public as indicated below. Individuals who plan to view the virtual meeting and need special assistance or other reasonable accommodations to view the meeting, should notify the Contact Person listed below in advance of the meeting. The meeting can be accessed from the NIH Videocast at the following link: <https://videocast.nih.gov/>.

Name of Committee: Office of AIDS Research Advisory Council.

Date: September 18, 2025.

Time: 12:00 p.m. to 4:00 p.m.

Agenda: Report from the OAR Director, update on the development of the NIH Strategic Plan and research priorities for HIV research.

Place: Office of AIDS Research, Office of the Director, National Institutes of Health, 5601 Fishers Lane, Rockville, MD 20852.

Meeting Format: Virtual Meeting.

Contact Person: CAPT Mary Glenshaw, Ph.D., M.P.H., OTR/L, Office of AIDS Research, Office of the Director, NIH, 5601 Fishers Lane, Room 2E61, Rockville, MD 20852, (301) 496–0357, OARACinfo@nih.gov.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Institute's/Center's home page: www.oar.nih.gov, where an agenda and any additional information for the meeting will be posted when available.

(Catalogue of Federal Domestic Assistance Program Nos. 93.14, Intramural Research Training Award; 93.22, Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds; 93.232, Loan Repayment Program for Research Generally; 93.39, Academic Research Enhancement Award; 93.936, NIH Acquired Immunodeficiency Syndrome Research Loan Repayment Program; 93.187, Undergraduate Scholarship Program for Individuals from Disadvantaged Backgrounds, National Institutes of Health, HHS)

Dated: April 30, 2025.

Melanie J. Pantoja,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**National Institutes of Health****Office of the Director, National Institutes of Health; Notice of Meeting**

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the Council of Councils.

The meeting will be held as a hybrid meeting held in-person and virtually and is open to the public as indicated below. Individuals who plan to view the virtual meeting and need special assistance or other reasonable accommodations, to view the meeting should notify the Contact Person listed below in advance of the meeting. The open session will be videocast and can be accessed from the NIH Videocasting website (<http://videocast.nih.gov/>).

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Council of Councils.

Date: May 29, 2025.

Open: May 29, 2025, 09:00 a.m. to 12:15 p.m.

Agenda: Welcome and Opening Remarks; Announcements; NIH Program Updates; Presentations; and Other Business of the Committee.

Place: National Institutes of Health, Building 35A, 35 Convent Drive, Rooms 620/630/640, Bethesda, MD 20892 (In-person and Virtual).

Closed: May 29, 2025, 12:15 p.m. to 01:15 p.m.

Agenda: Review of Grant Applications.

Place: National Institutes of Health, Building 35A, 35 Convent Drive, Rooms 620/630/640, Bethesda, MD 20892 (In-person and Virtual).

Open: May 29, 2025, 01:15 p.m. to 03:10 p.m.

Agenda: NIH Program Updates; Presentations; and Other Business of the Committee.

Place: National Institutes of Health, Building 35A, 35 Convent Drive, Rooms 620/630/640, Bethesda, MD 20892 (In-person and Virtual).

Contact Person: Franziska Grieder, D.V.M., Ph.D., Executive Secretary, Council of Councils, Director, Office of Research Infrastructure Programs, Division of Program Coordination, Planning, and Strategic Initiatives, Office of the Director, NIH, 6701 Democracy Boulevard, Room 948, Bethesda,

MD 20892, *GriederF@mail.nih.gov*, 301-435-0744.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Council of Council's home page at <https://dpcpsi.nih.gov/council/> where an agenda and any additional information for the meeting will be posted when available.

(Catalogue of Federal Domestic Assistance Program Nos. 93.14, Intramural Research Training Award; 93.22, Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds; 93.232, Loan Repayment Program for Research Generally; 93.39, Academic Research Enhancement Award; 93.936, NIH Acquired Immunodeficiency Syndrome Research Loan Repayment Program; 93.187, Undergraduate Scholarship Program for Individuals from Disadvantaged Backgrounds, National Institutes of Health, HHS)

Dated: April 30, 2025.

Bruce A. George,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Accreditation and Approval of Intertek USA, Inc. (Houston, TX) as a Commercial Gauger and Laboratory

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of accreditation and approval of Intertek USA, Inc. (Houston, TX), as a commercial gauger and laboratory.

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that Intertek, USA Inc. (Houston, TX), has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes for the next three years as of May 2, 2023.

DATES: Intertek USA, Inc. (Houston, TX) was approved and accredited as a commercial gauger and laboratory as of May 2, 2023. The next inspection date will be scheduled for May 2026.

FOR FURTHER INFORMATION CONTACT: Dr. Eugene Bondoc, Laboratories and Scientific Services, U.S. Customs and Border Protection, 1331 Pennsylvania Avenue NW, Suite 1501-A North,

Washington, DC 20004, tel. 202-344-1060.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that Intertek USA, Inc., 16025 Jacintoport Blvd., Suite B, Houston, TX 77015, has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13.

Intertek USA, Inc. (Houston, TX) is approved for the following gauging procedures for petroleum and certain petroleum products from the American Petroleum Institute (API):

API chapters	Title
3	Tank Gauging.
7	Temperature Determination.
8	Sampling.
12	Calculations.
17	Marine Measurement.

Intertek USA, Inc. (Houston, TX) is accredited for the following laboratory analysis procedures and methods for petroleum and certain petroleum products set forth by the U.S. Customs and Border Protection Laboratory Methods (CBPL) and American Society for Testing and Materials (ASTM):

CBPL No.	ASTM	Title
27-02	D1298	Standard Test Method for Density, Relative Density (Specific Gravity), or API Gravity of Crude Petroleum and Liquid Petroleum Products by Hydrometer Method.
27-03	D4006	Standard Test Method for Water in Crude Oil by Distillation.
27-04	D95	Standard Test Method for Water in Petroleum Products and Bituminous Materials by Distillation.
27-05	D4928	Standard Test Method for Water in Crude Oils by Coulometric Karl Fischer Titration.
27.06	D473	Standard Test Method for Sediment in Crude Oils and Fuel Oils by the Extraction Method.
27-13	D4294	Standard Test Method for Sulfur in Petroleum and Petroleum Products by Energy-Dispersive X-ray Fluorescence Spectrometry.
27-46	D5002	Standard Test Method for Density, Relative Density, and API Gravity of Crude Oils by Digital Density Analyzer.
27-48	D4052	Standard Test Method for Density, Relative Density, and API Gravity of Liquids by Digital Density Meter.
27-54	D1796	Standard Test Method for Water and Sediment in Fuel Oils by the Centrifuge Method (Laboratory Procedure).
N/A	D4007	Standard Test Method for Water and Sediment in Crude Oil by the Centrifuge Method (Laboratory Procedure).

Anyone wishing to employ this entity to conduct laboratory analyses and gauger services should request and receive written assurances from the entity that it is accredited or approved by the U.S. Customs and Border Protection to conduct the specific test or gauger service requested. Alternatively, inquiries regarding the specific test or gauger service this entity is accredited or approved to perform may be directed to the U.S. Customs and Border Protection by calling (202) 344-1060. The inquiry may also be sent to CBPGaugersLabs@cbp.dhs.gov. Please reference the website listed below for a complete listing of CBP approved

gaugers and accredited laboratories. <https://www.cbp.gov/about/labs-scientific/commercial-gaugers-and-laboratories>.

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Accreditation and Approval of AmSpec LLC (La Porte, TX) as a Commercial Gauger and Laboratory

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of accreditation and approval of AmSpec LLC (La Porte, TX), as a commercial gauger and laboratory.

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that

AmSpec LLC (La Porte, TX), has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes for the next three years as of July 26, 2023.

DATES: AmSpec LLC (La Porte, TX) was approved and accredited as a commercial gauger and laboratory as of July 26, 2023. The next triennial inspection date will be scheduled for July 2026.

FOR FURTHER INFORMATION CONTACT: Dr. Eugene Bondoc, Laboratories and Scientific Services, U.S. Customs and Border Protection, 1331 Pennsylvania Avenue NW, Suite 1501-A North,

Washington, DC 20004, tel. 202-344-1060.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that AmSpec LLC, 1836 Miller Cut Off Road, La Porte, TX 77571, has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13.

AmSpec LLC (La Porte, TX) is approved for the following gauging procedures for petroleum and certain petroleum products from the American Petroleum Institute (API):

API chapters	Title
3	Tank Gauging.
7	Temperature Determination.
8	Sampling.
11	Physical Properties Data.
12	Calculation of Petroleum Quantities.
17	Marine Measurement.

AmSpec LLC (La Porte, TX) is accredited for the following laboratory analysis procedures and methods for petroleum and certain petroleum products set forth by the U.S. Customs and Border Protection Laboratory Methods (CBPL) and American Society for Testing and Materials (ASTM):

CBPL No.	ASTM	Title
27-01	D287	Standard Test Method for API Gravity of Crude Petroleum and Petroleum Products (Hydrometer Method).
27-03	D4006	Standard Test Method for Water in Crude Oil by Distillation.
27-04	D95	Standard Test Method for Water in Petroleum Products and Bituminous Materials by Distillation.
27-06	D473	Standard Test Method for Sediment in Crude Oils and Fuel Oils by the Extraction Method.
27-11	D445	Standard Test Method for Kinematic Viscosity of Transparent and Opaque Liquids (and Calculation of Dynamic Viscosity).
27-13	D4294	Standard Test Method for Sulfur in Petroleum and Petroleum Products by Energy-Dispersive X-ray Fluorescence Spectrometry.
27-48	D4052	Standard Test Method for Density, Relative Density, and API Gravity of Liquids by Digital Density Meter.
27-50	D93	Standard Test Methods for Flash Point by Pensky-Martens Closed Cup Tester.
27-54	D1796	Standard Test Method for Water and Sediment in Fuel Oils by the Centrifuge Method (Laboratory Procedure).

Anyone wishing to employ this entity to conduct laboratory analyses and gauger services should request and receive written assurances from the entity that it is accredited or approved by the U.S. Customs and Border Protection to conduct the specific test or gauger service requested. Alternatively, inquiries regarding the specific test or gauger service this entity is accredited or approved to perform may be directed to the U.S. Customs and Border Protection by calling (202) 344-1060. DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Accreditation and Approval of AmSpec LLC (New Haven, CT) as a Commercial Gauger and Laboratory

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of accreditation and approval of AmSpec LLC (New Haven, CT), as a commercial gauger and laboratory.

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that AmSpec LLC (New Haven, CT), has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes for the next three years as of June 7, 2023.

DATES: AmSpec LLC (New Haven, CT) was approved and accredited as a commercial gauger and laboratory as of June 7, 2023. The next triennial inspection date will be scheduled for June 2026.

FOR FURTHER INFORMATION CONTACT: Dr. Eugene Bondoc, Laboratories and

Scientific Services, U.S. Customs and Border Protection, 1331 Pennsylvania Avenue NW, Suite 1501-A North, Washington, DC 20004, tel. 202-344-1060.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that AmSpec LLC, 100 Wheeler St., Unit G, New Haven, CT 06512, has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum

products for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13.

AmSpec LLC (New Haven, CT) is approved for the following gauging procedures for petroleum and certain petroleum products from the American Petroleum Institute (API):

API chapters	Title
1	Vocabulary.
3	Tank Gauging.
7	Temperature Determination.

API chapters	Title
8	Sampling.
12	Calculations.
17	Maritime Measurement.

AmSpec LLC (New Haven, CT) is accredited for the following laboratory analysis procedures and methods for petroleum and certain petroleum products set forth by the U.S. Customs and Border Protection Laboratory Methods (CBPL) and American Society for Testing and Materials (ASTM):

CBPL No.	ASTM	Title
27-08	D 86	Standard Test Method for Distillation of Petroleum Products at Atmospheric Pressure.
27-11	D 445	Standard Test Method for Kinematic Viscosity of Transparent and Opaque Liquids (and Calculation of Dynamic Viscosity).
27-13	D 4294	Standard Test Method for Sulfur in Petroleum and Petroleum Products by Energy-Dispersive X-ray Fluorescence Spectrometry.
27-20	D 4057	Standard Practice for Manual Sampling of Petroleum and Petroleum Products.
27-48	D 4052	Standard Test Method for Density and Relative Density of Liquids by Digital Density Meter.
27-50	D 93	Standard Test Methods for Flash-Point by Pensky-Martens Closed Cup Tester.
27-53	D 2709	Standard Test Method for Water and Sediment in Middle Distillate Fuels by Centrifuge.

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

[CIS No. 2813–25; DHS Docket No. USCIS–2014–004]

RIN 1615–ZB79

Extension of South Sudan Designation for Temporary Protected Status

AGENCY: U.S. Citizenship and Immigration Services (USCIS), Department of Homeland Security (DHS).

ACTION: Notice of extension of Temporary Protected Status (TPS) designation.

SUMMARY: The designation of South Sudan for Temporary Protected Status (TPS), which was set to expire on May 3, 2025, is automatically extended to November 3, 2025. Under the TPS statute, if the Secretary does not determine whether a foreign state continues to meet the conditions for designation for TPS at least 60 days before the current expiration of the country's TPS designation, the period of designation is automatically extended for six months. The Secretary was unable to make an informed determination on South Sudan's designation by the March 4, 2025 statutory deadline due to the lack of an updated analysis of current country conditions in South Sudan. Accordingly, the TPS designation of South Sudan is automatically extended for six months, from May 4, 2025, through November 3, 2025.

DATES: The six-month extension of South Sudan for TPS is effective May 4, 2025, and will remain in effect through November 3, 2025.

FOR FURTHER INFORMATION CONTACT:

- You may contact Rená Cutlip-Mason, Chief, Humanitarian Affairs Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, Department of Homeland Security, by mail at 5900 Capital Gateway Drive, Camp Springs, MD 20746, or by phone at 240–721–3000.

- For more information on TPS, please visit the USCIS TPS web page at <https://www.uscis.gov/tps>. You can find specific information about South Sudan's TPS designation by selecting "South Sudan" from the menu on the left side of the TPS web page.

- If you have additional questions about TPS, please visit <https://uscis.gov/tools>. Our online virtual assistant, Emma, can answer many of your questions and point you to additional

information on our website. If you cannot find your answers there, you may also call our USCIS Contact Center at 800–375–5283 (TTY 800–767–1833).

- Applicants seeking information about the status of their individual cases may check Case Status Online, available on the USCIS website at uscis.gov, or visit the USCIS Contact Center at <https://www.uscis.gov/contactcenter>.
- You can also find more information at local USCIS offices after this notice is published.

Registration Information

Automatic Six-Month Extension of TPS Designation of South Sudan: Registration is not required for the automatic six-month extension of the designation of South Sudan for TPS. The automatic extension begins on May 4, 2025, and will end on November 3, 2025. The extension allows existing TPS beneficiaries to retain TPS through November 3, 2025, if they otherwise continue to meet the eligibility requirements for TPS.¹ This extension automatically extends the validity of

¹ Eligibility Requirements may be found on the USCIS website at <https://www.uscis.gov/tps> under "South Sudan."

Employment Authorization Documents (EADs) previously issued under the TPS designation of South Sudan for six months, from May 4, 2025, through November 3, 2025. Existing TPS beneficiaries who wish to apply for an EAD for the first time, or who already have an EAD and would like to obtain an updated EAD with an expiration date on the face of the card of November 3, 2025, may submit Form I–765, Application for Employment Authorization and the appropriate fee. TPS remains available to otherwise qualified nationals of South Sudan (or in the case of an alien with no nationality, an alien who last habitually resided in South Sudan) who have been continuously residing in the United States since September 4, 2023.²

Purpose of This Action (TPS)

The automatic extension allows TPS beneficiaries from South Sudan to maintain TPS through November 3, 2025, so long as they continue to meet the eligibility requirements for TPS. Current TPS beneficiaries are reminded that, no later than sixty days prior to November 3, 2025, the Secretary intends to review the conditions in South Sudan and decide whether extension or termination is warranted in accordance with the TPS statute. During this period, beneficiaries are encouraged to prepare for their return to South Sudan, including requesting updated travel documents from the government of South Sudan, in the event South Sudan's designation is not extended again and if they have no other lawful basis for remaining in the United States.

Through this **Federal Register** notice, DHS automatically extends the validity of EADs previously issued under the TPS designation of South Sudan for six months, from May 4, 2025, through November 3, 2025. As proof of continued employment authorization through November 3, 2025, TPS beneficiaries can show their EAD with a Category of A12 or C19 and a "Card Expires" date of May 3, 2025, or November 3, 2023. This notice explains how TPS beneficiaries and their employers may determine if an EAD is automatically extended and how this affects the Form I–9, Employment Eligibility Verification, E-Verify, and USCIS Systematic Alien Verification for Entitlements (SAVE) processes.

Aliens who have an Application for Temporary Protected Status (Form I–

² See *Extension and Redesignation of South Sudan for Temporary Protected Status*, 88 FR 60971 (Sept. 6, 2023); see also *Extension and Redesignation of South Sudan for Temporary Protected Status*, 88 FR 62386 (Sept. 11, 2023) (correction).

821) for South Sudan or a South Sudan TPS-related Application for Employment Authorization (Form I-765) that was still pending as of May 6, 2025 do not need to file either application again. If USCIS approves an alien's pending Form I-821, USCIS will grant the alien TPS through November 3, 2025. Similarly, if USCIS approves a pending South Sudan TPS-related Form I-765, USCIS will issue the alien a new EAD that will be valid through the same date, November 3, 2025.

What is Temporary Protected Status (TPS)?

- TPS is a temporary immigration status granted to eligible nationals of a foreign state designated for TPS under the Immigration and Nationality Act (INA), or to eligible aliens without nationality who last habitually resided in the designated foreign state, regardless of their country of birth.
- During the TPS designation period, TPS beneficiaries are eligible to remain in the United States, generally may not be removed, are authorized to work, and may obtain EADs if they continue to meet the requirements of TPS.
- TPS beneficiaries may also apply for and be granted travel authorization as a matter of DHS discretion.
- To qualify for TPS, beneficiaries must meet the eligibility standards at INA section 244(c)(1)–(2), 8 U.S.C. 1254a(c)(1)–(2).
- When the Secretary terminates a foreign state's TPS designation, beneficiaries return to one of the following:
 - The same immigration status or category that they maintained before TPS, if any (unless that status or category has since expired or terminated); or
 - Any other lawfully obtained immigration status or category they received while registered for TPS, as long as it is still valid beyond the date TPS terminates.

When was South Sudan designated for TPS?

South Sudan was initially designated for TPS on October 13, 2011, on the dual bases of ongoing armed conflict and extraordinary and temporary conditions that prevented nationals of South Sudan from safely returning.³ Following the initial designation, DHS extended and newly designated South Sudan for TPS in 2013, 2014, and 2016.⁴

³ See *Designation of Republic of South Sudan for Temporary Protected Status*, 76 FR 63629 (Oct. 13, 2011).

⁴ See *Extension and Redesignation of South Sudan for Temporary Protected Status*, 78 FR 1866 (Jan. 9, 2013); *Extension and Redesignation of*

In 2017, 2019, and 2020, DHS extended the TPS designation for South Sudan, based on ongoing armed conflict and extraordinary and temporary conditions, and extended and newly designated TPS for South Sudan on the same bases in 2022.⁵ Most recently, in September 2023, DHS extended and newly designated South Sudan for TPS for 18 months based on ongoing armed conflict and extraordinary and temporary conditions, from November 4, 2023, to May 3, 2025.⁶

Why is the TPS designation for South Sudan being automatically extended through November 3, 2025?

The designation of South Sudan for TPS is set to expire on May 3, 2025. At least 60 days before the expiration of a country's TPS designation or extension, the Secretary, after consultation with appropriate Government agencies, must review the conditions in a foreign state designated for TPS to determine whether the conditions for the TPS designation continue to be met.⁷ If the Secretary does not make a determination that a foreign state no longer meets the conditions for designation for TPS at least 60 days before the current expiration of the country's TPS designation, the period of designation is automatically extended for six additional months (or, in the Secretary's discretion, 12 or 18 months).⁸

In this instance, the record of country conditions and consultation from Department of State for South Sudan was not able to be updated prior to the statutory deadline of March 4, 2025. The Secretary only had a non-current record from Department of State that was signed November 6, 2024, approximately four months prior to when the Secretary needed to make a decision, and the record did not contain a meaningful national interest discussion. Therefore, the Secretary was

South Sudan for Temporary Protected Status, 79 FR 52019 (Sept. 2, 2014); and *Extension and Redesignation of South Sudan for Temporary Protected Status*, 81 FR 4051 (Jan. 25, 2016).

⁵ See *Extension of South Sudan for Temporary Protected Status*, 82 FR 44205 (Sept. 21, 2017); *Extension of the Designation of South Sudan for Temporary Protected Status*, 84 FR 13688 (Apr. 5, 2019); *Extension of the Designation of South Sudan for Temporary Protected Status*, 85 FR 69344 (Nov. 2, 2020); and *Extension and Redesignation of South Sudan for Temporary Protected Status*, 87 FR 12190 (Mar. 3, 2022).

⁶ See *Extension and Redesignation of South Sudan for Temporary Protected Status*, 88 FR 60971 (Sept. 6, 2023); see also *Extension and Redesignation of South Sudan for Temporary Protected Status*, 88 FR 62386 (Sept. 11, 2023) (correction).

⁷ INA sec. 244(b)(3)(A).

⁸ INA sec. 244(b)(3)(C).

not presented with a current country conditions analysis that would allow her to make an informed determination on South Sudan's designation by March 4, 2025. Accordingly, the TPS designation of South Sudan is automatically extended for six months from May 4, 2025, ending on November 3, 2025.⁹ The Secretary will extend the TPS designation for a period of six months in alignment with Executive Order 14159, *Protecting the American People Against Invasion*, which states that "designations of Temporary Protected Status are consistent with the provisions of section 244 of the INA (8 U.S.C. 1254a), and that such designations are appropriately limited in scope and made for only so long as may be necessary to fulfill the textual requirements of that statute."¹⁰ During this period, DHS will review, in consultation with appropriate agencies, updated country conditions in South Sudan and evaluate whether permitting South Sudanese nationals "to remain temporarily in the United States is contrary to the national interest of the United States." In doing so, the Secretary will be able to make a determination by the next statutory deadline of September 4, 2025. INA 244(b)(1)(A), (C), (b)(3); 8 U.S.C. 1254a(b)(1)(A), (C), (b)(3).

DHS estimates that there are approximately 200 nationals of South Sudan (and aliens having no nationality who last habitually resided in South Sudan) who hold TPS under South Sudan's designation.

Notice of the Extension of Designation of South Sudan for TPS

Pursuant to INA sec. 244(b)(3)(A) and (C), 8 U.S.C. 1254a(b)(3)(A) and (C), the TPS designation for South Sudan is automatically extended for six months,

⁹ There have been previous instances in which a TPS designation has been automatically extended. In 2017, the Secretary did not make a determination regarding the TPS designation for Honduras by the statutory deadline, and the TPS designation accordingly was automatically extended for six months. See *Extension of the Designation of Honduras for Temporary Protected Status*, 82 FR 59630 (Dec. 15, 2017). Likewise, in 2000, the TPS designation for Guinea-Bissau was automatically extended for six months because the Attorney General did not make their determination before the statutory deadline. See *Six-Month Extension and Termination of Designation of Guinea-Bissau Under the Temporary Protected Status Program*, 65 FR 15016 (Mar. 20, 2000).

¹⁰ See Executive Order 14159, *Protecting the American People Against Invasion*, 90 FR 8443 (Jan. 20, 2025).

from May 4, 2025, through November 3, 2025.

Kristi Noem,

Secretary, U.S. Department of Homeland Security.

Eligibility for TPS

DHS most recently extended and newly designated South Sudan for TPS for 18 months based on ongoing armed conflict and extraordinary and temporary conditions, from November 4, 2023, to May 3, 2025.¹¹ Beneficiaries of TPS for South Sudan under this designation will continue to retain TPS from May 4, 2025, to November 3, 2025, through a six-month automatic extension. TPS remains available to otherwise qualified nationals of South Sudan (or in the case of an alien with no nationality, an alien who last habitually resided therein) who have been continuously residing in the United States since September 4, 2023. Assuming they continue to meet the eligibility requirements for TPS, current beneficiaries do not need to take additional action in order for their TPS to be extended.

Aliens who have a South Sudan TPS application (Form I-821) that was still pending as of May 6, 2025 do not need to file the Form I-821 application again. If USCIS approves an alien's Form I-821, USCIS will grant the alien TPS through November 3, 2025.

Eligibility for Employment Authorization

Everyone must provide their employer with documentation showing that they have the legal right to work in the United States. TPS beneficiaries are eligible to obtain an EAD, which proves their legal right to work while the EAD is valid.

If you already have an EAD with an expiration date of May 3, 2025, or November 3, 2023, this **Federal Register** notice automatically extends your EAD through November 3, 2025, without any further action on your part. You may present this **Federal Register** notice or any other additional documentation other than your EAD to use this automatic extension but are not required to. This extension automatically extends the validity of certain EADs previously issued under the TPS designation of South Sudan for six months, from May 4, 2025, through November 3, 2025.

Beneficiaries with a South Sudan TPS-related Form I-765 that was still pending as of May 6, 2025, do not need to file the application again. If USCIS approves a pending South Sudan TPS-related Form I-765, USCIS will issue the alien a new EAD that will be valid through November 3, 2025.

Existing TPS beneficiaries who wish to apply for an EAD for the first time, or who already have an EAD and would like to obtain an updated EAD with an expiration date on the face of the card of November 3, 2025, may submit Form I-765, Application for Employment Authorization and pay the Form I-765 fee (or request a fee waiver, which you may submit on Form I-912).¹²

You are not required to submit Form I-765 or have an EAD to be granted or to maintain TPS.

Can my TPS-related EAD be automatically extended?

Yes. If you already have an EAD with an expiration date of May 3, 2025, or November 3, 2023, this **Federal Register** notice automatically extends your EAD through November 3, 2025, without any further action on your part. You do not need to present this **Federal Register** notice or any other additional

documentation other than your EAD to use this automatic extension.

Filing Information

Filing a new application for an EAD based on the six-month automatic extension of TPS for South Sudan is unnecessary. As mentioned throughout, this **Federal Register** automatically extends your EAD through November 3, 2025, without any further action on your part. Indeed, USCIS acknowledges that given the six-month automatic extension of TPS designation for South Sudan, there may not be sufficient time for the agency to receive, review, adjudicate and issue new EADs on the basis of the automatic extension of TPS for South Sudan. However, USCIS offers the option to applicants for TPS under South Sudan's designation to file requests for EADs online, by mail, or under certain circumstances, by uploading a completed Form I-765 with a fee or fee waiver request in Portable Document Format (PDF) through your USCIS online account. More information about filing your Form I-765 and fee waiver request through a PDF upload is available at <https://www.uscis.gov/file-online/forms-available-to-file-online>. If you request a fee waiver, you must submit your application by mail or PDF upload.

Online filing: Form I-765 is available for filing online.¹³ To file online, you must first create a USCIS online account.¹⁴

PDF upload: Form I-765, if applicable, and Form I-912, if applicable, are available for PDF upload. To upload these documents, you must first create a USCIS online account.¹⁵

Mail filing: Mail your completed Form I-765 and Form I-912, if applicable; and supporting documentation to the proper address in Table 1—Mailing Addresses.

TABLE 1—MAILING ADDRESSES

If you send your paper application via:	Then, mail your application to . . .
U.S. Postal Service USPS	USCIS, Attn: TPS South Sudan, P.O. Box 6943, Chicago, IL 60680-6943.
FedEx, UPS, and DHL deliveries	USCIS, Attn: TPS South Sudan (Box 6943), 131 S. Dearborn Street 3rd Floor, Chicago, IL 60603-5517.

If you were granted TPS by an immigration judge (IJ) or the Board of Immigration Appeals (BIA) and you

wish to request an EAD, you may file Form I-765 online, mail your Form I-765 to the appropriate address in Table

1, or submit a PDF upload. If you file online, you will be prompted to include the fee. If you file by mail, you must

¹¹ See *Extension and Redesignation of South Sudan for Temporary Protected Status*, 88 FR 60971 (Sept. 6, 2023).

¹² Please visit the USCIS Form I-765, Application for Employment Authorization web page at <https://www.uscis.gov/i-765/> for information about filing instructions. Fees for the Form I-765 are described in 8 CFR 106.2 and the fee waiver-related

regulations are described in 8 CFR 106.3. In addition, USCIS Form G-1055, Fee Schedule, provides the current fees required for the Form I-765. You are not required to submit Form I-765 or have an EAD to be granted or to maintain TPS. Aliens should be aware that these requests may not be processed before November 3, 2025.

¹³ Find information about online filing at "Forms Available to File Online," <https://www.uscis.gov/file-online/forms-available-to-file-online>.

¹⁴ https://myaccount.uscis.gov/users/sign_up.

¹⁵ <https://www.uscis.gov/file-online/forms-available-to-file-online>. Sign up to create a new USCIS online account at https://myaccount.uscis.gov/users/sign_up.

include the fee or fee waiver request. If you file by PDF upload, you must include the fee or a fee waiver request. When you request an EAD based on an IJ or BIA grant of TPS, include with your application a copy of the order from the IJ or BIA granting you TPS. This will help us verify your grant of TPS and process your application.

Travel

TPS beneficiaries and TPS applicants with pending Form I-821 applications who wish to travel outside of the United States should consult the USCIS website for guidance.

General Employment-Related Information for TPS Applicants and Their Employers

How can I obtain information on the status of my TPS application and EAD request?

To get case status information about your TPS application, as well as the status of your TPS-based EAD request, you can check Case Status Online at <https://uscis.gov> or visit the USCIS Contact Center at <https://www.uscis.gov/contactcenter>. If you still need assistance, you may ask a question about your case online at <https://egov.uscis.gov/e-request/Intro.do> or call the USCIS Contact Center at 800-375-5283 (TTY 800-767-1833).

Am I eligible to receive an automatic extension of my current EAD through November 3, 2025, through this Federal Register notice?

Yes. Regardless of your country of birth, if you currently have a South Sudan TPS-based EAD with a Category of A12 or C19 and a "Card Expires" date of May 3, 2025, or November 3, 2023, this **Federal Register** notice automatically extends your EAD through November 3, 2025.

If hired, what documentation may I show to my employer as evidence of identity and employment authorization when completing Form I-9?

You can find the Lists of Acceptable Documents on Form I-9, Employment Eligibility Verification, as well as the Acceptable Documents web page at <https://www.uscis.gov/i-9-central/acceptable-documents>. Employers must complete Form I-9 to verify the identity and employment authorization of all new employees. Within three business days of hire, employees must present acceptable documents to their employers as evidence of identity and employment authorization to satisfy Form I-9 requirements.

You may present one selection from List A (which provides evidence of both

identity and employment authorization) or one selection from List B (which provides evidence of your identity) together with one selection from List C (which provides evidence of employment authorization), or you may present an acceptable receipt as described in these lists. Employers may not reject a document based on a future expiration date. You can find additional information about Form I-9 on the I-9 Central web page at <https://www.uscis.gov/I-9Central>. An EAD is an acceptable document under List A. See the section "How do my employer and I complete Form I-9 using my automatically extended EAD for a new job?" of this **Federal Register** notice for more information.

If your EAD states A12 or C19 under Category and has a "Card Expires" date of May 3, 2025, or November 3, 2023, this **Federal Register** notice extends it automatically, and you may choose to present your EAD to your employer as proof of identity and employment eligibility for Form I-9 through November 3, 2025. Your country of birth noted on the EAD does not have to reflect the TPS-designated country of South Sudan for you to be eligible for this extension. You may, but are not required to, show this **Federal Register** notice to your employer to explain what to do for Form I-9 and to show that USCIS has automatically extended your EAD through November 3, 2025.

What documentation may I present to my employer for Form I-9 if I am already employed but my current TPS-related EAD is set to expire?

Your employer is required by law to ask you about your continued employment authorization. Your employer may need to reexamine your automatically extended EAD to check the "Card Expires" date and Category code if your employer did not keep a copy of your EAD when you initially presented it. Once your employer has reviewed the "Card Expires" date and Category code, they should update the EAD expiration date in Section 2 of Form I-9. See the section "What updates should my current employer make to Form I-9 if my EAD has been automatically extended?" of this **Federal Register** notice for more information.

You may show this **Federal Register** notice to your employer to explain what to do for Form I-9 and to show that USCIS has automatically extended your EAD through November 3, 2025; however, you are not required to do so. The last day of this automatic EAD extension is November 3, 2025. Before you start work on November 4, 2025,

your employer is required by law to reverify your employment authorization on Form I-9.

By the end date of your automatic EAD extension, you must present any document from List A or any document from List C on Form I-9 Lists of Acceptable Documents, or an acceptable List A or List C receipt described in these lists to reverify employment authorization.

Your employer may not specify which List A or List C document you must present and cannot reject an acceptable receipt.

If I have an EAD based on another immigration status, can I obtain a new TPS-based EAD?

Yes, if you are eligible for TPS, you can obtain a new TPS-based EAD, even if you already have an EAD or work authorization based on another immigration status. If you want to obtain a new TPS-based EAD with an expiration date on the face of the card of November 3, 2025, you must file Form I-765 and pay the associated fee (unless USCIS grants your fee waiver request).

Can my employer require that I provide any other documentation to complete Form I-9, such as evidence of my status, proof of my South Sudanese citizenship, or a Form I-797 showing that I registered for TPS?

No. When completing Form I-9, employers must accept any documentation you choose to present from the Form I-9 Lists of Acceptable Documents, or an acceptable List A, List B, or List C receipt, that reasonably appears to be genuine and that relates to you. Employers may not request other documentation, such as proof of South Sudanese citizenship or proof of registration for TPS, when completing Form I-9 for new hires or reverifying the employment authorization of current employees. If you present an EAD that USCIS has automatically extended, employers should accept it as a valid List A document if the EAD reasonably appears to be genuine and to relate to you. Refer to the "Note to Employees" section of this **Federal Register** notice for important information about your rights if your employer rejects lawful documentation, requires additional documentation, or otherwise discriminates against you based on your citizenship or immigration status or your national origin.

How do my employer and I complete Form I-9 using my automatically extended EAD for a new job?

When using an automatically extended EAD to complete Form I-9 for a new job before November 4, 2025:

1. For Section 1, you should:
 - a. Check “An alien authorized to work until” and enter November 3, 2025, as the “expiration date”; and
 - b. Enter your USCIS number or A-Number where indicated. (Your EAD or other document from DHS will have your USCIS number or A-Number printed on it; the USCIS number is the same as your A-Number without the A prefix.)
2. For Section 2, employers should:
 - a. Determine whether the EAD is auto-extended by ensuring it is in category A12 or C19 and has a “Card Expires” date of May 3, 2025, or November 3, 2023;
 - b. Write in the document title;
 - c. Enter the issuing authority;
 - d. Provide the document number; and
 - e. Write November 3, 2025, as the expiration date.

Before the start of work on November 4, 2025, employers must reverify the employee’s employment authorization on Form I-9.

What updates should my current employer make to Form I-9 if my EAD has been automatically extended?

If you presented a TPS-related EAD that was valid when you first started your job and USCIS has now automatically extended your EAD, your employer may need to re-examine your current EAD if they do not have a copy of the EAD on file. Your employer should determine whether your EAD is automatically extended by ensuring that it contains Category A12 or C19.

Your employer should examine your EAD to see if it has a “Card Expires” date of May 3, 2025, or November 3, 2023. Your employer may not rely on the country of birth listed on the card to determine whether you are eligible for this extension.

If your employer determines that USCIS has automatically extended your EAD, they should update Section 2 of your previously completed Form I-9 as follows:

1. Write EAD EXT and November 3, 2025, as the last day of the automatic extension in the Additional Information field; and
2. Initial and date the correction.

Note: This is not considered a reverification. Employers do not reverify the employee until either the automatic extension has ended, or the employee presents a new document to show continued

employment authorization, whichever is sooner. By November 4, 2025, when the employee’s automatically extended EAD has expired, employers are required by law to reverify the employee’s employment authorization on Form I-9.

If I am an employer enrolled in E-Verify, how do I verify a new employee whose EAD has been automatically extended?

Employers may create a case in E-Verify for a new employee by entering the EAD document number and expiration date from Section 2 of Form I-9 into the corresponding fields in E-Verify.

If I am an employer enrolled in E-Verify, what do I do when I receive a “Work Authorization Documents Expiring” alert for an automatically extended EAD?

If you have an employee who provided a TPS-related EAD when they first started working for you, you will receive a “Work Authorization Documents Expiring” case alert when the auto-extension period for this EAD is about to expire. You must reverify your employee’s employment authorization on Form I-9 by the date their automatic EAD extension ends. Employers may not use E-Verify for reverification.

Note to All Employers

Employers are reminded that the laws requiring proper employment eligibility verification and prohibiting unfair immigration-related employment practices remain in full force. This **Federal Register** notice does not supersede or in any way limit applicable employment verification rules and policy guidance, including those rules setting forth reverification requirements. For general questions about the employment eligibility verification process, employers may call USCIS at 888-464-4218 (TTY 877-875-6028) or email USCIS at I-9Central@uscis.dhs.gov. For questions about avoiding discrimination during the employment eligibility verification process (Form I-9 and E-Verify), employers may call the U.S. Department of Justice, Civil Rights Division, Immigrant and Employee Rights Section (IER) Employer Hotline at 800-255-8155 (TTY 800-237-2515). Employers may also email IER at IER@usdoj.gov or get more information online at <https://www.justice.gov/ier>.

Note to Employees

For general questions about the employment eligibility verification process, employees may call USCIS at 888-897-7781 (TTY 877-875-6028) or

email USCIS at I-9Central@uscis.dhs.gov. Employees or job applicants may also call the U.S. Department of Justice, Civil Rights Division, Immigrant and Employee Rights Section (IER) Worker Hotline at 800-255-7688 (TTY 800-237-2515) for information regarding employment discrimination based on citizenship, immigration status, or national origin, including discrimination related to Form I-9 and E-Verify.

To comply with the law, employers must accept any document or combination of documents from the Lists of Acceptable Documents if the documentation reasonably appears to be genuine and to relate to the employee, or an acceptable List A, List B, or List C receipt as described in these lists. Employers may not require extra or additional documentation other than what is required to complete Form I-9. Further, employers participating in E-Verify who receive an E-Verify case result of “Tentative Non-confirmation” (mismatch) must promptly inform employees of the mismatch and give these employees an opportunity to resolve the mismatch. A mismatch means that the information entered into E-Verify from Form I-9 differs from records available to DHS.

Employers may not terminate, suspend, delay training, withhold or lower pay, or take any adverse action against an employee because of a mismatch while the case is still pending with E-Verify. A Final Non-confirmation (FNC) case result occurs if E-Verify cannot confirm an employee’s employment eligibility. An employer may terminate employment based on a case result of FNC. Work-authorized employees who receive an FNC may call USCIS for assistance at 888-897-7781 (TTY 877-875-6028). For more information about E-Verify-related discrimination or to report an employer for discrimination in the E-Verify process based on citizenship, immigration status, or national origin, contact IER’s Worker Hotline at 800-255-7688 (TTY 800-237-2515). Additional information about proper nondiscriminatory Form I-9 and E-Verify procedures is available on the IER website at <https://www.justice.gov/ier> and the USCIS and E-Verify websites at <https://www.uscis.gov/i-9-central> and <https://www.e-verify.gov>.

Note Regarding Federal, State, and Local Government Agencies (Such as Departments of Motor Vehicles)

For Federal purposes, if you present an EAD that has been automatically extended by this **Federal Register** notice, you do not need to show any

other document, such as a Form I-797C, Notice of Action, reflecting receipt of a Form I-765 EAD renewal application or this **Federal Register** notice, to prove that you qualify for this extension.

While Federal Government agencies must follow the guidelines laid out by the Federal Government, State and local government agencies establish their own rules and guidelines when granting certain benefits. Each state may have different laws, requirements, and determinations about what documents you need to provide to prove eligibility for certain benefits. Whether you are applying for a Federal, State, or local government benefit, you may need to provide the government agency with documents that show you are a TPS beneficiary or applicant, show you are authorized to work based on TPS or other status, or that may be used by DHS to determine if you have TPS or another immigration status. Examples of such documents are:

- Your current EAD with a TPS category code of A12 or C19, even if your country of birth noted on the EAD does not reflect the TPS-designated country of South Sudan;
- Your Form I-94, Arrival/Departure Record;
- Your Form I-797, Notice of Action, reflecting approval of your Form I-765; or
- Form I-797 or Form I-797C, Notice of Action, reflecting approval or receipt of a past or current Form I-821, if you received one from USCIS.

Check with the government agency requesting documentation about which document(s) the agency will accept.

Some state and local government agencies use SAVE, <https://www.uscis.gov/save>, to confirm the current immigration status of applicants for public benefits. While SAVE can verify that an alien has TPS or a pending TPS application, each agency's procedures govern whether they will accept an unexpired EAD, Form I-797, Form I-797C, or Form I-94. If an agency accepts the type of TPS-related document you present, such as an EAD, the agency should accept your automatically extended EAD, regardless of the country of birth listed on the EAD. It may assist the agency if you:

- a. Give the agency a copy of the relevant **Federal Register** notice showing the extension of TPS-related documentation in addition to your recent TPS-related document with your A-Number, USCIS number, or Form I-94 number;
- b. Explain that SAVE will be able to verify the continuation of your TPS using this information; and

c. Ask the agency to initiate a SAVE query with your information and follow through with additional verification steps, if necessary, to get a final SAVE response verifying your TPS.

You can also ask the agency to look for SAVE notices or contact SAVE if they have any questions about your immigration status or automatic extension of TPS-related documentation. In most cases, SAVE provides an automated electronic response to benefit-granting agencies within seconds, but occasionally verification can be delayed.

You can check the status of your SAVE verification by using Case-Check at <https://www.uscis.gov/save/save-casecheck>. Case-Check is a free service that lets you follow the progress of your SAVE verification case using your date of birth and one immigration identifier number (such as your A-Number, USCIS number, or Form I-94 number) or Verification Case Number. If an agency has denied your application based solely or in part on a SAVE response, the agency must allow you to appeal the decision in accordance with the agency's procedures. If the agency has received and acted on or will act on a SAVE verification and you do not believe the SAVE response is correct, the SAVE website, <https://www.uscis.gov/save/for-benefit-applicants>, has detailed information on how to correct or update your immigration record, make an appointment, or submit a written request to correct records.

[FR Doc. 2025-07976 Filed 5-2-25; 4:15 pm]

BILLING CODE 9111-97-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7092-N 12]

30-Day Notice of Proposed Information Collection: 24 CFR Part 50—Protection and Enhancement of Environmental Quality; OMB Control No.: 2506-0177

AGENCY: Office of Policy Development and Research, Chief Data Officer, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comments from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 30 days of public comment.

DATES: Comments Due Date: June 5, 2025.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Anna Guido, Clearance Officer, Paperwork Reduction Act Division, PRAD, Department of Housing and Urban Development, 451 7th Street SW, Room 8210, Washington, DC 20410; email at Anna.P.Guido@hud.gov, telephone (202) 402-5535. This is not a toll-free number. HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>. Copies of available documents submitted to OMB may be obtained from Ms. Guido.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on October 4, 2024 at 89 FR 80912.

A. Overview of Information Collection

Title of Information Collection: 24 CFR part 50—Protection and Enhancement of Environmental Quality.

OMB Approval Number: 2506-0177.

Type of Request: Reinstatement of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: HUD requests its applicants to supply environmental information that is not otherwise available to HUD staff for the environmental review on an applicant's proposal for HUD financial assistance to develop or improve housing or community facilities. HUD itself must perform an environmental review for the purpose of compliance with its environmental regulations found at 24 CFR part 50, Protection and Enhancement of Environmental Quality. Part 50 implements the National Environmental Policy Act and

implementing procedures of the Council on Environmental Quality, as well as the related federal environmental laws and executive orders. HUD's agency-wide provisions—24 CFR 50.3(h)(1) and 50.32—regulate how individual HUD program staffs are to utilize such

collected data when HUD itself prepares the environmental review and compliance. Separately, individual HUD programs each have their own regulations and guidance implementing environmental and related collection responsibilities. For the next three

years, this approved collection will continue unchanged under this OMB control number to assure adequate coverage for all HUD programs subject to Part 50.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost *
Total to respondents	1,378.00	1	1,378.00	3.00	4,134.00	\$50.89	210,379.26
Total *	1,378.00	1	1,378.00	3.00	4,134.00	50.89	210,379.26

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 2 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

Anna Guido,

Department Clearance Officer, Office of Policy Development and Research, Chief Data Officer.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-HQ-MB-2024-N076; FXMB1233090000-256-FF09M13000; OMB Control Number 1018-0135]

Agency Information Collection Activities; Submission to the Office of Management and Budget; Electronic Federal Duck Stamp Program

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing to revise a currently approved information collection.

DATES: Interested persons are invited to submit comments. To be considered, your comments must be received on or before June 5, 2025.

ADDRESSES: Submit written comments and recommendations for the proposed information collection at <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function. Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: PRB (JAO/3W), 5275 Leesburg Pike, Falls Church, VA 22041-3803 (mail); or by email to Info_Coll@fws.gov. Please reference "1018-0135" in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT:

Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 468-8211. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY,

TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA; 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR 1320.8(d)(1), all information collections require approval by the Office of Management and Budget (OMB). We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

On June 3, 2024, we published in the **Federal Register** (89 FR 47587) a notice of our intent to request that OMB approve this information collection. In that notice, we solicited comments for 60 days, ending on August 2, 2024. We also published the notice on [Regulations.gov](https://www.regulations.gov) (Docket No. FWS-HQ-MB-2024-0075). We received two comments in response to that notice which did not address the information collection requirements; therefore, no response to those comments is required.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this information collection request. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: On March 16, 1934, Congress passed, and President Franklin D. Roosevelt signed, the Migratory Bird Hunting Stamp Act (16 U.S.C. 718a *et seq.*). Popularly known as the Duck Stamp Act, it requires all migratory waterfowl hunters 16 years of age or older to buy a Federal migratory bird hunting and conservation stamp (Federal Duck Stamp) annually. The stamps are a vital tool for wetland conservation. Ninety-eight cents out of every dollar generated by the sale of Federal Duck Stamps is used to purchase or lease wetland habitat for protection in the National Wildlife Refuge System. The Federal Duck Stamp program is one of the most successful conservation programs ever initiated and is a highly effective way to conserve America's natural resources. Besides serving as a hunting permit and a conservation tool, a current year's Federal Duck Stamp also serves as an entrance pass for national wildlife refuges where admission is charged. Duck Stamps and products that bear stamp images are also popular collector's items.

The Electronic Duck Stamp Act of 2005 (Pub. L. 109–266) required the Secretary of the Interior to conduct a 3-year pilot program, under which States could issue electronic Federal Duck Stamps. This pilot program was made

permanent with the passage of the Permanent Electronic Duck Stamp Act of 2013 (Pub. L. 113–239) on December 19, 2023. The Duck Stamp Modernization Act of 2023 (Modernization Act; Pub. L. 118–25) removed the temporary nature of the electronic stamp certificate, making the electronic stamp valid from the time of purchase through the next June 30. The electronic stamp can be stored either digitally or printed and carried as a hard copy. The Modernization Act also stipulates that a physical stamp would be mailed to all electronic stamp purchasers after March 10 annually.

Today anyone, regardless of their State or country of residence, is able to purchase an electronic Duck Stamp through any State that participates in the program. The electronic stamp is issued as a certificate or proof of purchase and is valid from the date of purchase until the end of the Federal Duck Stamp year, which ends on June 30. Thus the electronic stamp is available for immediate use by the purchaser. Because it can be stored either digitally or by printing out and carrying a hard copy, customers are less likely to lose their proof of purchase. Customers no longer have to receive the actual physical stamp in the mail if they purchase an electronic stamp to comply with the law.

Eight States participated in the pilot program beginning in 2007. At the end of the pilot, we provided a report to Congress outlining the successes of the program. The program improved public participation by increasing the ability of the public to obtain required Federal Duck Stamps.

Under our authorities in 16 U.S.C. 718 *et seq.*, we continued the Electronic Duck Stamp Program in the eight States that participated in the pilot and enrolled other interested States. Currently, the program includes 30 participating States. Several additional States have indicated interest in participating.

With the passage of the Modernization Act and to mitigate several challenges faced by the Service in implementing the program, memorandums of understanding (MOU) signed between the States and the Service must be reviewed, rewritten, and signed to reflect changes in the law and address several issues which reflect on the accountability, transparency, and effectiveness of the electronic Duck Stamp.

Interested States must apply, using Form 3–2341, based on their ability to meet the responsibilities as outlined in the updated MOU. We will use the information provided in the application

to determine a State's eligibility to participate in the program and willingness to comply with the requirements of issuing an electronic stamp. Information includes, but is not limited to:

- Information verifying the current systems the State uses to sell hunting, fishing, and other associated licenses and products.
- Applicable State laws, regulations, or policies that authorize the use of electronic systems to issue licenses.
- Examples and explanations of the codes the State proposes to use to create and endorse the unique identifier for the individual to whom each stamp is issued.
- Mockup copy of the printed version of the State's proposed electronic stamp, including a description of how attention will be drawn to customer support information and identifying features of the licensee to be specified on the permit.
- Description of all fees the State will charge for issuance of an electronic stamp and how these will be conveyed to the customer.
- Description of the process the State will use to account for and transfer the amounts collected by the State that are required to be transferred under the program.
- Manner in which the State will transmit electronic stamp customer data.

Each State approved to participate in the program must provide the following information, on a regular basis (not to exceed 7 days post purchase), to the Service-approved stamp distribution company, to enable that company to issue the physical stamp and to collect funds owed to the Service:

- Full name (first, middle, last, and any prefixes/suffixes), and complete mailing address of each individual who purchases an electronic stamp from the State.
- Date of e-stamp purchase.

Proposed Revisions

Changes to Form 3–2341, “Application and Instructions to Participate in the Electronic Federal Duck Stamp Program,” include:

- change in effective date from September 1, 20##, to July 1, 20## (field is customizable each year), to coincide with the Duck Stamp validity dates;
- removal of application deadline as completed applications will be accepted at any point in time;
- update the background details for the Electronic Federal Duck Stamp Program;
- update website contact information;
- request for transparent description of all charges assessed to each customer

for the purchase of an Electronic Federal Duck Stamp and how they will be relayed to the customer;

- removal of language reflecting the past temporary nature of the Electronic Federal Duck Stamp; and
- request for information allowing the Service to measure any challenges to the distribution and number of interested Electronic Federal Duck Stamp purchasers.

Changes to the example MOU referenced in Form 3-2341 include:

- *Section I—Authority:* Update to authorities to add the Modernization Act.
- *Section II—Background:* Update details to include dollar and acreage figures, as well as details regarding changes required by the Modernization Act.
- *Section IV—Responsibilities of the Parties:* Update the requirements of the Service to include:
 - mailing of physical stamps on or after March 10 of each year;
 - reinforcing monthly invoicing and full payment requirements for electronic stamp purchases;
 - clarification of the review of handling charges to include monitoring for cost efficiencies, consistencies, accuracies, and transparency.

Update the requirements for the States to:

- assist the Service in promoting the art, tradition, and history of the printed pictorial stamp;
- provide an online electronic stamp option for at least 9 months covering the period of August 1 through April 30;
- issue an electronic certificate and a proof of purchase that can be carried

digitally or on paper which is readily available for inspection with supporting identification by all authorized individuals (*i.e.*, fee collection or law enforcement officers);

- clarify that both the certificate and the receipt of purchase will contain and display a secure, unique identifier for the individual to whom it is issued, specify that the electronic stamp is valid until June 30 of the year printed on the physical stamp, state that the electronic stamp is both non-refundable and non-transferable, information that a physical stamp will be mailed after March 10 annually, and contact information for the Service’s stamp fulfillment center in the event of questions;
- clarify that the State will not provide or replicate a digital image of the Federal Duck Stamp itself as proof of purchase;
- require the State provide the customer with a breakdown of all fees the State is charging related to their purchased electronic stamp;
- inform and provide the customer with assistance in the event they need to reprint or otherwise retrieve the State issued proof of purchase in digital or physical form;
- inform customers that all sales of the electronic Federal Duck Stamp are final and non-refundable;
- Promptly send the required information for all customers who have purchased an electronic stamp to the Service’s designated stamp fulfillment center within a maximum of 7 days of purchase by customer (preferably on a daily basis);
- State will be invoiced at the end of the month for all sales of Federal

Duck Stamps sold through the State’s licensing system during the month; —States may not make partial payments or payments on a quarterly or annual basis; and

—Provide the Service and its distributors with any updates to laws, regulations or policies related to the State’s electronic licensing system.

- *Section V—General Provisions:* We added distributors to the list of required acknowledgements in program publicity material and clarified that in-person or virtual meetings apply to both individually scheduled or regularly scheduled meetings.

- *Section VII—Period of MOU:* We updated the dates from 2022–2025 to 2025–2028 and included a caveat that the MOU may be extended; added a clarification that either party may ask for a meeting to discuss issues; and added a clause stating that in the event that the agreement is terminated for cause, the Service may require the State to reapply to be enrolled in the program.

Title of Collection: Electronic Federal Duck Stamp Program.

OMB Control Number: 1018–0135.

Form Number: Form 3–2341.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: State fish and wildlife agencies.

Respondent’s Obligation: Required to obtain or retain a benefit.

Frequency of Collection: One time for applications, and an average of once every 7 days per respondent for fulfillment reports.

Total Estimated Annual Nonhour Burden Cost: None.

Activity/requirement	Estimated number of annual respondents	Estimated number of annual responses	Completion time per response (hours)	Estimated total annual burden hours
New Applications (3–2341)	20	20	40	800
Currently Enrolled Application (3–2341)	30	30	10	300
Fulfillment Reports	49	1,911	1	1,911
Totals	99	1,961	3,011

An agency may not conduct or sponsor and a person is not required to respond to a collection of information

unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Jillian Eanett,

Acting Information Collection Clearance Officer, U.S. Fish and Wildlife Service.

Activities; Submission to the Office of
Management and Budget for Review
and Approval; Student Transportation
Form**

AGENCY: Bureau of Indian Affairs,
Interior.

ACTION: Notice of information collection;
request for comment.

SUMMARY: In accordance with the
Paperwork Reduction Act of 1995, we,
the Bureau of Indian Education (BIE),
are proposing to renew an information
collection.

DATES: Interested persons are invited to
submit comments. To be considered,
your comments must be received on or
before June 5, 2025.

ADDRESSES: Submit your written
comments and recommendations for the
proposed information collection request
(ICR) to the Office of Information and
Regulatory Affairs (OIRA) through
[https://www.reginfo.gov/public/do/PRA/
icrPublicCommentRequest?ref_
nbr=202405-1076-020](https://www.reginfo.gov/public/do/PRA/icrPublicCommentRequest?ref_nbr=202405-1076-020) or by visiting
[https://www.reginfo.gov/public/do/
PRAMain](https://www.reginfo.gov/public/do/PRAMain) and selecting “Currently
under Review—Open for Public
Comments” and then scrolling down to
the “Department of the Interior.”

FOR FURTHER INFORMATION CONTACT:
Steven Mullen, Information Collection
Clearance Officer, Office of Regulatory
Affairs and Collaborative Action—
Indian Affairs, U.S. Department of the
Interior, 1001 Indian School Road NW,
Suite 229, Albuquerque, New Mexico
87104; comments@bia.gov; (202) 924-
2650. Individuals in the United States
who are deaf, deafblind, hard of hearing,
or have a speech disability may dial 711
(TTY, TDD, or TeleBraille) to access
telecommunications relay services. You
may also view the ICR at [https://
www.reginfo.gov/public/
Forward?SearchTarget=
PRA&textfield=1076-0134](https://www.reginfo.gov/public/Forward?SearchTarget=PRA&textfield=1076-0134).

SUPPLEMENTARY INFORMATION: In
accordance with the Paperwork
Reduction Act of 1995 (PRA, 44 U.S.C.
3501 *et seq.*) and 5 CFR 1320.8(d)(1), we
provide the general public and other
Federal agencies with an opportunity to
comment on new, proposed, revised,
and continuing collections of
information. This helps us assess the
impact of our information collection
requirements and minimize the public’s

reporting burden. It also helps the
public understand our information
collection requirements and provide the
requested data in the desired format.

A **Federal Register** notice with a 60-
day public comment period soliciting
comments on this collection of
information was published on June 21,
2024 (89 FR 52076). No comments were
received.

As part of our continuing effort to
reduce paperwork and respondent
burdens, we are again soliciting
comments from the public and other
Federal agencies on the proposed ICR
that is described below. We are
especially interested in public comment
addressing the following:

(1) Whether or not the collection of
information is necessary for the proper
performance of the functions of the
agency, including whether or not the
information will have practical utility;

(2) The accuracy of our estimate of the
burden for this collection of
information, including the validity of
the methodology and assumptions used;

(3) Ways to enhance the quality,
utility, and clarity of the information to
be collected; and

(4) How might the agency minimize
the burden of the collection of
information on those who are to
respond, including through the use of
appropriate automated, electronic,
mechanical, or other technological
collection techniques or other forms of
information technology, *e.g.*, permitting
electronic submission of response.

Comments that you submit in
response to this notice are a matter of
public record. Before including your
address, phone number, email address,
or other personal identifying
information in your comment, you
should be aware that your entire
comment—including your personal
identifying information—may be made
publicly available at any time. While
you can ask us in your comment to
withhold your personal identifying
information from public review, we
cannot guarantee that we will be able to
do so.

Abstract: The student transportation
regulations in 25 CFR part 39, subpart
G, contain the program eligibility and
criteria that govern the allocation of
transportation funds. Information
collected from the schools will be used
to determine the rate per mile. The
information collection provides
transportation mileage for BIE-funded
schools, which determines the
allocation of transportation funds. This
information is collected using a web-
based system, Web Education
Transportation (Web ET).

Title of Collection: Student
Transportation Form.

OMB Control Number: 1076-0134.

Form Number: None.

Type of Review: Extension of a
currently approved collection.

Respondents/Affected Public:
Contract and grant schools; BIE-
operated schools.

**Total Estimated Number of Annual
Respondents:** 183 per year, on average.

**Total Estimated Number of Annual
Responses:** 183 per year, on average.

**Estimated Completion Time per
Response:** Two hours.

**Total Estimated Number of Annual
Burden Hours:** 366 hours.

Respondent’s Obligation: Required to
obtain a benefit.

Frequency of Collection: Once per
year.

**Total Estimated Annual Nonhour
Burden Cost:** \$0.

Authority

An agency may not conduct or
sponsor and a person is not required to
respond to a collection of information
unless it displays a currently valid OMB
control number. The authority for this
action is the Paperwork Reduction Act
of 1995 (44 U.S.C. 3501 *et seq.*).

Scott J. Davis,

*Senior Advisor to the Secretary of the Interior,
Exercising the delegated authority of the
Assistant Secretary—Indian Affairs.*

BILLING CODE 4337-15-P

DEPARTMENT OF THE INTERIOR**Bureau of Indian Affairs**

[256A2100DD/AAKE200000/
AOA501010.000000]

**Land Acquisitions; Cherokee Nation,
Bartlesville Site, City of Bartlesville,
Unincorporated Washington County,
Oklahoma**

AGENCY: Bureau of Indian Affairs,
Interior.

ACTION: Notice.

SUMMARY: The Assistant Secretary—
Indian Affairs made a final agency
determination to acquire approximately
14.993 acres of land, known as the
Bartlesville Site, near the City of
Bartlesville, Unincorporated
Washington County, Oklahoma, in trust
for gaming and other purposes.

DATES: This final determination was
made on January 15, 2025.

FOR FURTHER INFORMATION CONTACT: Mr.
Philip Bristol, Acting Director, Office of
Indian Gaming, Office of the Assistant

Secretary—Indian Affairs, Washington, DC 20240, IndianGaming@bia.gov; (202) 219-4066.

SUPPLEMENTARY INFORMATION: On the date listed in the **DATES** section of this notice, the Assistant Secretary—Indian Affairs (AS-IA) made a final agency determination to acquire the Bartlesville Site, consisting of 14.993 acres, more or less, in trust for the Cherokee Nation under the authority of the Indian Reorganization Act of 1934, 25 U.S.C. 5108. The AS-IA determined that the Tribe's request also meets the requirements of the Indian Gaming Regulatory Act's "on-Reservation" exception, 25 U.S.C. 2719(a)(1), to the general prohibition contained in 25 U.S.C. 2719(a) for gaming on lands acquired in trust after October 17, 1988.

The AS-IA, on behalf of the Secretary of the Interior, will immediately acquire title to the Bartlesville Site in the name of the United States of America in trust for Cherokee Nation upon fulfillment of all Departmental requirements. The 14.993 acres, more or less, are described as follows:

Legal Description of Property

East 990.0 of the West 1103.5 feet of the N/2 of the NW/4 of the SW/4 of Section 28, Township 26 North, Range 13 East of the Indian Base & Meridian, Washington County, State of Oklahoma.

Containing 14.993 acres, more or less.

Authority: This notice is published in the exercise of authority delegated by the Secretary of the Interior to the AS-IA by 209 Departmental Manual 8.1 and is published to comply with the requirements of 25 CFR 151.12 (c)(2)(ii) that notice of the decision to acquire land in trust be promptly provided in the **Federal Register**.

Scott J. Davis,

Senior Advisor to the Secretary of the Interior, Exercising the delegated authority of the Assistant Secretary—Indian Affairs.

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[256A2100DD/AAKC001030/
AOA501010.000000]

Notice of Documented Petition for Federal Acknowledgment as an American Indian Tribe

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The Department of the Interior (Department) gives notice that

the group known as the Grand River Bands of Ottawa Indians, a petitioner for Federal acknowledgment as an American Indian Tribe, has chosen to complete the petitioning process under the current version of the acknowledgment regulations (as revised July 31, 2015). The Grand River Bands of Ottawa Indians had been proceeding under the previous version of the regulations (as they existed prior to July 31, 2015). The Department seeks comment and evidence from the public on the petition.

DATES: Comments and evidence must be postmarked by September 3, 2025.

ADDRESSES: Copies of the narrative portion of the documented petition, as submitted by the petitioner (with any redactions appropriate under 25 CFR 83.21(b)), and other information are available at the Office of Federal Acknowledgment's (OFA) website: www.bia.gov/as-ia/ofa. Submit any comments or evidence to: Department of the Interior, Office of the Assistant Secretary—Indian Affairs, Attention: Office of Federal Acknowledgment, Mail Stop 4071 MIB, 1849 C Street NW, Washington, DC 20240, or by email to: Ofa_Info@bia.gov.

FOR FURTHER INFORMATION CONTACT: Ms. Nikki Bass, OFA Director, Office of the Assistant Secretary—Indian Affairs, Department of the Interior, by phone: (202) 513-7650; or by email: Ofa_Info@bia.gov.

SUPPLEMENTARY INFORMATION: The Grand River Bands of Ottawa Indians submitted a documented petition on December 8, 2000, for evaluation under the previous version of the acknowledgment regulations (as they existed prior to July 31, 2015). On July 1, 2015, the Department revised 25 CFR part 83 (80 FR 37862), and the current regulations became final and effective on July 31, 2015. Pursuant to 25 CFR 83.47(b), Grand River Bands of Ottawa Indians has chosen to complete the petitioning process under the current regulations.

A key goal of the 2015 revisions was to improve transparency through increased notice of petitions and providing improved public access to petitions. Today, the Department informs the public that the petition submitted by Grand River Bands of Ottawa Indians, which has not yet received a final agency decision, will be evaluated pursuant to the standards and processes set forth in the current regulations. Portions of the petition are publicly available on the website identified above for easy access, and OFA seeks public comment on the petition.

The contact information for the petitioner is Ronald F. Yob, P.O. Box 2937, Grand Rapids, Michigan 49501.

Also, OFA publishes on its website the following:

- i. The narrative portion of the documented petition, as submitted by the petitioner (with any redactions appropriate under 25 CFR 83.21(b));
- ii. The name, location, and mailing address of the petitioner and other information to identify the entity;
- iii. The date of receipt;
- iv. The opportunity for individuals and entities to submit comments and evidence supporting or opposing the petitioner's request for acknowledgment within 120 days of the date of the website posting; and
- v. The opportunity for individuals and entities to request to be kept informed of general actions regarding a specific petitioner.

Authority

The Department publishes this notice and request for comment in the exercise of authority delegated to the Assistant Secretary—Indian Affairs by Department Manual part 209, chapter 8.

Scott J. Davis,

Senior Advisor to the Secretary, Exercising the delegated authority of the Assistant Secretary—Indian Affairs.

BILLING CODE 4337-15-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1688 (Final)]

Ceramic Tile From India; Termination of Investigation

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: On April 23, 2025, the Department of Commerce published notice in the **Federal Register** of a negative final antidumping duty determination in connection with the subject investigation concerning India. Accordingly, the antidumping duty investigation concerning ceramic tile from India (Investigation No. 731-TA-1688 (Final)) is terminated.

DATES: April 23, 2025.

FOR FURTHER INFORMATION CONTACT: Nitin Joshi (202-708-1669), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired individuals are advised that information on this matter can be obtained by contacting the

Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

Authority: This investigation is being terminated under authority of title VII of the Tariff Act of 1930 and pursuant to § 207.40(a) of the Commission's Rules of Practice and Procedure (19 CFR 207.40(a)). This notice is published pursuant to § 201.10 of the Commission's rules (19 CFR 201.10).

By order of the Commission.

Issued: April 30, 2025.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 2210–55–P

DEPARTMENT OF JUSTICE

Antitrust Division

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Undersea Technology Innovation Consortium

Notice is hereby given that, on April 9, 2025, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Undersea Technology Innovation Consortium (“UTIC”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Spear AI, Inc., Washington, DC; HAMR Industries LLC, Clinton, PA; Exponent, Inc., Menlo Park, CA; BAE Systems Technology Solutions & Services, Inc., Rockville, MD; L3Harris Tech, Inc., Northampton, MA; Albacore Ocean Systems LLC, New York, NY; Marotta Controls, Inc., Montville, NJ; Akita Innovations LLC, North Billerica, MA; Analog Devices, Inc., Wilmington, MA; Computer Conversions, Corp., East Northport, NY; MacArtney, Inc., Houston, TX; and 0 Base Design LLC, Wake Forest, NC, have been added as parties to this venture.

Also, Linden Photonics, Inc., Westford, MA; Pure Watercraft, Inc., Seattle, WA; Applied Technical Systems, Inc., Silverdale, WA; MagiQ Technologies, Inc., Somerville, MA; and Ashwin-Ushas, Corp., Holmdel, NJ, have withdrawn as parties to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and UTIC intends to file additional written notifications disclosing all changes in membership.

On October 9, 2018, UTIC filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on November 2, 2018 (83 FR 55203).

The last notification was filed with the Department on January 17, 2025. A notice was published in the **Federal Register** pursuant to Section 6(b) of the Act on March 14, 2025 (90 FR 12175).

Suzanne Morris,

Deputy Director Civil Enforcement Operations, Antitrust Division.

BILLING CODE P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Escape and Evacuation Plans for Surface Coal Mines, Surface Facilities and Surface Work Areas of Underground Coal Mines

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Mine Safety and Health Administration (MSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before June 5, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Michael Howell by telephone at 202–693–6782, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: Requires operators of surface coal mines, including surface facilities and surface work areas of underground coal mines, to establish and keep current a specific escape and evacuation plan to be followed in the event of a fire. The plan is used to instruct employees in the proper method of exiting work areas in the event of a fire. For additional

substantive information about this ICR, see the related notice published in the **Federal Register** on October 31, 2024 (89 FR 86839).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

Agency: DOL–MSHA.

Title of Collection: Escape and Evacuation Plans for Surface Coal Mines, Surface Facilities and Surface Work Areas of Underground Coal Mines.

OMB Control Number: 1219–0051.

Affected Public: Private Sector.

Number of Respondents: 31.

Number of Responses: 62.

Annual Burden Hours: 130 hours.

Total Estimated Annual Other Costs Burden: \$0.

(Authority: 44 U.S.C. 3507(a)(1)(D))

Michael Howell,

Senior Paperwork Reduction Act Analyst.

[FR Doc. 2025–07807 Filed 5–5–25; 8:45 am]

BILLING CODE 4510–43–P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Inorganic Arsenic Standard

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Occupational Safety & Health Administration (OSHA)-

sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before June 5, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202–693–0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The purpose of this standard and its information collection requirements is to provide protection for workers from the adverse health effects associated with occupational exposure to inorganic arsenic. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 14, 2025 (90 FR 9639).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3)

years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL–OSHA.

Title of Collection: Inorganic Arsenic Standard.

OMB Control Number: 1218–0104.

Affected Public: Private Sector—Businesses or other for-profits.

Total Estimated Number of Respondents: 494.

Total Estimated Number of Responses: 17,451.

Total Estimated Annual Time Burden: 10,430 hours.

Total Estimated Annual Other Costs Burden: \$1,120,896.

BILLING CODE 4510–26–P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Petitions for Modification of Mandatory Safety Standards

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Mine Safety and Health Administration (MSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before June 5, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Michael Howell by telephone at 202–693–6782, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The Department's regulations at 30 CFR

44.9, 44.10, and 44.11 provide procedures by which a mine operator, representative of miners, or independent contractor may request relief from a mandatory safety standard. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 23, 2024 (89 FR 84629).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

Agency: DOL–MSHA.

Title of Collection: Petitions for Modification of Mandatory Safety Standards.

OMB Control Number: 1219–0065.

Affected Public: Private Sector.

Number of Respondents: 46.

Number of Responses: 164.

Annual Burden Hours: 1,501 hours.

Total Estimated Annual Other Costs Burden: \$24,830.

BILLING CODE 4510–43–P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Health Standards for Diesel Particulate Matter Exposure (Underground Metal and Nonmetal Mines)

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Mine Safety and Health Administration (MSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before June 5, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Michael Howell by telephone at 202–693–6782, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: Under section 101(a) of the Federal Mine Safety and Health Act of 1977 (Mine Act), and title 5, United States Code, Section 553, the Secretary of Labor shall develop, promulgate, and revise as may be appropriate, improved mandatory health or safety standards for the protection of life and prevention of injuries in coal or other mines.

Diesel particulate matter (DPM) is a probable carcinogen that consists of tiny particles present in diesel engine exhaust that can readily penetrate into the deepest recesses of the lungs. Despite ventilation, the confined underground mine work environment may contribute to significant concentrations of particles produced by equipment used in the mine. Underground miners are exposed to higher concentrations of DPM than any other occupational group. As a result, they face a significantly greater risk than other workers of developing such diseases as lung cancer, heart failure, serious allergic responses and other cardiopulmonary problems. The DPM rule establishes a permissible exposure

limit (PEL) to total carbon, which is a surrogate for measuring a miner's exposure to DPM. The rule includes a number of other requirements for the protection of miners' health. The DPM existing rule contains information collection requirements for underground MNM mine operators under regulations 30 CFR 57.5060, 57.5065, 57.5066, 57.5070, 57.5071, and 57.5075. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 23, 2024 (89 FR 84631).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

BILLING CODE 4510–43–P

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES**Federal Council on the Arts and the Humanities****Arts and Artifacts Indemnity Panel Advisory Committee**

AGENCY: Federal Council on the Arts and the Humanities; National Foundation on the Arts and the Humanities.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act, notice is hereby given that the Federal Council on the Arts and the Humanities will hold a meeting of the Arts and Artifacts International Indemnity Panel.

DATES: The meeting will be held on Wednesday, May 14, 2025, from 12 p.m. until adjourned.

ADDRESSES: The meeting will be held by videoconference originating at the National Endowment for the Arts, Washington, DC 20506.

FOR FURTHER INFORMATION CONTACT: Elizabeth Voyatzis, Committee Management Officer, 400 7th Street SW, Room 4060, Washington, DC 20506, (202) 606-8322; evoyatzis@neh.gov.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is for panel review, discussion, evaluation, and recommendation on applications for Certificates of Indemnity submitted to the Federal Council on the Arts and the Humanities, for exhibitions beginning on or after July 1, 2025. Because the meeting will consider proprietary financial and commercial data provided in confidence by indemnity applicants, and material that is likely to disclose trade secrets or other privileged or confidential information, and because it is important to keep the values of objects to be indemnified and the methods of transportation and security measures confidential, I have determined that that the meeting will be closed to the public pursuant to subsection (c)(4) of section 552b of title 5, United States Code. I have made this determination under the authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated April 15, 2016.

Dated: April 30, 2025.

Jessica Graves,

Paralegal Specialist, National Endowment for the Humanities.

NATIONAL SCIENCE FOUNDATION**Agency Information Collection Activities: Comment Request; Louis Stokes Alliances for Minority Participation (LSAMP) Program Evaluation**

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to establish this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing the opportunity for final public comment on this action, following the expiration of the sixty-day Notice. After obtaining and considering this final public comment, NSF will, if necessary, update the OMB submission if requesting Office of Management and Budget (OMB) clearance of this collection for no longer than 3 years.

DATES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Suite E6447, Alexandria, Virginia 22314; telephone (703) 292-7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Comments: Comments regarding (a) whether the proposed collection of information is necessary for the proper performance of the functions of the NSF, including whether the information shall have practical utility; (b) the accuracy of the NSF's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, use, and clarity of the information on respondents; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to the points of

contact in the **FOR FURTHER INFORMATION CONTACT** section.

Title of Collection: Louis Stokes Alliances for Minority Participation (LSAMP) Program Evaluation.

OMB Control No.: 3145-New.

Abstract: This proposed data collection is a core component of a larger comprehensive evaluation strategy to assess the effectiveness and functioning of the Louis Stokes Alliances for Minority Participation (LSAMP) program, funded through grants from the National Science Foundation (NSF). LSAMP alliances are institutions of higher education (IHEs) that support the preparation of students at the undergraduate and postbaccalaureate levels in science, technology, engineering and technology (STEM) disciplines.

This current research seeks to consider the experiences of those leading and participating in LSAMP since the last full evaluation (which concluded in 2007), as well as current experiences, at ten select site locations. The ten sites were selected by the NSF in collaboration with its research partner, NORC at the University of Chicago, who will conduct all data collection. A key component of the site selection process was ensuring inclusion of alliance sites with varied features, to include sites with more remote geographies and alliance types.

This work will enable the program to better understand where successes can be modeled and replicated and opportunities can be identified to better support promising LSAMP students in these fields, by encouraging greater participation in academic and professional development opportunities. Currently, we are seeking approval to conduct interviews and focus groups with individuals who are affiliated with the LSAMP alliances at these pre-identified sites using the procedures discussed below.

As of FY2021, there were 61 LSAMP alliances, 55 of which were led by four-year institutions. There are three groups of LSAMP alliances: 11 STEM Pathways Implementation Only (SPIO) alliances in existence less than 10 years, 22 STEM Pathways Research Alliances (SPRA) in existence at least 10 or more years, and 22 alliances that had not yet applied for funding under the 2018 solicitation. Ten of the alliances in existence at least 10 years also have Bridge to the Doctorate (BD) projects that provide additional funding to support students' graduate work. An additional 6 alliances are Bridge to the Baccalaureate (B2B) alliances led by two-year institutions. Each alliance consists of a lead institution and several other partner

institutions consisting of two-and-four year IHEs all operating towards the same alliance goals. Partner institutions typically are in the same geographic region. Participating STEM students in alliance schools could be defined in three groups: Level 1 students who receive direct financial support through the alliance for activities, Level 2 students who attended activities sponsored by the alliances but receive no direct funding, and Level 3 students who are students at LSAMP institutions who did not receive funds or participate in LSAMP activities.

Research suggests that collaboratives, such as the alliances funded by the LSAMP program can improve STEM degree completion rates, but long-term success requires sustained change at the institutional level (Center for Urban Education, 2019; May & Bridger, 2010). The LSAMP program has a 30-year history of broadening participation¹ in STEM disciplines and the STEM workforce.

NORC at the University of Chicago's is leading the present approach for evaluating the effectiveness and impact, of the LSAMP program, under the guidance and sponsorship of the NSF Directorate for STEM Education (EDU). This evaluation aims to identify and characterize the organizational structure and institutionalization of LSAMP alliances and assess the impact of LSAMP activities and strategies to strengthen pathways and increase STEM degrees earned by promising LSAMP students in STEM on all educational levels.

As part of this comprehensive evaluation, and with a focus on fully utilizing all preexisting data, NORC has completed a thorough review of available data (e.g., annual reports). The LSAMP program anticipates using the results of this evaluation (both the review of existing data and data from site visits) to identify "LSAMP best practices" that can be implemented by both LSAMP grantee/alliance institutions and non-LSAMP grantees/alliance institutions to sustain and grow impacts of the LSAMP programming on broadening participation in STEM and inform the LSAMP program on sustainability mechanisms and goals appropriate for LSAMP alliance institutions to maintain their successful outcomes.

Respondents: LSAMP Faculty and Staff (200); LSAMP Students (120).

Estimated Number of Annual Respondents: 320.

Burden on the Public: Estimated 1–3 hours to participate in an interview or focus group (1 hour for staff and students, 3 hours for coordinators/

provosts or other leaders). The estimated burden time is 750 hours.

Dated: April 30, 2025.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

[FR Doc. 2025–07819 Filed 5–5–25; 8:45 am]

BILLING CODE 7555–01–P

OFFICE OF PERSONNEL MANAGEMENT

Submission for Review: 3206–0156, Application for Death Benefits Under the Civil Service Retirement System (SF 2800); Documentation in Support of Application for Death Benefits When Deceased Was an Employee at the Time of Death (SF 2800A)

AGENCY: Office of Personnel Management.

ACTION: 60-Day notice and request for comments.

SUMMARY: Office of Personnel Management (OPM) offers the general public and other federal agencies the opportunity to comment on the reinstatement of an expired information collection request (ICR), Application for Death Benefits/Documentation and Elections in Support of Application for Death Benefits When Deceased Was an Employee at the Time of Death (CSRS).

DATES: Comments are encouraged and will be accepted until July 7, 2025.

ADDRESSES: You may submit comments, identified by docket number and/or Regulatory Information Number (RIN) and title, by the following method:

—*Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

All submissions received must include the agency name and docket number or RIN for this document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: A copy of this ICR with applicable supporting documentation may be obtained by contacting the Retirement Services Publications Team, Office of Personnel Management, 1900 E Street NW, Room 3316–L, Washington, DC 20415, Attention: Cyrus S. Benson, or via electronic mail at RSPublicationsTeam@opm.gov or via telephone at (202) 936–0401.

SUPPLEMENTARY INFORMATION: As required by the Paperwork Reduction Act of 1995 (Pub. L. 104–13) as amended (44 U.S.C. chapter 35), OPM is soliciting comments for this collection (OMB No. 3206–0156). The Office of Personnel Management is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Standard Form (SF) 2800 is needed to collect information so that OPM can pay death benefits to the survivors of Federal employees and annuitants in the Civil Service Retirement System (CSRS). SF 2800A allows OPM to collect the information needed for deaths in service, including information so that survivors can make the needed elections regarding military service. OPM is considering whether the SF 2800 and SF 2800A forms should be common forms since they are used by agencies across government.

Analysis

Agency: Retirement Operations, Retirement Services, Office of Personnel Management.

Title: Application for Death Benefits under the Civil Service Retirement System (SF 2800); and Documentation and Elections in Support of Application for Death Benefits When Deceased Was an Employee at the Time of Death (SF 2800A).

OMB Number: 3206–0156.

Frequency: On occasion.

Affected Public: Individuals or Households.

Number of Respondents: SF 2800 = 40,000; SF 2800A = 400.

Estimated Time per Respondent: SF 2800 = 45 minutes; SF 2800A = 45 minutes.

Total Burden Hours: 30,300 (SF 2800 = 30,000; SF 2800A = 300).

Office of Personnel Management.

Alexys Stanley,

Federal Register Liaison.

New Postal Products

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission's consideration concerning a negotiated service agreement. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* May 8, 2025.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <https://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Public Proceeding(s)
- III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<https://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance

with the requirements of 39 CFR 3011.301.¹

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established. Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s) identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are variations of one or more Competitive products, and for which financial models, minimum rates, and classification criteria have undergone advance Commission review. See 39 CFR 3041.110(n); 39 CFR 3041.205(a). Such requests are reviewed in summary proceedings pursuant to 39 CFR 3041.325(c)(2) and 39 CFR 3041.505(f)(1). Pursuant to 39 CFR 3041.405(c)-(d), the Commission does not appoint a Public Representative or request public comment in proceedings to review such requests.

II. Public Proceeding(s)

1. *Docket No(s):* MC2025-1337 and K2025-1337; *Filing Title:* USPS Request to Add Priority Mail Contract 797 to the

Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* April 30, 2025; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative:* Jennaca Upperman; *Comments Due:* May 8, 2025.

2. *Docket No(s):* MC2025-1338 and K2025-1338; *Filing Title:* USPS Request to Add Priority Mail Contract 798 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* April 30, 2025; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative:* Christopher Mohr; *Comments Due:* May 8, 2025.

3. *Docket No(s):* MC2025-1339 and K2025-1339; *Filing Title:* USPS Request to Add Priority Mail & USPS Ground Advantage Contract 720 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* April 30, 2025; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative:* Arif Hafiz; *Comments Due:* May 8, 2025.

4. *Docket No(s):* MC2025-1340 and K2025-1340; *Filing Title:* USPS Request to Add Priority Mail & USPS Ground Advantage Contract 721 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* April 30, 2025; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative:* Arif Hafiz; *Comments Due:* May 8, 2025.

5. *Docket No(s):* MC2025-1341 and K2025-1341; *Filing Title:* USPS Request to Add Priority Mail & USPS Ground Advantage Contract 722 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* April 30, 2025; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative:* Elsie Lee-Robbins; *Comments Due:* May 8, 2025.

6. *Docket No(s):* MC2025-1342 and K2025-1342; *Filing Title:* USPS Request to Add Priority Mail & USPS Ground Advantage Contract 723 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* April 30, 2025; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative:* Elsie Lee-Robbins; *Comments Due:* May 8, 2025.

7. *Docket No(s):* MC2025-1343 and K2025-1343; *Filing Title:* USPS Request to Add Priority Mail & USPS Ground Advantage Contract 724 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* April 30, 2025; *Filing Authority:* 39 U.S.C. 3642, 39 CFR

¹ See Docket No. RM2018-3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19-22 (Order No. 4679).

3035.105, and 39 CFR 3041.310; *Public Representative*: Maxine Bradley; *Comments Due*: May 8, 2025.

III. Summary Proceeding(s)

None. See Section II for public proceedings.

This Notice will be published in the **Federal Register**.

Jennie L. Jbara,

Primary Certifying Official.

BILLING CODE 7710-FW-P

SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meetings

TIME AND DATE: 12:30 p.m. on Thursday, May 8, 2025.

PLACE: The meeting will be held via remote means and/or at the Commission's headquarters, 100 F Street NE, Washington, DC 20549.

STATUS: This meeting will be closed to the public.

MATTERS TO BE CONSIDERED:

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the closed meeting. Certain staff members who have an interest in the matters also may be present.

In the event that the time, date, or location of this meeting changes, an announcement of the change, along with the new time, date, and/or place of the meeting will be posted on the Commission's website at <https://www.sec.gov>.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, one or more of the exemptions set forth in 5 U.S.C. 552b(c)(3), (5), (6), (7), (8), 9(B) and (10) and 17 CFR 200.402(a)(3), (a)(5), (a)(6), (a)(7), (a)(8), (a)(9)(ii) and (a)(10), permit consideration of the scheduled matters at the closed meeting.

The subject matter of the closed meeting will consist of the following topics:

Institution and settlement of injunctive actions;

Institution and settlement of administrative proceedings;

Resolution of litigation claims; and

Other matters relating to examinations and enforcement proceedings.

At times, changes in Commission priorities require alterations in the scheduling of meeting agenda items that may consist of adjudicatory, examination, litigation, or regulatory matters.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-102960; File No. SR-NYSE-2025-16]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Exchange Rules 1400 and 1401

April 30, 2025.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 ("Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on April 28, 2025, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rules 1400 and 1401 relating to trading unlisted debt securities on the NYSE BondsSM platform. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below.

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Bonds is an electronic order-driven matching system for fixed income securities to which Exchange members and member organizations subscribe and through which they enter and match customer bond orders on a strict price and time priority basis. NYSE Bonds provides member subscribers with access to the order book in each bond which displays orders and in the time sequence received. Upon execution, trades are submitted for clearing to the Depository Trust Clearing Corporation. NYSE Bonds centralizes bond trading and publishes a real-time bond data feed to NYSE Bonds customers and subscribers that reflects all orders in time sequence on the NYSE Bonds order book. NYSE Bonds primarily serves the "small-lot" corporate bond market. Small-lot bond buyers and sellers are primarily individuals, bank trust accounts, and small institutions. In addition, bond dealers use NYSE Bonds to offset so-called "tail-end" bond positions acquired in the course of large-lot trading. NYSE Bonds is the only system that provides the public with real-time disclosure of quotations and trade prices, exclusive of mark-ups/mark-downs, commissions, or other charges.

NYSE Rules 1400 and 1401 set forth requirements for trading Debt Securities. Rule 1400 defines the term "Debt Securities" as any unlisted note, bond, debenture or evidence of indebtedness that is: (1) statutorily exempt from the registration requirements of Section 12(b)⁴ of the Exchange Act, or (2) eligible to be traded under a Securities and Exchange Commission ("Commission") exemptive order.⁵ Rule

⁴ 15 U.S.C. 781(b).

⁵ See Securities Exchange Act Release No. 54766 (November 16, 2006), 71 FR 67657 (November 22, 2006) (the "2006 Order"). Under the 2006 Order, among other things, the issuer of the debt security must have at least one class of common or preferred equity security listed on the Exchange. Further, for purposes of NYSE Rule 1400(2), the term Debt Securities includes only securities that, if they were to be listed on the NYSE, would be listed under Sections 102.03 or 103.05 of the NYSE's Listed Company Manual, except that such securities shall not include any security that is defined as an "equity security" under Section 3(a)(11) of the Exchange Act; the term Debt Securities also does not include a security that, if listed on the NYSE, would have been listed under Section 703.19 of the

1401 specifies the qualitative and quantitative standards that must be met for unlisted Debt Securities to be initially and continually traded on NYSE Bonds. Among other things, these standards specify that only unlisted Debt Securities with an outstanding market value or principal amount of at least \$5 million will be permitted to be traded by NYSE members and member organizations, and that such trading will be suspended if (a) the market value or principal amount falls below \$1 million, or (b) the Debt Securities either: (1) no longer qualify for a statutory exemption from the registration requirements of Section 12(b) of the Exchange Act, or (2) may no longer be traded by NYSE members and member organizations on an unregistered basis pursuant to the 2006 Order.

On April 12, 2024, the Exchange submitted an application to request further exemptive relief from the Commission. In its application, the Exchange requested that the Commission extend the relief granted in the 2006 Order and allow NYSE members and member organizations to trade debt securities not registered under the Exchange Act on NYSE Bonds, subject to certain conditions. One of those conditions is that an issuer of the debt securities, or the issuer's parent if the issuer is a wholly-owned subsidiary, has at least one class of common or preferred equity securities that is: (i) registered under Section 12(b) of the Exchange Act; and (ii) listed on the NYSE. The Exchange's application sought to amend the 2006 Order by revising part (ii) of this condition so that debt securities not registered under the Exchange Act would be permitted to trade on NYSE Bonds if their issuer, or the issuer's parent if the issuer is a wholly-owned subsidiary, has a class of common or preferred equity securities listed on any national securities exchange, not only the NYSE.

Further, in its application, the Exchange undertook that it would continue to provide the following information:

(a) Provide definitions of "listed" debt securities and "traded" debt securities on NYSE Bonds and on the NYSE's website;

(b) Identify on NYSE Bonds and on the NYSE's website whether a particular debt security is "listed" or "traded";⁶

NYSE's Listed Company Manual or any equity-linked debt securities listed under Rule 5P. See NYSE Rule 1400.

⁶ The NYSE will distinguish debt securities "listed" on NYSE Bonds from those "traded" on NYSE Bonds in the following manner: (1) The Exchange will uniquely identify "listed" and "traded" debt securities on the NYSE Bonds Bond

(c) Provide members and member organizations notification prior to the date that trading of the debt securities commences on NYSE Bonds to clarify the distinction between "listed" debt securities and "traded" debt securities and to provide notification that eligible debt securities will be traded on NYSE Bonds;

(d) Issue a press release upon approval of this exemption request stating that "listed" debt securities would trade alongside "traded" debt securities on NYSE Bonds; and

(e) Obtain corporate action information from IDS for debt securities covered by the request for exemptive relief.

With respect to undertaking (e), IDS, an affiliate of the Exchange, is a bond issue tracking service that provides the NYSE a customized on-line reference for corporate actions relevant to bonds. The tracking system provides information and data electronically to the NYSE, and provides:

- Notification of calls (redemptions) of traded bonds,
- Notification of tender offers for traded bonds,
- Notice of defaults in payment of interest on traded bonds,
- Notice of consent solicitations for traded bonds, and
- Notice of corporate actions for traded bonds (includes tender offers, issuer name changes, CUSIP number changes).⁷

The Exchange's application was approved for publication by the Commission on October 29, 2024.⁸ In the 2025 Notice, the Commission proposed one additional undertaking, *i.e.*, that the NYSE monitor daily the delisting of equity securities of each issuer whose debt securities are listed for trading on NYSE Bonds or, if the issuer of the debt securities is a wholly-owned subsidiary, equity securities of the issuer's parent company. The

Directory located on the NYSE's website; (2) The Exchange will also make such information available on the NYSE Bonds Security Master File on a daily basis through ICE Data Services ("IDS"); and (3) The Exchange will publish a Trader Update to notify members and member organizations each time a debt security becomes available to trade on NYSE Bonds.

⁷ The tracking system does not provide notification of changes in trustees, obligors or transfer agents with respect to traded debt securities. NYSE receives this information electronically from IDS on a daily basis. IDS independently obtains, researches and organizes the information. The NYSE does not itself verify the information provided by IDS.

⁸ See Securities Exchange Act Release No. 34-101468 (October 29, 2024), 89 FR 87668 (November 4, 2024) (Notice of an Application of the New York Stock Exchange LLC for an Exemption Pursuant to Section 36 of the Securities Exchange Act of 1934) (the "2025 Notice").

Commission received one comment letter, which supported the Exchange's application.⁹

On February 26, 2025, the Commission granted the exemptive relief¹⁰ subject to the one additional undertaking that the Commission proposed in the 2025 Notice. The granting of the exemptive relief paves the way for the Exchange to commence trading in a greater number of debt securities on the Exchange's NYSE Bonds platform.

The purpose of this proposed rule change is to amend Exchange Rules 1400 and 1401 to accommodate the 2025 Order. Specifically, the Exchange proposes to add reference to the Securities Exchange Act citation for the 2025 Order and adopt a more general reference to describe both the 2006 Order and the 2025 Order by replacing the defined term "2006 Order" with "SEC Orders" throughout Rules 1400 and 1401. The proposed revision is intended to reflect the relief provided by the Commission in the 2006 Order and in the 2025 Order. The Exchange also proposes to replace the words "the New York Stock Exchange" from the text of Rule 1400(b) with "a registered national securities exchange" to reflect the exemptive relief granted in the 2025 Order.¹¹

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Exchange Act,¹² in general, and furthers the objectives of Section 6(b)(5) of the Exchange Act,¹³ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with

⁹ Letter from Thomas M. Merritt, Virtu Financial, Inc. (Dec. 2, 2024), available at <https://www.sec.gov/comments/s7-2024-07/s7202407-544515-1559362.pdf>.

¹⁰ See Securities Exchange Act Release No. 102490 (February 26, 2025), 90 FR 11194 (March 4, 2025) (Order Under Section 36 of the Securities Exchange Act of 1934 Granting the New York Stock Exchange LLC's Application To Amend a Conditional Exemption From Section 12(a) of the Exchange Act) (the "2025 Order").

¹¹ The Exchange also proposes a non-substantive change to replace the name "Automated Bond System, or ABS" with "NYSE Bonds" in Rule 1400. Automated Bond System is the legacy name of the Exchange's bond platform. The ABS platform was re-named NYSE Bonds in 2007. The Exchange, however, inadvertently failed to make the name change in Rule 1400, as it did in Rule 86, when it filed to establish NYSE Bonds. See Securities Exchange Act Release No. 55496 (March 20, 2007), 72 FR 14631 (March 28, 2007) (SR-NYSE-2006-37). The Exchange proposes to correct the oversight at this time.

¹² 15 U.S.C. 78f(b).

¹³ 15 U.S.C. 78f(b)(5).

persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange believes the proposed rule changes are consistent with these principles in that they seek to expand the number of Debt Securities that can be traded on the NYSE, thereby benefitting investors with increased transparency and choice with respect to secondary market trading.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Exchange Act,¹⁴ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. Instead, the Exchange believes that the proposed change would contribute to competition because it would expand investor choices on NYSE Bonds and allow the Exchange to compete better with ATSs that already have the ability to trade Debt Securities that is the subject of the Exchange's proposed rule change. The proposed rule change would also facilitate additional bond transactions on a national securities exchange, which would contribute to greater price transparency.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁵ and Rule 19b-4(f)(6) thereunder.¹⁶ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the

Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.¹⁷

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁸ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-NYSE-2025-16 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-NYSE-2025-16. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written

¹⁷ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁸ 15 U.S.C. 78s(b)(2)(B).

communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NYSE-2025-16 and should be submitted on or before May 27, 2025.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

Sherry R. Haywood,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-102959; File No. SR-MIAX-2025-08]

Self-Regulatory Organizations; Miami International Securities Exchange, LLC; Order Granting Approval of a Proposed Rule Change To Amend Certain MIAX Options Exchange Rules To Permit the Listing and Trading of Options on the Bloomberg US Large Cap Price Return Index

April 30, 2025.

I. Introduction

On March 10, 2025, Miami International Securities Exchange, LLC ("MIAX" or the "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to permit the listing and trading of A.M.- and P.M.-settled index options on the Bloomberg US Large Cap Price Return Index ("B500 Index"). The proposed rule change was published for comment in the **Federal Register** on

¹⁹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

¹⁴ 15 U.S.C. 78f(b)(8).

¹⁵ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁶ 17 CFR 240.19b-4(f)(6).

March 17, 2025.³ The Commission received one letter from MIAX regarding the proposed rule change.⁴ As discussed further below, the Commission is approving the proposed rule change.

II. Description of the Proposal

The Exchange proposes to permit the listing and trading of A.M.- and P.M.-settled index options on the B500 Index with third Friday-of-the-month expirations, and to allow the Exchange to list broad-based index options with nonstandard expirations (which are P.M. settled).⁵ According to the Exchange, the B500 Index is a broad-based, float market-capitalization-weighted benchmark of the 500 most highly capitalized U.S.-listed companies.⁶ The Exchange further states that all constituents of the B500 Index are securities consisting of common stocks, real estate investment trusts, and tracking stocks, which are primarily listed on a U.S. securities exchange.⁷ Moreover, the components of the B500 Index are determined from the U.S.-listed companies that have the largest cumulative free-float market capitalization. Each component security of the B500 Index must meet certain minimum eligibility and liquidity screening requirements, and Bloomberg Index Services Limited (“BISL”), as the administrator of the B500 Index, monitors and maintains the B500 Index, including handling the quarterly and semi-annual rebalances.⁸

According to the Exchange, the proposed A.M.-settled B500 Index options with third Friday-of-the-month expirations would satisfy the initial listing criteria for options on a broad-based index as set forth in Exchange Rule 1802(d), and would be subject to the maintenance listing standards for such indexes as set forth in Exchange Rule 1802(e).⁹ The Exchange also states

that A.M.-settlement is consistent with the generic listing criteria for broad-based indexes, and thus it is common for index options to be A.M.-settled.¹⁰ Accordingly, the Exchange proposes to amend Exchange Rule 1809(a)(5), A.M.-Settled Index Options, to specify that the B500 Index options may be A.M.-settled, cash-settled contracts.¹¹ In addition, the Exchange proposes to amend Exchange Rule 1809 to permit the listing and trading of P.M.-settled, cash-settled options on the B500 Index with third Friday-of-the-month expirations, whose exercise settlement value would be based on the closing index value of the B500 Index on the expiration day.¹² The Exchange states that all B500 Index options would be subject to the same rules that presently govern the trading of index options, including sales practice rules, margin requirements, and trading rules.¹³

Under the proposed rule change, the Exchange may list up to twelve (12) standard expiration months for A.M.- and P.M.-settled series of B500 Index options with third Friday-of-the-month expirations¹⁴ and European-style exercise.¹⁵ The notional value of each A.M.- and P.M.-settled B500 Index option contract would be calculated using a \$100 multiplier, and the minimum trading increment would be \$0.05 for options trading below \$3.00 and \$0.10 for all other series.¹⁶ The Exchange states that strike price intervals would be set at no less than

listing standards, the Exchange states that it would not open for trading any additional series of options of that class unless the continued listing of that class of index options has been approved by the Commission under Section 19(b)(2) of the Act. *Id.* at 12412 n.13.

¹⁰ *Id.* at 12413 n.20.

¹¹ *Id.* at 12412–13; *see also* proposed Exchange Rule 1809(a)(5)(B).

¹² *See* Notice *supra* note 3, at 12413; *see also* proposed Exchange Rule 1809(a)(6)(i). Proposed Exchange Rule 1809(a)(6) also sets forth rule text that would apply to P.M.-settled index options generally, and provides that the last day of trading for such index options shall be the business day of expiration, or, in the case of an option contract expiring on a day that is not a business day, on the last business day before its expiration date; that the current index value at expiration of the index is determined by the last reported sale price of each component security; and that in the event the primary market for an underlying security does not open for trading on the expiration date, the price of that security shall be the last reported sale price prior to the expiration date.

¹³ *See* Notice, *supra* note 3, at 12420.

¹⁴ *Id.* at 12413; *see also* proposed Exchange Rule 1809(a)(3).

¹⁵ *See* Notice, *supra* note 3 at 12412–13; *see also* proposed Exchange Rule 1809(a)(4).

¹⁶ *See* Notice, *supra* note 3 at 12413. The Exchange also proposes to apply the same contract terms to options with nonstandard expirations. *Id.* at 12415.

\$5.00.¹⁷ Further, options on the B500 Index (all expirations) would not be subject to position or exercise limits.¹⁸ According to the Exchange, the B500 Index would settle using published prices from the 500 most highly capitalized U.S.-listed companies.¹⁹ Because the market for each of the underlying component securities of the B500 Index is so large, the Exchange believes that there is minimal risk of manipulation by virtue of position size in B500 Index options.²⁰ The Exchange also proposes to amend Exchange Rule 1808(a) to establish new subparagraph (a)(1), to provide that transactions in P.M.-settled B500 Index options may be effected on the Exchange between the hours of 9:30 a.m. and 4:15 p.m. Eastern Time, except on the last trading day, on which the trading hours would be between 9:30 a.m. and 4:00 p.m. Eastern Time.²¹ According to the Exchange, the proposed A.M.- and P.M.-settled B500 Index options would be similar to other broad-based equity index options that are listed on other exchanges in terms of expirations listed, exercise style, settlement, and trading hours.²²

As noted above, the Exchange also proposes to establish rules to permit the listing and trading of P.M.-settled index options on broad-based indexes with nonstandard expiration dates.²³ Specifically, the Exchange proposes to establish rules to permit both weekly expirations (“Weekly Expirations”) and end of month expirations (“EOM Expirations”).²⁴ Pursuant to proposed Interpretation and Policy .06 to

¹⁷ *Id.* at 12413. The Exchange also proposes to apply the same contract terms to options with nonstandard expirations. *Id.* at 12415.

¹⁸ *Id.* at 12417; *see also* proposed Exchange Rule 1804(a).

¹⁹ *See* Notice, *supra* note 3, at 12417.

²⁰ *Id.* Further, the Exchange believes its reporting and other requirements will guard against the potential for manipulation. According to the Exchange, pursuant to Exchange Rule 310(a), Members would be required to file a report with the Exchange that includes data related to the option positions held in the aggregate in B500 Index options and, in the case of short positions, whether such positions were covered or uncovered. The Exchange also states that it has the ability to impose additional margin requirements for under hedged positions in B500 Index options pursuant to Exchange Rule 1504(b). *Id.* at 12417–18.

²¹ *Id.* at 12414. Similarly, proposed transactions in P.M.-settled index options on broad-based indexes with nonstandard expirations could be effected on the Exchange between the hours of 9:30 a.m. and 4:15 p.m. Eastern Time, except that on the last trading day, transactions in expiring P.M.-settled index options may be effected on the Exchange between the hours of 9:30 a.m. and 4:00 p.m. *Id.* at 12415; Exchange Rule 1809, proposed Interpretation and Policy .06(c). *See also infra* note 55.

²² *See* Notice, *supra* note 3, at 12413–14.

²³ *Id.* at 12414; *see also infra* note 55.

²⁴ *See* Notice, *supra* note 3, at 12414.

³ *See* Securities Exchange Act Release No. 102580 (March 11, 2025), 90 FR 12411 (“Notice”).

⁴ *See* Letter from Joseph W. Ferraro III, SVP, Deputy General Counsel, MIAX, to Vanessa Countryman, Secretary, Commission, dated April 2, 2025 (“MIAX Letter”) (stating that the Exchange would not begin to trade options on the B500 Index until (i) the self-certification filing to list and trade futures contracts on the B500 Index by MIAX Futures is past the Commodity Futures Trading Commission’s statutory review period, and (ii) MIAX Futures commences the listing and trading of B500 Index futures).

⁵ *See* Notice, *supra* note 3, at 12411. Pursuant to the proposed rule change, only options on the B500 Index would be listed and traded with nonstandard expirations. *Id.* at 12414. *See also infra* note 55.

⁶ *See* Notice, *supra* note 3, at 12411.

⁷ *Id.*

⁸ *Id.*; *see also* proposed Exchange Rule 1801, Interpretation and Policy .01 (identifying BISL as the reporting authority for the B500 Index).

⁹ *See* Notice, *supra* note 3, at 12412. In the event the B500 Index fails to satisfy the maintenance

Exchange Rule 1809, the Exchange would be able to open for trading Weekly Expirations to expire on any Monday, Tuesday, Wednesday, Thursday or Friday (other than the third Friday-of-the-month or days that coincide with an EOM Expiration).²⁵ In addition, the Exchange would be able to open for trading EOM Expirations to expire on the last trading day of the month.²⁶ Currently, the only options the Exchange proposes to list with nonstandard expirations are options on the B500 Index.²⁷

The Exchange states that contract terms for the Weekly Expirations and EOM Expirations would be similar to those for the A.M.-settled index options, except that the exercise settlement value would be based on the index value derived from the closing prices of component stocks on the expiration date, *i.e.*, for the B500 Index, the closing prices of the component securities comprising the B500 Index.²⁸ Weekly and EOM Expirations would be subject to all provisions of Exchange Rule 1809 and would be treated the same as options on the same underlying index that expire on the third Friday of the expiration month,²⁹ including being subject to the same rules that govern the trading of standard monthly broad-based index options, such as sales practice rules and margin requirements.³⁰ The Exchange further states that option positions on a broad-based index with nonstandard expirations would be aggregated for any applicable reporting and other requirements.³¹ For instance, according to the Exchange, the reporting requirements described under Exchange Rule 310(a) would apply to a Member's aggregated position in B500 Index options, which would include all positions held in A.M.-settled B500 Index options, P.M.-settled B500 Index options with third Friday-of-the-month expirations, B500 Index options with Weekly Expirations and EOM Expirations, and any other B500 Index option expirations the Exchange may list pursuant to its rules (*e.g.*, Quarterly Options Series).³² In addition, the Exchange proposes to add nonstandard

expirations to its rule regarding position limits for broad-based index options to reflect the Exchange's default aggregation requirement for broad-based index option position holders.³³ The Exchange states that the proposed aggregation requirement is consistent with the aggregation requirements for other types of option series (*e.g.*, quarterly expiring options) that are listed on the Exchange, which do not expire on the customary third Friday.³⁴ Moreover, the Exchange states that its proposed rule for Weekly Expirations and EOM Expirations is substantively similar to the rules approved by the Commission in place at other exchanges.³⁵

The Exchange also represents that it has in place adequate surveillance procedures to monitor trading in B500 Index options in order to ensure the maintenance of fair and orderly markets.³⁶ The Exchange states that its surveillance program includes real-time patterns for price and volume movements and post-trade surveillance patterns (*e.g.*, spoofing, marking the close, pinging, and phishing) and that it would apply those same program procedures to trading in B500 Index options, including nonstandard expirations.³⁷ The Exchange further states that it will review activity in the underlying components of the B500 Index when conducting surveillances for market abuse or manipulation in the options on the B500 Index.³⁸ Additionally, the Exchange states that it is a member of the Intermarket Surveillance Group ("ISG") and that members of ISG work together to coordinate surveillance and investigative information sharing in the stock, options, and futures markets.³⁹ Further, the Exchange has a Regulatory Services Agreement with the Financial Industry Regulatory Authority, Inc. ("FINRA"), and pursuant to a multi-party Rule 17d-2 joint plan, all options exchanges allocate regulatory responsibilities to FINRA for certain

options-related market surveillance.⁴⁰ The Exchange also represents that it believes the Exchange and the Options Price Reporting Authority ("OPRA") have the necessary systems capacity to handle any additional messages associated with the listing of the maximum number of expirations permitted for B500 Index options.⁴¹

The Exchange also commits to providing an annual report for a period of five years from the launch of B500 Index options ("Annual Report").⁴² The Exchange states that the purpose of the Annual Report would be to study, among other things, the impact, if any, of B500 Index options with P.M.-settlement on the underlying securities that comprise the B500 Index, as well as other linked-markets (*e.g.*, hedging instruments for B500 Index options), such as B500 Index futures and B500 Index ETFs, to the extent possible.⁴³ For example, the Exchange would seek to analyze whether listing and offering P.M.-settled B500 Index options for trading would increase volatility around the market close in linked-markets, as well as its underlying component securities.⁴⁴ The Exchange states that the Annual Report would, generally, contain an analysis of volume, end-of-day open interest, exercised contracts, and trading patterns, to the extent possible, in B500 Index options and B500 Index futures.⁴⁵ Furthermore, as determined by the Exchange in light of the growth of the B500 Index option market after launch, or upon request by the Commission, the Exchange would provide an additional in-depth analysis of volatility and trading activity around B500 Index options P.M.-settlement (*e.g.*, within 15 minutes of the market close with respect to the B500 Index, component securities of the B500 Index, and other linked-markets (*e.g.*, B500 Index futures and B500 Index ETFs)). The Exchange would make all underlying data of data items included in the Annual Report and in-depth analysis publicly available in machine-readable format.⁴⁶

III. Discussion and Commission's Findings

After careful review, the Commission finds that the proposed rule change is consistent with Section 6 of the Act.⁴⁷

⁴⁷ 15 U.S.C. 78f(b). In approving this proposed rule change, the Commission has considered the

Specifically, the Commission finds that the proposed rule change is consistent with Section 6(b)(1) of the Act,⁴⁸ which requires, among other things, that the Exchange be so organized and have the capacity to be able to carry out the purposes of the Act and to enforce compliance by its members and persons associated with its members with the provisions of the Act, Commission rules and regulations thereunder, and its own rules; Section 6(b)(5) of the Act,⁴⁹ which requires that the proposal be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and Section (b)(8) of the Act,⁵⁰ which requires that the proposal not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The Commission believes that the listing and trading of the proposed B500 Index options does not raise unique regulatory concerns. Options on broad-based indexes are not novel. As discussed above, the Exchange's rules already allow for the listing of options on certain broad-based indexes, and the Exchange has represented that the proposed standard A.M.-settled options on the B500 Index would satisfy the Exchange's current initial listing criteria for such options as set forth in Exchange Rule 1802(d).⁵¹ The proposed options on the B500 Index also would be subject to the same Exchange rules that presently govern the trading of index options, including sales practice rules, margin requirements, and trading rules.⁵² Moreover, other options exchanges currently have rules that allow those exchanges to list and trade A.M.- and P.M.-settled broad-based index options that expire on the third

Friday-of-the-month, including options on the S&P 500 Index,⁵³ which index is comprised of security components nearly identical to those that comprise the B500 index.⁵⁴ In addition, other options exchanges set forth rules allowing those exchanges to list and trade nonstandard expirations (with P.M. settlement) for broad-based index options that are substantively similar to the Exchange's proposal.⁵⁵ Further, there would be futures contracts overlying the same B500 Index, which could be an important hedging instrument for market makers and other market participants that establish positions in B500 index options.⁵⁶

Permitting the trading of options on an index of securities enables investors to participate in the price movements of the index's underlying securities and allows investors holding positions in some or all such securities to hedge the risks associated with their portfolios. The Exchange's proposal to permit the listing and trading of options on the B500 Index, including B500 index options with nonstandard expirations and P.M. settlement, could benefit

investors and enhance competition by providing investors with additional investment and hedging alternatives on a broad-based index composed of actively traded, well-capitalized stocks.

Specifically, B500 Index options could benefit investors and enhance competition by providing new and additional opportunities for investors to hedge the market risk associated with, and gain directional exposure to, the broader U.S. equity market. In addition, the Exchange's proposal to provide B500 Index options with nonstandard expirations could benefit investors and remove impediments to a free and open market by allowing market participants to purchase B500 Index options in a manner more aligned with their specific timing needs and to roll their positions on more trading days, which may enable market participants to more precisely spread risk across more trading days and incorporate daily changes in the markets. Further, the P.M. settlement feature permits trading in B500 Index options throughout the expiration day, which should enable market participants to trade out of their positions up until the time the contract settles and may permit market participants to more effectively manage overnight risk and reduce residual risk on the day of expiration.

Importantly, as discussed above, the Exchange has committed to providing an Annual Report for five years after the launch of B500 Index options, the purpose of which is to study the market impact of P.M.-settled B500 Index options. Further, as determined by the Exchange in light of the growth of the B500 Index options market or upon request by the Commission, the Exchange will provide an additional in-depth analysis of volatility and trading activity around P.M. settlement of B500 Index options. These Exchange commitments are designed to protect investors and the public interest, as they should provide the Commission with data and analysis that sheds light on the development of the market for B500 Index options and enables the Commission to monitor for and assess any potential adverse market effects after the introduction of B500 Index options to the market.

The Commission believes the Exchange's proposal to impose no position or exercise limits for options on the B500 Index is appropriate and consistent with the Act because the potential for manipulation or market disruption stemming from excessively large B500 Index option positions is mitigated. As discussed above, the B500 Index consists of 500 of the most highly capitalized U.S.-listed companies. The

⁵³ See e.g., Cboe Rule 4.13(a)(2) (permitting the Exchange to list up to 12 standard monthly expirations on the S&P 500 Index); Cboe Rule 4.13(a)(3) (providing for European-Style Exercise for options on the S&P 500 Stock Index); Cboe Rule 4.13(a)(4) (allowing A.M.-settled index options on the S&P 500 Index); Cboe Rule 4.13, Interpretation and Policy .13 (allowing P.M.-settled options on the S&P 500 Index that expire on the third Friday-of-the-month). See also Nasdaq ISE, LLC ("ISE") Options 4A, Section 12(a)(6) (allowing P.M.-settled options on the Nasdaq-100 Index in addition to A.M.-settled options on the Nasdaq-100 Index).

⁵⁴ According to the Exchange, as of January 7, 2025, 67 components in the B500 Index were not also components in the S&P 500 Index. The Exchange states that this was due, in part, to the methodology used to compute the B500 Index. However, even with the differences in index construction, the Exchange believes that both indexes are approximately 99% correlated. According to the Exchange, this is likely due to the lowest weighted securities being the main different components for each index. See Notice, *supra* note 3, at 12417 n.65.

⁵⁵ See e.g., Cboe Rule 4.13(e) (allowing weekly and end-of-month expirations on broad-based indexes) and ISE Options 4A, Section 12, Supplementary Material .07 (allowing weekly and end-of-month expirations on broad-based indexes). The generic listing standards for broad-based index options require A.M. settlement. See, e.g., Exchange Rule 1802(d)(2). Accordingly, the listing of a class of broad-based index options with nonstandard expirations and P.M. settlement pursuant to Exchange Rule 1809, Interpretation and Policy .06, requires the filing of a proposed rule change to that effect for the specific broad-based index option, which proposed rule change must be approved by the Commission under Section 19(b) of the Act. See Exchange Rule 1802(a). This order therefore approves nonstandard expirations, pursuant to Exchange Rule 1809, Interpretation and Policy .06, only for B500 Index options.

⁵⁶ The Exchange has represented that it will not list for trading B500 Index options until MIAX Futures has commenced the listing and trading of B500 Index futures. See MIAX Letter, *supra* note 4.

proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁴⁸ 15 U.S.C. 78f(b)(1).

⁴⁹ 15 U.S.C. 78f(b)(5).

⁵⁰ 15 U.S.C. 78f(b)(8).

⁵¹ See *supra* note 9 and accompanying text. The Commission notes that certain Exchange rules are being amended to reflect the listing and trading of A.M.-settled options on the B500 Index, including the nonapplication of position limits. In addition, the Exchange's listing standards for a broad-based index option require the Exchange to reasonably believe that it has adequate system capacity to support the trading of B500 Index options. See Exchange Rule 1802(d)(12). As noted above, the Exchange represents that it believes the Exchange and OPRA have the necessary systems capacity to handle any additional messages associated with the listing of the maximum number expirations permitted for B500 Index options. See Notice, *supra* note 3, at 12418.

⁵² See Notice, *supra* note 3, at 12420.

large number of underlying securities contained in the B500 Index as well as their enormous capitalization and deep, liquid markets significantly reduces concerns regarding the potential for market manipulation or disruption in the market underlying B500 Index options. In addition, the Exchange has in place reporting and other requirements that should enable it to guard against the potential for manipulation or adverse market impact stemming from B500 Index option positions.⁵⁷ Moreover, the Exchange's proposal is consistent with the rules of other exchanges that do not impose position or exercise limits on certain broad-based index options, including options on the S&P 500 Index.⁵⁸

The Commission also believes that the potential risks of trading B500 Index options without position and exercise limits are mitigated by the Exchange's surveillances mechanisms, consistent with Sections 6(b)(1) and 6(b)(5) of the Act.⁵⁹ The Exchange represents that it has an adequate surveillance program in place for options, that it intends to apply those same program procedures to B500 Index options, and that its surveillance procedures are designed to deter and detect possibility manipulative behavior which might potentially arise from listing and trading B500 Index options.⁶⁰ The Exchange also represents that it will review activity in the underlying components of the B500 Index when conducting surveillances for market abuse or manipulation in the options on the B500 Index, and that as an ISG member, it works with other ISG members to coordinate surveillance and investigative information sharing in the stock, options, and futures markets.⁶¹

⁵⁷ For example, pursuant to Exchange Rule 310(a), Members are required to file a report with the Exchange that identifies any customer, as well as any Member, any general or special partner of the Member, any officer or director of the Member or any participant, as such, in any joint, group or syndicate with the Member or with any partner, officer or director thereof, who, on the previous business day held aggregate long or short positions of 200 or more option contracts in B500 Index options and, in the case of short positions, whether covered or uncovered. In addition, pursuant to Exchange Rule 1504(b), the Exchange has the ability to impose additional margin requirements for under-hedged positions in B500 Index options.

⁵⁸ See e.g., Cboe Rules 8.31 and 8.42 (providing no position or exercise limits for certain broad-based index option contracts including the SPX), and ISE Options 4A, Sections 6 and 10 (providing no position or exercise limits for certain broad-based index options, including the Nasdaq 100 Index).

⁵⁹ 15 U.S.C. 78f(b)(1), 78f(b)(5).

⁶⁰ See Notice, *supra* note 3, at 12418, 12420.

⁶¹ In addition, the Exchange has a Regulatory Services Agreement with FINRA. Further, pursuant to a multi-party 17d-2 joint plan, all options exchanges allocate regulatory responsibilities to

Further, the Exchange represents that it will implement any new surveillance procedures it deems necessary to effectively monitor the trading of B500 Index options.⁶²

In light of the foregoing, the Commission believes that the proposal is consistent with Sections 6(b)(1), 6(b)(5) and 6(b)(8) of the Act.⁶³

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶⁴ that the proposed rule change (SR-MIAX-2025-08), be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶⁵

Sherry R. Haywood,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Investment Company Act Release No. 35563; File No. 812-15752]

Franklin Lexington Private Markets Fund, et al.

April 30, 2025.

AGENCY: Securities and Exchange Commission (“Commission” or “SEC”).

ACTION: Notice.

Notice of application for an order under sections 17(d) and 57(i) of the Investment Company Act of 1940 (the “Act”) and rule 17d-1 under the Act to permit certain joint transactions otherwise prohibited by sections 17(d) and 57(a)(4) of the Act and rule 17d-1 under the Act.

SUMMARY OF APPLICATION: Applicants request an order to permit certain business development companies (“BDCs”) and closed-end management investment companies to co-invest in portfolio companies with each other and with certain affiliated investment entities.

APPLICANTS: Franklin Lexington Private Markets Fund, Franklin BSP Capital Corporation, Franklin BSP Private Credit Fund, Franklin BSP Lending Fund, Franklin BSP Real Estate Debt BDC, Lexington Partners L.P., Lexington Advisors LLC, Franklin BSP Capital Adviser L.L.C., BSP CLO Management

FINRA to conduct certain options-related market surveillance that are common to rules of all options exchanges. See Notice, *supra* note 3, at 12420.

⁶² *Id.*

⁶³ 15 U.S.C. 78f(b)(1), 78f(b)(5), 78f(b)(8).

⁶⁵ 17 CFR 200.30-3(a)(12).

L.L.C., Benefit Street Partners L.L.C., and certain of their affiliated entities as described in Appendix A to the application.

FILING DATES: The application was filed on April 11, 2025, and amended on April 24, 2025 and April 29, 2025.

HEARING OR NOTIFICATION OF HEARING: An order granting the requested relief will be issued unless the Commission orders a hearing. Interested persons may request a hearing on any application by emailing the SEC's Secretary at Secretarys-Office@sec.gov and serving the Applicants with a copy of the request by email, if an email address is listed for the relevant Applicant below, or personally or by mail, if a physical address is listed for the relevant Applicant below. Hearing requests should be received by the Commission by 5:30 p.m. on May 27, 2025, and should be accompanied by proof of service on the Applicants, in the form of an affidavit or, for lawyers, a certificate of service. Pursuant to rule 0-5 under the Act, hearing requests should state the nature of the writer's interest, any facts bearing upon the desirability of a hearing on the matter, the reason for the request, and the issues contested. Persons who wish to be notified of a hearing may request notification by emailing the Commission's Secretary at Secretarys-Office@sec.gov.

ADDRESSES: The Commission: Secretarys-Office@sec.gov. Applicants: Todd Lebo, Esq., Franklin Templeton, and Richard J. Byrne, Benefit Street Partners L.L.C., One Madison Avenue, New York, NY 10010; David W. Blass, Esq., David.Blass@stblaw.com, Ryan P. Brizek, Esq., Ryan.Brizek@stblaw.com, Steven Grigoriou, Esq., Steven.Grigoriou@stblaw.com, and Debra Sutter, Esq., Debra.Sutter@stblaw.com, Simpson Thacher & Bartlett LLP, 900 G Street NW, Washington, DC 20001.

FOR FURTHER INFORMATION CONTACT: Adam Large, Senior Special Counsel, Jill Ehrlich, Senior Counsel, or Daniele Marchesani, Assistant Chief Counsel, at (202) 551-6825 (Division of Investment Management, Chief Counsel's Office).

SUPPLEMENTARY INFORMATION: For Applicants' representations, legal analysis, and conditions, please refer to Applicants' second amended application, dated April 29, 2025, which may be obtained via the Commission's website by searching for the file number at the top of this document, or for an Applicant using the Company name search field, on the SEC's EDGAR system.

The SEC's EDGAR system may be searched at <https://www.sec.gov/edgar/searchedgar/companysearch.html>. You may also call the SEC's Office of Investor Education and Advocacy at (202) 551-8090.

For the Commission, by the Division of Investment Management, under delegated authority.

Sherry R. Haywood,
Assistant Secretary.

SELECTIVE SERVICE SYSTEM

Forms Submitted to the Office of Management and Budget for Extension of Clearance

AGENCY: Selective Service System.

ACTION: Notice.

The following forms have been submitted to the Office of Management and Budget (OMB) for reinstating an expired collection clearance in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35):

SSS Forms 2, 3A, 3B, and 3C

Title: Selective Service System Change of Information, Correction/Change Form, and Registration Status Forms.

Purpose: To ensure the accuracy and completeness of the Selective Service System registration data.

Respondents: Registrants are required to report changes or corrections in data submitted on the SSS Form 1.

Frequency: When changes in a registrant's name or address occur.

Burden: A burden of two minutes or less on the individual respondent.

Change: None.

Copies of the above-identified forms can be obtained upon written request to the Selective Service System, Public & Intergovernmental Affairs Directorate, 1501 Wilson Boulevard, Arlington, Virginia 22209.

Written comments and recommendations for the proposed reinstating an expired collection clearance of the forms should be sent within 60 days of the publication of this notice to: Selective Service System, Public & Intergovernmental Affairs Directorate, 1501 Wilson Boulevard, Arlington, Virginia 22209.

A copy of the comments should be sent to the Office of Information and Regulatory Affairs, Attention: Desk Officer, Selective Service System, Office of Management and Budget, New

Executive Office Building, Room 3235, Washington, DC 20503.

Daniel A. Lauretano, Sr.,

General Counsel/Federal Register Liaison.

BILLING CODE 8015-01-P

SMALL BUSINESS ADMINISTRATION

Data Collection Available for Public Comments

ACTION: 60-Day notice of information collection and request for comments.

SUMMARY: The Small Business Administration (SBA) intends to request approval from the Office of Management and Budget (OMB) for the collection of information described below. The Paperwork Reduction Act (PRA) of 1995 requires Federal agencies to publish a notice in the **Federal Register** concerning each proposed collection of information before submission to OMB, and to allow 60 days for public comment in response to the notice. This notice complies with that requirement.

DATES: Submit comments on or before July 7, 2025.

ADDRESSES: Send all comments to Shay Meinzer, Lead Program Evaluator, shay.meinzer@sba.gov.

FOR FURTHER INFORMATION CONTACT: Shay Meinzer, Lead Program Evaluator, Office of Strategic Management and Enterprise Integrity, Small Business Administration, shay.meinzer@sba.gov, 202-539-1429.

SUPPLEMENTARY INFORMATION: The SBA intends to design and conduct evidence-building activities of SBA programs. SBA's evidence-building activities include formative evaluations of existing programs, process, and new initiatives; logic model development and testing; process or journey mapping; research syntheses; survey, questionnaire, and metric development; analysis; and foundational fact-finding through descriptive and exploratory studies.

Under this generic clearance, the SBA would engage in a variety of techniques to collect information from the public, including grantees, current and potential program providers and participants, researchers, practitioners, and other stakeholders. Participation in data collections is strictly voluntary. The information will provide insights into the public's perceptions, experience, and expectations, and be used to

- maintain a rigorous and relevant evaluation and research agenda,

- inform the development of SBA's evidence-building activities,
- inform the delivery of targeted assistance and workflows related to program and grantee processes,
- inform the development and refinement of recordkeeping and communication systems,
- plan for provision of programmatic or evidence-capacity-related training or technical assistance,
- obtain grantee or stakeholder input on the development or refinement of program logic models, evaluations, and performance measures, and
- test activities to strengthen programs in preparation for summative evaluations.

The aggregated results of this work may be prepared for presentation at professional meetings or disseminated in evaluation reports, research papers, and professional journals. When necessary, results will be labeled as formative or exploratory.

Solicitation of Public Comments: The SBA requests comments on (a) whether the collection of information is necessary for the agency to perform its functions properly; (b) whether the burden estimates are accurate; (c) whether there are ways to minimize the burden, including through the use of automated techniques or other forms of information technology; and (d) whether there are ways to enhance the quality, utility, and clarity of the information collected.

Summary of Information Collection

OMB Control Number: 3245-0425.

Title: Generic Clearance Formative Data Collections for Evaluation, Research, and Evidence-Building.

Description of Respondents: Grantees, current and potential program providers and participants, researchers, practitioners, and other stakeholders.

Total Estimated Annual Responses: 5,000.

Total Estimated Annual Hour Burden: 2,500.

Curtis B. Rich,

Agency Clearance Officer.

[FR Doc. 2025-07822 Filed 5-5-25; 8:45 am]

BILLING CODE 8026-09-P

SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA-2025-0013]

Maximum Dollar Limit in the Fee Agreement Process; Partial Rescission

AGENCY: Social Security Administration (SSA).

ACTION: Notice.

SUMMARY: SSA is retaining in part and rescinding in part the **Federal Register** Notice (FRN) that we published on May 10, 2024. With the publication of this Notice the \$9,200 fee cap will remain in effect, and we will only publish a notice in the **Federal Register** when increasing the fee cap, as the Social Security Act (Act) requires.

DATES: This Notice will be applicable on May 6, 2025.

FOR FURTHER INFORMATION CONTACT:

Jennifer Pecora, Office of Vocational, Evaluation, and Process Policy in the Office of Disability Policy, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235-6401. Phone (410) 597-1724, email: Jennifer.Pecora@ssa.gov.

For information on eligibility or filing for benefits, call the SSA national toll-free number, 1-800-772-1213 or TTY 1-800-325-0778, or visit SSA's internet site, Social Security Online at <http://www.socialsecurity.gov>.

SUPPLEMENTARY INFORMATION: Pursuant to section 206(a)(2)¹ of the Act, the Commissioner of SSA establishes the maximum fee that a representative may charge and collect from claimants for successful representation in cases before SSA under the fee agreement process. The Act limits the maximum fee to the lesser of 25 percent of the past-due benefits or a fixed dollar amount (fee cap). The Act allows the Commissioner to periodically increase the fee cap, and it requires the Commissioner to publish a notice announcing any increase in the fee cap in the **Federal Register**.²

On May 10, 2024, SSA published an FRN (89 FR 40523) announcing an increase in the representative fee cap to \$9,200, effective November 30, 2024. Additionally, the May 10, 2024, FRN announced that starting January 2026, SSA would annually publish an FRN addressing the maximum dollar amount for fee agreements and providing a rationale for either increasing or maintaining the maximum dollar amount based upon the COLA for the prior year.

Pursuant to this Notice, we will maintain the increased fee cap of \$9,200, which was effective November 30, 2024. However, SSA has determined that, consistent with the Act, we will not publish an FRN each year providing a rationale for either increasing or not increasing the fee cap, but will only publish a notice in the **Federal Register** when increasing the fee cap. We have determined that publishing an FRN each year regardless of whether we increase

the fee cap would impose unnecessary administrative burdens and resource expenditures that the Act does not mandate. This decision aligns SSA's policies with Administration priorities to most efficiently allocate agency resources.

Leeland Dudek,

Acting Commissioner, Social Security Administration.

BILLING CODE 4710-05-P

SUSQUEHANNA RIVER BASIN COMMISSION

Commission Meeting

AGENCY: Susquehanna River Basin Commission.

ACTION: Notice.

SUMMARY: The Susquehanna River Basin Commission will conduct its regular business meeting on June 4, 2025 in Harrisburg, Pennsylvania. Details concerning the matters to be addressed at the business meeting are contained in the **SUPPLEMENTARY INFORMATION** section of this notice. Also, the Commission published a document in the **Federal Register** on March 28, 2025 concerning its public hearing on April 24, in Harrisburg, Pennsylvania.

DATES: The meeting will be held on Wednesday, June 4, 2025 at 2:30 p.m.

ADDRESSES: This public meeting will be conducted in person and digitally from the Susquehanna River Basin Commission at 4423 North Front Street, Harrisburg, Pennsylvania.

FOR FURTHER INFORMATION CONTACT: Jason E. Oyler, General Counsel and Secretary to the Commission, telephone: 717-238-0423; fax: 717-238-2436.

SUPPLEMENTARY INFORMATION: The business meeting will include actions or presentations on the following items: (1) Adoption of an updated Dry Cooling Resolution; (2) Adoption of the FY2026 Budget Reconciliation; (3) Approval of contract and grants; (4) Adoption of a Policy on the Acceptance of Gifts and Other Funds; (5) Adoption of the Annual Update to the Water Resources Program; and (6) 27 actions on 18 regulatory program projects.

This agenda is complete at the time of issuance, but other items may be added, and some stricken without further notice. The listing of an item on the agenda does not necessarily mean that the Commission will take final action on it at this meeting. When the Commission does take final action, notice of these actions will be published in the **Federal Register** after the meeting. Any actions specific to projects will also be provided in writing directly to project sponsors.

¹ 42 U.S.C. 406(a)(2)(A).

² *Id.*

The meeting will be conducted both in person and digitally at the Susquehanna River Basin Commission, 4423 North Front Street, Harrisburg, Pennsylvania. The public is invited to attend the Commission's business meeting. The public may access the Business Meeting remotely via Zoom: <https://us02web.zoom.us/j/81256961855?pwd=JjtXeSxCauchJQlToIUFAQxovbT55N.1> Meeting ID 812 5696 1855; Passcode: SRBC4423! or via telephone: 929-436-2866 or 301-715-8592.

A public hearing and written comment period was provided for the actions on the 18 projects and the comment period on those proposed actions is closed. Written comments pertaining to all other items on the agenda at the business meeting may be mailed to the Susquehanna River Basin Commission, 4423 North Front Street, Harrisburg, Pennsylvania 17110-1788, or submitted electronically at the link Business Meeting Comments. Comments are due to the Commission for all items on the business meeting agenda on or before June 2, 2025. Comments will not be accepted at the business meeting noticed herein.

Authority: Pub. L. 91-575, 84 Stat. 1509 *et seq.*, 18 CFR parts 801, 806, and 808.

Dated: May 1, 2025.

Jason E. Oyler,

General Counsel and Secretary to the Commission.

BILLING CODE 7040-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No.: FAA-2025-0439; Summary Notice No.—2025-26]

Petition for Exemption; Summary of Petition Received; Aerovias del Continente Americano

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of Federal Aviation Regulations. The purpose of this notice is to improve the public's awareness of, and participation in, the FAA's exemption process. Neither publication of this notice nor the inclusion nor omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before May 27, 2025.

ADDRESSES: Send comments identified by docket number [FAA-2025-0439] using any of the following methods:

- *Federal eRulemaking Portal:* Go to <https://www.regulations.gov> and follow the online instructions for sending your comments electronically.

- *Mail:* Send comments to Docket Operations, M-30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12-140, West Building Ground Floor, Washington, DC 20590-0001.

- *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590-0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- *Fax:* Fax comments to Docket Operations at (202) 493-2251.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to <https://www.regulations.gov>, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.dot.gov/privacy>.

Docket: Background documents or comments received may be read at <https://www.regulations.gov> at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590-0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Jake Troutman, (202) 267-2928, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC.

Dan A. Ngo,

Manager, Part 11 Petitions Branch, Office of Rulemaking.

Petition for Exemption

Docket No.: FAA-2025-0439.

Petitioner: AEROVIAS DEL CONTINENTE AMERICANO.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2025-0024]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This document provides the public notice that Florida Gulf & Atlantic Railroad (FGA) petitioned FRA seeking approval to discontinue or modify a signal system.

DATES: FRA must receive comments on the petition by June 5, 2025. FRA will

consider comments received after that date to the extent practicable.

ADDRESSES:

Comments: Comments related to this docket may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information. Please see the Privacy Act heading in the **SUPPLEMENTARY INFORMATION** section of this document for Privacy Act information related to any submitted comments or materials.

Docket: For access to the docket to read background documents or comments received, go to <https://www.regulations.gov> and follow the online instructions for accessing the docket.

FOR FURTHER INFORMATION CONTACT:

Scott Johnson, Railroad Safety Specialist, FRA Signal, Train Control, and Crossings Division, telephone: 406-210-3608, email: scott.j.johnson@dot.gov.

SUPPLEMENTARY INFORMATION: Under part 235 of title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that by letter dated February 26, 2025, FGA petitioned FRA seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA-2025-0024.

Specifically, FGA requests to discontinue the centralized traffic control (CTC) system on the Tallahassee Subdivision, from milepost (MP) 693.3 to MP 802.0. FGA intends to remove the "outdated" CTC system and install "switch point approach signal indicators, DTMF Systems, and self-restoring switches at five siding locations between Baldwin and Tallahassee, as well as the switch accessing the Bainbridge Line at Tallahassee." Train operation would then use track warrant control, which is used on FGA's other two subdivisions.

In support of the request, FGA states that it is difficult to find parts for the current CTC system, as the relays required are no longer produced, and the system frequently fails. Further, the CTC system sometimes "hinders operations by slowing down the switching operations when blocking or organizing interchange traffic." FGA adds that the new DTMF system will provide broken rail protection and there is no potential for head-on or rear-end

collisions at either interlocking in the subject area.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by June 5, 2025 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Privacy Act

Anyone can search the electronic form of any written communications and comments received into any of FRA's dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. See also <https://www.regulations.gov/privacy-notice> for the privacy notice of [regulations.gov](https://www.regulations.gov).

Issued in Washington, DC.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2025-0036]

Notice of Petition for Extension of Waiver of Compliance

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This document provides the public notice that Steam into History,

Inc. d/b/a Northern Central Railway of York (NCRA) petitioned FRA for an extension of relief from certain regulations concerning stenciling of rail cars.

DATES: FRA must receive comments on the petition by June 5, 2025. FRA will consider comments received after that date to the extent practicable.

ADDRESSES:

Comments: Comments related to this docket may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information. Please see the Privacy Act heading in the **SUPPLEMENTARY INFORMATION** section of this document for Privacy Act information related to any submitted comments or materials.

Docket: For access to the docket to read background documents or comments received, go to <https://www.regulations.gov> and follow the online instructions for accessing the docket.

FOR FURTHER INFORMATION CONTACT: Derrick Griffith, Railroad Safety Specialist, FRA Motive Power & Equipment Division, email: derrick.griffith@dot.gov, phone: 202-366-4000.

SUPPLEMENTARY INFORMATION: Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letters received February 24, 2025, and March 20, 2025, NCRA petitioned FRA to extend a special approval pursuant to 49 CFR part 215 (Railroad Freight Car Safety Standards), and to extend a waiver of compliance from certain provisions of the Federal railroad safety regulations contained in part 215. The relevant Docket Number is FRA-2025-0036.

Specifically, NCRA requests to extend the relief granted in Docket Numbers FRA-2013-0057 and FRA-2020-0067. FRA is combining the requests into this new single docket (FRA-2025-0036). NCRA asks to extend the previous special approval pursuant to § 215.203, *Restricted cars*, for 5 cars (NCR 127, NCR 150, NCR 840, NCR 613, and SIHX 820) that are more than 50 years from the dates of original construction. NCRA also seeks to extend relief from § 215.303, *Stenciling of restricted cars*. In its petition, NCRA states that the cars will be used in excursion service and

will be operated at a maximum speed of 25 miles per hour.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by June 5, 2025 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Privacy Act

Anyone can search the electronic form of any written communications and comments received into any of FRA's dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>.
