

Staff will then prepare a draft EIS that will be issued for public comment. Commission staff will consider all timely comments received during the comment period on the draft EIS, and revise the document, as necessary, before issuing a final EIS. Any EA or draft and final EIS will be available in electronic format in the public record through eLibrary² and the Commission's natural gas environmental documents web page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). If eSubscribed, you will receive instant email notification when the environmental document is issued.

With this notice, the Commission is asking agencies with jurisdiction by law and/or special expertise with respect to the environmental issues related to this project to formally cooperate in the preparation of the environmental document.³ Agencies that would like to request cooperating agency status should follow the instructions for filing comments provided under the *Public Participation* section of this notice.

Consultation Under Section 106 of the National Historic Preservation Act

In accordance with the Advisory Council on Historic Preservation's implementing regulations for section 106 of the National Historic Preservation Act, the Commission is using this notice to initiate consultation with the applicable State Historic Preservation Office(s), and to solicit their views and those of other government agencies, interested Indian tribes, and the public on the project's potential effects on historic properties.⁴ The environmental document for this project will document our findings on the impacts on historic properties and summarize the status of consultations under section 106.

Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries

and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project and includes a mailing address with their comments. Commission staff will update the environmental mailing list as the analysis proceeds to ensure that Commission notices related to this environmental review are sent to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project.

If you need to make changes to your name/address, or if you would like to remove your name from the mailing list, please complete one of the following steps:

(1) Send an email to GasProjectAddressChange@ferc.gov stating your request. You must include the Docket Number CP25–219–000 in your request. If you are requesting a change to your address, please be sure to include your name and the correct address. If you are requesting to delete your address from the mailing list, please include your name and address as it appeared on this notice. *This email address is unable to accept comments.*

OR

(2) Return the attached "Mailing List Update Form" (Appendix 2).

o. With this notice, we are soliciting comments on the PAD and Commission staff's Scoping Document 1 (SD1), as well as study requests. All comments on the PAD and SD1, and study requests should be sent to the address above in paragraph h. In addition, all comments on the PAD and SD1, study requests, requests for cooperating agency status, and all communications to and from Commission staff related to the merits of the potential application must be filed with the Commission.

The Commission strongly encourages electronic filing. Please file all documents using the Commission's eFiling system at <https://ferconline.ferc.gov/FERC.aspx>.

Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <https://ferconline.ferc.gov/QuickComment.aspx>. For assistance, please contact FERC Online Support. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue Rockville, Maryland 20852. The first page of any filing should include docket number P-1881-122.

All filings with the Commission must bear the appropriate heading: "Comments on Pre-Application Document," "Study Requests," "Comments on Scoping Document 1," "Request for Cooperating Agency Status," or "Communications to and from Commission Staff." Any individual or entity interested in submitting study requests, commenting on the PAD or SD1, and any agency requesting cooperating status must do so on or before 5:00 p.m. Eastern Daylight Time (EDT) on July 31, 2025.

p. Scoping Process: Pursuant to the National Environmental Policy Act (NEPA), Commission staff will prepare either an environmental assessment (EA) or an environmental impact statement (EIS) (collectively referred to as the "NEPA document"). The NEPA document will consider both site-specific and cumulative environmental effects, and reasonable alternatives to the proposed action.

Scoping Meetings

Commission staff will hold two scoping meetings for the project to receive input on the scope of the NEPA document. We invite all interested agencies, Native American Tribes, NGOs, and the public to attend one or both meetings to assist us in identifying the scope of environmental issues that should be analyzed in the NEPA document. The dates and times of the scoping meetings are listed below.

Daytime Scoping Meeting

Date: Wednesday, June 25, 2025.

Time: 1:00 p.m. to 3:00 p.m. EDT.

Location: DoubleTree Resort, 2400 Willow Street Pike, Lancaster, Pennsylvania.

Evening Scoping Meeting

Date: Wednesday, June 25, 2025.

Time: 6:00 p.m. to 8:00 p.m. EDT.

Location: DoubleTree Resort, 2400 Willow Street Pike, Lancaster, Pennsylvania.

Copies of SD1, outlining the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list and BIF III Holtwood's PAD distribution list. Copies of SD1 may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

BIF III Holtwood and Commission staff will hold an environmental site review of the Holtwood Project from 9:00 a.m. to 3:30 p.m. EDT, June 26, 2025. All interested individuals, agencies, Tribes, and NGOs are invited to attend. Please RSVP to Mr. Luke Anderson of BIF III Holtwood at luke.anderson@brookfieldrenewable.com no later than June 20, 2025 to register for the environmental site review. For administrative purposes, BIF III Holtwood prefers interested persons to RSVP by email.

Participants will meet at 482 Old Holtwood Road, Holtwood, Pennsylvania (coordinates: 39.83239, -76.33027). Take Route 372/Holtwood Road and turn onto River Road. Continue on River Road for 0.4 mile. Turn left onto Old Holtwood Road and continue for 1.7 miles downhill to arrive at the security gate. Security will provide parking instructions inside the gated area. BIF III Holtwood employees will greet and direct visitors to the meeting area. Please arrive by 8:45 a.m.

The site review will include the project powerhouse and dam from 9:00 a.m. to 12:00 p.m. and recreation sites (Whitewater Boating Park, Lock 12 Historic Area, Pequea Creek Recreation Area) from 12:30 p.m. to 3:30 p.m. All persons attending the environmental site review must adhere to the following requirements: (1) all persons must wear sturdy, closed-toe shoes or boots; (2) persons with open-toed shoes/sandals/flip flops/high heels, etc. will not be allowed on the environmental site

review; (3) persons must be 18 years or older; (4) no photography will be allowed inside the powerhouse; (5) no weapons are allowed on-site; (6) no alcohol/drugs are allowed on-site (or persons exhibiting the effects thereof); and (7) no animals (except for service animals) are allowed on the environmental site review.

Meeting Procedures

Agencies, Native American Tribes, NGOs, and individuals with environmental expertise and concerns are encouraged to attend the meetings and to assist the staff in defining and clarifying the issues to be addressed in the NEPA document. At the start of each meeting, Commission staff will provide a brief overview of the meeting format and objectives. Individual oral comments will be taken on a one-on-one basis with a court reporter (with Commission staff present). This format is designed to receive the maximum number of oral comments in a convenient way during the timeframe allotted. If you wish to speak, Commission staff will hand out numbers in the order of your arrival. If all individuals who wish to provide comments have had an opportunity to do so, Commission staff may conclude the meeting a half hour earlier than the scheduled time. Please see appendix C of the SD1 for additional information on the session format and conduct.¹

Scoping comments will be recorded by the court reporter and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system. If a significant number of people are interested in providing oral comments in the one-on-one settings, a time limit may be implemented for each commentor.

It is important to note that the Commission provides equal consideration to all comments received, whether filed in writing or provided orally at a scoping session. Although there will not be a formal presentation, Commission staff will be available throughout the scoping meeting(s) to answer your questions about the environmental review process. Representatives from BIF III Holtwood will also be present to answer project-specific questions.

¹ The appendix referenced in this notice will not appear in the **Federal Register**. A copy of the appendix was sent to all those receiving this notice in the mail and is available at www.ferc.gov using the "eLibrary" link. For assistance, contact FERC at FERCOnlineSupport@ferc.gov, or (866) 208-3676 (toll free) or (202) 502-8659 (TTY).

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP25-19-000]

Southern Star Central Gas Pipeline, Inc.; Supplemental Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Cedar Vale Compressor Station Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document, that will discuss the environmental impacts of the proposed Cedar Vale Compressor Station Project (Cedar Vale Project) involving the construction and operation of facilities by Southern Star Central Gas Pipeline, Inc. (Southern Star) in Osage County, Oklahoma. The Commission will use this environmental document in its decision-making process to determine whether the project is in the public convenience and necessity.

On January 7, 2025, the staff of the Office of Energy Projects issued the *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Cedar Vale Compressor Station Project*. With this *Supplemental Notice of Scoping*, we are specifically seeking comments on alternate compressor station locations. In its application submitted on November 18, 2024, Southern Star identified two alternate compressor station locations (Alternatives A and B).¹ Subsequent analysis by Commission environmental staff resulted in the identification of a third alternate compressor station location (Alternative C).² See Appendix 1 for the locations of the three alternate compressor station locations.³ Additional details on these locations are

¹ See accession no. 20241118-5109 on eLibrary: Alternatives (Public—Volume 1—Exhibit F-1—RR10.pdf) and Figures 13-16 in Appendix 1A (Public—Volume 1—Exhibit F-1—RR1.pdf).

² See accession no. 20250219-3019 on eLibrary: CP25-19 Cedar Vale EIR.pdf.

³ The appendices referenced in this notice will not appear in the **Federal Register**. Copies of the appendices were sent to all those receiving this notice in the mail and are available at www.ferc.gov using the link called "eLibrary." For instructions on connecting to eLibrary, refer to the last page of this notice. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll free, (866) 208-3676 or TTY (202) 502-8659.

provided below. Commission environmental staff are assessing the potential impacts of the proposed compressor station location and the three alternate locations. This *Supplemental Notice of Scoping* provides potentially affected landowners and other stakeholders an opportunity to comment on the potential environmental impacts of the alternative compressor station locations.

This supplemental notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies regarding the project. As part of the National Environmental Policy Act (NEPA) review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. This gathering of public input is referred to as "scoping." The main goal of the scoping process is to focus the analysis in the environmental document on the important environmental issues. Additional information about the Commission's NEPA process is described below in the *NEPA Process and Environmental Document* section of this notice.

By this notice, the Commission requests public comments on the scope of issues to address in the environmental document. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC on or before 5:00 p.m. Eastern Time on Monday, June 30, 2025. Comments may be submitted in written form. Further details on how to submit comments are provided in the *Public Participation* section of this notice.

Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the environmental document. Commission staff will consider all written comments during the preparation of the environmental document.

If you submitted comments on this project to the Commission *before* the opening of this docket on November 18, 2024, you will need to file those comments in Docket No. CP25-19-000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project which
