Scope of the Investigation

The product covered by this investigation is vanillin from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

We received no comments from interested parties on the scope of the investigation as it appeared in the *Preliminary Determination*. Therefore, we made no changes to the scope of the investigation from that published in the *Preliminary Determination* for the final determination.

Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), Commerce conducted verification of the sales and factors of production information submitted by Jiangxi Brother Pharmaceutical Co., Ltd. (Jiangxi Brother).³ We used standard verification procedures, including an examination of relevant sales and accounting records, and original source documents provided by Jiangxi Brother.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs submitted by interested parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice as Appendix II.

Changes Since the Preliminary Determination

Based on a review of the record and comments received from interested parties regarding the *Preliminary Determination*, and in consideration of Commerce's verification findings, we made changes consistent with the pre-verification minor corrections and our verification findings with respect to Jiangxi Brother.⁴

³ See Memorandum, "Verification of Jiangxi Brother Pharmaceutical Co., Ltd.," dated April 10, 2025.

⁴ For a full description of these changes, see Issues and Decision Memorandum.

China-Wide Entity and Use of Adverse Facts Available

Consistent with the *Preliminary Determination*,⁵ Commerce continues to find that, pursuant to sections 776(a) and (b) of the Act, the use of facts otherwise available, with adverse inferences, is warranted in determining the dumping rate for the China-wide entity.⁶ For this final determination, there is no new information on the record that would cause us to reconsider our preliminary decision. Therefore, as facts available with adverse inference, we assigned the final rate of 379.87

percent, which is the highest individual sale margin calculated in this investigation,⁷ to the China-wide entity.

Separate Rates

We received comments⁸ on our preliminary separate rate determination.⁹ Based on our analysis of the comments received, our preliminary determination with respect to separate rate eligibility continues to be unchanged in the final determination.¹⁰

Combination Rates

Consistent with the *Preliminary Determination* and Policy Bulletin 05.1,¹¹ Commerce calculated a producer/exporter combination rate for Jiangxi Brother and assigned this rate to the companies eligible for a separate rate.¹²

Final Determination

Commerce determines that the following estimated weighted-average dumping margins exist for the period, October 1, 2023, through March 31, 2024:

Exporter	Producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent) ¹³

Disclosure

Commerce intends to disclose the calculations performed in this final determination to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of subject merchandise, as described in Appendix I of this notice, which were entered, or withdrawn from warehouse, for consumption, on or after January 16, 2025, the date of publication of the *Preliminary Determination* in the **Federal Register**. These suspension of

liquidation instructions will remain in effect until further notice.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), upon publication of this notice, we will instruct CBP to require a cash deposit for estimated antidumping duties for appropriate entries.

Commerce will instruct CBP to require the following cash deposits of estimated antidumping duties for all appropriate entries: (1) for the producer/exporter combinations listed in the table above, the applicable cash deposit rate is listed in the table for that combination; (2) for all combinations of Chinese producers/exporters of the merchandise under consideration that have not established eligibility for separate rates, the cash deposit rate will be equal to the estimated weighted-average dumping margin established for the China-wide entity; and (3) for all third country exporters of merchandise under consideration not listed in the table above, the cash deposit rate is the

cash deposit rate applicable to the Chinese producer/exporter combination (or China-wide entity) that supplied that third-country exporter or, if the exporter/producer combination does not have its own rate, the cash deposit rate will be the China-wide rate. These suspension of liquidation instructions will remain in effect until further notice.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of export subsidies countervailed in a companion countervailing duty (CVD) proceeding, when CVD provisional measures are in effect. Accordingly, where Commerce has made a final affirmative determination for countervailable export subsidies, Commerce offsets the estimated weighted-average dumping margin by the appropriate CVD rate. Commerce has continued to adjust the cash deposit rate for export subsidies in the companion CVD investigation by the appropriate export subsidy rate as

indicated in the above chart. However, the suspension of liquidation of provisional measures in the companion CVD case has been discontinued;¹⁴ therefore, we are not instructing CBP to collect cash deposits based upon the adjusted estimated weighted-average dumping margin for those export subsidies at this time. If the U.S. International Trade Commission (ITC) makes a final affirmative determination of injury due to both dumping and subsidies, then the cash deposit rate will be revised effective on the date of the publication of the ITC's final affirmative determination in the **Federal Register** to be the company-specific estimated weighted-average dumping margin adjusted for export subsidies.

ITC Notification

In accordance with section 735(d) of the Act, Commerce will notify the ITC of its final affirmative determination of sales at LTFV. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of vanillin. If the ITC determines that material injury or threat of material injury does not exist, this proceeding will be terminated, all cash deposits posted will be refunded, and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed in the "Continuation of Suspension of Liquidation" section above.

Administrative Protective Order (APO)

This notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the

disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: June 2, 2025.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
