

Anyone may intervene in this proceeding based on this draft EIS (18 CFR 380.10). You must file your request to intervene as specified above.² You do not need intervenor status to have your comments considered.

In addition to or in lieu of sending written comments, you are invited to attend a public comment session that will be held to receive comments on the draft EIS. Commission staff will hold two sessions for the purpose of receiving comments on the draft EIS. All interested individuals and entities will be invited to attend one or both of the sessions. The dates and times of the sessions are listed below.

Evening Comment Session

Date: Wednesday, July 16, 2025.

Time: 6:00 p.m. to 8:00 p.m.

Location: Greenfield Community College, One College Drive, Greenfield, Massachusetts 01301.

Daytime Comment Session

Date: Wednesday, July 16, 2025.

Time: 9:00 a.m. to 11:00 a.m.

Location: Greenfield Community College, One College Drive, Greenfield, Massachusetts 01301.

The sessions will begin promptly at their respective start times listed above. There will not be a formal presentation by Commission staff when the session opens, and you may arrive any time after the scheduled start time. Individual oral comments will be taken on a one-on-one basis with a court reporter (with Commission staff present). This format is designed to receive the maximum number of oral comments in a convenient way during the timeframe allotted. If you wish to speak, Commission staff will hand out numbers in the order of your arrival. If a significant number of people are interested in providing oral comments with the court reporter, a time limit may be implemented for each commentor. Although there will not be a formal presentation, Commission staff will be available throughout the comment session to answer your questions about the environmental review process. Please see the attachment to this notice for additional information on the session format and conduct.

The primary goal of these comment sessions is to have you identify the specific environmental issues and concerns with the draft EIS. Comments will be recorded by the court reporter and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system.

² Interventions may also be filed electronically via the internet in lieu of paper. See the previous discussion on filing comments electronically.

It is important to note that the Commission provides equal consideration to all comments received, whether filed in writing or provided orally at a public comment session. Interested parties who choose not to speak or who are unable to attend the draft EIS comment sessions may provide written comments and information to the Commission as described above.
