Final Results of Review

Although AYM submitted a case brief, it did not request any changes to the *Preliminary Results* in this review. In AYM's case brief, it requested that Commerce revise the final liquidation instructions to reflect the full name of the company "AYM Syntex Limited."⁴ While Commerce accepts the request to revise the final liquidation instructions, the request does not change the final results in this administrative review.

As a result of this review, we determine the following estimated weighted-average dumping margin exists for the POR:

Exporter or producer	Weighted-average dumping margin (percent)
AYM Syntex Limited	0.00

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results*, there are no new calculations to disclose in accordance with 19 CFR 351.224(b) for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For AYM, because its weighted-average dumping margin is zero, we will instruct CBP to liquidate entries reported in this review without regard to antidumping duties. Consistent with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by AYM for which it did not know its merchandise was destined for the United States (*i.e.*, entries sold through

a reseller, trading company, or exporter), we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁵

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date in the **Federal Register** of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for AYM Syntex Limited will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by a company not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, or a previous segment, but the producer is, the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 13.50 percent,⁶ the all-others rate established in the less than fair value investigation.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate

regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties and/or increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Oil Country Tubular Goods From Argentina: Final Results of Antidumping Duty Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Siderca S.A.I.C. (Siderca), the sole mandatory respondent in this administrative review, and a producer and exporter of oil country tubular goods (OCTG) from Argentina, made sales of subject merchandise at less than normal value during the period of review (POR) May 11, 2022, through October 31, 2023.

SUPPLEMENTARY INFORMATION:

Background

On December 9, 2024, Commerce published in the **Federal Register** the preliminary results of this administrative review of the antidumping duty order¹ on OCTG from Argentina and invited interested parties to comment.² Also, on December 9, 2024, Commerce tolled the deadline to issue the final results in this administrative review by 90 days.³ Accordingly, the deadline for these final results is now July 7, 2025. A summary of the events that occurred since the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, are discussed in the Issues and Decision Memorandum.⁴ Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The merchandise covered by the *Order* is OCTG from Argentina. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this administrative review are addressed in the Issues and Decision Memorandum and listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file

Changes Since the Preliminary Results

Based on our review of the record, including comments received from interested parties regarding our *Preliminary Results* and for the reasons explained in the Issues and Decision Memorandum, we made a change to the calculation of Siderca’s weighted-average dumping margin for the final results of review.

Final Results of Review

We determine that the following estimated weighted-average dumping margin exists for the period May 11, 2022, through October 31, 2023:

Exporter	Weighted-average dumping margin (percent)
Siderca S.A.I.C	6.76

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Because Siderca’s weighted-average final dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we calculated an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer’s examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1).⁶

⁶ In these final results, Commerce applied the assessment rate calculation method adopted in

For entries of subject merchandise during the POR produced by Siderca for which it did not know that the merchandise it sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined to the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁷

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired, *i.e.*, within 90 days of publication.

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the respondent will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by a company not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or the investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 78.30 percent, the all-others rate established in the investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

⁸ See *Order*, 87 FR at 70786.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: June 5, 2025.
