

individuals (participants, beneficiaries, and alternate payees) in connection with benefit entitlement or amounts. A small number of appeals are filed by companies in connection with other matters, such as plan coverage under section 4021 of ERISA or liability under sections 4062(b)(1), 4063, or 4064. For appeals of benefit determinations, PBGC has optional forms for filing appeals (Form 724) and requests for extensions of time to appeal (Form 723). PBGC needs the required information to resolve matters raised in appeals of PBGC's initial determinations.

PBGC is proposing some minor editorial and formatting changes to Forms 723 and 724. In addition, in the Privacy Act Notice section of both forms, it is fixing an erroneous citation and replacing "Social Security Number" with "Customer Identification Number."

The existing collection of information under the regulation has been approved through July 31, 2025, under OMB control number 1212-0061. On April 8, 2025, PBGC published in the **Federal Register** (at 90 FR 15163) a notice informing the public of its intent to request an extension of this collection of information. No comments were received. PBGC is requesting that OMB extend approval of the collection for 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that each year there will be 103 appeals and 29 requests for extensions filed annually under this regulation. The total estimated annual burden of the collection of information is 105 hours and \$9,000.

**SUPPLEMENTARY INFORMATION:** The Pension Benefit Guaranty Corporation (PBGC) is requesting that the Office of Management and Budget (OMB) extend approval under the Paperwork Reduction Act, of a collection of information that is necessary to fulfill various reporting obligations following a cessation of operations at a facility (OMB control number 1212–0073; expires August 31, 2025). This notice informs the public of PBGC's request and solicits public comment on the collection of information.

Section 4062(e) of the Employee Retirement Income Security Act of 1974 (ERISA) imposes reporting obligations in the event of a "substantial cessation of operations." A substantial cessation of operations occurs when a permanent cessation at a facility causes a separation from employment of more than 15 percent of all "eligible employees." "Eligible employees" are employees eligible to participate in any of the facility's employer's employee pension benefit plans. Following a substantial cessation of operations, the facility's employer is treated, with respect to its single-employer pension plans covered by title IV of ERISA that are covering participants at the facility, as if the employer were a withdrawing substantial employer under a multiple employer plan. Under section 4063(a) of ERISA, the Pension Benefit Guaranty Corporation (PBGC) must receive notice of the substantial cessation of operations and a request to determine the employer's resulting liability.

To fulfill such resulting liability, the employer may elect, under section 4062(e)(4)(A), to make additional contributions annually for seven years to plans covering participants at the facility where the substantial cessation of operations took place. Under sections 4062(e)(4)(E)(i)(I), (II), (III), (IV), and (V) respectively, an employer that is making the election for annual additional contributions must give notice to PBGC of: (1) its decision to make the election, (2) its payment of an annual contribution, (3) its failure to pay an annual contribution, (4) its receipt of a funding waiver from the Internal

Revenue Service, and (5) the ending of its obligation to make additional annual contributions

The existing collection of information is approved through August 31, 2025, under OMB control number 1212–0073. On April 8, 2025, PBGC published in the **Federal Register** (at 90 FR 15164) a notice informing the public of its intent to request an extension of this collection of information. No comments were received. PBGC is requesting that OMB extend approval of the collection for 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that, over the next 3 years, it will receive 3 forms in this series each year. PBGC estimates that these forms will be completed by a combination of plan office staff and outside professionals: attorneys and actuaries. PBGC further estimates that the average burden of this information collection will be 8 hours per filer, with a total burden of 24 hours (8 hours × 3 filers). PBGC also estimates that each filer will spend an average of \$8,000 in contractor costs, for an estimated total annual cost burden of \$24,000 (\$8,000 × 3 filers).
