ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OGC–2025–0269; FRL–12814–01–OGC]

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with the Clean Air Act, as amended (CAA or the Act), notice is given of a proposed consent decree in *Little Manila Rising, et al. v.*

U.S. EPA, et al., No. 4:24-cv-07768-HSG. On November 7, 2024, Plaintiffs Little Manila Rising, Medical Advocates for Healthy Air and Sierra Club filed a complaint in the United States District Court for the Northern District of California, alleging that the Environmental Protection Agency (“EPA” or the “Agency”) failed to perform certain non-discretionary duties in accordance with the Act to take final action on a state implementation plan (SIP) revision submitted by the State of California. EPA is providing notice of this proposed consent decree, which would resolve all claims in the case by establishing a deadline for EPA to take final action as specified in the decree.

DATES: Written comments on the proposed consent decree must be received by August 6, 2025.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2025-0269, online at <https://www.regulations.gov> (EPA’s preferred method). Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID number for this action. Comments received may be posted without change to <https://www.regulations.gov>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the “Additional Information about Commenting on the Proposed Consent Decree” heading under the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Abi Vijayan, Air and Radiation Law Office, Office of General Counsel, U.S. Environmental Protection Agency; telephone (202) 564-3178; email address Vijayan.Abi@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining a Copy of the Proposed Consent Decree

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2025-0269) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744 and the telephone number for the OEI Docket is (202) 566-1752.

The electronic version of the public docket for this action contains a copy of the proposed consent decree and is available through <https://www.regulations.gov>. You may use <https://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select “search.”

II. Additional Information About the Proposed Consent Decree

The proposed consent decree would establish a deadline for EPA to take action pursuant to CAA section 110(k) on the San Joaquin Valley Unified Air Pollution Control District’s “2022 Plan for the 2015 8-hour Ozone Standard” and the California Air Resources Board’s (CARB’s) aggregate emissions reduction commitments in a Staff Report titled “CARB Review of the San Joaquin Valley 2022 Plan for the 70 ppb 8-Hour Ozone Standard” (considered together, the “2022 Ozone Plan”), submitted by the State of California on February 23, 2023. The 2022 Ozone Plan addresses the nonattainment area SIP requirements for San Joaquin Valley for the 2015 ozone national ambient air quality standards.

The proposed consent decree would require EPA to file a status report on the Agency’s progress towards action on the 2022 Ozone Plan by October 15, 2025 and would require EPA to sign a notice of final rulemaking by July 17, 2026, and, within 15 business days of signature, to send the required signed notice of final rule to the Office of Federal Register for review and publication.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information About Commenting on the Proposed Consent Decree

Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2025-0269, via <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from this docket.

EPA may publish any comment received to its public docket. Do not submit to EPA’s docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA’s electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA’s preferred method for receiving comments. The electronic public docket system is an “anonymous access” system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be

marked “late.” EPA is not required to consider these late comments.

Gautam Srinivasan,

Associate General Counsel.

ENVIRONMENTAL PROTECTION AGENCY

[EPA–R04–OAR–2024–0556; FRL–12424–01–R4]

Louisville Metro Air Pollution Control District; New Stationary Sources; Delegation of Authority

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of delegation of authority.

SUMMARY: On July 25, 2023, the Louisville Metro Air Pollution Control District (LMAPCD) requested delegation of authority to implement and enforce the New Source Performance Standards (NSPS) under the Clean Air Act (CAA) using the “adopt-by-reference” mechanism. To inform regulated facilities and the public, the Environmental Protection Agency (EPA) is providing notice that it approved the LMAPCD’s request on August 20, 2024.

DATES: On August 20, 2024, EPA sent the LMAPCD a letter approving the LMAPCD’s request for delegation of authority to implement and enforce the Federal NSPS.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R04–OAR–2024–0556 at <https://www.regulations.gov>. Copies of the request for delegation of authority and EPA’s approval letter are included in the docket and are available for public inspection during normal business hours at the following locations: Environmental Protection Agency, Region 4, Air and Radiation Division, Air Analysis and Support Branch, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. Louisville Metro Air Pollution Control District, 701 West Ormsby Avenue, Suite 303, Louisville, Kentucky 40203–3137.

FOR FURTHER INFORMATION CONTACT: Henian Zhang, Regulatory and Community Air Toxics Section, Air Analysis and Support Branch, Air and Radiation Division, Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960, 404–562–8123, or zhang.henian@epa.gov.

SUPPLEMENTARY INFORMATION: On July 25, 2023, EPA received a letter from the

LMAPCD requesting delegation of authority to implement and enforce the Federal NSPS using the “adopt-by-reference” mechanism. Section 111(c)(1) of the CAA authorizes EPA to delegate the authority to implement and enforce the NSPS set out in part 60 of title 40, chapter I, subchapter C of the Code of Federal Regulations (CFR) to State and local agencies that develop and submit to EPA an adequate procedure for implementing and enforcing the NSPS. After a thorough review of the request, EPA has determined that the LMAPCD’s regulations provide an adequate procedure for implementing and enforcing current and future NSPS. EPA, therefore, hereby notifies the public that it has approved the LMAPCD’s request for delegation of authority to implement and enforce all existing promulgated NSPS subparts that are delegable, and any future new or revised subparts that are delegable, using the “adopt-by-reference” mechanism. This approval became effective on August 30, 2024. With this NSPS delegation mechanism in place, once EPA promulgates a new or revised delegable NSPS subpart, delegation of authority from EPA to the LMAPCD will become effective on the date when the delegable NSPS subpart is adopted by the LMAPCD into its local rules. No further requests from the local agency for delegation will be necessary. Likewise, no further **Federal Register** notices will be published.

Under CAA section 111(c)(2), EPA reserves the right to implement the Federal NSPS directly and continues to retain concurrent enforcement authority. Effective August 30, 2024, and unless otherwise specified by the NSPS rules for reporting purposes, the information required pursuant to the Federal NSPS must be submitted by sources located inside the jurisdictional boundaries of the LMAPCD to the following address: Louisville Metro Air Pollution Control District, 701 West Ormsby Avenue, Suite 303, Louisville, Kentucky 40203–3137. The LMAPCD is the primary point of contact with respect to delegated NSPS authorities. For those authorities not delegated, sources must continue to submit all required information to EPA. As mentioned above, this notice acknowledges EPA’s approval of the LMAPCD’s request for delegation of authority to implement and enforce delegable NSPS using the “adopt-by-reference” mechanism.

Dated: June 25, 2025.

Regional Administrator, Region 4.
