Coast Guard

33 CFR Part 100

[Docket No. USCG–2025–0647]

Special Local Regulation; Charlevoix
Venetian Night Boat Parade;
Charlevoix, MI

AGENCY: Coast Guard, DHS.
ACTION: Notice of enforcement of
regulation.

SUMMARY: The Coast Guard will enforce the Charlevoix Venetian Night Boat Parade; Charlevoix, MI special local regulation on the U.S. navigable waters of Round Lake, Charlevoix, MI on July 26, 2025. Enforcement of this regulation is necessary to protect the safety of life and property on these navigable waters prior to, during, and immediately after the Charlevoix Venetian Night Boat Parade. During the enforcement period listed below, entry into, transiting, or anchoring within the regulated area is prohibited unless authorized by the Captain of the Port Northern Great Lakes or a designated representative.

DATES: The regulations in 33 CFR 100.908 will be enforced from 9:30 p.m. to 11 p.m. on July 26, 2025.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email LT Rebecca Simpson, Chief of Waterways Management, division, U.S. Coast Guard; telephone 906–635–3223, email ssmprevention@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the established special local regulation in 33 CFR 100.908 for the Charlevoix Venetian Night Boat Parade; Charlevoix, MI from 9:30 p.m. to 11 p.m. on July 26, 2025. In accordance with the requirements in § 100.908, entry into, transiting, or anchoring within the regulated area is prohibited unless authorized by the Captain of the Port (COTP) Northern Great Lakes or a designated representative. Those seeking permission to enter the regulated area may request permission from the COTP Northern Great Lakes or a designated representative. Vessels and persons

granted permission to enter the regulated area must obey all lawful orders or directions of the Captain of the Port Northern Great Lakes or a designated representative. While within the regulated area, all vessels must operate at the minimum speed necessary to maintain a safe course. In addition to this notice of enforcement in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via Broadcast Notice to Mariners or Local Notice to Mariners. If the COTP Northern Great Lakes determines that the regulated area need not be enforced for the full duration stated in this notice, he or she may suspend such enforcement and notify the public of the suspension via Broadcast Notice to Mariners and grant general permission to enter the regulated area.

Dated: July 11, 2025.
J.R. Bendle,
Captain, U.S. Coast Guard, Captain of the Port Northern Great Lakes.

33 CFR Part 165

[Docket Number USCG–2025–0657]

RIN 1625–AA00

Safety Zone; Little Potato Slough,
Stockton, CA

AGENCY: Coast Guard, DHS.
ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters within a 100-yard radius of the vessels and machinery conducting operations at the site of the vessel CHALEUR in Little Potato Slough near Stockton, CA. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by salvage operations. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port, Sector San Francisco. **DATES:** This rule is effective without actual notice from July 16, 2025 through 11 p.m. August 14, 2025. For the

purposes of enforcement, actual notice will be used from 1 a.m. July 14, 2025 until July 16, 2025.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2025–0657 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email Ensign Saralyn Young, U.S. Coast Guard Sector San Francisco, Waterways Management; telephone 415–399–7443, email SFWaterways@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and
Regulatory History

The Coast Guard is issuing this temporary rule under the authority in 5 U.S.C. 553(b)(B). This statutory provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” The Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the vessel CHALEUR is submerged within Little Potato Slough and the Coast Guard, which must oversee salvage operations, did not receive final details of the plan until July 8, 2025. It is impracticable to publish an NPRM because we must establish this safety zone by July 14, 2025.

Also, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule is impracticable because prompt action is needed to respond to the potential safety hazards associated with the salvage operations to begin on July 14, 2025.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port (COTP) San Francisco has determined that potential hazards associated with the salvage operations of the vessel CHALEUR beginning July 14, 2025, will be a safety concern for anyone within a 100-yard radius of the barges and vessels in Little Potato Slough. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone during salvage operations.

IV. Discussion of the Rule

This rule establishes a safety zone from 1 a.m. on July 14, 2025, until 11 p.m. on August 14, 2025. The safety zone will cover all navigable waters within 100 yards of vessels and machinery being used in the salvage operations of the vessel CHALEUR. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the salvage operations are taking place. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

A. Regulatory Planning and Review

Executive Orders 12866 (Regulatory Planning and Review) and 13563 (Improving Regulation and Regulatory Review) direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility.

The Office of Management and Budget (OMB) has not designated this rule a “significant regulatory action,” under section 3(f) of Executive Order 12866. Accordingly, OMB has not reviewed it.

This regulatory action determination is based on the size, location, and duration of the safety zone. The amount of vessel traffic through Little Potato Slough during the duration of the zone is not anticipated to interfere with salvage operations. The Coast Guard will issue a Broadcast Notice to

Mariners about the safety zone to inform the public.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule will affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship

between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will prohibit entry within 100 yards of vessels and barges being used in the salvage operations of the vessel CHALEUR. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping

requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051, 70124; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.4.

- 2. Add § 165.T11–210 to read as follows:

§ 165.T11–210 Safety Zone; Little Potato Slough, Stockton, CA.

(a) *Location.* The following area is a safety zone: All waters of Little Potato Slough, from surface to bottom, within 100 yards of the vessels involved in the salvage operations of the vessel CHALEUR at coordinates 38°3′29″ N, 121°30′3″ W.

(b) *Definitions.* As used in the section, “designated representative” means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel, or a Federal, State, or local officer designated by or assisting the Captain of the Port (COTP) San Francisco in the enforcement of the safety zone.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP’s designated representative.

(2) Vessel operators desiring to enter or operate within the safety zone must contact the COTP or the COTP’s designated representative to obtain permission to do so. Vessel operators given permission to enter the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP’s designated representative. Persons and vessels may request to enter the safety zone through the 24-hour Command Center at telephone (415) 399–3547.

(d) *Enforcement period.* This section will be enforced from 1 a.m. on July 14, 2025, through 11 p.m. on August 14, 2025.

Dated: July 11, 2025.

Jarod S. Toczko,

Captain, U.S. Coast Guard, Acting Captain of the Port Sector San Francisco.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2025–0221]

RIN 1625–AA00

Safety Zone; Rainy Lake, City of Ranier, MN

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain waters of Rainy Lake. This action is necessary to protect personnel, vessels, and the marine environment from potential hazards on these navigable waters near Ranier Beach Park, Ranier, MN, during a fireworks display on August 9, 2025. This proposed rulemaking would prohibit persons and vessels from being in the safety zone unless authorized by the Captain of the Port Duluth or a designated representative.

DATES: This rule is effective from 8 p.m. through 11 p.m. on August 9, 2025.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2025–0221 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email LT Zachary Fedak, Waterways Management, Marine Safety Unit Duluth, U.S. Coast Guard; telephone 218–522–0708, email Zachary.A.Fedak@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

On January 6, 2025, an organization notified the Coast Guard that from 10 p.m. to 10:30 p.m. on August 9, 2025, it will be conducting a fireworks display launched from a barge in Rainy Lake approximately 250 yards northwest of Ranier Beach Park in Ranier, MN. In response, on June 4, 2025, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Safety Zone;

Rainy Lake, City of Ranier, MN (90 FR 23651). There we stated why we issued the NPRM and invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended July 7, 2025, we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule is impracticable and contrary to the public interest; this regulatory action is necessary to ensure the safety of participants, spectators, and waterway users during the scheduled fireworks display.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under the authority in 46 U.S.C. 70034. The Captain of the Port Duluth (COTP) has determined that potential hazards associated with the fireworks to be used in this August 9, 2025, display will be a safety concern for anyone within a 200-yard radius of the barge. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published June 4, 2025. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a safety zone from 8 p.m. through 11 p.m. on August 9, 2025. The safety zone will cover all navigable waters within 200 yards of a barge in Rainy Lake located approximately 250 yards northwest of Ranier Beach Park in Ranier, MN. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled 10 p.m. to 10:30 p.m. fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

A. Regulatory Planning and Review

Executive Orders 12866 (Regulatory Planning and Review) and 13563 (Improving Regulation and Regulatory
