This supplemental notice of proposed rulemaking modifies proposed tolerance exemption actions under the FFDCA, which requires EPA to give special consideration to exposure of infants and children to the pesticide chemical residue in establishing a tolerance or exemption and to "ensure that there is a reasonable certainty that no harm will result to infants and children from aggregate exposure to the pesticide chemical residue . . ." (FFDCA 408(b)(2)(C) and (c)(2)(B)). The Agency's consideration is documented in the maleic hydrazide registration review documents, located in docket ID number EPA-HQ-OPP-2017-0418 at <https://www.regulations.gov>.
