Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Request:* The applicant requests a temporary variance of its winter pulse flow requirement. Specifically, the licensee proposes to forego its required 1,000 cubic feet per second (cfs) pulse flow into the lower Yuba River from January 1-15, 2026, and to instead release a flow of 700 cfs. In addition, the licensee requests that compliance during the variance period

be based on the 5-day running average of daily average flows, with the 15-minute flow not less than 90 percent of the adjusted flow requirement. The licensee requests the variance to make the best possible use of water supplies in the lower Yuba River should dry conditions continue. The reduced water releases will create a 'water savings' of approximately 8,926 acre-feet. The licensee proposes to use these water savings to augment a spring pulse flow, or a similar scenario, sometime between the issuance of the April B120 forecast and May 15, in consultation with the resource agencies under a 2026 Supplementary Operational Agreement, if certain storage criteria are met in New Bullards Bar Reservoir.

m. *Locations of the Application:* This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. n. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

o. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding.
