

section 812 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2024 (Pub. L. 118–31). Section 812 requires DoD to collect information regarding potential conflicts of interest from any offeror, including any subsidiary or affiliate thereof, proposing to perform work on a DoD contract for certain consulting services.

The solicitation provision at DFARS 252.209–7012, Prohibition Relating to Conflicts of Interest in Consulting Services—Certification, will be included in solicitations assigned a North American Industry Classification System (NAICS) code beginning with 5416, including solicitations using Federal Acquisition Regulation (FAR) part 12 procedures for the acquisition of commercial services, but excluding contracts for commercial products. NAICS codes beginning with 5416 include management, scientific, and technical consulting services.

The solicitation provision at DFARS 252.209–7012 requires offerors to certify whether the offeror, or any of its subsidiaries or its affiliates, hold a contract or subcontract that involves consulting services with one or more covered foreign entities. The term “covered foreign entity” is defined in section 812 of the NDAA for FY 2024 and includes, but is not limited to, the government of the People’s Republic of China and the government of the Russian Federation.

The solicitation provision also requires offerors to certify whether they maintain a conflict-of-interest mitigation plan. If an offeror certifies that it, or any of its subsidiaries or affiliates, hold a contract or subcontract that involves consulting services with one or more covered foreign entities, then to be eligible for award, the offeror would be required to submit to the contracting officer a conflict-of-interest mitigation plan auditable by a contract oversight entity (e.g., the Defense Contract Management Agency).

Contracting officers will use the information provided by offerors to ensure that—

- (1) An offeror does not have contracts or subcontracts that involve consulting services with covered foreign entities;
- (2) The conflict of interest will be mitigated if an offeror has such contracts or subcontracts and is tentatively selected for award; or
- (3) A contract will not be awarded to the offeror.

If a contract is awarded to an offeror with an approved conflict-of-interest mitigation plan, the contracting officer will incorporate the offeror’s conflict-of-interest mitigation plan into the

contract. The plan may be audited by a contract oversight entity.
