Emergency Exemption: Issuance of Emergency Permit To Import Endangered Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of permit.

SUMMARY: We, the U.S. Fish and Wildlife Service, have waived the 30-day public notice period and have issued an endangered species permit for import of five tigers (*Panthera tigris*). We issue this permit under the Endangered Species Act and the Convention on International Trade in Endangered Species of Wild Fauna and Flora.

ADDRESSES: Materials pertaining to the permit application are available by submitting a Freedom of Information Act (FOIA) request to the Service's FOIA office at <https://www.doi.gov/foia/foia-request-form>.

TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), have issued an emergency permit to conduct certain activities with the endangered tigers (*Panthera tigris*) in response to a permit application that we received under the authority of section 10(a)(1)(A) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*).

We issued the requested permit subject to certain conditions set forth in the permit. For the application, we found that (1) the application was filed in good faith, (2) the granted permit would not operate to the disadvantage of the endangered species, and (3) the granted permit would be consistent with the purposes and policy set forth in section 2 of the ESA.

PERMIT ISSUED UNDER EMERGENCY EXEMPTION

Permit No.	Applicant	Permit issuance date
PER21349374	Carolina Tiger Rescue	July 14, 2025.

The Carolina Tiger Rescue requested a permit to import five live tigers from Honduras due to deteriorating conditions in the animal’s current enclosures and the lack of available permanent spaces to house these animals in Honduras. After assessing the situation facing partner organizations in Honduras, the Service determined that an emergency affecting the lives of these animals existed, and that no reasonable alternative was available to the applicant.

On July 14, 2025, the Service issued permit no. PER21349374 to the Carolina Tiger Rescue, to import five tigers for the purpose of enhancement of the survival of the species.

Authority

We issue this notice under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and its implementing regulations.

Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Sand Skink; Lake County, FL; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments and information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from Revels Road Investors, LLC (Howey Groves Development) (applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests the ITP to take the federally listed sand skink incidental to the construction of a housing development in Lake County, Florida. We request public comment on the application, which includes the applicant’s

proposed habitat conservation plan (HCP), and on the Service’s preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the National Environmental Policy Act (NEPA), the Department of the Interior’s (DOI) NEPA regulations and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft screening form and NEPA statement for HCPs, which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

DATES: We must receive your written comments on or before September 29, 2025.

ADDRESSES: *Obtaining Documents:* You may obtain copies of the documents online in Docket No. FWS–R4–ES–2025–0038 at <https://www.regulations.gov>.

Submitting Comments: If you wish to submit comments on any of the documents, you may do so in writing by one of the following methods:

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service (Service), announce receipt of an application from Revels Road Investors, LLC (Howey Groves Development) (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take federally listed sand skinks (*Neoseps (=Plestiodon) reynoldsi*) (skink)

incidental to the construction and operation of a housing development in Lake County, Florida. We request public comment on the application, which includes the applicant’s habitat conservation plan (HCP), and on the Service’s preliminary determination that this proposed ITP may qualify for a categorical exclusion pursuant to the National Environmental Policy Act (NEPA), the Department of the Interior’s (DOI) National Environmental Policy Act (NEPA) regulations (43 CFR 46) and the DOI’s Departmental Manual (516 DM 8.5(C)(2)). To make this preliminary determination, we prepared a draft screening form and NEPA statement for HCPs, which is also available for public review.

Proposed Project

The applicant requests a 5-year ITP to take skinks via the conversion of approximately 2.20 acres (ac) of occupied nesting, foraging, and sheltering skink habitat incidental to the construction and operation of a housing development on 34.00 ac, Parcel numbers 02–21–25–0001–000–00100 and 02–21–25–0001–000–00200 in Section 02, Township 21 South, Range 25 East, Lake County, Florida. The applicant proposes to mitigate for take of the skinks by purchasing credits equivalent to 4.40 ac of skink-occupied habitat within the Lake Wales Ridge Conservation Bank or another Service-approved conservation bank. The Service would require the applicant to purchase the credits prior to engaging in any phase of the project.

Our Preliminary Determination

The Service has made a preliminary determination that reasonably foreseeable effects of the applicant’s proposed project, including the construction of the buildings and associated infrastructure (e.g., electric, water, and sewer lines), would have a minor effect on the sand skink and the human environment, a no extraordinary circumstances in 43 CFR 43.215 apply. Reasonably foreseeable effects encompass effects of implementation of the action including effects of the action in addition to other past, present, and reasonably foreseeable future effects. Therefore, we have preliminarily determined that the proposed ESA section 10(a)(1)(B) permit would be a low-effect ITP that may
