SUPPLEMENTARY INFORMATION:

Background

On May 2, 2019, Commerce published in the **Federal Register** the antidumping duty (AD) order on LDWP from Korea.¹ On May 2, 2024, Commerce published

¹ See *Large Diameter Welded Pipe from the Republic of Korea: Amended Final Affirmative Antidumping Determination and Antidumping Duty Order*, 84 FR 18767 (May 2, 2019) (*Order*).

Rate for Non-Selected Companies

The Act and Commerce's regulations do not address the establishment of a weighted-average dumping margin to be determined for companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when determining the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

Where the rates for the individually examined companies are all zero, *de minimis*, or determined entirely using facts available, section 735(c)(5)(B) of the Act instructs that Commerce "may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated." One such reasonable method is to weight average the zero and *de minimis* rates, and the rates determined entirely pursuant to facts available. In fact, the SAA states that this is the "expected" method in such circumstances.⁸

In this review, we have preliminarily calculated a weighted-average dumping margin for each of the mandatory respondents, Hyundai Steel Company (Hyundai Steel)/Hyundai Steel Pipe Co., Ltd. (HSP)⁹ and SeAH Steel Corporation (SeAH), that is zero percent.

⁸ See Statement of Administrative Action Accompanying the Uruguay Round Agreements Act, H.R. Doc. 103-316, vol. 1 (1994) (SAA) at 873.

⁹ On November 14, 2024, Commerce determined that HSP is the successor-in-interest to Hyundai Steel. See Circular Welded Non-Alloy Steel Pipe From the Republic of Korea; Certain Oil Country Tubular Goods From the Republic of Korea; Welded Line Pipe From the Republic of Korea; and Large Diameter Welded Pipe From the Republic of Korea: Notice of Final Results of Antidumping Duty Changed Circumstances Reviews, 89 FR 89962 (November 14, 2024).

Accordingly, we preliminarily assign to the non-selected companies a dumping margin of zero percent consistent with section 735(c)(5)(B) of the Act.

Preliminary Results of the Review

We preliminarily determine that the following estimated weighted-average dumping margins exist for the period May 1, 2023, through April 30, 2024:

Exporter and/or producer	Weighted-average dumping margin (percent)
Hyundai Steel Company/Hyundai Steel Pipe Co., Ltd	0.00
SeAH Steel Corporation	0.00
Non-Examined Companies ¹⁰	0.00

Disclosure

Commerce intends to disclose to interested parties the calculations performed for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.¹¹ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹² Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹³ Case and rebuttal briefs should be filed using ACCESS.

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs

a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. An electronically filed hearing request must be received successfully in its entirety via ACCESS by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), upon completion of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.

If the weighted-average dumping margin for an individually examined respondent is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, Commerce intends to calculate an importer-specific *ad valorem* AD assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1).¹⁶ We intend to instruct

¹⁴ We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (*i.e.*, 0.50 percent).

Where we do not have entered values for all U.S. sales to a particular importer (or customer), we will calculate a per-unit assessment rate by aggregating the antidumping duties due for all U.S. sales to that importer (or customer) and dividing this amount by the total quantity sold to that importer (or customer).¹⁷ To determine whether a per-unit assessment rate is *de minimis*, we will calculate estimated entered values.

If the weighted-average dumping margin for an individually examined respondent or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹⁸ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁹

For entries of subject merchandise during the POR produced by each individually examined respondent for which it did not know that the merchandise was destined for the United States, we intend to instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.*, 7.08 percent) established in the less-than-fair-value (LTFV) investigation²⁰ if there is no rate for the intermediate company involved in the transaction.²¹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this administrative review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Hyundai Steel/HSP and SeAH will be equal to the weighted-average dumping margin established in the final results of this administrative review, except if the rate is less than 0.50 percent, and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific cash deposit rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, or a previous segment, but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period of the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 7.08 percent, the all-others rate established in the LTFV investigation.²² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of the Review

Unless the deadline is extended, Commerce intends to issue the final results of this administrative review, including the results of our analysis of issues raised by interested parties in any case or rebuttal briefs, within 120 days of publication of these preliminary results in the **Federal Register**.²³

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Certain Corrosion-Resistant Steel Products From Canada: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that imports of certain corrosion-resistant steel products (CORE) from Canada are being, or are likely to be, sold in the United States at less than fair value
