

Worker Training Program is to support the development of model programs for the training and education of workers engaged in activities related to hazardous materials and waste generation, removal, containment, transportation, and emergency response within the DOE nuclear weapons complex. In thirty-seven years (FY 1987–2024) the WTP has successfully supported 25 primary awardees that have trained more than 5 million workers across the country and presented over 316,561 classroom, hands-on, and online training courses, which have accounted for over 60 million contact hours of actual training. Generally, the grant will initially be for

one year, and subsequent continuation awards are also for one year at a time. Awardees must submit a separate application to have the support continued for each subsequent year. Awardees are to provide information in accordance with S65.4(a), (b), (c) and 65.6(a) on the nature, duration, and purpose of the training, selection criteria for trainees' qualifications and competency of the project director and staff, the adequacy of training plans and resources, including budget and curriculum, and response to meeting training criteria in OSHA's Hazardous Waste Operations and Emergency Response Regulations (29 CFR 1910.120). As a cooperative agreement,

there are additional requirements for the progress report section of the application. Awardees are to provide their information into the WTP Awardee Data Management System. The information collected is used by the Director through officers, employees, experts, and consultants to evaluate applications based on technical merit to determine whether to make awards and whether appropriate training is being conducted to support continuation of the grant into subsequent years.

OMB approval is requested for three years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 800.

#### ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hour
Awardee: Project Management Specialists .....	25	2	16	800
Total .....	25	50	.....	800
