

a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural item in this notice to a requestor may occur on or after October 6, 2025. If competing requests for repatriation are received, the Gregg Museum of Art & Design must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural item are considered a single request and not competing requests. The Gregg Museum of Art & Design is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: August 26, 2025.

Melanie O'Brien,

Manager, National NAGPRA Program.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR

National Park Service

[N6489; NPS-WASO-NAGPRA-NPS0041012; PPWOCRADNO-PCU00RP14.R50000]

Notice of Inventory Completion: U.S. Department of the Interior, Bureau of Land Management, Alaska State Office, Anchorage, AK

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the U.S. Department of the Interior, Bureau of Land Management, Alaska State Office (BLM), has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after October 6, 2025.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Robin O. Mills, Bureau of Land Management, 222 W 7th Avenue #13, Anchorage, AK 99513, email rmills@blm.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the

National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the BLM, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the information available, human remains representing, at least, two individuals have been reasonably identified. The 195 associated funerary objects include a lamp, potsherds, matting, a birch bark container, glass beads, bracelets, animal teeth, a boot creaser, an ulu handle, and a lump of agate. The remains of two ancestors were collected by archaeologist Frederica de Laguna in 1935 at two locations along the Anvik River. One ancestor (an adult woman) was collected from an old habitation site called Red Stone Village, located 8.6 miles due west of the modern village of Anvik, up the Anvik River. A total of 149 funerary objects were found and collected with this ancestor. The second ancestor (an adult, probably male) was collected from the Anvik Point site, overlooking the Yukon River directly across from modern Anvik, on the north side of the mouth of the Anvik River. A total of 46 funerary objects were found with this ancestor. The remains and associated funerary objects were placed in the University of Pennsylvania Museum, in Philadelphia, PA, in 1935, where they have remained ever since.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

The BLM Alaska State Office has determined that:

- The human remains described in this notice represent the physical remains of two individuals of Native American ancestry.
- The 195 objects described in this notice are reasonably believed to have been placed intentionally with or near the two individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a reasonable connection between the human remains and associated funerary objects described in this notice and Anvik Village.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after October 6, 2025. If competing requests for repatriation are received, the BLM must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The BLM is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: August 26, 2025.

Melanie O'Brien,

Manager, National NAGPRA Program.

BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-772-774 and 731-TA-1756-1758 (Preliminary)]

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules From India, Indonesia, and Laos; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of crystalline silicon photovoltaic cells, whether or not assembled into modules,

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

from India, Indonesia, and Laos, provided for in subheadings 8541.42.00 and 8541.43.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and alleged to be subsidized by the governments of India, Indonesia, and Laos.²

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission’s rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Any other party may file an entry of appearance for the final phase of the investigations after publication of the final phase notice of scheduling. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations. As provided in section 207.20 of the Commission’s rules, the Director of the Office of Investigations will circulate draft questionnaires for the final phase of the investigations to parties to the investigations, placing copies on the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>), for comment.

Background

On July 17, 2025, the Alliance for American Solar Manufacturing and Trade³ filed petitions with the Commission and Commerce, alleging

that an industry in the United States is materially injured or threatened with material injury by reason of LTFV and subsidized imports of crystalline silicon photovoltaic cells, whether or not assembled into modules, from India, Indonesia, and Laos. Accordingly, effective July 17, 2025, the Commission instituted countervailing duty investigation Nos. 701–TA–772–774 and antidumping duty investigation Nos. 731–TA–1756–1758 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 22, 2025 (90 FR 34518). The Commission conducted its conference on August 7, 2025. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on September 2, 2025. The views of the Commission are contained in USITC Publication 5665 (September 2025), entitled *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from India, Indonesia, and Laos: Investigation Nos. 701–TA–772–774 and 731–TA–1756–1758 (Preliminary)*.

By order of the Commission.

Issued: September 2, 2025.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–759 and 731–TA–1740–1741 (Final)]

Multifunctional Acrylate and Methacrylate Monomers and Oligomers (MAMMOs) From South Korea and Taiwan; Scheduling of the Final Phase of Countervailing Duty and Antidumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of countervailing duty investigation No. 701–TA–759 (Final) pursuant to the Tariff Act of 1930 to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of multifunctional acrylate and methacrylate monomers and oligomers (“MAMMOs”) from Taiwan, provided for in subheadings 2916.12.5050, 2916.14.2050, 3824.99.2900, 3907.29.0000 and 3907.30.0000 of the Harmonized Tariff Schedule of the United States, preliminarily determined by the Department of Commerce (“Commerce”) to be subsidized. Commerce’s preliminary determinations with respect to imports of MAMMOs from South Korea and Taiwan alleged to be sold in the United States at less than fair value, are pending.

DATES: August 25, 2025.

FOR FURTHER INFORMATION CONTACT: Junie Joseph ((202) 205–3363), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Scope.— For purposes of these investigations, Commerce has defined the subject merchandise as “certain multifunctional acrylate and methacrylate monomers, and acrylated bisphenol-A epoxy based oligomers (collectively, certain monomers and oligomers or CMOs) that are derived from chemical reactions involving the use of acrylic or methacrylic acid. Products within the scope are listed below and have the following Chemical Abstracts Service (CAS) numbers:

² 90 FR 38736 and 90 FR 38745 (August 12, 2025).

³ Members include Hanwha Q CELLS USA Inc., First Solar, and Mission Solar.
