Delegation of Authority to the State of West Virginia To Implement and Enforce Additional or Revised National Emission Standards for Hazardous Air Pollutants and New Source Performance Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of delegation of authority.

SUMMARY: On January 21, 2025, the Environmental Protection Agency (EPA) sent the State of West Virginia (West Virginia) a letter acknowledging that West Virginia's delegation of authority to implement and enforce the National Emissions Standards for Hazardous Air Pollutants (NESHAP) and New Source Performance Standards (NSPS) had been updated, as provided for under previously approved delegation mechanisms. To inform regulated facilities and the public, EPA is making available a copy of EPA's letter to West Virginia through this notice.

DATES: On January 21, 2025, EPA sent West Virginia a letter acknowledging that West Virginia's delegation of authority to implement and enforce Federal NESHAP and NSPS had been updated.

ADDRESSES: Copies of documents pertaining to this action are available for public inspection during normal business hours at the Air and Radiation Division, U.S. Environmental Protection Agency, Region III, Four Penn Center, 1600 John F Kennedy Boulevard, Philadelphia, Pennsylvania 19103. Copies of West Virginia's submittal are also available at the West Virginia Department of Environmental Protection, Division of Air Quality, 601

57th Street SE, Charleston, West Virginia 25304.

FOR FURTHER INFORMATION CONTACT: Casey Diaz, Permits Branch (3AD10), Air and Radiation Division, U.S. Environmental Protection Agency, Region III, Four Penn Center, 1600 John F Kennedy Boulevard, Philadelphia, Pennsylvania 19103. The telephone number is (215) 814–2167. Ms. Diaz can also be reached via electronic mail at diaz.casey@epa.gov.

SUPPLEMENTARY INFORMATION: On July 1, 2024, West Virginia notified EPA that West Virginia had updated its incorporation by reference of Federal NESHAP and NSPS to include many such standards as found in Title 40 of the Code of Federal Regulations (CFR), parts 60, 61, and 63 as of June 1, 2023. On January 21, 2025, EPA sent West Virginia a letter acknowledging that effective June 1, 2024, West Virginia has the authority to implement and enforce the NESHAP and NSPS as specified by West Virginia in its notices to EPA, as provided for under previously approved automatic delegation mechanisms (49 FR 48692, 67 FR 15486, EPA delegation letters dated March 19, 2001 and January 8, 2002). All notifications, applications, reports, and other correspondence required pursuant to the delegated NESHAP and NSPS must be submitted to both EPA Region III and to the West Virginia Department of Environmental Protection, unless the delegated standard specifically provides that such submittals may be sent to EPA or a delegated State. In such cases, the submittals should be sent only to the West Virginia Department of Environmental Protection. A copy of EPA's January 21, 2025 letter to West Virginia follows:

Ms. Laura M. Crowder, Director
Division of Air Quality
West Virginia Department of Environmental Protection
601 57th Street SE
Charleston, West Virginia 25304
via email at laura.m.crowder@wv.gov
Dear Ms. Crowder:

This letter acknowledges your letter dated July 1, 2024 in which the West Virginia Department of Environmental Protection (WVDEP) Division of Air Quality (DAQ) informed the United States Environmental Protection Agency (EPA) that West Virginia had updated its incorporation by reference of federal National Emissions Standards for Hazardous Air Pollutants (NESHAP) and New Source Performance Standards (NSPS) to include many such standards as found in 40 CFR parts 60, 61, and 63 as of June 1, 2023. WVDEP DAQ noted in the letter that it understood it was automatically delegated the authority to implement these standards. WVDEP DAQ stated its intent to enforce the standards in conformance with the terms of

EPA's previous delegations of authority pursuant to the EPA final rules published at 49 FR 48692 and 67 FR 15486, and EPA delegation letters.

In two rulemakings, 49 FR 48692 (December 14, 1984) and 67 FR 15486 (April 2, 2002), EPA established the basis for delegation to West Virginia of specified federal standards at 40 CFR parts 60, 61, and 63. Subsequently, in a letter dated March 19, 2001 to WVDEP Director Michael Callaghan, EPA delegated to the State of West Virginia the authority to implement and enforce various federal NESHAP found in 40 CFR part 63. In another letter to Director Callaghan dated January 8, 2002, EPA delegated to the State of West Virginia the authority to implement and enforce various federal NESHAP found in 40 CFR part 61 and NSPS found in 40 CFR part 60. In those letters, EPA also established that future Part 60, Part 61, and Part 63 standards would be automatically delegated to West Virginia subject to the conditions set forth in those letters. Those rulemakings and letters continue to control the conditions of delegation of future standards and their terms should be consulted for the specific conditions that apply to each regulatory program. However, in general terms, for automatic delegation to take effect, the letters establish conditions that can be paraphrased as requiring: legal adoption of the standards; restrictions on the kinds of wording changes West Virginia may make to the federal standards when adopting them; and specific notification from West Virginia to EPA when a standard has been adopted.

WVDEP DAQ provided copies of the revised West Virginia Legislative Rules which specify the NESHAP and NSPS regulations West Virginia has adopted by reference. These revised Legislative Rules are entitled 45 CSR 34—"Emission Standards for Hazardous Air Pollutants," and 45 CSR 16—"Standards of Performance for New Stationary Sources." These revised Rules have an effective date of June 1, 2024. EPA has reviewed the revised rules and determined that they meet the conditions for automatic delegation as established by EPA in its prior letters and rulemakings.

Accordingly, EPA acknowledges that West Virginia now has the authority, as provided for under the terms of EPA's previous delegation actions, to implement and enforce the NESHAP and NSPS standards which West Virginia adopted by reference in West Virginia's revised Legislative Rules 45 CSR 34 and 45 CSR 16, effective on June 1, 2024.

If you have any questions, please contact me or Ms. Mary Cate Opila, Chief, Permits Branch, at 215-814-2041.

Sincerely,
Cristina Fernández, Director
Air and Radiation Division
