SUPPLEMENTARY INFORMATION: Notice is hereby given that FHWA has taken final agency actions within the meaning of 23 U.S.C. 139(l)(1) by issuing a NEPA FONSI for the US-81 York-Columbus Project, in York, Polk and Butler counties in Nebraska. The action(s) by FHWA and the laws under which such actions were taken are described in the FONSI and the associated agency records. That information is available by contacting FHWA at the addresses provided above.

The purpose of the project is to fulfill legislative intent to continue the development of the expressway system identified in the 1988 Nebraska Highway Needs Study; improve regional connectivity for vehicles, including commercial vehicles, in east-central Nebraska by providing important expressway connections with US-34, Nebraska Highway 66 (N-66), Nebraska Highway 92 (N-92), Nebraska Highway 69 (N-69) and N-64, while maintaining convenient highway access for communities in the area; and improve the condition of the existing infrastructure. The project is needed because there is a gap in the US-81 Expressway from the Kansas-Nebraska border to Norfolk, a lack of connectivity in east-central Nebraska, and existing infrastructure deficiencies. A FONSI for the project was signed on May 9, 2025.

Information about the FONSI and associated records are available from FHWA at the addresses provided above and can be found at: <https://dot.nebraska.gov/projects/environment/environmental-documents/>, or obtained by contacting the individuals listed above.
