

assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).⁹

Because the weighted-average dumping margin for Husteel is not zero or *de minimis* (*i.e.*, less than 0.5 percent), we calculated importer-specific *ad valorem* assessment rate based on the ratio of the total amount of dumping calculated for the examined sales for each importer to the total entered value of the same sales. Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, or a respondent's weighted-average dumping margin is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Husteel or Hyundai Steel for which they did not know that the merchandise was destined to the United States, we will instruct CBP to liquidate those entries at the all-others rate of 4.80 percent, if there is no rate for the intermediate company(ies) involved in the transaction.¹⁰

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review in the **Federal Register**, as provided for by section 751(a)(2) of the Act: (1) the cash deposit rate for companies subject to this review will be the rates established in these final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 4.80 percent, the all-others rate established in the investigation.¹¹ These cash deposit

requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: September 8, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XE807]

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of issuance of permits.

SUMMARY: This notice advises the public that two direct take permits 1454–2R and 1455–2R have been issued for operation, monitoring, and evaluation of a hatchery program rearing and releasing sockeye salmon in the Snake River basin of Idaho, and that the decision documents are available upon request. An Environmental Assessment (EA), and Finding of No Significant Impact were also completed for these actions.

DATES: Permits 1454–2R and 1455–2R were issued on September 27, 2023, subject to certain conditions set forth therein. Subsequent to issuance, the necessary countersignatures by the applicants were received. The permits expire on September 27, 2026.

SUPPLEMENTARY INFORMATION:

ESA-Listed Species Covered in This Notice

- Snake River Sockeye (*Oncorhynchus nerka*): endangered, naturally and artificially propagated.
- Chinook salmon (*O. tshawytscha*): threatened, naturally and artificially propagated;
 - Snake River Spring/Summer run: threatened, naturally and artificially propagated;
- Snake River Steelhead (*O. mykiss*): threatened, naturally and artificially propagated;

Background

Section 9 of the ESA and Federal regulations prohibit the “taking” of a species listed as endangered or threatened. The term “take” is defined under the ESA to mean harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. NMFS may make exceptions to the take prohibitions in section 9 of the ESA for programs that are approved by NMFS under section 10(a)(1)(A) of the ESA (50 CFR 222.308).

The operators and funding agencies, including Idaho Department of Fish and Game, The Shoshone-Bannock Tribe, Oregon Department of Fish and Wildlife, NMFS’s Northwest Fisheries Science Center and Bonneville Power Administration (BPA), submitted a Hatchery and Genetic Management Plan to NMFS pursuant to ESA Section 10(a)(1)(A) for hatchery activities in the Snake River basin (88 FR 53477, August 8, 2023). An EA was also prepared pursuant to the National Environmental Policy Act (NEPA) by NMFS for the Snake River sockeye salmon hatchery program.

The programs are intended to contribute to the survival and recovery of Snake River Sockeye salmon in the Snake River basin. The proposed program would maintain the Snake River sockeye salmon captive broodstock, collect and spawn adult sockeye salmon returning to the Snake River basin, rear juveniles, and release eggs, juveniles, and adult fish in upper Salmon River basin lakes as well as into

Tanner Creek. The proposed continuation of the program would indicate best management practices to minimize adverse effects on the Snake River Sockeye Salmon Evolutionarily Significant Unit.

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2012-0054]

Agency Information Collection Activities; Extension of Collection; Safety Standard for Automatic Residential Garage Door Operators

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of information collection; request for comment.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (PRA), the Consumer Product Safety Commission (CPSC or Commission) announces that the Commission has submitted to the Office of Management and Budget (OMB) a request for extension of approval of information collection requirements associated with the Safety Standard for Automatic Residential Garage Door Operators. OMB previously approved the collection of information under control number 3041-0125. OMB’s most recent extension of approval will expire on September 30, 2025. On June 23, 2025, CPSC published a notice in the **Federal Register** to announce the agency’s intention to seek extension of approval of the collection of information. The Commission received one, out of scope, public comment. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information.

DATES: Submit comments on the collection of information by October 14, 2025.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202-395-6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. Written comments that are sent

to OMB also should be submitted electronically at <http://www.regulations.gov>, under Docket No. CPSC-2012-0054.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; (301) 504-7791, or by email to: pra@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Standard for Automatic Residential Garage Door Operators.

OMB Number: 3041-0125.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers, importers, and private labelers of automatic residential garage door operators.

General Description of Collection: On December 22, 1992, the Commission issued rules prescribing requirements for a reasonable testing program to support certificates of compliance with the Safety Standard for Automatic Residential Garage Door Operators (57 FR 60449). These regulations also require manufacturers, importers, and private labelers of residential garage door operators to establish and maintain records to demonstrate compliance with the requirements for testing to support certification of compliance. 16 CFR part 1211, subparts B and C.

Estimated Number of Respondents: An estimated 17 firms that conduct performance tests and maintain records based on the test results to retain Underwriters Laboratories, Inc. (UL) certification and verify compliance with the rule.

Estimated Time per Response: Based on staff’s review of industry sources, each respondent will spend an estimated 40 hours (35 hours for PRA burden associated with testing and 5 hours for recordkeeping) annually on the collection of information related to the rule.

Total Estimated Annual Burden: 680 hours (17 firms × 40 hours).

Total Estimated Annual Cost to Respondents: Using compensation data available from the U.S. Bureau of Labor Statistics (BLS), Employer Costs for Employee Compensation (December 2024, https://www.bls.gov/news.release/archives/ecec_03142025.pdf), staff estimates that the total annual cost of the PRA burden associated with the testing requirement is estimated to be about \$45,101, based on an hourly rate of \$75.80 as total compensation for management, professional, and related occupations in goods-producing private
