

Producer/exporter	Subsidy rate (percent <i>ad valorem</i> )
Non-selected companies under review <sup>10</sup> .....	7.91

### Cash Deposit Requirements

Commerce will issue revised cash deposit instructions to CBP. Because the companies listed in Appendix I of this notice have a superseding cash deposit rate (*i.e.*, there have been final results published in a subsequent administrative review), we will not issue revised cash deposit instructions to CBP. This notice will not affect the current cash deposit rate for those exporters/producers. For Dailan Shengyu Science and Technology Development Co., Ltd., which does not have a superseding cash deposit rate, Commerce will issue revised cash deposit instructions to CBP.

### Liquidation of Suspended Entries

At this time, Commerce remains enjoined by the CIT order from liquidating entries that: were produced and/or exported by Riverside Plywood Corporation, including its cross-owned affiliates; Jiangsu Senmao Bamboo Wood Industry Co., Ltd.; and the companies listed in Appendix II of this notice, and were entered, or withdrawn from warehouse, for consumption during the period January 1, 2018, through December 31, 2018. These entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

In the event the CIT's ruling is not appealed or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess countervailing duties on unliquidated entries of subject merchandise produced and/or exported by the companies listed in Appendix II of this notice in accordance with 19 CFR 351.212(b). We will instruct CBP to assess countervailing duties on all appropriate entries covered by this review when the *ad valorem* rate is not zero or *de minimis*. Where an *ad valorem* subsidy rate is zero or *de minimis*,<sup>11</sup> we will instruct CBP to liquidate the appropriate entries without regard to countervailing duties.

<sup>9</sup> Cross-owned affiliate are Baroque Timber Industries (Zhongshan) Co., Ltd. and Suzhou Times Flooring Co., Ltd.

<sup>10</sup> The non-selected companies to which this rate applies are listed in Appendix II.

<sup>11</sup> See 19 CFR 351.106(c)(2).

#### SUPPLEMENTARY INFORMATION:

**Title:** Representative and Address Provisions.

**OMB Control Number:** 0651–0035.

**Abstract:** This information collection includes the information necessary to submit a request to grant or revoke power of attorney for an application, patent, or reexamination proceeding, and for a registered practitioner to withdraw as attorney or agent of record. This also includes the information necessary to change the correspondence address for an application, patent, or reexamination proceeding, to request a Customer Number and manage the correspondence address and list of practitioners associated with a Customer Number, and to designate or change the correspondence address or fee address for one or more patents or applications by using a Customer Number.

Under 35 U.S.C. 2 and 37 CFR 1.31–1.32, a power of attorney may be granted to one or more joint inventors or a person who is registered to practice before the USPTO to act in an application or a patent. For an application filed before September 16, 2012, or for a patent which issued from an application filed before September 16, 2012, power of attorney may be granted by the applicant for a patent (as set forth in 37 CFR 1.41(b) (pre-AIA)) or the assignee of the entire interest of the applicant. For an application filed on or after September 16, 2012, or for a patent which issued from an application filed on or after September 16, 2012, power of attorney may be granted by the applicant for a patent (as set forth in 37 CFR 1.42) or the patent owner. The USPTO provides two different versions of most forms for establishing a power of attorney based upon whether the application was filed before September 16, 2012 or on or after September 16, 2012. Providing forms based upon whether the application was filed before September 16, 2012, or on or after September 16, 2012, reduces applicants' burden in having to determine the appropriate power of attorney requirements for a given application.

37 CFR 1.36 provides for the revocation of a power of attorney at any stage in the proceedings of a case. 37 CFR 1.36 also provides a path by which a registered patent attorney or patent agent who has been given a power of attorney may withdraw as attorney or agent of record.
