

www.regulations.gov. Commenters submitting business confidential information are encouraged to scan a hard copy of the non-confidential version to create an image of the file, rather than submitting a digital copy with redactions applied, to avoid inadvertent redaction errors which could enable the public to read business confidential information.

(g) *Review and Public Comment Phase.* ITA will publicly post non-confidential versions of all valid requests for a 14-day public comment window on <https://regulations.gov> after the conclusion of the two-week submission window. Members of the public will have the opportunity to comment on the inclusion requests submitted by parties. Collecting public comments ensures a transparent, complete, and legally robust process for conducting analysis and making final determinations of derivative inclusion requests. ITA will review all accepted inclusion requests and public comments.

(h) *Decision Phase.* The Secretary or designee will sign a positive or negative determination. After the determination, ITA will, for each inclusions request, and, within 60 days of receiving the request, generate and publicly post on *regulations.gov* a determination memorandum that:

(1) States whether the request was approved or denied; and

(2) Summarizes the rationale for making this determination.

(3) The date of signature on the determination memorandum must be prior to the close of the respective 60-day derivative inclusion processing period, as directed in the Automobile Proclamation. A **Federal Register** notice will then be issued that modifies Annex I to the Automobile Proclamation with the included products at the eight- to ten-digit HTSUS subheadings. Duties on newly included articles will take effect on the date specified in that **Federal Register** notice.

Robby Saunders,
Deputy Assistant Secretary for Technology Security.

BILLING CODE 3510-DR-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. USCG-2025-0694]

Special Local Regulations; Marine Events Within the Southeast Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Captain of the Port Savannah, Georgia (COTP) will enforce a special local regulation for the Ironman Triathlon on September 28,

2025, to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Southeast Coast Guard District identifies the regulated area for this event in Augusta, GA. During the enforcement periods, no person or vessel may enter, transit through, anchor in, or remain within the regulated area unless authorized by the Coast Guard Patrol Commander or a designated representative.

DATES: The regulations in 33 CFR 100.701 will be enforced for the Ironman 70.3 regulated area listed in item d.3 in Table 1 to § 100.701, from 6 a.m. until 11 a.m. on September 28, 2025.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or email Lieutenant Anthony Harris, Marine Safety Unit Savannah, Waterways Division Chief, U.S. Coast Guard; telephone (912) 210-8714, or email Anthony.E.Harris@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce a special local regulation in 33 CFR 100.701, Table 1 to § 100.701, Paragraph (d), Item 3, for the Ironman Triathlon, from 6 a.m. to 11 a.m., on September 28, 2025. This action is being taken to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Southeast Coast Guard District, 33 CFR 100.701, specifies the location of the regulated area for the Ironman Triathlon which encompasses portions of the Savannah River and its branches. During the enforcement periods, as reflected in 33 CFR 100.701(c), all persons and vessels are prohibited from entering the regulated area, except those persons and vessels participating in the event, unless they receive permission to do so from the Coast Guard Patrol Commander, or designated representative. The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

In addition to this notification of enforcement in the **Federal Register**, the Coast Guard plans to provide notification of this enforcement period via the Local Notice to Mariners (LNM), and Marine Safety Information Broadcasts (MSIB).

Nathaniel L. Robinson,
Commander, U.S. Coast Guard, Captain of the Port Savannah, GA.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 751

[EPA-HQ-OPPT-2020-0642; FRL-8317.2-01-OCSPP]

RIN 2070-AL32

Trichloroethylene; Regulation Under the Toxic Substances Control Act (TSCA); Compliance Date Extension

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final rule.

SUMMARY: The Environmental Protection Agency (EPA or Agency) is taking interim final action on the Regulation of Trichloroethylene (TCE) under the Toxic Substances Control Act (TSCA) to revise certain compliance deadlines finalized in 2024. Specifically, EPA is amending the prohibition compliance date for the use of TCE as a processing aid in the manufacture of nuclear fuel, with corresponding changes to the compliance dates for the manufacturing, processing and distribution in commerce of TCE to support such use, to a prohibition on September 15, 2028. EPA is also amending the prohibition compliance date for the disposal of TCE to wastewater by processors of TCE and processors and industrial and commercial users of TCE as a processing aid, to begin on December 18, 2026. EPA is also amending the compliance deadline for downstream notification, and the text required to be present in Safety Data Sheets, to accurately reflect the new prohibition compliance deadline for TCE used as a processing aid in the manufacture of nuclear fuel. EPA is amending this compliance deadline to allow for 90 days after the publication of the final rule for manufacturers, processors, and distributors in commerce of TCE to make such a change. These revisions are necessary to address new information presented to EPA about inadvertent oversights in the original rulemaking and serious concerns that the facilities at issue will be unable to comply with the relevant requirements by the existing deadlines. EPA is requesting comments on all aspects of this interim final rule and will consider all comments received in determining whether amendments to this rule are appropriate after the conclusion of the comment period.

DATES: This interim final rule is effective on September 15, 2025. Comments must be received on or before October 17, 2025.
