## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP25-544-000]

#### Kinetica Energy Express, LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on September 4, 2025, Kinetica Energy Express, LLC (Kinetica Energy), 1001 McKinney, Suite 900, Houston, Texas 77002, filed in the above referenced docket, a prior notice request pursuant to sections 157.205 and 157.216 of the Commission's regulations under the Natural Gas Act (NGA), and Kinetica Energy's blanket certificate issued in Docket No. CP12-489-000, for authorization to abandon by sale to Crescent Louisiana Midstream, LLC approximately 24.37 miles of 8-, 18-, and 24-inch-diameter Line 526A-200 that originates at Kinetica Energy's mainline valve 526 in Plaquemines Parish, Louisiana and extends to the Main Pass 35 platform, owned by Texas Petroleum Investment Company, in Louisiana state waters. Kinetica Energy states that the proposed abandonment will eliminate the need for future operating and maintenance expenses that are not necessary to meet Kinetica Energy's firm transportation obligations, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three

digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at (202) 502-6652 (toll free at 1-866-208-3676) or email at *ferconlinesupport@ferc.gov*, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at *public.referenceroom@ferc.gov*.

Any questions concerning this request should be directed to Bill Prentice, General Counsel, Kinetica Energy Express, LLC, 1001 McKinney, Houston, Texas 77002, by phone at (713) 228-3347, or by email at *bill.prentice@kineticallc.com*.

#### Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on November 12, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or *OPP@ferc.gov*.

#### Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>1</sup> any person<sup>2</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a

protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>3</sup> and must be submitted by the protest deadline, which is 5:00 p.m. Eastern Time on November 12, 2025. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

#### Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under the NGA<sup>5</sup> by the intervention deadline for the project, which is 5:00 p.m. Eastern Time on November 12, 2025. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on November 12, 2025. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

### How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP25–544–000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or<sup>6</sup>

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP25–544–000.

*To file via USPS:* Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

*To file via any other method:* Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov).

Protests and motions to intervene must be served on the applicant either by mail at: Bill Prentice, General Counsel, Kinetica Energy Express, LLC, 1001 McKinney, Houston, Texas 77002, or by email (with a link to the document) at [bill.prentice@kineticallc.com](mailto:bill.prentice@kineticallc.com). Any subsequent submissions by an intervenor must be

served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

### Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at [www.ferc.gov](http://www.ferc.gov) using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 5737–032]

#### **Santa Clara Valley Water District; Notice of Availability of the Draft Environmental Impact Statement for the Anderson Dam Project and Public Comment Sessions Soliciting Comments**

In accordance with the National Environmental Policy Act of 1969<sup>1</sup> and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed Santa Clara Valley Water District's (exemptee) application to retrofit the Anderson Dam and to surrender the exemption for the Anderson Dam Project No. 5737 (Project) and have prepared a draft environmental impact statement (EIS)

for the project.<sup>2</sup> The exemptee proposes to draw down the Anderson Reservoir to perform a seismic retrofit of the dam, decommission the hydroelectric facility, implement conservation measures downstream of the dam on Coyote Creek, and surrender the hydroelectric project exemption. The Anderson Dam Project consists of: a 240-foot-high, 1,385-foot-long dam; a reservoir with a maximum surface area of 1,240 acres and storage capacity of 89,278 acre-feet at a spillway elevation of 627.8 feet (North American Vertical Datum 1988); a 54-inch diameter, 2,800-foot-long penstock; a powerhouse with a total installed capacity of 800 kilowatts; and a 100-foot-long transmission line connecting the project to the electrical grid. The project is located on Coyote Creek in Santa Clara County, California, and does not occupy any federal lands.

The draft EIS contains staff's analysis of the applicant's proposal and the alternatives to the proposed action. The draft EIS documents the views of governmental agencies, non-governmental organizations, affected Native-American Tribes, the public, the applicant, and Commission staff.

In this notice, we acknowledge the number of pages in this draft EIS exceeds the final page limits set forth in NEPA 107(e)(1)<sup>3</sup> for proposals of unusual scope or complexity. Noting the scope and complexity of this proposal, the Director, Office of Energy Projects, as our senior agency official, has authorized this page limit exceedance for both the draft and final EIS.

The Commission provides all interested persons with an opportunity to view and/or print the draft EIS via the internet through the Commission's Home Page (<http://www.ferc.gov/>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document.
