

TABLE B—2024–2025 AWARD YEAR DEADLINE DATES BY WHICH AN INSTITUTION MUST SUBMIT DISBURSEMENT INFORMATION FOR THE PELL GRANT, DIRECT LOAN AND TEACH GRANT PROGRAMS <sup>1</sup>—Continued

| Which program?         | What is submitted?                     | Under what circumstances is it submitted?   | Where is it submitted?  | What are the deadlines for disbursement and for submission of records and information? |
|------------------------|--|---|---|--|
| Pell Grant Program ... | An origination or disbursement record. | It is after the deadline submission date and the institution has received approval of its request for administrative relief to extend the deadline submission date based on a student's reentry to the institution within 180 days after initially withdrawing <sup>4</sup> . | Via the COD website at: <a href="https://cod.ed.gov">https://cod.ed.gov</a> . | The earlier of:<br>(a) 15 days after the student reenrolls;<br>or<br>(b) May 3, 2026.  |

<sup>1</sup> A COD Processing Year is a period of time in which institutions are permitted to submit Direct Loan records to the COD System that are related to a given award year. For a Direct Loan, the period of time includes loans that have a loan period covering any day in the 2024–2025 award year.

<sup>2</sup> Transmissions must be completed and accepted before the designated processing time on the deadline submission date. The designated processing time is published annually via an electronic announcement posted to the Knowledge Center via FSA's Partner Connect website at: <https://fsapartners.ed.gov/knowledge-center>. If transmissions are started at the designated time, but are not completed until after the designated time, those transmissions will not meet the deadline. In addition, any transmission submitted on or just prior to the deadline date that is rejected may not be reprocessed because the deadline will have passed by the time the user gets the information notifying him or her of the rejection.

<sup>3</sup> A temporary extension of the deadline for reporting disbursement records to the COD System was published by the Department in the July 30, 2024 Electronic Announcement (GENERAL–24–94). For more information, please visit: <https://fsapartners.ed.gov/knowledge-center/library/electronic-announcements/2024-07-30/up-dates-2024-25-fafsa-paper-processing>.

<sup>4</sup> Applies only to students enrolled in clock-hour and nonterm credit-hour educational programs.

**Note:** The COD System must accept origination data for a student from an institution before it accepts disbursement information from the institution for that student. Institutions may submit origination and disbursement data for a student in the same transmission. However, if the origination data is rejected, the disbursement data is rejected.

## DEPARTMENT OF EDUCATION

### Withdrawal of Notices Inviting Applications (NIA) and Cancellation of the Competitions for the High School Equivalency Program (HEP) and the College Assistance Migrant Program (CAMP)

**AGENCY:** Office of Elementary and Secondary Education, Department of Education.

**ACTION:** Notice; cancellation.

**SUMMARY:** The Department of Education (Department) withdraws the NIAs for fiscal year (FY) 2025 for new awards under HEP and CAMP.

**DATES:** The Notices Inviting Applications published in the **Federal Register** on August 30, 2024 (89 FR 70604 and 89 FR 70610) are withdrawn and the competitions cancelled as of September 18, 2025.

**FOR FURTHER INFORMATION CONTACT:** Dylan Hart-Medina, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202. Telephone: (202) 987–1705. Email: [Dylan.Hart-Medina@ed.gov](mailto:Dylan.Hart-Medina@ed.gov).

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7–1–1.

**SUPPLEMENTARY INFORMATION:** On August 30, 2024, the Department published NIAs for each of the aforementioned programs in the **Federal Register**. The Department is withdrawing these NIAs and cancelling the competition for FY 2025 new award funding under these programs. This decision ensures that all

priorities and requirements for Department programs align with the objectives established by the Trump Administration.

*Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79.

*Accessible Format:* On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this notice and the NIA in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, compact disc, or other accessible format.

*Electronic Access to This Document:* The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at [www.govinfo.gov](http://www.govinfo.gov). At this site, you can view this document, as well as all other Department documents published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF, you must have Adobe Acrobat Reader, which is available free at the site.

You may also access Department documents published in the **Federal Register** by using the article search feature at [www.federalregister.gov](http://www.federalregister.gov). Specifically, through the advanced search feature at this site, you can limit

your search to documents published by the Department.

**Hayley B. Sanon,**

*Principal Deputy Assistant Secretary and Acting Assistant Secretary, Office of Elementary and Secondary Education.*

## DEPARTMENT OF ENERGY

### Agency Information Collection Extension

**AGENCY:** U.S. Department of Energy.

**ACTION:** Notice of request for comments.

**SUMMARY:** The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to revise and extend for three years, an information collection request with the Office of Management and Budget (OMB). The revision of the collection of information relates to DOE's recognition for 50001 Ready and ISO 50001 certification, OMB Control No. 1910–5177.

**DATES:** Comments regarding this proposed information collection must be received on or before November 17, 2025. If you anticipate any difficulty in submitting comments within that period, contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section as soon as possible.

**ADDRESSES:** Written comments may be sent to Anne Hampson, EE–5A/Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, or by email at [anne.hampson@ee.doe.gov](mailto:anne.hampson@ee.doe.gov).

**FOR FURTHER INFORMATION CONTACT:** Anne Hampson, EE–5A/Forrestal Building, 1000 Independence Avenue

SW, Washington, DC 20585; telephone: (240) 780–6132; email at [anne.hampson@ee.doe.gov](mailto:anne.hampson@ee.doe.gov).

**SUPPLEMENTARY INFORMATION:**

Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains:

(1) *OMB No.*: 1910–5177;

(2) *Information Collection Request Titled*: Department of Energy Recognition for 50001 Ready and ISO 50001 Certification Information Collection Request. This information collection request was formerly titled “Department of Energy Superior Energy Performance 50001 Program Certification and 50001 Ready Recognition Information Collection Request” and is being retitled to reflect updated DOE recognition pathways for energy management systems implementation;

(3) *Type of Review*: Revision;

(4) *Purpose*: This Information Collection Request applies to the Department of Energy (DOE) voluntary recognition pathways for 50001 Ready and ISO 50001 certification for industrial companies, as well as commercial and institutional organizations. The information collection remains necessary to ensure that DOE's recognition offerings continue to deliver energy benefits and value to participants. 50001 Ready recognition is provided to facilities that self-attest their implementation of an energy management system based on the ISO 50001 international energy management system standard. DOE also recognizes organizations and facilities that achieved third-party certification to the ISO 50001 standard.

This request for information consists of a voluntary data collection process for facilities and organizations seeking recognition for ISO 50001-based energy management system implementation and certification: to manage participation, respond to participants, track recognition cycles, and recognize achievements of its participants.

DOE is proposing revisions to this collection, including the removal of three forms associated with the former Superior Energy Performance 50001 (SEP 50001) program, which was an accredited certification scheme under the American National Standards Institute (ANSI) National Accreditation Board (ANAB). The SEP 50001 Application collected information required to enroll a facility planning to pursue ISO 50001 and SEP 50001 certification. The SEP 50001 Energy Performance Improvement Report collected information from SEP 50001 Verification Bodies to confirm the outcomes of facility certifications. The SEP 50001 Scorecard collected information from facilities that requested elevated levels of recognition for energy management achievements exceeding ISO 50001 and SEP 50001 requirements.

With the conclusion of SEP 50001, this collection is adding two brief attestation forms that enable ISO 50001-certified facilities and organizations to engage DOE and request recognition. Users self-select a form based on the number of ISO 50001-certified facilities requesting DOE recognition. Individual facilities will use the ISO 50001 Certification Recognition Attestation Form for single sites. Organizations with multiple sites will use the ISO 50001 Certification Recognition Attestation Form for multi-site.

Facilities and multisite organizations that seek recognition for 50001 Ready or ISO 50001 certification provide background data and basic facility energy use, energy consumption, and energy performance. Background data includes contact information and basic information about the entity requesting DOE recognition. Organizations will self-select which recognition they are requesting and submit one of the following: the 50001 Ready Attestation Form, the ISO 50001 Certification Recognition Form for single sites, or the ISO 50001 Certification Recognition Form for multisite. This data is primarily used to track basic information on recognized facilities and respond to participants' inquiries.

Basic facility information about energy use, energy consumption, and energy performance is collected in the 50001 Ready Energy Performance Improvement Report. This information is used to administer the recognitions, manage recognition cycles, track the results of ISO 50001-based energy management systems implementation, and enable DOE to evaluate its technical resources and recognition pathways and identify potential improvements to remain relevant to users. DOE's online

system, the 50001 Ready Navigator, enables participants to submit all forms electronically. Responses to the DOE's Information Collection Request will be voluntary.

(5) *Annual Estimated Number of Respondents*: 400;

(6) *Annual Estimated Number of Total Responses*: 400;

(7) *Annual Estimated Number of Burden Hours*: 300;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$20,425.

*Statutory Authority*: Accelerating Investment in Industrial Energy Efficiency. Executive Order 13624, 77 FR 54779 (Aug. 30, 2012); 42 U.S.C. 16191.

**Signing Authority**

This document of the Department of Energy was signed on September 15, 2025, by Abraham Shultz, Director, Industrial Technologies Office, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on September 16, 2025.

**Treena V. Garrett,**

*Federal Register Liaison Officer, U.S. Department of Energy.*

**DEPARTMENT OF ENERGY**

**Accelerating Speed to Power/Winning the Artificial Intelligence Race: Federal Action To Rapidly Expand Grid Capacity and Enable Electricity Demand Growth**

**AGENCY**: Grid Deployment Office, Department of Energy.

**ACTION**: Request for information.

**SUMMARY**: Projected electricity demand growth from data centers, advanced manufacturing facilities, semiconductor fabrication plants, and other large energy users is outpacing the capacity of the existing electric grid. The Department of Energy (DOE) is inviting public input and seeking detailed information via this request for
