

Civil Rights will hold a public meeting via Zoom. The purpose of the meeting is to continue discussing potential civil rights topics of study.

**DATES:** Friday, October 17, 2025, from 12:00 p.m.–1:00 p.m. Eastern Time.

**ADDRESSES:** The meeting will be held via Zoom.

**Registration Link (Audio/Visual):**  
[https://www.zoomgov.com/webinar/register/WN\\_4teVEqsQ0yZTA\\_jC3Xi8g](https://www.zoomgov.com/webinar/register/WN_4teVEqsQ0yZTA_jC3Xi8g).  
**Join by Phone (Audio Only):** 1–833–435–1820 USA Toll Free; Webinar ID: 161 913 0778#.

**FOR FURTHER INFORMATION CONTACT:**

Mallory Trachtenberg, Designated Federal Officer, at [mtrachtenberg@usccr.gov](mailto:mtrachtenberg@usccr.gov) or (202) 809–9618.

**SUPPLEMENTARY INFORMATION:** This Committee meeting is available to the public through the registration link above. Any interested members of the public may attend this meeting. An open comment period will be provided to allow members of the public to make oral comments as time allows. Pursuant to the Federal Advisory Committee Act, public minutes of the meeting will include a list of persons who are present at the meeting. If joining via phone, callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Closed captioning is available by selecting “CC” in the meeting platform. To request additional accommodations, please email [svillanueva@usccr.gov](mailto:svillanueva@usccr.gov) at least 10 business days prior to the meeting.

Members of the public are entitled to submit written comments; the comments must be received in the regional office within 30 days following the scheduled meeting. Written comments may be emailed to Sarah Villanueva at [svillanueva@usccr.gov](mailto:svillanueva@usccr.gov). Persons who desire additional information may contact the Regional Programs Coordination Unit at (202) 809–9618.

Records generated from this meeting may be inspected and reproduced at the Regional Programs Coordination Unit Office, as they become available, both before and after the meeting. Records of the meetings will be available via the file sharing website, <https://bit.ly/3ZzHlj5>. Persons interested in the work of this Committee are directed to the Commission’s website, <http://www.usccr.gov>, or may contact the Regional Programs Coordination Unit at [svillanueva@usccr.gov](mailto:svillanueva@usccr.gov).

**Agenda**

—Agenda for this meeting is available at the following link: <https://usccr.box.com/s/e5mqzyktk1j5jkpdvg1iqjn4nll8jr2g>

Dated: September 22, 2025.

**Standard Steel Welded Wire Mesh From Mexico: Preliminary Affirmative Determination of Circumvention of the Antidumping Duty and Countervailing Duty Orders; Correction**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**ACTION:** Notice; correction.

**SUMMARY:** On September 16, 2025, the U.S. Department of Commerce (Commerce) published notice in the **Federal Register** of the preliminary results of the circumvention inquiry of the antidumping and countervailing duty orders on standard steel welded wire mesh from Mexico. This notice corrects the date on or after which entries should be subject to suspended liquidation for one company from April 22, 2024, which was incorrectly printed, to the correct date of April 2, 2024. This notice also corrects the importer of low-carbon steel wire to be Deacero USA, Inc., rather than Deacero S.A.P.I. de C.V.

**FOR FURTHER INFORMATION CONTACT:** Kayden Jenson, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0967.

**SUPPLEMENTARY INFORMATION:**

**Background**

On September 16, 2025, Commerce published in the **Federal Register** the preliminary results of the circumvention inquiry of the antidumping and countervailing duty orders on standard steel welded wire mesh from Mexico.<sup>1</sup> In that notice, we incorrectly stated that imports by Deacero S.A.P.I. de C.V. will

be subject to suspension of liquidation, instead of imports by Deacero USA, Inc.

Also in that notice, we incorrectly stated that we would instruct U.S. Customs and Border Protection to suspend liquidation and require cash deposit of estimated duties on unliquidated entries of low-carbon steel wire that are produced in Mexico and assembled or completed into welded wire mesh in the United States, that were entered, or withdrawn from warehouse, for consumption by Deacero USA, Inc. on or after “April 22, 2024” instead of “April 2, 2024.”

**Corrections**

In the **Federal Register** of September 16, 2025, in FR Doc 2025–17905, correct the following:

- On page 44635, in the second column, in the Summary section, correct “Deacero S.A.P.I. de C.V. (Deacero)” to “Deacero USA, Inc.,”
- On page 44636, in the first column, in the Suspension of Liquidation and Cash Deposit section, correct “April 22, 2024” to “April 2, 2024;”
- On page 44636, in the first column, in the Suspension of Liquidation and Cash Deposits section, change “Deacero or its affiliates” to “Deacero USA, Inc.,”
- On page 44636, in the second column, in the Certification Requirements section, change “for consumption by Deacero” to “for consumption by Deacero USA, Inc.,” and
- On page 44637, in the first column, change “for consumption by Deacero” to “for consumption by Deacero USA, Inc.”

**Notification to Interested Parties**

This notice is issued and published in accordance with section 781(a) of the Tariff Act of 1930, as amended, and 19 CFR 351.226(g)(1).

Dated: September 18, 2025.

**DEPARTMENT OF COMMERCE**

**International Trade Administration**

**Notice of Scope Ruling Applications Filed in Antidumping and Countervailing Duty Proceedings**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

<sup>1</sup> See *Standard Steel Welded Wire Mesh from Mexico: Preliminary Affirmative Determination of Circumvention of the Antidumping Duty and Countervailing Duty Orders*, 90 FR 44635 (September 16, 2025).

**SUMMARY:** The U.S. Department of Commerce (Commerce) received scope ruling applications, requesting that scope inquiries be conducted to determine whether identified products are covered by the scope of antidumping duty (AD) and/or countervailing duty (CVD) orders and that Commerce issue scope rulings pursuant to those inquiries. In accordance with Commerce's regulations, we are notifying the public of the filing of the scope ruling applications listed below in the month of August 2025.

**DATES:** Applicable September 24, 2025.

**FOR FURTHER INFORMATION CONTACT:** Yasmin Bordas, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-3813.

### Notice of Scope Ruling Applications

In accordance with 19 CFR 351.225(d)(3), we are notifying the public of the following scope ruling applications related to AD and CVD orders and findings filed in or around the month of August 2025. This notification includes, for each scope application: (1) identification of the AD and/or CVD orders at issue (19 CFR 351.225(c)(1)); (2) concise public descriptions of the products at issue, including the physical characteristics (including chemical, dimensional and technical characteristics) of the products (19 CFR 351.225(c)(2)(ii)); (3) the countries where the products are produced and the countries from where the products are exported (19 CFR 351.225(c)(2)(i)(B)); (4) the full names of the applicants; and (5) the dates that the scope applications were filed with Commerce and the name of the scope segment on Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), where the scope applications can be found.<sup>1</sup> This notice does not include applications which have been rejected and not properly resubmitted. The

scope ruling applications listed below are available on ACCESS at <https://access.trade.gov>.

### Scope Ruling Applications

Passenger Vehicle and Light Truck Tires from the People's Republic of China (China) (A-570-016/C-570-017); Light Truck Tires;<sup>2</sup> produced and exported from China; submitted by Transamerica Tire Co., Ltd. (Transamerica); August 25, 2025; ACCESS scope segment "Transamerica"

Common Alloy Aluminum Sheet from China (A-570-073/C-570-074); Aluminum Composite Panels;<sup>3</sup> produced and exported from China; submitted by Hong Kong Harbour Company Limited (HKH); August 28, 2025; ACCESS scope segment "HKH Aluminum Composite Panels"

### Notification to Interested Parties

This list of scope ruling applications is not an identification of scope inquiries that have been initiated. In accordance with 19 CFR 351.225(d)(1), if Commerce has not rejected a scope ruling application nor initiated the scope inquiry within 30 days after the filing of the application, the application will be deemed accepted and a scope inquiry will be deemed initiated the following day—day 31.<sup>4</sup> Commerce's

<sup>2</sup> The products are new pneumatic light truck tires of rubber, radial, with a "LT" prefix or suffix in their sidewall markings, of a size that is not listed in the light truck section of the 2023, 2024, and 2025 Tire and Rim Association Year Books. The products have outer diameters ranging between 31–39 inches, section widths ranging between 11.5 and 15.5 inches, radial construction, and inner diameters ranging between 17 and 26 inches. The products have ply ratings between 10 and 12, load indices ranging between 100 and 128, and speed ratings of Q, P, or S.

<sup>3</sup> The products are aluminum composite panels (a.k.a., aluminum composite materials). An aluminum composite panel consists of a low-density polyethylene (LDPE) core, sandwiched and permanently bonded between two aluminum coil sheets of 3003-H24 series. The material used for bonding the LDPE core and the aluminum coil sheets is adhesive film, which is coated on both sides of the LDPE core. The two aluminum coil sheets are painted in different colors, and the top layer aluminum sheet is additionally covered by a protective film. The total thickness of the aluminum composite panels at issue for this scope ruling is 3mm. Regarding the thickness of the aluminum coil sheets, the thickness of the top layer sheet is either 0.5mm or 0.3mm as it varies with specific products, whereas the bottom layer sheet is 0.3mm uniformly among all products.

<sup>4</sup> In accordance with 19 CFR 351.225(d)(2), within 30 days after the filing of a scope ruling application, if Commerce determines that it intends to address the scope issue raised in the application in another segment of the proceeding (such as a circumvention inquiry under 19 CFR 351.226 or a covered merchandise inquiry under 19 CFR 351.227), it will notify the applicant that it will not initiate a scope inquiry, but will instead determine if the product is covered by the scope at issue in that alternative segment.

practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.<sup>5</sup> Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the "updated" 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next business day which follows the "updated" 30th day.<sup>6</sup>

In accordance with 19 CFR 351.225(m)(2), if there are companion AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope ruling to all products from the same country with the same relevant physical characteristics (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in scope inquiries, refer to the Filing Instructions section of the Scope Ruling Application Guide, at [https://access.trade.gov/help/Scope\\_Ruling\\_Guidance.pdf](https://access.trade.gov/help/Scope_Ruling_Guidance.pdf). Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance, in accordance with 19 CFR 351.103(d)(1) and 19 CFR 351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

This notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, refer

<sup>5</sup> See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

<sup>6</sup> This structure maintains the intent of the applicable regulation, 19 CFR 351.225(d)(1), to allow day 30 and day 31 to be separate business days.

<sup>1</sup> See *Regulations to Improve Administration and Enforcement of Antidumping and Countervailing Duty Laws*, 86 FR 52300, 52316 (September 20, 2021) ("It is our expectation that the Federal Register list will include, where appropriate, for each scope application the following data: (1) identification of the AD and/or CVD orders at issue; (2) a concise public summary of the product's description, including the physical characteristics (including chemical, dimensional and technical characteristics) of the product; (3) the country(ies) where the product is produced and the country from where the product is exported; (4) the full name of the applicant; and (5) the date that the scope application was filed with Commerce.").

to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to be served scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list during the anniversary month of the publication of the AD or CVD order, in accordance with 19 CFR 351.225(n) and Commerce's procedures.<sup>7</sup>

Interested parties are invited to comment on the completeness of this monthly list of scope ruling applications received by Commerce. Any comments should be submitted to Scot Fullerton, Acting Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, via email to [CommerceCLU@trade.gov](mailto:CommerceCLU@trade.gov).

This notice of scope ruling applications filed in AD and CVD proceedings is published in accordance with 19 CFR 351.225(d)(3).

Dated: September 18, 2025.

**Scot Fullerton,**

*Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[RTID 0648-XF156]

#### Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Geophysical Surveys in the Gulf of America

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application for Letter of Authorization; request for comments and information.

**SUMMARY:** NMFS has received a request from the EnerGeo Alliance (EnerGeo) for the development of regulations governing the taking of marine mammals incidental to geophysical survey activity conducted in the Gulf of America (GOA) over a period of 5 years. Pursuant to regulations implementing the Marine Mammal Protection Act

(MMPA), NMFS is announcing receipt of EnerGeo's request. NMFS invites the public to provide information, suggestions, and comments on EnerGeo's application.

**DATES:** Comments and information must be received no later than October 24, 2025.

**ADDRESSES:** Comments on the application should be addressed to the Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service. Physical comments should be sent to 1315 East-West Highway, Silver Spring, MD 20910 and electronic comments should be sent to [ITP.Harlacher@noaa.gov](mailto:ITP.Harlacher@noaa.gov).

**Instructions:** Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted online at: <https://www.fisheries.noaa.gov/action/incidental-take-authorization-oil-and-gas-industry-geophysical-survey-activity-gulf-america> without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information.

A copy of the EnerGeo request may be obtained online at: <https://www.fisheries.noaa.gov/action/incidental-take-authorization-oil-and-gas-industry-geophysical-survey-activity-gulf-america>. In case of problems accessing these documents, please call the contact listed below.

**FOR FURTHER INFORMATION CONTACT:** Jenna Harlacher, Office of Protected Resources, NMFS, (301) 427-8401.

#### SUPPLEMENTARY INFORMATION:

##### Background

Section 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An incidental take authorization shall be granted if NMFS finds that the taking will have a negligible impact on the

species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival. The MMPA states that the term "take" means to harass, hunt, capture, kill or attempt to harass, hunt, capture, or kill any marine mammal.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as: any act of pursuit, torment, or annoyance, which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breeding, nursing, breeding, feeding, or sheltering (Level B harassment).

On January 19, 2021, we issued a final rule with incidental take regulations (ITRs) to govern the unintentional taking of marine mammals incidental to geophysical survey activities conducted in U.S. waters of the GOA over the course of the statutory maximum of 5 years (86 FR 5322, January 19, 2021). NMFS subsequently discovered that the 2021 rule was based on erroneous take estimates. We conducted another rulemaking to reassess the statutorily required findings for issuance of the 2021 ITRs using correct take estimates and other newly available and pertinent information relevant to the analyses supporting some of the findings in the 2021 final rule and the taking allowable under the regulations. We issued a final rule affirming those findings in April 2024, effective through April 19, 2026 (89 FR 31488, April 24, 2024). The 2024 rule did not result in any changes to the existing ITRs, which provide a framework for authorization of incidental take through Letters of Authorization (LOAs) upon request from individual applicants planning specific geophysical survey activities. The existing ITRs are in effect through April 19, 2026.

#### Summary of Request

On March 25, 2025, NMFS received an application from EnerGeo requesting development of ITRs governing the

<sup>7</sup> See *Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions*, 86 FR 53205 (September 27, 2021).
