**SUMMARY:** The FAA proposes to rule and invites public comments on the release and disposal of one parcel of land at the Maquoketa Municipal Airport (OQW), Maquoketa, Iowa.

**DATES:** Comments must be received on or before October 24, 2025.

**ADDRESSES:** Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist,

Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Joshua Boldt, City Manager, City of Maquoketa, 201 E Pleasant Street, Maquoketa, IA 52060, (563) 652-2484.

**FOR FURTHER INFORMATION CONTACT:**

Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106, (816) 329-2603, [amy.walter@faa.gov](mailto:amy.walter@faa.gov).

The request to release property may be reviewed, by appointment, in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA invites public comment on the request to release approximately 3.59-acres of airport property at the Maquoketa Municipal Airport (OQW) under the provisions of 49 U.S.C. 47107(h)(2). The City Manager has requested from the FAA one parcel totaling 3.59-acres of airport property be released from obligations and sold. The FAA determined the request to release and sell this property at the Maquoketa Municipal Airport (OQW) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release and sale of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

Maquoketa Municipal Airport (OQW) is proposing the release and sale of 3.59-acres of airport property. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the release of land and surface rights at the Maquoketa Municipal Airport (OQW) from the conditions of the AIP Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value when the parcel is sold.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may request an appointment and inspect the application, notice and other documents

determined by the FAA to be related to the application in person at the Maquoketa Municipal Airport.

Issued in Kansas City, MO, on September 22, 2025.

**SUPPLEMENTARY INFORMATION:** Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letter dated August 7, 2025 PNWR petitioned

FRA for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 213 (Track Safety Standards). FRA assigned the petition Docket Number FRA-2016-0034.

PNWR requests extended relief from 49 CFR 213.234, *Automated inspection of track constructed with concrete crossties*, which requires railroads to conduct automated inspections to identify rail set deterioration. In lieu of the regulation's requirements, PNWR seeks to continue the practices of the current waiver, including annual training to employees on identifying the signs of and handling rail seat deterioration; bi-annual on-foot track inspections; and annual light and heavy hi-rail geometry vehicle inspections. PNWR requests to continue using this relief on 20.3 miles of track constructed with concrete ties on the Oregon Electric subdivision on which DMU commuter trains operate.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov).

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by October 24, 2025 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.
