

Notices

Federal Register

Vol. 90, No. 184

Thursday, September 25, 2025

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, *Public Law 104-13*. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by [Month] [Date], 2025 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Study of Human Behavior and Attitudes Linked to Human-Deer Transmission of SARS-CoV-2.

OMB Control Number: 0579-NEW.

Summary of Collection: Under the Act of March 2, 1931 (7 U.S.C. 8351), the Secretary of Agriculture is authorized to conduct a program of wildlife services with respect to injurious animal species and take any action the Secretary considers necessary in conducting the program. Additionally, the Secretary of Agriculture is authorized to conduct activities to control nuisance mammals and birds (except for urban rodent control) and those mammals and bird species that are reservoirs for zoonotic disease. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS) Wildlife Services (WS). Two responsibilities of the Deputy Administrator of WS are to assist Federal, State, local, and foreign agencies and individuals regarding wildlife damage and control and conduct research to develop wildlife damage management methods (7 CFR 371.6).

Need and Use of the Information: APHIS has established a cooperative agreement with the University of Minnesota to conduct a survey among members of the public in five States (Illinois, Minnesota, New York, Pennsylvania, and Tennessee) that would measure values, beliefs, attitudes, and behaviors associated with humans' interactions with white-tailed deer (WTD).

Data collected, analyzed, and interpreted from the Study of Human Behavior and Attitudes Linked to Human-Deer Transmission of SARS-CoV-2 will be disseminated to a variety of constituents, including the APHIS WS and open access or subscription-based journals. Additionally, all data and metadata collected and used in peer-reviewed publications will be made publicly accessible in a data repository per the USDA Departmental Regulation 1020-006.

The University of Minnesota will use the data collected to:

- Quantify the relative risk of ecological and socio-ecological factors in spillover and persistence of SCV2 in WTD;

- Identify human behaviors that pose the highest risk of spillover-spillback and potential management points;

- Make recommendations for improving surveillance design for risk-based surveillance and rapid detection of disease emergence (new strains and SCV2 geographic hotspots and WTD population reservoirs);

- Develop a methodology for quantifying risk of SCV2 emergence across individual, population, and landscape scales, and for integrating data across these scales to provide a more comprehensive risk assessment and surveillance design application; and
- Make recommendations on intervention strategies that can be used by management agencies to reduce the risk of transmission among humans, WTD, and other animals.

Description of Respondents: Individuals or Households.

Number of Respondents: 60,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 7,868.

Rachelle Ragland-Greene,

Departmental Information Collection Clearance Officer.

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, *Public Law 104-13*. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by October 27, 2025 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: Waivers and State Plans (WiSP).
OMB Control Number: 0584–NEW.

Summary of Collection: This is a new information collection for the Waivers and State Plans (WiSP) application. WiSP will allow State agencies to request Program waivers and submit State Plans to the U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS), FNS staff to manage data provided within the application, and covers the gathering and maintenance of all supporting data from each State agency. The Waivers and State Plans (WiSP) application will support the following USDA programs and be available to all participating State agencies in each program: Special Supplemental Nutrition Program for Woman, Infants, and Children (WIC); Farmers Market Nutrition Program (FMNP); and Seniors Farmers Market Nutrition Program (SFMNP).

The purpose of (1) WIC is to provide supplemental foods, nutrition education, and health care referrals to low income, nutritionally at-risk pregnant, breastfeeding and postpartum women, infants, and children up to age five. The WIC program is authorized by the Child Nutrition Act (CNA) of 1966 (see Appendix A), as amended. WIC currently operates through a Federal/State partnership in which USDA FNS provides grants to State agencies in 50 U.S. States, 6 U.S. Territories, and 32 Indian Tribal Organizations (ITOs). The WIC program requirements are specified in Section 17 of the CNA and WIC regulations at 7 CFR part 246 (see Appendix B).

(2) FMNP is designed to provide fresh, unprepared, locally grown fruits and vegetables to WIC participants and

expand awareness, use of, and sales at farmers markets. FMNP currently operates through a Federal/State partnership in which FNS provides grants to State agencies in 39 U.S. States, 3 U.S. Territories, and 8 ITOs. FMNP requirements are specified in Section 17(m)(8) of the CNA and FMNP regulations at 7 CFR part 248 (see Appendix C) and WIC Farmer’s Market Nutrition Act of 1992 (see Appendix D).

(3) SFMNP is designed to provide low-income seniors with access to locally grown fruits, vegetables, honey, and herbs and support the development of new and additional farmers markets, roadside stands, and community supported agricultural programs. SFMNP currently operates through a Federal/State partnership in which FNS provides grants in 45 U.S. States, 3 U.S. Territories, and 8 ITOs. SFMNP requirements are specified in the Farm Security and Rural Investment Act of 2002, as amended, (see Appendix E) and SFMNP regulations at 7 CFR part 249 (see Appendix F).

Need and Use of the Information: State agencies are required to submit State plans annually per the guidelines of the respective programs, as an application or prerequisite to the receipt of federal funds from FNS.

Each program has one or more designated checklists that cover different program requirements. FMNP and SFMNP optionally allow for some programs to be combined into a single, consolidated State plan checklist. The new application will support each program’s individual checklists, and allowable, consolidated checklists.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 194.

Frequency of Responses: Reporting: As Needed.

Total Burden Hours: 18,844.

BILLING CODE 3410–30–P

DEPARTMENT OF COMMERCE

International Trade Administration

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. 250923–0156]

RIN 0625–XC058

Implementing Certain Tariff-Related Elements of the U.S.-EU Framework on an Agreement on Reciprocal, Fair, and Balanced Trade

AGENCY: International Trade Administration, U.S. Department of Commerce, and the Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: On August 21, 2025, the United States and the European Union announced agreement on a Framework on an Agreement on Reciprocal, Fair, and Balanced Trade (Framework Agreement). On September 5, 2025, President Trump issued Executive Order 14346, Modifying the Scope of Reciprocal Tariffs and Establishing Procedures for Implementing Trade and Security Agreements, finding that it is necessary and appropriate to implement the tariff modifications described in that Framework Agreement. Executive Order 14346 also directed and authorized the Secretary of Commerce and the United States Trade Representative to take the necessary and appropriate steps to implement any current or forthcoming trade and security framework agreements between a foreign trading partner and the United States. This notice amends the Harmonized Tariff Schedule of the United States to implement the elements of the Framework Agreement that adjust tariffs on certain articles that are products of the European Union, including automobiles and automobile parts subject to tariffs under Proclamation 10908, Adjusting Imports of Automobiles and Automobile Parts Into the United States, as amended, and unavailable natural resources (including cork), all aircraft and aircraft parts, and generic pharmaceuticals and their ingredients and chemical precursors.

DATES: This notice is effective September 25, 2025. The Harmonized Tariff Schedule of the United States modifications set out in the Annex II to this notice are effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern daylight time (i) on September 1, 2025, as to the modifications to the reciprocal tariffs and to other tariffs
