

virtually via Zoom. To attend virtually, please contact Cecelia Hruska, ICP Citizens Advisory Board (CAB) Administrator, by email at IdahoCAB@icp.doe.gov or phone (208) 533-3800, no later than 5 p.m. MDT on Monday, October 20, 2025.

FOR FURTHER INFORMATION CONTACT: Cecelia Hruska, ICP CAB Administrator, by email at IdahoCAB@icp.doe.gov or phone (208) 533-3800 or visit the Board's internet homepage at <https://energy.gov/em/icpcab>.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to provide advice and recommendations concerning the following EM site-specific issues: clean-up activities and environmental restoration; waste and nuclear materials management and disposition; excess facilities; future land use and long-term stewardship. The Board may also be asked to provide advice and recommendations on other EM program components. The Board also provides an avenue to fulfill public participation requirements outlined in the National Environmental Policy Act (NEPA), the Comprehensive Environmental Response, Compensation, and Liability Act (CERLA), the Resource Conservation and Recovery Act (RCRA), Federal Facility Agreements, Consent Orders, Consent Decrees and Settlement Agreements.

Tentative Agenda (agenda topics are subject to change; please contact Cecelia Hruska for the current agenda):

- Recent Public Outreach
- ICP Progress Updates
- Public Comment Period
- Board Business

Public Participation: The meeting is open to the public and public comment can be given orally or in writing. Fifteen minutes are allocated during the meeting for public comment and those wishing to make oral comment will be given a minimum of two minutes to speak. To sign up for public comment, please contact the ICP CAB Administrator (above) no later than 5 p.m. MST on Monday, October 20, 2025. Written comments received at least two working days prior to the meeting will be provided to the members and included in the meeting minutes. Written comments received within two working days after the meeting will be included in the minutes. For additional information on public comment and to submit written comment, please contact the ICP CAB Administrator. The EM SSAB, Idaho Cleanup Project, welcomes the attendance of the public at its meetings and will make every effort to accommodate persons with physical

disabilities or special needs. If you require special accommodations due to a disability, please contact the ICP CAB Administrator at least seven days in advance of the meeting.

Meeting conduct: The Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Questioning of board members or presenters by the public is not permitted.

Minutes: Minutes will be available by writing or calling Cecelia Hruska, ICP Administrator, phone (208) 533-3800 or email IdahoCAB@icp.doe.gov. Minutes will also be available at the following website: <https://www.energy.gov/em/icpcab/listings/cab-meetings>.

Signing Authority: This document of the Department of Energy was signed on September 22, 2025, by David Borak, Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE **Federal Register** Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC on September 23, 2025.

Jennifer Hartzell,

*Alternate Federal Register Liaison Officer,
U.S. Department of Energy.*

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board Chairs

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces a virtual meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB) Chairs. The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Tuesday, October 28, 2025; 10:30 a.m.–5 p.m. EDT.

ADDRESSES: To register to attend and receive the virtual access information, please send an email to: [\[em.doe.gov\]\(mailto:em.doe.gov\) no later than 3 p.m. EDT on Friday, October 24, 2025.](mailto:emssabhq@</p></div><div data-bbox=)

FOR FURTHER INFORMATION CONTACT:

Kelly Snyder, EM SSAB Designated Federal Officer, by phone: (702) 918-6715 or email: kelly.snyder@em.doe.gov or visit the Board's website at www.energy.gov/emssab.

SUPPLEMENTARY INFORMATION: *Purpose of the Board:* The purpose of the Board is to provide advice and recommendations concerning the following EM site-specific issues: clean-up activities and environmental restoration; waste and nuclear materials management and disposition; excess facilities; future land use and long-term stewardship. The Board may also be asked to provide advice and recommendations on other EM program components. The Board also provides an avenue to fulfill public participation requirements outlined in the National Environmental Policy Act (NEPA), the Comprehensive Environmental Response, Compensation, and Liability Act (CERLA), the Resource Conservation and Recovery Act (RCRA), Federal Facility Agreements, Consent Orders, Consent Decrees and Settlement Agreements.

Tentative Agenda:

1. EM Program Updates
2. EM SSAB Chairs Round Robin
3. Board Business

Public Participation: The virtual meeting is open to the public via Microsoft Teams and public comment can be given orally or in writing. Fifteen minutes are allocated during the meeting for public comment and those wishing to make oral comment will be given a minimum of two minutes to speak. To sign up, please note in your registration email that you would like to make a public comment during the meeting. Written comments received at least two working days prior to the meeting will be provided to the members and included in the meeting minutes. Written comments received within two working days after the meeting will be included in the minutes. For additional information on public comment and to submit written comment, please contact the EM SSAB Designated Federal Officer at kelly.snyder@em.doe.gov.

Meeting conduct: The Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Questioning of board members or presenters by the public is not permitted.

Minutes: Minutes will be available on the EM SSAB website at: www.energy.gov/emssab.

Signing Authority: This document of the Department of Energy was signed on September 22, 2025, by David Borak, Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 4900–090]

Forestport Hydro, LLC; Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Forestport Hydroelectric Project

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

- a. *Type of Application:* New License.
- b. *Project No.:* 4900–090.
- c. *Date Filed:* February 27, 2025.
- d. *Applicant:* Forestport Hydro, LLC.
- e. *Name of Project:* Forestport Hydroelectric Project.
- f. *Location:* On the Black River in Oneida County, New York.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)–825(r).
- h. *Applicant Contact:* Antonio Zarella, Chief Operating Officer, Forestport Hydro, LLC, 230 Park Avenue, Suite 447, New York, NY 10169; telephone at (315) 247–0253; email at TZ@relevatpower.com.
- i. *FERC Contact:* Erin Mocko, Project Coordinator, Great Lakes Branch, Division of Hydropower Licensing; telephone at (202) 502–8107; email at Erin.mocko@ferc.gov.
- j. The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document that will

discuss the environmental effects of relicensing the Forestport Hydroelectric Project. The Commission will use this environmental document in its decision-making process to determine whether to issue a new license for the project.

k. This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies regarding the project. This notice is intended to advise all participants as to the potential scope of the National Environmental Policy Act (NEPA) document and to seek additional information pertinent to this analysis. Commission staff does not intend to issue a separate scoping document.

As part of the NEPA review process, the Commission takes into account concerns the public may have about proposals and the environmental effects that could result from its action whenever it considers the issuance of a hydropower license. This gathering of public input is referred to as “scoping.” The main goal of the scoping process is to focus the analysis in the environmental document on the important environmental issues.

l. *Scoping Comments:* By this notice, the Commission requests written public comments on the scope of issues to address in the environmental document. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC on or before 5:00 p.m. Eastern Time on October 20, 2025.

Comments should focus on the potential environmental effects and reasonable alternatives. Your input will help the Commission staff determine what issues they need to evaluate in the environmental document. Commission staff will consider all written comments during the preparation of the environmental document.

The Commission strongly encourages electronic filing. Please file scoping comments using the Commission’s eFiling system at <https://ferconline.ferc.gov/FEROnline.aspx>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <https://ferconline.ferc.gov/QuickComment.aspx>. You must include your name at the end of your comments. For assistance, please contact FERC Online Support at FEROnlineSupport@ferc.gov, (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie Anne A. Reese,

Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852. All filings must clearly identify the project name and docket number on the first page: Forestport Hydroelectric Project (P–4900–090).

The Commission’s Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

m. The application is not ready for environmental analysis at this time.

n. *Project Description:* The existing project consists of a 27-foot-high dam known as the Forestport Dam, that includes a 315-foot-long ogee spillway. The Forestport Dam creates an impoundment that has a surface area of 118 acres at a normal surface elevation of 1,126.55 feet National Geodetic Vertical Datum 1929 (NGVD29).

From the impoundment, water flows through gates and a canal to a forebay known as Alder Pond. Alder Pond has a surface area of 24 acres at a normal surface elevation of 1,124.6 feet NGVD29 and is formed by a 550-foot-long, 15-foot-high earth embankment known as Alder Pond Dam.

From Alder Pond, water flows through a power canal to an intake structure with trashracks with 1.75-inch clear bar spacing. From the intake structure, water flows through a penstock to a powerhouse that includes a 3.3-megawatt (MW) S-type Kaplan turbine-generator unit. From the powerhouse, water is released into a tailrace that discharges into the Black River.

The project generators are connected to the regional electric grid by generator lead lines and a 4.16/46–kV transformer.

Project recreation facilities include: (1) Alder Pond parking and access area, adjacent to the east side of the Alder Pond Dam; (2) Forestport impoundment parking and access area, adjacent to the Forestport Dam on the northwest shore of the Forestport impoundment; (3) an approximately 1,200 foot-long portage route from the Forestport access area to the Alder Pond access area; (4) an approximately 150-foot-long power
