

dated August 4, 2025, and effective September 15, 2025. These amendments will be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11K, which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the **ADDRESSES** section of this document.

### The Rule

This action amends 14 CFR part 71 by modifying Class D airspace for Langley AFB, Hampton, VA, as the air traffic control tower will no longer be full-time. During the periods when the tower is not in operation, Class E airspace will be activated. This action also updates the geographic coordinates of the airport. Lastly, this action also establishes Class E surface airspace over Langley AFB, Hampton, VA, at the request of the Department of the Air Force. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations in the area.

### Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1G, “FAA National Environmental Policy Act Implementing Procedures” paragraph B–2.5(a). This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant the preparation of an environmental assessment.

### Direct Investment Surveys: BE–13, Survey of New Foreign Direct Investment in the United States; Correction

**AGENCY:** Bureau of Economic Analysis, Commerce.

**ACTION:** Final rule; correction.

**SUMMARY:** The Bureau of Economic Analysis (BEA) published a final rule on September 3, 2025, amending the regulations of the Department of Commerce’s Bureau of Economic Analysis (BEA) to set forth the reporting requirements for the BE–13, Survey of New Foreign Direct Investment in the United States (“BE–13 survey”). This correction is necessary to modify regulatory instructions so that the implementing regulations are accurate.

**DATES:** Effective October 3, 2025.

#### FOR FURTHER INFORMATION CONTACT:

Amanda Budny, Chief, Direct Transactions and Positions Branch (BE–49), Bureau of Economic Analysis, U.S. Department of Commerce; email [Amanda.Budny@bea.gov](mailto:Amanda.Budny@bea.gov) or 301–278–9154.

**SUPPLEMENTARY INFORMATION:** BEA published a final rule on September 3, 2025, (90 FR 42533) amending the regulations of the Department of Commerce’s Bureau of Economic Analysis (BEA) to set forth the reporting requirements for the BE–13, Survey of New Foreign Direct Investment in the United States (“BE–13 survey”). This rule is effective October 3, 2025.

This action corrects the amendatory instructions to 15 CFR part 801. It also corrects the preamble. The BE–13 burden time was inadvertently counted as 36 minutes instead of 15 minutes. This error was not made in the PRA package. This action corrects amendatory regulatory instruction 2 from “amend” to “revise.” This correction is necessary to modify the incorrect regulatory instruction so the implementing regulations are accurate.

### Corrections

In FR. Doc. 2025–16832 in the issue of September 3, 2025, starting on page 42533, the following corrections are made:

1. On page 42534, in the first column, in the first paragraph under the heading “Administrative Procedure Act and

Regulatory Flexibility Act”, correct the phrase “the BE–13 claim for exemption form has an estimated burden time of 36 minutes” to read “the BE–13 claim for exemption has an estimated burden time of 15 minutes.”

§ 801.7 [Corrected]

■ 2. On page 52534, in the third column, amendment 2 to part 801 is corrected to read:

“2. Revise § 801.7 to read as follows.”

SUPPLEMENTARY INFORMATION: On August  
15, 2025, PBGC published a final rule  
(90 FR 39320) that made improvements  
to its regulation on termination of  
single-employer plans (29 CFR part  
4041). PBGC explained in the preamble  
of the final rule that it was amending  
the criteria majority owners must meet  
to waive their benefits by modifying its

application of the constructive  
ownership rules.<sup>1</sup> The alternative  
treatment of a majority owner's plan  
benefit is valid only if the election is in  
writing; requisite spousal consent  
criteria is met, if applicable; and the  
majority owner's election and the  
spouse's consent does not violate a  
qualified domestic relations order.<sup>2</sup>  
PBGC is making a technical correction  
to clarify that individuals who are  
majority owners through constructive  
ownership must meet all of the  
requirements under § 4041.21(b)(2).
