**SUPPLEMENTARY INFORMATION:**

*Description:* The AIAN Facility Survey is conducted every 5 years in accordance with section 650(b) of the Head Start Act. The most recent survey was approved under OMB #0970-0534 to fulfill the 2020 statutory requirement. This request will be submitted to OMB under the same number as a reinstatement with changes.

The purpose of the survey is to collect current data on the condition, location, and ownership of facilities used by AIAN Head Start programs. The results inform the 2025 Report to Congress and support ongoing policy, funding, and technical assistance decisions. For the 2025 cycle, updates have been made to reflect lessons learned from the 2020 survey and feedback from OHS staff and partners. Changes include more detailed questions on facility safety (e.g., lead testing, pest control, disaster impact), clearer definitions of facility conditions, and expanded items on funding sources and barriers. These revisions aim to strengthen data quality and ensure the survey captures the full scope of infrastructure challenges and needs across AIAN programs.

*Respondents:* AIAN Early Head Start and Head Start Preschool grantees.

**Annual Burden Estimates**

Grant recipients will complete the survey for each facility they operate, which based on current grant recipient information is an average of 3.5 responses per respondent. Data collection is expected to take place following OMB approval over a period of about 6 weeks.

| Instrument  | Total number of respondents | Total number of responses per respondent | Average burden hours per response | Annual burden hours |

**SUPPLEMENTARY INFORMATION:** Section 107(b)(1)(B)(ii) of the Trafficking Victims Protection Act (TVPA) of 2000, codified at 22 U.S.C. 7105(b)(1)(B)(ii), authorizes the Secretary of the U.S. Department of Health and Human Services (HHS) to make grants for a national communication system, the NHTH, to assist victims of severe forms of trafficking in persons in communicating with service providers. The objectives of the NHTH are to:

1. Operate the NHTH’s telephone, text services, chat services, and website via a coordinated national communications system available 24 hours a day;
2. Provide timely information and service referrals to victims of human trafficking;
3. Notify law enforcement and child welfare agencies of potential cases of human trafficking, as required by law and in other situations where appropriate;
4. Establish and maintain a comprehensive online directory of community-based service providers across the U.S. and its territories.

The NHTH grant recipient collects information about signalers (individuals who contact the hotline) and from signalers regarding potential human trafficking situations and potential victims. The NHTH grant recipient summarizes and reports this information to HHS in the aggregate. HHS uses this information to assess the extent to which the grant recipient fulfills required program activities and to:

- Continuously monitor and mitigate factors impacting NHTH operations;
- Disseminate insights to inform anti-trafficking strategies and policies; and
- Provide information to congress, other federal agencies, stakeholders, and the public on the aggregate outcomes of NHTH operations.

**Respondents:** Potential victims, representatives of governmental entities, law enforcement, first responders, members of the community, representatives of nongovernmental entities supporting individuals in the United States who may have been subjected to severe forms of trafficking in persons who utilize the NHTH as signalers.

**Annual Burden Estimates**

The estimated number of respondents has been decreased to reflect review of operational data reviewed from the past five years. The updated estimate is an average number of respondents over the next three years based on that most recent data. The estimated time per response remains consistent but overall total estimates are lower due to the reduction in estimated number of respondents.
