[Project No. 14787–004]

Black Canyon Hydro, LLC; Notice of Availability of the Draft Environmental Impact Statement for the Seminole Pumped Storage Project and Public Comment Sessions Soliciting Comments

In accordance with the National Environmental Policy Act of 1969¹ and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Seminole Pumped Storage Project (FERC No. 14787) and has prepared a draft environmental impact statement (EIS) to evaluate the environmental effects of licensing the 972-megawatt project. The project would be located at the U.S. Bureau of Reclamation's (Reclamation) Seminole Reservoir on the North Platte River in Carbon County, Wyoming, approximately 35 miles northeast of Rawlins, Wyoming. The project would occupy 1,025.94 acres of land managed by Bureau of Land Management (BLM), 77.00 acres managed by Reclamation, and 830 acres of private lands. Reclamation, BLM, the U.S. Fish and Wildlife Service, the U.S. Army Corps of Engineers, the Western Area Power Administration, the Saratoga-Encampment-Rawlins Conservation District, the Medicine Bow Conservation District, and the Carbon County Board of Commissioners participated as cooperating agencies to prepare the EIS. The draft EIS contains an analysis of the applicant's proposal and the alternatives for licensing the Seminole Pumped Storage Project. The draft EIS documents the views of governmental agencies, non-governmental organizations, affected Native-American Tribes, the public, the license applicant, and Commission staff.

The Commission provides all interested persons with an opportunity to view and/or print the draft EIS via the internet through the Commission's Home Page (<http://www.ferc.gov/>), using the "eLibrary" link. Commission staff will hold two sessions for the purpose of receiving comments on the draft EIS. All interested individuals and entities are invited to attend one or both of the sessions. The dates and times of the sessions are listed below.

Evening Comment Session

Date: Wednesday, November 12, 2025.

Time: 6:00 p.m. to 8:00 p.m., Mountain Time.

Location: Jeffrey Memorial Community Center, 315 West Pine Street, Rawlins, Wyoming 82301.

Although there will not be a formal presentation, Commission staff will be available throughout the comment session to answer your questions about the environmental review process. The primary goal of these comment sessions is to identify the specific

environmental issues and concerns with the draft EIS. Comments will be recorded by the court reporter and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system.

It is important to note that the Commission provides equal consideration to all comments received, whether filed in writing or provided orally at a public comment session.
