Public Availability of Comments

Written comments that we receive will become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Next Steps

After the comment period closes, we will make decisions regarding permit issuance. If we issue any of the requested permits, we will publish a subsequent notice in the **Federal Register**. The notice announcing the permit issuance may be located by searching <https://www.regulations.gov> for the application number listed above in this document. Enter the search exactly as the application number appears above, with spaces and hyphens as necessary. For example, to find information about the potential issuance of Permit No. PER 1234567-0, go to <https://www.regulations.gov> and enter "PER 1234567-0" in the Search field.

An interested party opposed to our issuance of a recovery permit may object by following the requirements in 50 CFR 17.22(d). The Service will notify the interested party of the Service's decision on the permit application under that section.

Authority

We publish this notice under section 10(c) of the Endangered Species Act of

1973, as amended (16 U.S.C. 1531 *et seq.*).

Receipt of Three Incidental Take Permit Applications for Participation in the General Conservation Plan for the Alabama beach mouse; Categorical Exclusion; Baldwin County, AL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of three separate incidental take permit (ITP) applications under the Endangered Species Act (ESA): New Era Development, LLC; Daniel Kruse; and Tamyara Gryner (applicant/applicants), under the approved general conservation plan (GCP) and final environmental impact statement (FEIS) for the Alabama beach mouse (ABM; *Peromyscus polionotus ammobates*). A GCP is a mechanism that meets the definition of a conservation plan in section 10(a)(1)(B) of the ESA and enables the programmatic permitting and conservation process to address a defined suite of proposed activities over a defined planning area. Each of the applicants request an ITP to take the federally listed ABM incidental to construction in Baldwin County, Alabama. We request public comment on these applications, which include the applicants' proposed habitat conservation plan (HCP) and on the

Service's preliminary determination that each of the proposed permitting actions qualifies under the terms of the ABM GCP. We certify that the applications received are statutorily complete and include the necessary information to enroll in the GCP.

DATES: We must receive your written comments on or before October 31, 2025.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service, announce receipt of an application, under the approved GCP for the Alabama beach mouse from New Era Development, LLC.; Daniel Kruse; and Tamyara Gryner for three separate ITPs under the

Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). Each applicant requests an ITP to take the federally listed AMB. One applicant seeks to take the AMB incidental to the construction, maintenance, and operation of a single-family home with pool, deck, and driveway while the other two applicants would take AMB incidental to the construction of deck additions and maintenance in Baldwin County, Alabama. We request public comment on the applications, the applicants' HCPs, and on the Service's preliminary determination that these proposed ITPs may qualify for a categorical exclusion under the GCP and FEIS for the AMB published on March 28, 2012 (FWS-R4-ES-2012-N063).

Proposed Projects

Permit Number: PER19850861

New Era Development, LLC requests a 50-year ITP to take ABM via the conversion of 0.099 acres (ac) of occupied nesting, foraging, and sheltering ABM habitat incidental to the construction of a single-family home with a pool on a 0.494 ac parcel located off Ponce de Leon Court in Gulf Shores, Alabama. The applicant proposes to mitigate for the take of ABM through an in-lieu fee of \$9,890.00 to the Alabama Coastal Heritage Trust's ABM conservation fund.

Permit Number: PER19846026

Daniel Kruse requests a 50-year ITP to take ABM via the conversion of approximately 0.017 ac of occupied nesting, foraging, and sheltering ABM habitat via the addition of two decks to an existing home on a 0.459 ac lot. The parcel is located at 3495 Ponce de Leon Court in Gulf Shores, Alabama. The applicant proposes to mitigate for the take of ABM through an in-lieu fee of \$1,738.30 to the Alabama Coastal Heritage Trust's ABM conservation fund.

Permit Number: PER20137093

Tamyara Gryner requests a 50-year ITP to take ABM via the conversion of approximately 0.007 ac of occupied nesting, foraging, and sheltering ABM habitat via the addition of a deck to an existing home on a 0.453 ac lot. The parcel is located at 2476 Ponce de Leon Court in Gulf Shores, Alabama. The applicant proposes to mitigate for the take of ABM through an in-lieu fee of \$690.00 to the Alabama Coastal Heritage Trust's ABM conservation fund.

Our Preliminary Determination

The Service has made preliminary determinations that reasonably foreseeable effects of the applicants'

proposed projects would have a minor effect on ABM and the human environment. Therefore, we have made a preliminary determination that each of the proposed ESA section 10(a)(1)(B) permits would meet the requirements of the GCP and FEIS.

Next Steps

The Service will evaluate each application and the comments to determine whether to issue the requested ITPs. We will also conduct an intra-Service consultation on each application pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding and other matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number PER19850861 to New Era Development, LLC., PER19846026 to Daniel Kruse and PER20137093 to Tamyara Gryner.

Notice of Intended Repatriation: California State University Monterey Bay, Seaside, CA

AGENCY: National Park Service, Interior.
ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), California State University Monterey Bay (CSUMB), intends to repatriate certain cultural items that meet the definition of sacred objects/objects of cultural patrimony and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after October 31, 2025.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Jordan Leininger, CSUMB, 100 Campus Center, Seaside, CA 93955, email jelininger@csumb.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of CSUMB, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of two cultural items have been requested for repatriation. The two sacred objects/objects of cultural patrimony are arrowheads. In 2023, two arrowheads were discovered in the College of Science at CSUMB by Jordan Leininger, Cultural Heritage Collections Manager. The items had been donated with minimal documentation. Upon contacting the donor, it was disclosed that the arrowheads had belonged to his late father. The donor was unable to
