## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

[Docket ID FEMA-2025-0002; Internal Agency Docket No. FEMA-B-2561]

### Proposed Flood Hazard Determinations

**AGENCY:** Federal Emergency Management Agency, Department of Homeland Security.

**ACTION:** Notice.

**SUMMARY:** Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** Comments are to be submitted on or before December 31, 2025.

**ADDRESSES:** The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective

Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2561, to David Bascom, Acting Director, Engineering and Modeling Division, Risk Analysis, Planning & Information Directorate, FEMA, 400 C Street SW, Washington, DC 20472, or (email) [david.bascom@fema.dhs.gov](mailto:david.bascom@fema.dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** David Bascom, Acting Director, Engineering and Modeling Division, Risk Analysis, Planning & Information Directorate, FEMA, 400 C Street SW, Washington, DC 20472, or (email) [david.bascom@fema.dhs.gov](mailto:david.bascom@fema.dhs.gov); or visit the FEMA Mapping and Insurance eXchange (FMIX) online at [https://www.floodmaps.fema.gov/fhm/fmx\\_main.html](https://www.floodmaps.fema.gov/fhm/fmx_main.html).

**SUPPLEMENTARY INFORMATION:** FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the

revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at [https://www.floodsrp.org/pdfs/srp\\_overview.pdf](https://www.floodsrp.org/pdfs/srp_overview.pdf).

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

**BILLING CODE 9110-12-P****DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

[Docket No. FR-7093-N-05; OMB Control No. 2501-0034]

**60-Day Notice of Proposed Information Collection: Standards for Success Reporting****AGENCY:** Office of the Chief Financial Officer, HUD.**ACTION:** Notice.

**SUMMARY:** The Department of Housing and Urban Development (HUD) is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

**DATES:** Comments Due Date: December 1, 2025.

**ADDRESSES:** Interested persons are invited to submit comments regarding this proposal.

Written comments and recommendations for the proposed information collection can be sent within 60 days of publication of this notice to [www.regulations.gov](http://www.regulations.gov). Interested persons are also invited to submit comments regarding this proposal and comments should refer to the proposal by name and/or OMB Control Number and should be sent to:

Thaddeus Wincek, Office of the Chief Financial Officer, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410-0001; email address

*Thaddeus.D.Wincek@hud.gov*. Copies of the proposed forms and other information are available by contacting Mr. Wincek.

**FOR FURTHER INFORMATION CONTACT:** Thaddeus Wincek, Office of the Chief Financial Officer, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410-0001; email address *Thaddeus.D.Wincek@hud.gov*, telephone (202) 402-6617 (this is not a toll-free number). HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

Requests for copies of the proposed forms should be submitted to Mr. Wincek.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

**A. Overview of Information Collection**

**Title of Information Collection:** Standards for Success Reporting.

**OMB Approval Number:** 2501-0034.

**Type of Request:** Regular.

**Type of Information Collection:** Renewal.

**Form Numbers:** HUD-PRL.

**Description of the need for the information and proposed use:** This request is for the continued clearance of data collection and reporting requirements to enable the Department of Housing and Urban Development (HUD) to better assess the effectiveness of discretionary-funded programs included in this information collection request (ICR). The discretionary-funded programs included in this ICR are the Multifamily Housing Service Coordinator Grant Program, the Multifamily Housing Budget-based Service Coordinator Program, and the Resident Opportunity and Self Sufficiency Service Coordinator Grant Program (ROSS).

This proposed collection, titled Standards for Success, has three key tenets which improve data collection and reporting for participating programs. First is the standardization of data collection and reporting requirements across programs which increases data comparability and utilization. Second is the ability to report on measurable outcomes and aligning them with higher-level agency objectives. And third is the collection of record-level data, instead of aggregate data. Collecting de-identified data at the level of the service recipient allows for more meaningful analysis, improved management, and the ability to demonstrate the progress and achievements of the funding recipients and the programs. Standards for Success accepts data submission by direct data input through the HUD-funded GrantSolutions online data collection and reporting tool (OLDC) and by data file upload, accommodating file formats
