

Commission's (Commission's) Summer Flounder, Scup and Black Sea Bass and Bluefish Advisory Panels.

DATES: The meeting will be held on Monday, November 3, 2025, from 4 p.m. to 5:30 p.m. EST. For agenda details, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: The meeting will be held via webinar. Webinar connection information will be available at www.mafmc.org/council-events.

Council address: Mid-Atlantic Fishery Management Council, 800 N State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331 or on their website at www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The purpose of this meeting is for the Advisory Panels to provide input on the development of options for the ongoing Recreational Sector Separation Amendment to the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan and the Bluefish Fishery Management Plan. This amendment considers options for managing for-hire recreational fisheries separately from other recreational fishing modes (referred to as sector separation or mode management), as well as options related to for-hire permit and reporting requirements for these four species. Input from the Advisory Panels will be considered by the Fishery Management Action Team/Plan Development Team (FMAT/PDT) for this action as they further develop relevant management approaches. The Advisory Panels' comments will also be communicated to the Council and the Commission's Policy Board when they meet to consider a range of alternatives in December 2025. Additional information about this action and the issues under consideration can be found on the action page at: <https://www.mafmc.org/actions/recreational-sector-separation-amendment>.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Shelley Spedden at the Council Office, (302) 526-5251, at least 5 days prior to the meeting date.

Fisheries of the Gulf of America; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 98 Assessment Webinar V for Gulf of America Red Snapper.

SUMMARY: The SEDAR 98 assessment process for Gulf red snapper will consist of a Data Workshop, a series of assessment webinars, and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 98 Assessment Webinar V will be held October 31, 2025, from 10 a.m. until 1 p.m., Eastern Time.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (See **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NMFS and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a report that compiles and evaluates

potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and NMFS Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGOs; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the Assessment Webinar V are as follows: participants will review the assessment modelling work to date.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

On January 20, 2025, President Trump issued Executive Order 14172 to rename the Gulf of Mexico as the Gulf of America. Any reference to Gulf of America red snapper in SEDAR reports and other documents refers to the same species of red snapper listed in 50 CFR part 622, Appendix A, Table I (Gulf Reef Fish).

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.
